Where, after due consideration, the Company's corporate governance practices depart from a Recommendation, the Board has offered full disclosure and reason for adoption of its own practice, in compliance with the "if not, why not" regime.

The Directors monitor the business affairs of the Company on behalf of its Shareholders and have adopted this Corporate Governance Statement to encourage the Directors to focus their attention on accountability, risk management and ethical conduct. A description of the Company's main corporate governance practices is set out below. All these practices, unless otherwise stated, were in place for the entire year. The Board continues to review the framework and practices to ensure they meet the interests of its Shareholders.

2 Recommendation 1.1 - Roles and responsibilities of the Board and Senior Executives

The Board has adopted a Board Charter which sets out the roles and responsibilities of the Board and its governance requirements. The Board Charter clearly articulates the division of responsibilities between the Board and Senior Executives to help manage expectations and avoid misunderstandings about their respective roles and responsibilities. A copy of the Board Charter can be found on the Company's website <http://www.benjaminhornigold.com.au>

3 Recommendation 1.2 – Checks on Board candidates and provision of information to Shareholders

Each member of the Senior Executive team has signed a formal employment contract covering a range of matters including their duties, rights, responsibilities and any entitlements on termination. The standard contract refers to a specific formal job description. This job description is reviewed by the Board on an annual basis and, where necessary, is revised in consultation with the relevant employee.

The Company Secretary plays an important role in supporting the effectiveness of the Board and its committees. The Company Secretary reports directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

the Company's website. This policy outlines the Company's diversity objectives in relation to gender, age, cultural background and ethnicity. It includes requirements for the Board to establish measurable objectives for achieving diversity, and for the Board to assess annually both the objectives, and the Company's progress in achieving them.

The Board will abide by the following principles:

- the Board is to establish measurable Board gender diversity objectives and assess annually the objectives and progress in achieving them;
- the Company is to maintain a mix of Directors on the Board from different backgrounds with complementary skills and experience; and
- the Board is required to undertake an annual Board performance review and determine the appropriate mix of skills required by the Board to maximise its effectiveness and its contribution to the Company.

The Company will disclose at the end of each reporting period the measurable objectives for achieving gender diversity set by the Board or a relevant committee with the Company's Diversity Policy and its progress towards achieving them.

The Company has not yet established measurable objectives for achieving diversity. However, in line with the Recommendations the Board expects to set measurable objectives in the ensuing year.

As the Company is not a "relevant employer" for the purposes of the Workplace Gender Equality Act 2012, there is no requirement for the Company to disclose Gender Equality Indicators.

7 Recommendation 1.6 – Process for the periodic evaluation of the Board

On an annual basis the Board (pending the establishment of a Nomination Committee) conducts a review of the Board structure, composition and performance and also reviews the performance of the Board committees and individual Directors. The Board has developed an informal annual self-assessment process for its collective performance, the performance of the Chairman and its committees. A questionnaire is to be completed by each Director, evaluating his or her individual performance, that of other Board members and of the Board as a whole. The results and any action plans are to be documented together with specific performance goals which are to be agreed for the coming year.

The Company listed on the ASX on 11 May 2017. No annual self-assessment of the Board, its committees or Chairman was undertaken prior to 30 June 2018. The first annual self-assessment process is scheduled to occur in the forthcoming financial year.

8 Recommendation 1.7 – Process for the periodic evaluation of Senior Executives

The Company has developed a process for the annual appraisal of Senior Executives, including contribution to the overall success of the business. The appraisal is designed to measure success in achieving objectives set for the past twelve months and to set objectives for the ensuing twelve months. Succession planning is also built into the appraisal process to encourage development of future leaders within the Company.

There were no senior executives due for annual appraisal during the year ended 30 June 2018.

9 Recommendation 2.1 -Nomination Committee

Due to the small size of the board a separate Nomination Committee has not been established. Matters normally assigned to the Nomination Committee will be dealt with by the Board as a whole pending the establishment of a Nomination Committee.

10 Recommendation 2.2 – Board skills matrix

The Board considers that a diverse range of skills, background, knowledge and experience is required in order to effectively govern the Company. The Board has developed a skills matrix to help identify any gaps in the collective skills of the Board skills and diversity that the Board currently has or is looking to achieve in its membership. The Board regularly evaluates the mix of skills, experience and diversity of background, skills and perspectives will be effective in supporting and enabling delivery of good corporate governance and value for Shareholders.

When the need for a new Director is identified, the required experience and competencies of the new Director are defined in the context of this matrix and any gaps that may exist.

The Directors believe that the Board is of an appropriate size and has the requisite commitment, diversity and mix of skills to enable it to discharge its duties effectively. The table below sets out the skills and experience of the Board in those areas relevant to Directors' duties and the Company's operations.

Skills/Experience of the current Board	No. of Directors
Investing in global equity, bond, currency and commodity markets	2
Funds management and financial markets including risk management	2
Law	1
Corporate finance, debt capital markets, structuring and joint ventures, trade finance and project finance.	1
National and international business experience, accountancy, compliance and risk management	2

11 Recommendation 2.3 – Director's independence

The Board has adopted specific principles in relation to Directors' independence. These state that to be independent, a Director must be a non-executive Director and:

- not be a substantial Shareholder of the Company or an officer of, or otherwise associated directly with, a substantial Shareholder of the Company;
- within the last three years, not have been employed in an executive capacity by the Company or any other Group member, or been a Director after ceasing to hold any such employment;
- within the last three years not have been a principal of a material professional adviser or a material consultant to the Company or any other Group member, or an employee materially associated with the service provided;

For personal use only

Corporate Governance Statement

- not be a material supplier or customer of the Company or any other Group member or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- must have no material contractual relationship with the Company or a controlled entity other than as a Director of the Group;
- be free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Directors' ability to act in the best interests of the Company; and
- must not have any close family ties with any person who falls within any of the categories described above.

Materiality for these purposes is determined on both quantitative and qualitative bases. An amount of over 5% of annual turnover of the Company or Group or 5% of the individual Director's net worth is considered material for these purposes.

In addition, a transaction of any amount or a relationship is deemed material if knowledge of it may impact the Shareholders' understanding of the Directors performance.

Recent thinking on corporate governance has introduced the view that a Directors' independence may be perceived to be impacted by lengthy service on the Board. To avoid any potential concerns, the Board has determined that a Director will not be deemed independent if he or she has served on the Board of the Company for more than ten years.

Having regard to the factors listed above, Bryan Cook is considered by the Board to be an independent Director.

12 Recommendation 2.4 – Majority of the Board are independent Directors

Due to the small size of the Board, the composition of which is still evolving, the Company does not have a majority of independent Directors.

14 Recommendation 2.6 – Induction program for new Directors

All Directors are expected to maintain the skills required to effectively discharge their duties and obligations to the Company. Directors are strongly encouraged to undertake continuing professional development education.
