Fiji Kava appoints General Manager of Sales

Fiji Kava Limited (ASX: FIJ) (**Fiji Kava** or the **Company**), is pleased to announce Mr George Kotobalavu as General Manager Sales for Fiji and International Markets.

A well-seasoned all-rounder, George has held senior management and executive roles, specializing in sales and marketing management, brand and trade marketing, customer relationship management, business development, fuels management, telecommunications management, and operations.

George's previous sales roles include Director Sales at Fiji Water, Head of Corporate Sales at Vodafone Fiji, Commercial Sales & Marketing Manager at Mobil Oil Australia (Fiji).

Zane Yoshida, Managing Director said "We are very fortunate to appoint someone of the caliber of George Kotobalavu as General Manager Sales. The timing of George's appointment coincides with the Australian launch of the its new range of products in Australia which will be followed shortly in other international markets including Fiji, New Zealand and the US."

About Fiji Kava

Fiji Kava is a medical kava company based in Australia and the first foreign company with approval from the Fijian Government to operate in the kava industry. The Company has complete control over its vertically integrated supply chain in a true farm-to-shelf operation and has established a 111-acre nucleus farm in Levuka, on the island of Ovalau, Fiji. Fiji Kava is focussed on expanding the distribution of kava throughout western markets to provide a natural alternative to anti-anxiety prescription medicines such as Valium and Xanax. The Company sells its range of TGA and FDA compliant Taki Mai branded medical kava products in Fiji and has launched under the Fiji Kava Brand in Australia. Fiji Kava's products are backed by years of independent research. The Company plans to conduct human clinical trials to test the efficacy of Fiji Kava's products and specific kava cultivars, targeting a range of medical conditions.
