Explanation

There was a net cash inflow for the half year of \$943,852 (2018 half year: net cash inflow \$608,678), due largely to the receipts of the R&D Tax Incentive of \$1.1 million and \$3 million share placement (before transaction costs).

This provided the Company with capital to upgrade laboratory equipment, resulting in net cash outflow from investing activities for the half year of \$1,346,074 (2018 half year: net cash inflow \$902,735).

The Consolidated Statement of Cash Flows shows a net cash outflow from operating activities over the period of \$435,596 (2018: net cash outflow was \$284,971).

At 31 December 2019, the Company had cash reserves of \$2.45 million and current receivables of \$1.54 million.

Operating expenditure was in-line with budget and consistent with FY19.

Please refer to the Directors' Report within the attached Financial Report for a detailed explanation of the figures reported above (*item 2.6*)

DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

The Directors present the financial report for the Group for the half-year ended 31 December 2019.

Director Details

The names of the Directors in office at any time during or since the end of the half-year are:

Name	Position
Mr Terry Sweet	Non-Executive Chairman
Dr Richard Lipscombe	Managing Director
Mr Ian Roger Moore	Non-Executive Director
Mr Paul House	Non-Executive Director

REVIEW OF OPERATIONS

The six months to December 2019 saw Proteomics International's principal activities fall into three key areas:

- (i) Commercialisation of PromarkerD,
- (ii) R&D for new diagnostic tests, and
- (iii) Analytical services on a commercial basis.

To implement this strategy, Proteomics International's business model is to focus on the commercialisation of PromarkerD whilst using its Promarker™ technology platform to create a pipeline of novel diagnostic tests, and offset the cash burn from R&D and product development through its analytical services revenue, coupled with the R&D tax rebate. This model continues to make optimum use of the Company's resources.

Significant milestones have been achieved in the commercialisation of PromarkerD, including:

- Launch in Europe of PromarkerD (MS), the mass spectrometry version of the Company's predictive test for diabetic kidney disease,
- CE Mark for both PromarkerD (MS) and the risk calculator software algorithm, PromarkerD Hub,
- Completion of the immunoassay version of PromarkerD, including both stability testing and its cross validation against the proven PromarkerD (MS) platform.

Proteomics International raised \$3 million (before transaction costs) in a heavily oversubscribed placement and received \$1.1 million in R&D tax rebate. This significant strengthening of the Company's balance sheet is providing capital for the ongoing commercialisation of PromarkerD, upgraded laboratory instruments, and expanding the diagnostic products pipeline.

Proteomics International also joined forces with Bioplatfroms Australia and the University of Western Australia to launch a cutting-edge proteomics facility to explore biological markers affecting medicine, agriculture, the environment and marine world. The partners will co-invest A\$4.4m over the next four years in the expanded Western Australian Proteomics Facility.

At 31 December 2019 the company had cash reserves of \$2.45 million and current receivables of \$1.54 million.

OPERATING RESULTS

Revenue

Consolidated revenue from continuing operations, grants and other income for the six months to 31 December 2019 was \$941,800 (31 December 2018: \$864,198) an increase of 9%.

Expenditure

Consolidated expenses for the six months to 31 December 2019 totaled \$2,150,879 (31 December 2018: \$2,662,985) a decrease of 19% and remained in-line with budget.

Net position

The Company reported a loss from continuing operations for the six months to 31 December 2019 of \$1,201,550 (31 December 2018 loss: \$1,780,108).

Net cash flow

Net cash outflow from operating activities over the period was \$435,596 (2018 net cash outflow \$284,971). Net cash outflow from investing activities was \$1,346,074 (2018: net cash inflow \$902,735), with \$1,346,074 spent on capital equipment during the period (2018: \$nil). There was a net cash inflow for the half year of \$943,852 (2018: net cash inflow \$608,678).

Cash and cash equivalents amounted to \$2,455,282 as at 31 December 2019 – with restricted cash of \$163,681 and receivables of \$1,535,974 totaling \$4,154,937 (30 June 2019: cash and cash equivalents was \$1,511,430 with restricted cash of \$163,681 and receivables of \$501,395 totaling \$2,176,506).

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There have been no significant changes in the Group's state of affairs during or since the end of the reporting period.

EVENTS OCCURRING AFTER REPORTING PERIOD

Proteomics International has secured CE Mark registration in Europe for the PromarkerD Hub as an IVD medical device (in vitro diagnostic). The CE Mark provides a significant step for Proteomics International to license and sell PromarkerD throughout the European Union [ASX: 14 January].

Other than that outlined above, there has been no other matter or circumstance which has arisen since 31 December 2019 that has significantly affected or may significantly affect:

- the operations, in financial periods subsequent to 31 December 2019, of the consolidated entity,
- the results of those operations, or
- the state of affairs, in financial periods subsequent to 31 December 2019, of the consolidated group.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 4.

Signed in accordance with a resolution of the Directors.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half-year financial report of Proteomics International Laboratories Ltd and its subsidiary (the Company) was authorised for issue in accordance with a resolution of the Directors on the 27th day of February 2020. This half-year financial report does not include all the information and disclosures required in the annual financial report, and therefore should be read in conjunction with the annual financial report for the year ended 30 June 2019.

The Company is a public company limited by shares and incorporated and domiciled in Australia, and whose shares are traded on the Australian Securities Exchange.

(a) Basis of preparation

The principle accounting policies adopted for the preparation of these half-year financial statements are set out below.

(i) Statement of compliance

The consolidated financial report of the Company for the six months ended 31 December 2019 has been prepared in accordance with AASB 134 *Interim Financial Reporting*.

This half-year financial report has been prepared in accordance with the requirements of the *Corporations Act 2001*, and Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board.

The Company is a for profit Group for the purpose of preparing the half-year financial statements.

The half-year financial statements of the Company also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

(ii) Basis of measurement

The half-year financial report has been prepared on an accruals basis and are based on historical cost other than investments which are recorded at fair value.

The half-year financial statements are presented in Australian dollars and all values are rounded to the nearest dollar unless otherwise stated.

(b) Revenue recognition and other income

Revenue is recognised when or as the Company transfers control of goods or services to a customer at the amount to which the Company expects to be entitled.

The following is a description of the principal activities from which the Company generates its revenue and other income:

(i) Grant and equivalent/other income including the Research & Development Tax incentive

Grants and other income are recognised at their fair value where it is probable that the grant and other income will be received. The Company is eligible to claim, and receive, a tax credit for its R&D activities.

The R&D tax credit received in the six months to December 2019 amounted to \$1,134,662.

(ii) Revenue from contracts with customers – Commercialisation of PromarkerD

Revenue from commercialisation of PromarkerD is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a product or service to a customer.

(iii) Revenue from contracts with customers – Sales of Analytical and Other Services

Revenue from the provision of analytical and other services is recognised in the accounting period in which the services are rendered.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

If services rendered by the company exceed the payment received, a contract asset is recognised. If the payment received exceeds the services rendered, a contract liability is recognised.

In some circumstances, analytical and other services are bundled together with provision of sales of services and products. The sale of products is a separate performance obligation and transaction price is allocated to the products and services on a relative stand-alone basis.

(c) Joint arrangements

The group entered into a collaborative joint arrangement with the University of Western Australia ('UWA') during the period for the expansion and operation of the Western Australian Proteomics Facility.

(i) Significant judgement: classification of joint arrangements

The collaboration arrangement is not structured through a separate entity. Both parties to the arrangement will operate independently with each party maintaining independent rights to the assets of the collaboration and liabilities resulting from activities under the arrangement will be several, and not joint or joint and several. The arrangement has therefore been classified as a joint operation and the group recognises its direct right to the jointly held assets, liabilities, revenues and expenses in accordance with AASB 11 Joint Arrangements.

(d) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit or loss and other comprehensive income over the period of the borrowings using the effective interest method.

Borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(e) Share based payments

Share-based payments compensation benefits are provided to employees, directors and consultants via the issues of shares and/or options.

The fair value of the shares and options granted as compensation benefits are recognised as a share based payments expense in the statement of profit or loss and other comprehensive income with a corresponding increase in the equity in the statement of financial position.

Share-based payments compensation benefits are provided to consultants for capital raising via the issues of shares and/or options.

The fair value of the shares and options granted in relation to capital raisings are recognised as a share based payments expense and offset against equity in the statement of financial position as a transaction cost.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) New Accounting Standards and Interpretations adopted

The following Accounting Standards and Interpretations are most relevant to the Company and adopted for the period ended 31 December 2019:

AASB 16 Leases

AASB 16 has been adopted from 1 July 2019. The standard replaces AASB 117 "Leases" and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognised in the statement of profit or loss and other comprehensive income.

Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in depreciation expense) and an interest expense on the recognised lease liabilities (included in interest expense).

For classification within the statement of cash flows, the interest portion is included in interest paid and the principal portion of the lease payments are separately disclosed as repayment of lease liabilities.

Impact of Adoption

AASB 16 was adopted from 1 July 2019. There were no operating leases at 30 June 2019. The lease recognised in the period to 31 December 2019 is a new lease, and therefore no adjustment to opening accumulated losses was necessary.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Right-of-use assets are adjusted for any remeasurement of lease liabilities.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the net present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the lease term or future lease payments arising from a change in an index or rate used. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2019

NOTE 2: DIVIDENDS

Since 30 June 2019 no dividend has been paid or declared (31 December 2018: Nil)

Other receivables	91,236	36,473
Total trade and other receivables	1,535,974	501,395

(a) Classification of trade and other receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business. The trade receivables are generally due for settlement within 60 days and therefore are classified as current.

(b) Fair value of trade and other receivables

Due to the short-term nature of the current receivables, their carrying amount is assumed to be the same as their fair value.

(c) The Company has adopted the simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. The expected credit loss is deemed to be \$nil (30 June 2019 \$nil).

DIRECTORS' DECLARATION

The directors declare that the financial statements and notes in accordance with the Corporations Act 2001:

1. Comply with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001, and other mandatory professional reporting requirements; and
2. Give a true and fair view of the financial position of the consolidated entity as at 31 December 2019 and of its performance for the half-year ended on that date.

In the directors' opinion there are reasonable grounds to believe that Proteomics International Laboratories Ltd will be able to pay its debts as and when they become due and payable.

The directors have been given the declarations by the Managing Director and Chairman required by section 295A of the Corporations Act 2001.

This declaration is signed in accordance with a resolution of the Board of Directors made pursuant to section 303(5) of the Corporations Act 2001.

Terry Sweet
Chairman

Dated at Perth, Western Australia this 27th day of February 2020.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Proteomics International Laboratories Ltd

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Proteomics International Laboratories Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, and notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the Corporations Act 2001 including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2019 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Directors' responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2019 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Group, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

For personal use only

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.
