## SKYFII QUARTERLY BUSINESS REVIEW – Q3 FY2019

### Q3 FY2019 highlights

- Total Operating Revenues for the March-ended quarter, Q3 FY2019, of \$2.24m<sup>1</sup>, down 7% on the prior quarter due to expected seasonal decline in Non-Recurring Revenue, and a 46% increase when compared to Q3 FY2018
- Recurring Revenues for Q3 FY2019 of \$1.33m, up 11% on the previous quarter, and up 44% when compared to Q3 FY2018
- Service Revenues of \$639k, up 5% on the previous quarter
- Total Cash Receipts of \$2.69m, up 14.8% on the previous quarter
- Key contract wins announced in the quarter: Cincinnati Bell, Somerset County Cricket Club, Home Consortium, San Francisco Museum of Modern Art, Cafaro Company, Nando's South Africa, National Library of Australia, and post quarter end, Fortius Funds Management
- Other notable contract wins during the quarter include: Museum of Australian Democracy, Royal Australian Mint, Paradise Shopping Centre in Australia, Rice Village Shopping Centre in North America and Mega Polo Moda Shopping Centre in Brazil
- Cash at bank of \$1.2m at the end of the quarter, down from \$1.4m at the end of the previous quarter (31 December 2018)

### Q3 FY2019 growth

Skyfii delivered another strong result in the quarter (ending March 2019) with Total Operating Revenues of \$2.24m, representing a 46% increase when compared to Q3 FY2018. When compared to the prior quarter, the marginal decline in Total Operating Revenues can be attributed to a seasonal drop in Non-recurring Revenues<sup>2</sup> or delivery of capital projects across the January and February holiday period. This seasonal trend is consistent with prior years.

Skyfii continued to deliver strong Recurring Revenue growth in Q3 FY2019 of \$1.33m, up 11% on the previous quarter (up 44% when compared to Q3 FY2018). The company has consistently grown at 10% or greater across each of the last four quarters. Revenues generated from Services were \$639k, up by 5% quarter on quarter.

<sup>1</sup> Total Revenues, based on unaudited Revenue from operations (excluding interest, grants and other income) for the quarter ending 31 March 2019.

<sup>2</sup> Non-recurring Revenues are generated from the deployment of hardware and infrastructure, implementations and upfront setup fees, which underpin Recurring Revenues.

Cash Receipts from customers for Q3 FY2019 were \$2.69m, up 14.8% from \$2.34m in the previous quarter (Q2 FY2019).

### Types of revenues generated by the Skyfii business model:

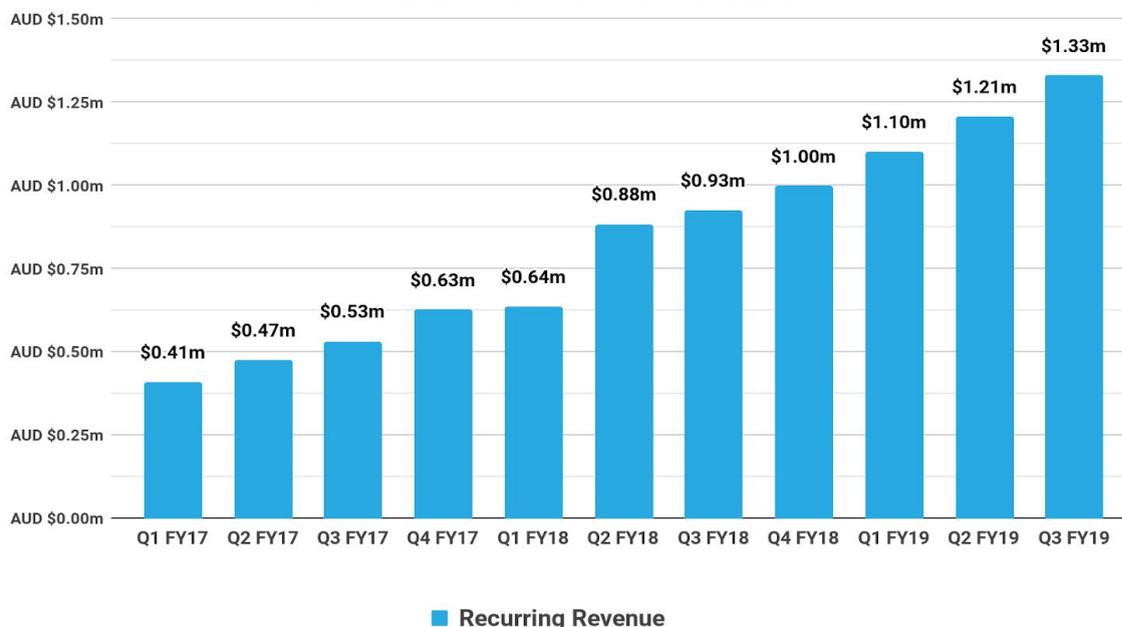

1. **Recurring Revenues** are generated from ongoing subscription fees for access to Skyfii's 'IO' data intelligence platform
2. **Services Revenues** are generated from the payment of projects undertaken by both Skyfii's Data Consultancy Services (DCS) and Marketing Services (MS) divisions, including revenues generated from customers of the Causely business, which was acquired in February 2018. Revenues generated from Services are received as either recurring or fixed fee projects
3. **Non-recurring Revenues** are generated from deployment of hardware and infrastructure, implementations and upfront setup fees, which underpin Recurring Revenues including installation of Wireless Access Points, 2D and 3D cameras and People Counting technology

## Corporate

### Board

In early January 2019, Mr James Scott retired from the role of Chairman and Non-Executive Director of Skyfii. James served on the Board of Directors for five years beginning as a Non-Executive Director at the time of IPO and subsequently as Chairman of the Board. Following James' retirement as Chairman, fellow Non-Executive Director Mr Andrew Johnson was appointed to the role of Non-Executive Chairman. Andrew brings extensive experience in the field of technology and telecommunications and has also served on the Skyfii Board since IPO in 2014.

### Investor engagement

During the quarter, Skyfii presented at a number of retail investor conferences with the goal of delivering the Skyfii story to a broader investor base.

CEO Wayne Arthur presented at Wholesale Investor Emergence in Brisbane and Sydney in February and TechKnow in Sydney and Melbourne in March. Chief Operating Officer John Rankin presented at the Coffee Microcap event in Sydney post period end in April.

Presentations can be found on the Company's website:

## Outlook

As we enter the final quarter for FY2019 Skyfii is well positioned to deliver another very strong financial year end result and continued strong overall top line growth year on year.

In addition to continued growth at both the topline and Recurring Revenue lines, the Company is also on track to maintain its positive EBITDA result for the full year. The Company continues to invest into its operating model to support further growth, particularly in North America, United Kingdom and European markets, where it is expecting strong contract conversion in the final quarter of FY2019, that will carry into FY2020.

The Company has successfully diversified its product and service offering to now include analytics reporting from new data sources, including People Counting technology, 2D and 3D cameras, Point of Sale terminals, Mobile Applications, Live Weather and Social Media. The inclusion of new data sources provides a clear competitive advantage and increases the opportunity to sell through additional

products and services to our growing customer base. Skyfii is well positioned to become the preferred omnidata intelligence partner for physical venues globally.

Key areas of focus for Skyfii in the final quarter of FY2019:

- Continued conversion of key contracts within our International markets
- Further diversification of our product and service offering to include new data sources
- Maintain focus on delivering continued revenue growth at both topline and Recurring Revenue lines
- Maintain a positive EBITDA position

###

## About Skyfii

Skyfii helps physical venues measure, predict, and influence customer behaviour.

Thousands of shopping centres, airports, retailers, smart cities, universities, restaurants, and other venues, large and small, rely on Skyfii to help improve venue performance and create better experiences for their visitors and customers.

As the world's most trusted omnidata intelligence company, Skyfii collects and analyses billions of data points each month from venues across five continents.

Our cloud-based software platform, the IO Platform, helps venues visualise trends from digital and physical data in a single system of record. The IO Platform provides location and behaviour based communications software and tools to manage guest Wi-Fi, 2D and 3D cameras, people counting technology, weather and social media data across multiple locations.

Skyfii further augments insights generated by the IO Platform with its Data & Marketing Services offering: a team of data science and marketing consultants who help clients effectively gain more value from their data.

Skyfii offers a SaaS cloud-based solution (IO Platform) on a subscription based model, consisting of three core 'IO' services:

- IO Connect: a data portal where data is collected (multi-source data collection)
- IO Insight: venue performance, customer behaviour, loyalty & engagement (data analytics)

30th April 2019

- IO Engage: targeted content delivery, automated marketing and monetization (marketing tools)

Skyfii also engages clients to provide further revenue generating services:

- Data Consultancy Services (DS): Experts in delivering compelling and actionable research outcomes through the fusion of digital and behavioural data
- Marketing Services (MS): Experts in delivering data-driven marketing practices, empowered through the fusion of digital and behavioural data
