NOTE 10 Operating segments

10.1 Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are provided to the Board of Directors on a regular basis and in determining the allocation of resources. Management continually assesses the Group's segments and has identified the operating segments based on the one principal location based on geographical areas and therefore different regulatory environments – Australia (2018: Australia). The Group operates predominantly in the minerals exploration and evaluation industry.

Due to its reduced activity, the Group currently operates materially in one business segment and one geographical segment as described above. Accordingly, the financial information presented in the statement of comprehensive income and statement of financial position is the same as that presented to the chief operating decision maker.

Notes to the condensed consolidated financial statements

for the half-year ended 31 December 2019

NOTE 11 Statement of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements to the extent they have not already been disclosed in the other notes above. These policies have been consistently applied to all the years presented, unless otherwise stated.

11.1 Basis of preparation

11.1.1 Statement of compliance

The half-year financial report is a general purpose financial report that have been prepared in accordance with the *Corporations Act 2001* and AASB 134 'Interim Financial Reporting'.

Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

The half-year financial report does not include notes of the type normally included in the annual financial report and shall be read in conjunction with the most recent annual financial report.

The financial statements were authorised for issue on 13 March 2020 by the directors of the Company.

11.1.2 Comparative figures

Where required by AASBs comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Where the Group retrospectively applies an accounting policy, makes a retrospective restatement or reclassifies items in its financial statements, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is prepared.

11.1.3 New and amended Standards adopted by the Group

A number of new or amended standards became applicable for the current reporting period and the Group had to change its accounting policies and make retrospective adjustments as a result of adopting AASB 16 Leases.

The impact of the adoption of the leasing standard and the new accounting policies are disclosed in note 12.1 below. The other standards did not have any impact on the Group's accounting policies and did not require retrospective adjustments.

11.2 Use of estimates and judgments

The preparation of consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. These estimates and associated assumptions are based on historical experience and various factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Judgement made by management in the application of AASBs that have significant effect on the consolidated financial statements and estimates with a significant risk of material adjustment in the next year are discussed below.

11.2.1 Critical accounting estimates and judgements

The critical estimates and judgements are consistent with those applied and disclosed in the 30 June 2019 annual report.

INTERIM FINANCIAL REPORT 31 DECEMBER 2019

Notes to the condensed consolidated financial statements

for the half-year ended 31 December 2019

NOTE 12 Effects of changes in accounting policy

12.1 Leases

A number of new or amended standards become applicable for the current reporting period and the Group had to change its accounting policies and make retrospective adjustments as a result of adopting AASB 16 Leases.

The Group has adopted AASB16 *Leases* retrospectively with the cumulative effect of initially applying AASB 16 recognised at 1 July 2019. In accordance with AASB 16 the comparatives for the 2019 reporting period have not been restated.

The following practical expedients have been used by the Group in applying AASB 16 for the first time:

- For a portfolio of leases that have reasonably similar characteristics, a single discount rate has been applied
- Leases that have a remaining lease term of less than 12 months as at 1 July 2019 have been accounted for in the same way as short-term leases
- The use of hindsight to determine lease terms on contracts that have options to extend or terminate
- Applying AASB 16 to leases previously identified as leases under AASB 117 and Interpretation 4: Determining whether an arrangement contains a lease without reassessing whether they are, or contain, a lease at the date of initial application.

Not applying AASB 16 to leases previously not identified as containing a lease under AASB 117

As the Group did not have any leases greater than 12 months, no right-of-use asset or lease liability was recognised in the statement of financial position.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF DRAGON MOUNTAIN GOLD LIMITED****Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report of Dragon Mountain Gold Ltd and the entities it controlled during the half-year (the Consolidated Entity) which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes and the directors declaration for the consolidated entity.

Directors' Responsibility for the Financial Report

The Directors of Dragon Mountain Gold Limited (the Company) are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2019 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Dragon Mountain Gold Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Dragon Mountain Gold Limited is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2019 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.
