**Outlook**

The Company is well positioned having recorded a strong operational cash surplus performance and significantly increased its cash position. Growth prospects are well supported by the recent shared services hub contract wins from the DIIS and DoF.

This DIIS Shared Services hub consists of 47 agencies with over 23,000 full time employees (FTE). Six of the 47 agencies are existing clients or have committed to implementing Expense8. Existing clients include the Treasury, Department of the Prime Minister and Cabinet, Family Court of Australia, Australian Electoral Commission, DIIS and Australian Communications and Media Authority.

Whilst there is no guarantee that any or all of the 41 agencies who are not currently expense8 customers will take on the expense8 shared service provided by DIIS, there is a reasonable

expectation that a number of the agencies will. This is further supported by the fact that six agencies are already existing clients or have committed to implementing Expense8.

At this point in time, no further information with regards to the Department of Finance shared service hub contract is available in terms of number of agencies, FTE etc.

The Expense8 business model is as follows:

- 1) Implementation fees per customer (Agency):
  - Between \$50,000 - \$500,000
  - Depending on the complexity and requirement for change management consulting
- 2) Annual Average Revenue Per User (ARPU) is as follows:
  - \$18 for Expense Management
  - \$12 for Travel
- 3) Expected Annual Change Request spend per agency is between \$5,000 - \$50,000
