Under the Solution Partnership Agreement, Rizing will introduce the LiveHire Platform to its clients and be eligible to receive a commission where the opportunity converts into a signed and paid client contract for LiveHire. LiveHire will work collaboratively with Rizing to undertake staff training, joint public relations and marketing activities to help drive local joint brand awareness and increase demand generation. Rizing will also promote LiveHire to employees and existing and potential clients as their preferred recruitment and talent pooling platform and distribute promotional materials of LiveHire to advertise new products, promotions and initiatives launched by LiveHire, with the view to secure a commitment from potential clients to adopt LiveHire. The term of the agreement will continue until terminated. LiveHire considers that this agreement is strategically material due to Rizing's brand, market share, and extensive reach and trusted advisory into LiveHire's ideal prospect customers globally. The agreement commences 6 June 2019 and continues until terminated (for convenience, insolvency or unremedied material breach). LiveHire is not able to determine the total revenues expected from this agreement at this point in time due to the indefinite term, contingent nature of client opportunities and commissions being decided on a case-by-case basis. Accordingly, LiveHire does not have a reasonable basis to determine a material economic impact on the Company.
