## EXPLANATORY STATEMENT

---

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

---

### 1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2019 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at [www.blazelimited.com.au](http://www.blazelimited.com.au).

---

### 2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

#### 2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

#### 2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

## 2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

---

## 3. RESOLUTION 2 – ELECTION OF DIRECTOR – MR SIMON COXHELL

### 3.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Mr Simon Coxhell, having been appointed by other Directors on 5 April 2019 in accordance with the Constitution, will retire in accordance with the Constitution and ASX Listing Rule 14.4 and being eligible, seeks election from Shareholders.

### 3.2 Qualifications and other material directorships

Mr. Coxhell is a geologist with 34 years of diverse experience encompassing all aspects of the resource sector including exploration, resource development, metallurgical considerations and mining. Mr Coxhell has maintained significant exposure to capital markets, fund raising and significant corporate experience over the last 15 years in senior executive roles. Mr. Coxhell most recently served as the Chief Executive Officer of Echo Resources Limited (Echo), while at Echo, Mr. Coxhell was responsible for leading Echo Resources through the exploration, resource definition, and PFS and BFS of the Julius and Bronzewing Gold Project, located in the Eastern Goldfields of Western Australia.

Mr. Coxhell will focus on progressing exploration at the Company's Kirkalocka and Leonora Projects and brings a heightened technical capacity to the board that will enhance the Company's ability to generate value for shareholders from its current and future projects.

Mr Coxhell has served as a director of ASX listed Echo Resources Limited (ASX: EAR).

### 3.3 Independence

If elected the Board considers Mr Coxhell will be an independent director.

### 3.4 Board recommendation

The Board supports the election of Mr Coxhell and recommends that Shareholders vote in favour of Resolution 2.

---

#### 4. RESOLUTION 3 – RE-ELECTION OF DIRECTOR – MACIEJ ROSIEWICZ

##### 4.1 General

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Maciej Rosiewicz, who has served as a Director since 1 April 2017 and was last re-elected on 28 November 2017, retires by rotation and seeks re-election.

##### 4.2 Qualifications and other material directorships

Mr Rosiewicz has extensive experience in corporate finance with over a decade working in the sector spanning across stockbroking, corporate advisory and private equity. Over this time he has gained experience in various industries working on projects in sectors including mining and mining services, energy, real estate and agriculture.

In his last role Mr Rosiewicz was an advisor at Clearwater Capital Partners, a Hong Kong based private equity firm with a credit focus on the Asia Pacific region. His role was to evaluate potential buy-side opportunities, in both credit and equity, as well as exit strategies and asset management for Clearwater's portfolio companies.

Prior to that he was an investment manager at Alto Capital where he worked in equity capital markets dealing with both retail and corporate clients on portfolio management, raising capital and corporate advisory. Mr Rosiewicz has a Bachelor degree from Edith Cowan University with a double major in Finance and Economics.

Mr Rosiewicz also served as a director of ASX listed Avira Resources Limited (ASX: AVW) – appointed 30 November 2018.

##### 4.3 Independence

If re-elected the Board considers Mr Rosiewicz will be an independent Director.

##### 4.4 Board recommendation

The Board supports the election of Mr Rosiewicz and recommends that Shareholders vote in favour of Resolution 3.

---

#### 5. RESOLUTION 4 – APPROVAL OF 10% PLACEMENT CAPACITY

##### 5.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity (as defined below) may seek shareholder approval by special resolution passed at an annual general meeting to have the capacity to issue up to that number of Equity Securities equal to 10% of its issued capital (**10% Placement Capacity**) without using that entity's existing 15% annual placement capacity granted under ASX Listing Rule 7.1.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$4,830,000 (based on the number of Shares on issue and the closing price of Shares on the ASX on 16 October 2019 and excluding any restricted securities that may be on issue).

An Equity Security is a share, a unit in a trust, a right to a share or unit in a trust or option, an option over an issued or unissued security, a convertible security, or, any security that ASX decides to classify as an equity security.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has two classes of quoted Equity Securities on issue, being the Shares (ASX Code: BLZ) and quoted options (ASX Code: BLZO).

If Shareholders approve Resolution 4, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

Resolution 4 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 4 for it to be passed.

## 5.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 4:

### (a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in Section 5.2(a)(i), the date on which the Equity Securities are issued.

### (b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the market price of Shares and the number of Equity Securities on issue as at 16 October 2019.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (Variable A in ASX Listing Rule 7.1A2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.012	\$0.023	\$0.030
			50% decrease	Issue Price	50% increase
Funds Raised					
Current	210,000,000 Shares	21,000,000 Shares	\$241,500	\$483,000	\$724,500
50% increase	315,000,000 Shares	31,500,000 Shares	\$362,250	\$724,500	\$1,086,750
100% increase	420,000,000 Shares	42,000,000 Shares	\$483,000	\$966,000	\$1,449,000

\*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

**The table above uses the following assumptions:**

1. There are currently 210,000,000 Shares on issue as at the date of this Notice of Meeting:
2. The issue price set out above is the closing price of the Shares on the ASX on 16 October 2019.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.

6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for the acquisition of new assets or investments (including expense associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital; or
- (ii) as non-cash consideration for the acquisition of the new resources, assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- (i) a list of the recipients of the Equity Securities and the number of Equity Securities issued to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
- (ii) the information required by Listing Rule 3.10.5A for release to the market.

(f) **Allocation policy under the 10% Placement Capacity**

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(g) **Previous approval under ASX Listing Rule 7.1A**

The Company has not issued any Shares or Options pursuant to the Previous Approval.

During the 12 month period preceding the date of the Meeting, being on and from 29 November 2019, the Company otherwise issued a total of 2,713,404 Shares and 210,000,000 Options which represents approximately 53.53% of the total diluted number of Equity Securities on issue in the Company on 29 November 2018, which was 392,286,592.

Further details of the issues of Equity Securities by the Company during the 12-month period preceding the date of the Meeting are set out in Schedule 1.

### 5.3 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 4.

---

## 6. RESOLUTION 5 – REPLACEMENT OF CONSTITUTION

### 6.1 General

A company may modify or repeal its constitution or a provision of its constitution by special resolution of Shareholders.

Resolution 5 is a special resolution which will enable the Company to repeal its existing Constitution and adopt a new constitution (**Proposed Constitution**) which is of the type required for a listed public company limited by shares updated to ensure it reflects the current provisions of the Corporations Act and ASX Listing Rules.

This will incorporate amendments to the Corporations Act and ASX Listing Rules since the current Constitution was adopted in 2004.

The Directors believe that it is preferable in the circumstances to replace the existing Constitution with the Proposed Constitution rather than to amend a multitude of specific provisions.

The Directors believe these amendments are not material nor will they have any significant impact on Shareholders. It is not practicable to list all of the changes to the Constitution in detail in this Explanatory Statement, however, a summary of the proposed material changes is set out below.

A copy of the Proposed Constitution is available for review by Shareholders at the Company's website [www.blazelimited.com.au](http://www.blazelimited.com.au) and at the office of the Company. A copy of the Proposed Constitution can also be sent to Shareholders upon request to the Company Secretary (+61 8 6489 1610). Shareholders are invited to contact the Company if they have any queries or concerns.

## 6.2 Summary of material proposed changes

### **Restricted Securities (clause 2.12)**

The Proposed Constitution complies with the proposed changes to ASX Listing Rule 15.12 which is due to come into effect in December 2019. Under this change, ASX will require certain more significant holders of restricted securities and their controllers (such as related parties, promoters, substantial holders, service providers and their associates) to execute a formal escrow agreement in the form Appendix 9A, as is currently the case. However, for less significant holdings (such as non-related parties and non-promoters), ASX will instead permit the Company to issue restriction notices to holders of restricted securities in the form of a new Appendix 9C advising them of the restriction rather than requiring signed restriction agreements.

### **Fee for registration of off market transfers (clause 8.4(c))**

On 24 January 2011, ASX amended ASX Listing Rule 8.14 with the effect that the Company may now charge a "reasonable fee" for registering paper-based transfers, sometimes referred to "off-market transfers".

Clause 8.4 of the Proposed Constitution is being made to enable the Company to charge a reasonable fee when it is required to register off-market transfers from Shareholders. The fee is intended to represent the cost incurred by the Company in upgrading its fraud detection practices specific to off-market transfers.

Before charging any fee, the Company is required to notify ASX of the fee to be charged and provide sufficient information to enable ASX to assess the reasonableness of the proposed amount.

### **Direct Voting (clause 13, specifically clauses 13.35 – 13.40)**

The Proposed Constitution includes a new provision which allows Shareholders to exercise their voting rights through direct voting (in addition to exercising their existing rights to appoint a proxy). Direct voting is a mechanism by which Shareholders can vote directly on resolutions which are to be determined by poll. Votes cast by direct vote by a Shareholder are taken to have been cast on the poll as if the Shareholder had cast the votes on the poll at the meeting. In order for direct voting to be available, Directors must elect that votes can be cast via direct vote for all or any resolutions and determine the manner appropriate for

the casting of direct votes. If such a determination is made by the Directors, the notice of meeting will include information on the application of direct voting.

### **Dividends (clause 22)**

Section 254T of the Corporations Act was amended effective 28 June 2010.

There is now a three-tiered test that a company will need to satisfy before paying a dividend replacing the previous test that dividends may only be paid out of profits.

The amended requirements provide that a company must not pay a dividend unless:

- (a) the company's assets exceed its liabilities immediately before the dividend is declared and the excess is sufficient for the payment of the dividend;
- (b) the payment of the dividend is fair and reasonable to the company's shareholders as a whole; and
- (c) the payment of the dividend does not materially prejudice the company's ability to pay its creditors.

The existing Constitution reflects the former profits test and restricts the dividends to be paid only out of the profits of the Company. The Proposed Constitution is updated to reflect the new requirements of the Corporations Act. The Directors consider it appropriate to update the Constitution for this amendment to allow more flexibility in the payment of dividends in the future should the Company be in a position to pay dividends.

### **Partial (proportional) takeover provisions (new clause 36)**

A proportional takeover bid is a takeover bid where the offer made to each shareholder is only for a proportion of that shareholder's shares.

Pursuant to section 648G of the Corporations Act, the Company has included in the Proposed Constitution a provision whereby a proportional takeover bid for Shares may only proceed after the bid has been approved by a meeting of Shareholders held in accordance with the terms set out in the Corporations Act.

This clause of the Proposed Constitution will cease to have effect on the third anniversary of the date of the adoption of last renewal of the clause.

### **Information required by section 648G of the Corporations Act**

#### ***Effect of proposed proportional takeover provisions***

Where offers have been made under a proportional off-market bid in respect of a class of securities in a company, the registration of a transfer giving effect to a contract resulting from the acceptance of an offer made under such a proportional off-market bid is prohibited unless and until a resolution to approve the proportional off-market bid is passed.

#### ***Reasons for proportional takeover provisions***

A proportional takeover bid may result in control of the Company changing without Shareholders having the opportunity to dispose of all their Shares. By

making a partial bid, a bidder can obtain practical control of the Company by acquiring less than a majority interest. Shareholders are exposed to the risk of being left as a minority in the Company and the risk of the bidder being able to acquire control of the Company without payment of an adequate control premium. These amended provisions allow Shareholders to decide whether a proportional takeover bid is acceptable in principle, and assist in ensuring that any partial bid is appropriately priced.

### **Knowledge of any acquisition proposals**

As at the date of this Notice of Meeting, no Director is aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

### *Potential advantages and disadvantages of proportional takeover provisions*

The Directors consider that the proportional takeover provisions have no potential advantages or disadvantages for them and that they remain free to make a recommendation on whether an offer under a proportional takeover bid should be accepted.

The potential advantages of the proportional takeover provisions for Shareholders include:

- (a) the right to decide by majority vote whether an offer under a proportional takeover bid should proceed;
- (b) assisting in preventing Shareholders from being locked in as a minority;
- (c) increasing the bargaining power of Shareholders which may assist in ensuring that any proportional takeover bid is adequately priced; and
- (d) each individual Shareholder may better assess the likely outcome of the proportional takeover bid by knowing the view of the majority of Shareholders which may assist in deciding whether to accept or reject an offer under the takeover bid.

The potential disadvantages of the proportional takeover provisions for Shareholders include:

- (a) proportional takeover bids may be discouraged;
- (b) lost opportunity to sell a portion of their Shares at a premium; and
- (c) the likelihood of a proportional takeover bid succeeding may be reduced.

### **Recommendation of the Board**

The Directors do not believe the potential disadvantages outweigh the potential advantages of adopting the proportional takeover provisions and as a result consider that the proportional takeover provision in the Proposed Constitution is in the interest of Shareholders and unanimously recommend that Shareholders vote in favour of Resolution 5.
