

Partnership Signed with Australian based GO1.com

intelliHR Limited (ASX:IHR) has executed a revenue sharing agreement with GO1, the world's largest compliance, professional development and general training platform.

intelliHR is actively progressing relationships both within Australia and abroad for integrations that support new customer lead generation opportunities that fast track the development of a best-in-class, integrated ecosystem of HR tools centred around intelliHR as the essential core people management platform for business.

GO1 is an excellent technology partner for intelliHR's growing ecosystem, as GO1 makes it easy for businesses to train their staff with 50,000 courses available in its marketplace. Complementing this, intelliHR provides businesses leading people management tools to look after people from the minute they are hired, delivering improved performance, culture and staff retention.

In addition to being complementary technologies, GO1 and intelliHR share similar ideal customer profiles and have similar global growth orientation.

intelliHR will be promoted as a member of GO1's Partner Community, increasing intelliHR's third party lead generation capabilities and footprint. The agreement provides a referral fee to intelliHR capped at 15% of gross revenue for a referral that contracts as a GO1 customer. Whilst the Agreement gives intelliHR exposure to GO1's ecosystem, it is not possible to quantify any such benefit at this time.

The partnership will provide intelliHR's customers access to GO1's thousands of on-line courses creating an exciting combined performance and training eco-system that adds value to both organisations' clients. As intelliHR's people management tools help customers identify individual skill gaps, they can be immediately linked to one of GO1's online training courses. Conversely, the integration allows intelliHR to capture the details of the completed GO1 training allowing IntelliHR to provide a 'single point of truth' for all HR records for customers.

GO1 has already helped provide workplace training to more than a million people globally, whilst intelliHR is helping transform workplaces with its core people management platform across 10 countries.

Signed for and on behalf of intelliHR Limited:

Robert Bromage
Managing Director
intelliHR Limited
