

Trading Update

Melbourne, Australia; 12 December 2019: Redbubble Limited (ASX: RBL), which owns and operates Redbubble and TeePublic, the leading global marketplaces for independent artists, today announced a trading update for the quarter to date from 1 October to December 9, 2019 (“QTD”). The financial information is from internal management reports and has not been subject to audit review.

Redbubble Group (“RB Group” or “Group”) estimates that Group Marketplace Revenue growth for the second quarter to date is 20% YoY on a floating basis (note that FY2019 figures only include TeePublic contributions to the Group from 1 November 2018). The TeePublic branded marketplace has performed strongly with QTD Marketplace Revenue growth of 59% YoY. The Redbubble branded marketplace’s QTD growth is 2% YoY.

This is below company expectations and is driven by increased price competition in Redbubble’s market leading sticker position. Moreover, Redbubble’s apparel sales have not recovered to historical growth levels seen prior to October 2018.

RB Group is continuing to drive topline growth by focusing on accelerating near-term work, including marketing optimisation, product merchandising and line extensions, and growing member revenue. The Group is still expecting to grow Operating EBITDA year on year and achieve positive free cash flows¹ in FY2020.

RB Group’s CEO, Barry Newstead said: “While growth is slower than anticipated, the holiday trading season is still in progress and the core elements of the strategy are working. At the Group level, we will pull all levers to drive growth and deliver the best possible FY2020 result, setting up RB Group for long term success.”

This release is made in accordance with the continuous disclosure obligations of ASX Listing Rule 3.1 and authorised for release to the ASX by the Redbubble Limited Board Disclosure Committee (per ASX Listing Rule 15.1(c) introduced 1 December 2019).
