ASX Recommendation 2.3: A listed entity should disclose:

- (a) the names of the directors considered by the board to be independent directors;
- (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and
- (c) the length of service of each Director.

The Company has complied with this recommendation.

In determining a Director's independence, the Board considers those relationships which may affect independence as contained in the 3rd edition of the ASX Corporate Governance Principles and Recommendations.

In each case, the materiality of the interest, position, association or relationship is assessed to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgment to bear on issues before the Board and to act in the best interests of the Company and its shareholders.

To assist in the assessment of Director independence a questionnaire was circulated to each Director for the purposes of identifying the existence of any transactions between the Director's related parties and the Company and the impact (if any) they considered such transactions (or other factors) may have had on their independence.

The independence and length of service of each Director is as follows:

Director	Independent	Date of Appointment	Length of Service
Mr Martin Rowley	Yes	28 November 2013	5 years 4 months
Mr Anthony Tse	No	13 October 2010	8 years 6 months
Mr Peter Bacchus	Yes	3 January 2017	2 years 3 months
Ms Florencia Heredia	Yes	1 January 2018	1 year 3 months

4. Mr Turner is a partner of, and Mr Bacchus is Chairman of, entities which provide professional services to the Company (as set out in more detail in the Remuneration Report in the Galaxy Annual Report). The Board has determined that the value of these services is not sufficiently material to interfere with the Directors' capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders in general.
5. Ms Heredia is a partner of a law firm which provides legal services to the Company (as set out in more detail in the Remuneration Report in the Galaxy Annual Report). The Board has determined that the value of these services does not interfere with Ms Heredia's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders in general. The Board notes in this regard that the quantum of fees paid during the period to the law firm in which Ms Heredia is a partner was larger than would normally be expected as a result of the Company undertaking two significant corporate transactions in Argentina during the year.
