Enterprise agreement with Chandler Macleod and entry into the Australian MSP market

The enterprise agreement will have an initial term of 12 months from 18 December 2019 and will automatically renew for additional 12-month periods unless either party provides written notice of non-renewal at least 60 days before the end of the then-current term. The enterprise agreement provides for an Annualised Recurring Revenue (ARR)¹ component, in addition to non-recurring upfront revenue in the form of implementation fees².

The enterprise agreement validates the ongoing applicability and adoption of LiveHire's platform with large, complex organisations sourcing contingent talent.

LiveHire is already supporting MSP programs in the US with direct sourcing, but the Chandler Macleod enterprise agreement is an innovative implementation of LiveHire to enable direct sourcing of candidates in an MSP.

LiveHire considers that this agreement is strategically material due to Chandler Macleod's brand, market share and extensive reach and trusted advisory into LiveHire's ideal prospect customers, both domestically and internationally.

LiveHire CEO, Christy Forest, said: *"We are delighted to partner with Chandler Macleod to enable its client to directly source its contingent workforce in the Australian market.*

"We have been successfully delivering valuable client outcomes supporting direct sourcing programs for MSPs in the US and we are pleased that the Australian market is recognising the potential of LiveHire's contingent sourcing solution to transform the candidate and hiring manager experience.

"Chandler Macleod is one of the country's fastest growing MSP providers and, as our first Australian partner to deliver LiveHire to a client in the MSP space, is strategically important. We already have a strong forward pipeline of opportunities with Chandler Macleod and we look forward to working with Chandler Macleod to support both its MSP and RPO clients in Australia."

¹ Annualised Recurring Revenue or ARR represents contracted recurring revenue components of term subscriptions normalised to a one-year period.

² These terms are confidential and commercially sensitive; however, it is expected that the ARR of this contract will be approximately 2 times the average ARR of current LiveHire clients.
