Voting by proxy

To vote by proxy, please complete and sign the enclosed Proxy Form and return by the time and in accordance with the instructions set out on the Proxy Form.

In accordance with section 249L of the Corporations Act, Shareholders are advised that:

- each Shareholder has a right to appoint a proxy;
- the proxy need not be a Shareholder of the Company; and
- a Shareholder who is entitled to cast 2 or more votes may appoint 2 proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If the member appoints 2 proxies and the appointment does not specify the proportion or number of the member's votes, then in accordance with section 249X(3) of the Corporations Act, each proxy may exercise one-half of the votes.

Shareholders and their proxies should be aware that changes to the Corporations Act made in 2011 mean that:

- if proxy holders vote, they must cast all directed proxies as directed; and
- any directed proxies which are not voted will automatically default to the Chair, who must vote the proxies as directed.

The Directors strongly encourage all shareholders to lodge a directed proxy form prior to the Meeting.

Voting in person

To vote in person, attend the Meeting at the time, date and place set out above.

You may still attend the Meeting and vote in person even if you have appointed a proxy. If you have previously submitted a Proxy Form, your attendance will not revoke your proxy appointment unless you actually vote at the meeting for which the proxy is proposed to be used, in which case, the proxy's appointment is deemed to be revoked with respect to voting on that resolution.

Please bring your personalised Proxy Form with you as it will help you to register your attendance at the Meeting. If you do not bring your Proxy Form with you, you can still attend the Meeting but representatives from Computershare Investor Services Pty Ltd will need to verify your identity. You can register on the day of the Meeting.

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions which are the subject of the business of the Meeting.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the Annual financial report of the Company for the year ended 31 December 2019 together with the Declaration of the directors, the Directors' report, the Remuneration Report and the Auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's Annual financial report is available on its website at www.latinresources.com.au.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of votes are cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – RE-ELECTION OF MR DAVID VILENSKY AS DIRECTOR

ASX Listing Rule 14.4 provides that, other than a managing director, a director of an entity must not hold office (without re-election) past the third AGM following the director's appointment or 3 years, whichever is the longer.

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

The Company currently has 2 Directors that are subject to rotation (this excludes Managing Director, Mr Christopher Gale) and accordingly 1 must retire.

Mr David Vilensky, the Director longest in office since his last re-election, retires by rotation and seeks re-election.

3.1 Qualifications and other material directorships

Mr David Vilensky, the Director longest in office since his last election, retires by rotation and seeks re-election.

Mr David Vilensky was appointed as a Non-Executive Director on 2 October 2008. Mr Vilensky is a practising corporate lawyer and the managing director of Perth law firm Bowen Buchbinder Vilensky. He has a particular focus on complex commercial transaction, mining and resources, corporate advisory and dispute resolution. He has more than 35 experience in the areas of corporate and business law and in commercial and corporate management. Mr Vilensky advises on directors duties and corporate governance, capital raisings, joint ventures, due diligence, acquisitions and corporate transactions generally and acts for a number of listed and private companies. Mr Vilensky is also a Non- Executive Director of Vonex Limited, a telecommunications company about to list on the ASX.

3.2 Independence

The Board has considered Mr Vilensky's independence and considers that he is an independent Director.

3.3 Board Recommendation

The Board supports the re-election of Mr David Vilensky and recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – APPROVAL OF 7.1A MANDATE

4.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

Resolution 3 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 3 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 3 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

4.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 3:

(a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Meeting and expiring on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) Minimum Price

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 4.2(b)(i), the date on which the Equity Securities are issued.

(c) **Use of funds raised under the 7.1A Mandate**

The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for exploration and drilling programs on its current projects, new business opportunities, pay down of existing debt, and working capital.

(d) **Risk of Economic and Voting Dilution**

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue as at 30 June 2020.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

Number of Shares on Issue (Variable A in ASX Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.0035	\$0.007	\$0.014
			50% decrease	Issue Price	50% increase
Funds Raised					
Current	886,707,981 Shares	88,670,798 Shares	\$310,347	\$620,695	\$931,043
50% increase	1,330,061,972 Shares	133,006,197 Shares	\$465,521	\$931,043	\$1,396,565
100% increase	1,773,415,963 Shares	177,341,596 Shares	\$620,695	\$1,241,391	\$1,862,086

The table above uses the following assumptions:

- 'Variable A' assumes there are:
 - 418,195,306 Shares on issue at the date of this Notice of Meeting (including Shares issued under the Placement);
 - 125,458,592 Shares issued under the SPP; and
 - 343,054,083 Shares issued under Resolutions 9 to 14 and Resolution 18.

Please see Schedule 9 for the capital structure of the Company at the date of this Notice and the proposed capital structure following the issue of the Equity Securities the subject of the Resolutions.

The number of Shares on issue ('Variable A' in the formula) could decrease if the Company does not issue any or all of the 100,000,000 Shares referred to in Resolution 11 or could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under ASX Listing Rule 7.1.

- For personal use only
2. The issue price set out above is the closing price of the Shares on the ASX on 30 June 2020.
 3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate .
 4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
 5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares are exercised into Shares before the date of issue of the Equity Securities.
 6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
 7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
 8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) **Allocation policy under the 7.1A Mandate**

The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous Approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 31 May 2019 (**Previous Approval**).

The Company has issued 6,933,333 Shares (on a post-September Consolidation basis) pursuant to the Previous Approval which represents approximately 4.94% of the number of Shares on issue in the Company on 31 May 2019, which was 140,297,025 (on a post-September Consolidation basis).

Further details of the issues of Equity Securities by the Company during the 12 month period preceding the date of the Meeting are set out in the Schedule 1.

4.3 Voting Exclusion

As at the date of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice for this Resolution.

5. RESOLUTION 4 – CHANGE OF AUDITOR

5.1 Replacement of auditor to fill vacancy

1. Comprising: 414,195,306 Shares (including the Shares issued under the Placement) and 4,000,000 loan funded shares subject to voluntary escrow.
2. This is the maximum number of Shares to be issued pursuant to the Company's share purchase plan, as disclosed in the Prospectus announced by the Company on 30 June 2020.
3. Comprising: 163,434,704 Listed Options (Class: LRSOC) exercisable at \$0.012 each on or before 31 December 2022; 6,666,667 unquoted Options exercisable at \$0.1075 each on or before 18 December 2022; and 8,000,000 unquoted Options exercisable at \$0.0325 each on or before 3 July 2023.
4. Comprising: 2 Convertible Securities on the terms and conditions set out in Schedule 8; and 480,000 Convertible Notes on the terms and conditions set out in the Company's announcement titled "Appendix 3B – Convertible Notes" released on ASX on 5 November 2019. On 30 June 2020, the Company received conversion notices from noteholders for the conversion of 40,000 of the Convertible Notes.
5. Listed Options (Class: LRSOC) exercisable at \$0.012 each on or before 31 December 2022
6. This figure includes the up to 9,000,000 total Options that may be issued to the Directors (being up to 3,000,000 per Director) under the terms of the SPP.

The Company notes that the Stage 1B Shares will be issued at the lower of \$0.003 per Share or the 30 day VWAP for Shares prior to grant of the Drilling Permits. As at the date of this Notice, the Shares are trading significantly higher than \$0.003 per Share and the Company has therefore calculated the maximum number of Stage 1B Shares to be issued for the purposes of the table above to be 43,333,333 Shares. If prior to the Drilling Permits being granted, the 30 day VWAP for the price of Shares decreases below \$0.003, more Stage 1B Shares would need to be issued.
8. The issuance of these Equity Securities to Integra (representing 10% of a maximum total 886,707,981 Shares on issue following the Meeting) is contingent on Integra exercising its option to subscribe for 10% of Shares in the Company, pursuant to the terms of the Integra Terms Sheet.

6. RESOLUTION 5 – REPLACEMENT OF CONSTITUTION

6.1 General

A company may modify or repeal its constitution or a provision of its constitution by special resolution of Shareholders. Resolution 5 is a special resolution which will enable the Company to repeal its existing Constitution and adopt a new constitution (**Proposed Constitution**) which is of the type required for a listed public company limited by shares that has been updated to ensure it reflects the current provisions of the Corporations Act and ASX Listing Rules.

This will incorporate amendments to the Corporations Act and ASX Listing Rules since the current Constitution was adopted in 2012. The Directors believe that it is preferable in the circumstances to replace the existing Constitution with the Proposed Constitution rather than to amend a multitude of specific provisions.

The Proposed Constitution is broadly consistent with the provisions of the existing Constitution. Many of the proposed changes are administrative or minor in nature including, without limitation:

- (a) updating the name of the Company; and
- (b) expressly providing for statutory rights by mirroring these rights in provisions of the Proposed Constitution.

The Directors believe these amendments are not material nor will they have any significant impact on Shareholders. It is not practicable to list all of the changes to the Constitution in detail in this Explanatory Statement, however, a summary of the more significant proposed changes is set out below.

A copy of the Proposed Constitution is available for review by Shareholders at the Company's website (www.latinresources.com.au) and at the office of the Company. A copy of the Proposed Constitution can also be sent to Shareholders upon request to the Company Secretary (+61 8 6117 4798). Shareholders are invited to contact the Company if they have any queries or concerns.

6.2 Summary of material proposed changes

Restricted Securities (clause 2.12)

The Proposed Constitution complies with the recent changes to Listing Rule 15.12 which took effect from 1 December 2019. As a result of these changes, ASX will require certain more significant holders of restricted securities and their controllers (such as related parties, promoters, substantial holders, service providers and their associates) to execute a formal escrow agreement in the form Appendix 9A, as is currently the case. However, for less significant holdings (such as non-related parties and non-promoters), ASX will permit the Company to issue restriction notices to holders of restricted securities in the form of the new Appendix 9C advising them of the restriction rather than requiring signed restriction agreements.

Minimum Shareholding (clause 3)

Clause 3 of the Constitution outlines how the Company can manage shareholdings which represent an “unmarketable parcel” of shares, being a shareholding that is less than \$500 based on the closing price of the Company’s Shares on ASX as at the relevant time.

The Proposed Constitution is in line with the requirements for dealing with “unmarketable parcels” outlined in the Corporations Act such that where the Company elects to undertake a sale of unmarketable parcels, the Company is only required to give one notice to holders of an unmarketable parcel to elect to retain their shareholding before the unmarketable parcel can be dealt with by the Company, saving time and administrative costs incurred by otherwise having to send out additional notices.

Clause 3 of the Proposed Constitution continues to outline in detail the process that the Company must follow for dealing with unmarketable parcels.

Fee for registration of off market transfers (clause 8.4(c))

On 24 January 2011, ASX amended Listing Rule 8.14 with the effect that the Company may now charge a “reasonable fee” for registering paper-based transfers, sometimes referred to “off-market transfers”.

Clause 8.4 of the Proposed Constitution is being made to enable the Company to charge a reasonable fee when it is required to register off-market transfers from Shareholders. The fee is intended to represent the cost incurred by the Company in upgrading its fraud detection practices specific to off-market transfers.

Before charging any fee, the Company is required to notify ASX of the fee to be charged and provide sufficient information to enable ASX to assess the reasonableness of the proposed amount.

Direct Voting (clause 13, specifically clauses 13.35 – 13.40)

The Proposed Constitution includes a new provision which allows Shareholders to exercise their voting rights through direct voting (in addition to exercising their existing rights to appoint a proxy). Direct voting is a mechanism by which Shareholders can vote directly on resolutions which are to be determined by poll. Votes cast by direct vote by a Shareholder are taken to have been cast on the poll as if the Shareholder had cast the votes on the poll at the meeting. In order for direct voting to be available, Directors must elect that votes can be cast via direct vote for all or any resolutions and determine the manner appropriate for the casting of direct votes. If such a determination is made by the Directors, the notice of meeting will include information on the application of direct voting.

Dividends (clause 22)

Section 254T of the Corporations Act was amended effective 28 June 2010.

There is now a three-tiered test that a company will need to satisfy before paying a dividend replacing the previous test that dividends may only be paid out of profits.

The amended requirements provide that a company must not pay a dividend unless:

- (a) the company's assets exceed its liabilities immediately before the dividend is declared and the excess is sufficient for the payment of the dividend;
- (b) the payment of the dividend is fair and reasonable to the company's shareholders as a whole; and
- (c) the payment of the dividend does not materially prejudice the company's ability to pay its creditors.

The existing Constitution reflects the former profits test and restricts the dividends to be paid only out of the profits of the Company. The Proposed Constitution is updated to reflect the new requirements of the Corporations Act. The Directors consider it appropriate to update the Constitution for this amendment to allow more flexibility in the payment of dividends in the future should the Company be in a position to pay dividends.

Partial (proportional) takeover provisions (new clause 36)

A proportional takeover bid is a takeover bid where the offer made to each shareholder is only for a proportion of that shareholder's shares.

Pursuant to section 648G of the Corporations Act, the Company has included in the Proposed Constitution a provision whereby a proportional takeover bid for Shares may only proceed after the bid has been approved by a meeting of Shareholders held in accordance with the terms set out in the Corporations Act.

This clause of the Proposed Constitution will cease to have effect on the third anniversary of the date of the adoption of last renewal of the clause.

Information required by section 648G of the Corporations Act

Effect of proposed proportional takeover provisions

Where offers have been made under a proportional off-market bid in respect of a class of securities in a company, the registration of a transfer giving effect to a contract resulting from the acceptance of an offer made under such a proportional off-market bid is prohibited unless and until a resolution to approve the proportional off-market bid is passed.

Reasons for proportional takeover provisions

A proportional takeover bid may result in control of the Company changing without Shareholders having the opportunity to dispose of all their Shares. By making a partial bid, a bidder can obtain practical control of the Company by acquiring less than a majority interest. Shareholders are exposed to the risk of being left as a minority in the Company and the risk of the bidder being able to acquire control of the Company without payment of an adequate control premium. These amended provisions allow Shareholders to decide whether a proportional takeover bid is acceptable in principle, and assist in ensuring that any partial bid is appropriately priced.

Knowledge of any acquisition proposals

As at the date of this Notice of Meeting, no Director is aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

Potential advantages and disadvantages of proportional takeover provisions

The Directors consider that the proportional takeover provisions have no potential advantages or disadvantages for them and that they remain free to make a recommendation on whether an offer under a proportional takeover bid should be accepted.

The potential advantages of the proportional takeover provisions for Shareholders include:

- (a) the right to decide by majority vote whether an offer under a proportional takeover bid should proceed;
- (b) assisting in preventing Shareholders from being locked in as a minority;
- (d) increasing the bargaining power of Shareholders which may assist in ensuring that any proportional takeover bid is adequately priced; and
- (e) each individual Shareholder may better assess the likely outcome of the proportional takeover bid by knowing the view of the majority of Shareholders which may assist in deciding whether to accept or reject an offer under the takeover bid.

The potential disadvantages of the proportional takeover provisions for Shareholders include:

- (a) proportional takeover bids may be discouraged;
- (b) lost opportunity to sell a portion of their Shares at a premium; and
- (c) the likelihood of a proportional takeover bid succeeding may be reduced.

Recommendation of the Board

The Directors do not believe the potential disadvantages outweigh the potential advantages of adopting the proportional takeover provisions and as a result consider that the proportional takeover provision in the Proposed Constitution is in the interest of Shareholders and unanimously recommend that Shareholders vote in favour of Resolution 5.

7. RESOLUTION 6 – ADOPTION OF EXECUTIVE INCENTIVE PLAN

7.1 General

Resolution 6 seeks Shareholders approval for the adoption of the employee incentive scheme titled “Incentive Rights Plan” (**Plan**) in accordance with ASX Listing Rule 7.2 (Exception 13(b)).

The objective of the Plan is to attract, motivate and retain key employees and it is considered by the Company that the adoption of the Plan and the future grant

of Incentive Rights under the Plan will provide selected employees with the opportunity to participate in the future growth of the Company.

A material feature of the Plan is that where a tranche of Incentive Rights vest, the total value of those Incentive Rights will be paid in cash and Restricted Shares to each eligible key employee as follows:

- (a) \$1,000 per tranche of Incentive Rights that vests to each employee; and
- (b) the remainder in Restricted Shares.

This process is illustrated in the following table.

Rights	Number That Vested	Value at Vesting if Share Price \$0.10 (A)	Cash Payment (B)	Restricted Shares Earned $A - B \div \$0.10$
Tranche 1 - Performance Rights	100,000	\$10,000	\$1,000	90,000
Tranche 2 - Performance Right	200,000	\$20,000	\$1,000	190,000
Tranche 3 - Retention Rights	50,000	\$5,000	\$1,000	40,000
TOTAL	350,000	\$35,000	\$3,000	320,000

Any future grant of Incentive Rights under the Plan to a related party or a person whose relation with the Company or the related party is, in ASX's opinion, such that approval should be obtained will require additional Shareholder approval under ASX Listing Rule 10.14 at the relevant time.

A summary of the key terms and conditions of the Plan is set out in Schedule 2. In addition, a copy of the Plan is available for review by Shareholders at the registered office of the Company until the date of the Meeting. A copy of the Plan can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.

7.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

7.3 Listing Rule 7.2 (Exception 13(b))

ASX Listing Rule 7.2 (Exception 13(b)) sets out an exception to ASX Listing Rule 7.1 which provides that issues under an employee incentive scheme are exempt for a period of 3 years from the date on which shareholders approve the issue of securities under the scheme as an exception to ASX Listing Rule 7.1.

Exception 13(b) is only available if and to the extent that the number of equity securities issued under the scheme does not exceed the maximum number set out in the entity's notice of meeting dispatched to shareholders in respect of the

meeting at which shareholder approval was obtained pursuant to Listing Rule 7.2 (Exception 13(b)). Exception 13(b) also ceases to be available if there is a material change to the terms of the scheme from those set out in the notice of meeting.

7.4 Technical information required by Listing Rule 14.1A

If Resolution 6 is passed, the Company will be able to grant either:

- (a) retention rights, being rights that vest and may be exercised into restricted Shares (**Restricted Shares**), based on completion of a period of service; or
- (b) performance rights, being rights that vest and may be exercised into Restricted Shares, based on achievement of specified performance objectives, under the Plan to eligible participants over a period of 3 years without impacting on the Company's ability to issue up to 15% of its total Ordinary Securities without Shareholder approval in any 12 month period,

(each, **Incentive Rights**).

If Resolution 6 is not passed, the Company will be able to proceed with the issue of Incentive Rights under the Plan to eligible participants, but any issues of Incentive Rights will reduce, to that extent, the Company's capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the issue of the Incentive Rights.

7.5 Technical information required by Listing Rule 7.2 (Exception 13)

Pursuant to and in accordance with Listing Rule 7.2 (Exception 13), the following information is provided in relation to Resolution 6:

- (a) a summary of the key terms and conditions of the Plan is set out in Schedule 2;
- (b) the Company last approved an incentive rights plan on 27 November 2015 (**Previous Plan**). The Company has previously issued a total of 2,981,590 Incentive Rights (on a post-September Consolidation basis) under the Previous Plan;
- (c) the maximum number of Incentive Rights proposed to be issued under the Plan, following Shareholder approval, is up to 44,000,000 Incentive Rights and the Company shall ensure that, when aggregated with the Company's other incentive plans, all incentive securities issued will not be more than such number. It is not envisaged that the maximum number of Incentive Rights for which approval is sought will be issued immediately; and
- (d) a voting exclusion statement is included in Resolution 6 of this Notice.

8. RESOLUTION 7 – APPROVAL OF DEFERRED RIGHTS PLAN

8.1 General

Resolution 7 seeks Shareholders' approval for the adoption of the Deferred Rights Plan in accordance with ASX Listing Rule 7.2 (Exception 13(b)).

The purpose of the Deferred Rights Plan is to:

- For personal use only
- (a) control the cash cost of Directors' fees by providing part of Non-Executive Director remuneration in the form of Deferred Rights;
 - (b) compensate Non-Executive Directors for the risks associated with being a director of a small capitalisation company;
 - (c) assist Non-Executive Directors to accumulate a holding of Shares in the Company;
 - (d) align the interests of Non-Executive Directors with those of Shareholders; and
 - (e) help retain Non-Executive Directors, thereby stabilising the composition of the Board.

The Company's current Incentive Rights Plan (the subject of Resolution 6 as approved on 27 May 2014) only permits full-time and permanent part-time employees to participate in the plan. Accordingly, Shareholder approval for the Non-Executive Director Deferred Rights Plan is being sought so that Non-Executive Director's may be issued Deferred Rights on similar terms to employees under the Incentive Rights Plan.

A summary of the key terms and conditions of the Deferred Rights Plan is set out in Schedule 3. In addition, a full copy of the Deferred Rights Plan is available for inspection at the Company's registered office until the date of the Meeting. A copy of the Deferred Rights Plan can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.

Any future issues of Deferred Rights under the plan to a person referred to in ASX Listing Rule 10.14 will require additional Shareholder approval under ASX Listing Rule 10.14 at the relevant time.

8.2 Listing Rule 7.1 and 7.2 (Exception 13(b))

A summary of ASX Listing Rule 7.1 is set out in Section 7.2 and ASX Listing Rule 7.2 (Exception 13(b)) is set out in Section 7.3.

8.3 Technical information required by Listing Rule 14.1A

If Resolution 7 is passed then the Company will be able to grant Deferred Rights to Non-Executive Directors under the Deferred Rights Plan over a period of 3 years without impacting the Company's ability to issue up to 15% of its total Ordinary Securities without Shareholder approval in any 12 month period.

If Resolution 7 is not passed, the Company will not be able to proceed with the issue of Deferred Rights to the Non-Executive Directors under the Deferred Rights Plan without relevant Shareholder approval.

8.4 Technical information required by Listing Rule 7.2 (Exception 13)

Pursuant to and in accordance with Listing Rule 7.2 (Exception 13), the following information is provided in relation to Resolution 7:

- (a) a summary of the key terms and conditions of the Deferred Rights Plan is set out in Schedule 3;

- (b) the Company last approved a Deferred Rights Plan on 31 May 2017 (**Previous Deferred Rights Plan**). The Company has previously issued a total of 7,506,154 Deferred Rights under the Previous Deferred Rights Plan;
- (c) the maximum number of Deferred Rights proposed to be issued under the Deferred Rights Plan, following Shareholder approval, is up to 44,000,000 Deferred Rights and the Company shall ensure that, when aggregated with the Company's other incentive plans, all incentive securities issued will not be more than such number. It is not envisaged that the maximum number of Deferred Rights for which approval is sought will be issued immediately; and
- (d) a voting exclusion statement is included in Resolution 7 of this Notice.

9. RESOLUTION 8 – APPROVAL OF THE EMPLOYEE SHARE PLAN

9.1 Background

Resolution 8 seeks Shareholder approval for the adoption of the Employee Share Plan in accordance with Listing Rule 7.2 (Exception 13(b)).

The objective of the Employee Share Plan is to give the Company the flexibility to retain its cash reserves during the current uncertain economic and financial environment. The Employee Share Plan will also give eligible participants (being full or part time employees of the Company or Directors) the opportunity to share in any success of the Company, which will likely encourage them in carrying out their respective roles for the Company.

The maximum number of Shares that may be issued on conversion of Options issued under the Employee Share Plan, when aggregated with the number of Shares issued or that may be issued as a result of offers made at any time during the previous 3 year period under an employee incentive scheme, will not exceed 5% of the total number of Shares on issue at the date Shares are offered to eligible participants.

Any future issues of Shares under the Employee Share Plan to a person referred to under ASX Listing Rule 10.14 will require additional Shareholder approval under ASX Listing Rule 10.14 at the relevant time.

A summary of the key terms and conditions of the Employee Share Plan is set out in Schedule 4. In addition, a full copy of the Employee Share Plan is available for inspection at the Company's registered office until the date of the Meeting. A copy of the Employee Share Plan can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.

9.2 Listing Rule 7.1 and 7.2 (Exception 13(b))

A summary of ASX Listing Rule 7.1 is set out in Section 7.2 and ASX Listing Rule 7.2 (Exception 13(b)) is set out in Section 7.3.

9.3 Technical information required by Listing Rule 14.1A

If Resolution 8 is passed, the Company will have the ability to issue Equity Securities to eligible participants under the Employee Share Plan over a period of 3 years without impacting on the Company's 15% placement capacity under ASX Listing Rule 7.1 without Shareholder approval in any 12 month period.

If Resolution 8 is not passed, with respect of eligible full or part time employees of the Company, the Company will be able to proceed with the issue Equity Securities to such eligible participants under the Employee Share Plan, but any issues of Equity Securities will reduce, to that extent, the Company's capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the issue of the Equity Securities. With respect to eligible Directors, the Company will not be able to proceed with the issue of Equity Securities to such Directors under the Employee Share Plan without relevant Shareholder approval.

9.4 Technical information required by Listing Rule 7.2 (Exception 13)

Pursuant to and in accordance with Listing Rule 7.2 (Exception 13), the following information is provided in relation to Resolution 8:

- (a) a summary of the key terms and conditions of the Employee Share Plan is set out in Schedule 4;
- (b) the Company last approved an Employee Share Plan on 31 May 2017 (**Previous Employee Share Plan**). The Company has not issued any Equity Securities under the Previous Employee Share Plan;
- (c) the maximum number of Equity Securities proposed to be issued under the Employee Share Plan, following Shareholder approval, is up to 44,000,000 Equity Securities and the Company shall ensure that, when aggregated with the Company's other incentive plans, all incentive securities issued will not be more than such number. It is not envisaged that the maximum number of Equity Securities for which approval is sought will be issued immediately; and
- (d) a voting exclusion statement is included in Resolution 8 of this Notice.

10. RESOLUTIONS 9 AND 10 – APPROVAL TO ISSUE REPAYMENT SHARES TO LIND – FIRST AND SECOND CONVERTIBLE SECURITIES

10.1 General

On 19 June 2018, the Company agreed terms for a \$6 million Convertible Security Funding Agreement (**CSFA**) with an optional equity earn-in to the Company's Argentinean lithium projects with Lind Asset Management XII. LLC, an entity managed by The Lind Partners New York (**Lind**). The CSFA provided a source of capital to enable the Company to pursue its program of project development and exploration across its portfolio of lithium and cobalt projects in Argentina. Please refer to the Company's announcements on 19 June 2018 for further details, including the material terms of the CSFA.

This \$6 million pursuant to the CSFA comprises the following 3 tranches to be issued if requested, being:

- (a) an initial \$2m pursuant to the First Convertible Security;
- (b) \$1m pursuant to the Second Convertible Security; and
- (c) \$3m pursuant to the Third Convertible Security (which the Company is yet to drawdown on and convert, in full or part, at the date of this Notice).

As at the date of this Notice, the Company has issued the First and Second Convertible Securities (together, the **Lind Convertible Securities**).

Under the Lind Convertible Securities the Company must make monthly repayments to Lind of 1/20th of the original face value. These repayments must, at the Company's election, be in:

- (d) cash, at a 3% premium;
- (e) Shares, priced at 90% of the average of 5 daily VWAP chosen by Lind from the previous 20 trading days; or
- (f) a combination of both.

In accordance with the CSFA, the Company received repayment notices on:

- (a) 10 March 2020 to issue the following:
 - (i) 40,000,000 Shares to Lind in satisfaction of the repayment of \$120,000 under the First Convertible Security; and
 - (ii) 17,000,000 Shares to Lind in satisfaction of the repayment of a total of \$51,000 under the Second Convertible Security, comprising:
 - (A) 12,000,000 Shares to Lind in satisfaction of \$36,000; and
 - (B) 5,000,000 Shares to Lind in satisfaction of the repayment of \$15,000; and
- (b) 17 June 2020 to issue the following:
 - (i) 40,000,000 Shares to Lind in satisfaction of the repayment of \$120,000 under the First Convertible Security; and
 - (ii) 17,000,000 Shares to Lind in satisfaction of the repayment of a total of \$51,000 under the Second Convertible Security, comprising:
 - (A) 12,000,000 Shares to Lind in satisfaction of \$36,000; and
 - (B) 5,000,000 Shares to Lind in satisfaction of the repayment of \$15,000,

(together, the Shares to be issued under the 10 March 2020 and 17 June 2020 repayment notices being the **Lind Repayment Shares**). The deemed issue price for the Lind Repayment Shares is \$0.003 per Share.

Resolutions 9 and 10 seek Shareholder approval pursuant to Listing Rule 7.1 for the for the issue of the Lind Repayment Shares, pursuant to the terms of the CSFA.

Lind currently holds 1.9% of Shares on issue. Assuming all Resolutions are approved (including Resolutions 9 and 10), it is anticipated that Lind will hold 14.5% of Shares following the issuance of all Equity Securities contemplated by this Notice. If Resolutions 9 and 10 are approved and all other Resolutions rejected, it is possible that issuing the Lind Repayment Shares would result in Lind holding in excess of 19.9% of Shares in the Company, when aggregated Shares currently held by Lind. In this unlikely circumstance, the Company will cap the number of Lind Repayment Shares to be issued so that Lind does not hold greater than 19.9% of Shares in the Company and shall, as required, seek further Shareholder approval for the remaining Shares to be issued to Lind.

10.2 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 7.2.

The proposed issue of the Lind Repayment does not fit within any of the exceptions set out in Listing Rule 7.2 and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of Shareholders under Listing Rule 7.1.

The effect of Resolutions 9 and 10 will be to allow the Company to issue the Lind Repayment Shares pursuant to of Resolutions 9 and 10 during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

10.3 Technical information required by Listing Rule 14.1A

If Resolutions 9 and 10 are passed, the Company will be able to proceed with the issue of the Lind Repayment Shares. In addition, the issue of the Lind Repayment Shares will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolutions 9 or 10 are not passed, the issue of the Lind Repayment Shares can still proceed but it will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for 12 months following the issue.

Resolutions 9 and 10 seek Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Lind Repayment Shares.

10.4 Technical information required by Listing Rule 7.1

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to Resolutions 9 and 10:

- (a) the Lind Repayment Shares will be issued to Lind, who is not a related party of the Company;
- (b) the maximum number of Lind Repayment Shares to be issued is 114,000,000 comprising:
 - (i) 80,000,000 Shares, the subject of Resolution 9; and
 - (ii) 34,000,000 Shares, the subject of Resolution 10;
- (c) the Lind Repayment Shares will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Lind Repayment Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Shares will occur on the same date;
- (e) the Lind Repayment Shares will be issued for nil cash consideration in satisfaction of the Company's monthly repayment obligations under the CSFA. The deemed issue price for the Lind Repayment Shares is \$0.003 per Lind Repayment Share, based on the CSFA Conversion Price Formula;

- (f) the Lind Repayment Shares are being issued to Lind under the CSFA. A summary of the material terms of the CSFA is set out in Schedule 8;
- (g) the Lind Repayment Shares are not being issued under, or to fund, a reverse takeover; and
- (h) no funds will be raised from this issue as they are issued in compliance with the Company's repayment obligations under the First Convertible Security and Second Convertible Security.

11. RESOLUTION 11 – APPROVAL TO ISSUE FUTURE EQUITY SECURITIES

11.1 General

Resolution 11 seeks Shareholder approval, under ASX Listing Rule 7.1, for the Company to issue up to 100,000,000 Shares and 100,000,000 Listed Options (**Future Securities**). The Company seeks this approval for the purpose of enabling the Company to:

- (a) undertake a capital raising during the three months after the approval of this Resolution (**Future Placement**); and/or
- (b) issue Shares and/or Listed Options in consideration for, and in connection with, services provided to the Company by third party financiers (including Lind) and/or third party vendors in order to conserve the Company's existing cash reserves.

11.2 Listing Rule 7.1

A summary of ASX Listing Rule 7.1 is set out in Section 7.2.

The proposed issue of the Future Securities does not fit within any of the exceptions set out in Listing Rule 7.2 and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of Shareholders under Listing Rule 7.1. Additionally, the Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder approval pursuant to Listing Rule 7.1 so that it does not use up any of its 15% placement capacity under Listing Rule 7.1.

Issue of Shares for cash consideration

As set out in Section 11.1 above, one of the purposes for which the Company is seeking approval is to enable the Company to raise additional capital during the three months after the approval of this Resolution pursuant to the Future Placement. The Company anticipates that it will need to raise funds in the future in light of its current cash position (\$228,448 as at 23 June 2020), operational costs and its obligations under the CSFA with Lind.

Issue of Shares for non-cash consideration

Alternatively, the other purpose for which the Company is seeking this approval is to enable the Company to issue to Shares and/or Listed Options in consideration for, and in connection with, services provided to the Company by third party financiers (including Lind) and vendors. This will enable the Company to conserve its existing cash reserves and spend a greater proportion of its cash reserves on its operations.

11.3 Technical information required by Listing Rule 14.1A

If Resolution 11 is passed, the Company will be able to proceed with the issue of the Future Securities. In addition, the issue of the Future Securities will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 11 is not passed, the Company will not be able to proceed with the issue of the Future Securities, and the Company will need to seek alternative funding arrangements to meet its exploration and corporate expenditure requirements. Alternatively, the Company may seek to issue such number of Future Securities following the Meeting as permitted by the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 11 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Future Securities.

11.4 Use of Funds

The table below sets out the possible funds that the Company could raise under the Future Placement, if the Company issues the maximum number of Shares and/or Listed Options under the Future Placement for cash consideration.

To calculate the potential funds that could be raised under the Future Placement, the table below uses values of \$0.003, \$0.006 and \$0.009 being the volume weighted average price for Shares on the 5 days on which sales in Shares were recorded before 30 June 2020, and the volume weighted prices which are 50% higher and 50% lower than that price. To calculate the potential funds that could be raised under the Future Placement, discounted figures of \$0.0024, \$0.0048 and \$0.0072 have been used, being an issue price, which is not less than 80% of the VWAP set out below:

VWAP	VWAP Discount (80% of VWAP)	Maximum Funds Raised under the Future Placement
\$0.003	\$0.0024	\$240,000
\$0.006	\$0.0048	\$480,000
\$0.009	\$0.0072	\$720,000

The table below sets out the Company's intended use of funds raised under the Future Placement, assuming the Company raises \$480,000 under the Future Placement.

Description	\$	%
Noombenberry Halloysite Project in Western Australia	180,000	37.50
JV earn in - Mining and Energy Group Pty Ltd in New South Wales	180,000	37.50
Expenses of the Future Placement	30,000	6.25
Working capital	90,000	18.75
Total	480,000	100.00

The above table is a statement of current intentions as of the date of this Notice. As with any budget, intervening events and new circumstances have the

potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied on this basis.

11.5 Dilution

Any issue of Future Securities (namely Shares) will dilute the interests of Shareholders who do not receive any Future Securities.

Assuming no Options are exercised, no convertible securities are converted or other Shares issued and the maximum number of Future Securities as set out above are issued, the number of Shares on issue would increase from 418,195,306 (being the number of Shares on issue as at the date of this Notice) to 518,195,306 and the shareholding of existing Shareholders would be diluted by 24%. Further, assuming no Options are exercised, no convertible securities are converted or other Shares issued and the maximum number of Shares as set out above are issued, in the event all the Listed Options issued pursuant to this Resolution were exercised the number of Shares on issue would increase to 618,195,306 and the shareholding of existing Shareholders would be diluted by 48%.

11.6 Technical information required by Listing Rule 7.1

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 11:

- (a) the Future Securities will be issued to:
 - (i) assuming the Future Placement occurs, professional and sophisticated investors who will be identified by the Directors through a bookbuild process, who will not be related parties of the Company; and/or
 - (ii) third party financiers (including Lind) and/or third party vendors identified by the Directors, who will not be related parties of the Company;
- (b) the maximum number of Future Securities to be issued is:
 - (i) 100,000,000 Shares; and
 - (ii) 100,000,000 Listed Options;
- (c) the Future Securities will be issued on the same terms and conditions as the Company's existing Shares and/or Listed Options respectively. The terms and conditions of the Listed Options (LRSOC) are set out in Schedule 7;
- (d) the Future Securities will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules);
- (e) the issue price for the Future Securities will be not less than 80% of the VWAP for Shares calculated over the 5 days on which sales in the Shares are recorded before the day on which the issue is made or, if there is a prospectus, over the last 5 days on which sales in the securities were recorded before the date the prospectus is signed;
- (f) the purpose of the issue of the Future Securities is to raise capital under the Future Placement (which the Company intends to apply as set out in

Section 11.4) and/or conserve the Company's cash resources if the Future Securities are issued to third party financiers or vendors for non-cash consideration;

- (g) the Future Securities are not being issued under a current agreement;
- (h) the Future Securities are not being issued under, or to fund, a reverse takeover; and
- (i) a voting exclusion statement is included in Resolution 11 of the Notice.

12. RESOLUTIONS 12 TO 14 – ISSUE OF RELATED PARTY SECURITIES

12.1 General

Resolutions 12 to 14 seek Shareholder approval for the issue of the following number of Shares and Listed Options to the Directors in lieu of unpaid Directors' fees owing to the Directors:

- (a) Resolution 12 – 7,450,000 Shares and 7,450,000 Listed Options to David Vilensky (or his nominee), in lieu of \$29,800 in Directors' fees owing to Mr Vilensky for the 5 month period from 1 February 2020 to 30 June 2020 on the terms set out below. This figure represents payment of 100% of Mr Vilensky's fees owed for that period in Shares in lieu of cash, as elected by Mr Vilensky;
- (b) Resolution 13 – 20,833,250 Shares and 20,833,250 Listed Options to Brent Jones (or his nominee), in lieu of \$83,333 in Directors' fees owing to Mr Jones for the 20 month period from 1 November 2018 to 30 June 2020 on the terms set out below. This figure represents payment of 100% of Mr Jones's fees owed for that period in Shares in lieu of cash, as elected by Mr Jones; and
- (c) Resolution 14 – 17,437,500 Shares and 17,437,500 Listed Options to Chris Gale (or his nominee), in lieu of \$69,750 in Directors' fees owing to Mr Gale for the 4 month period from 1 March 2020 to 30 June 2020 on the terms set out below. This figure represents payment of 78% of Mr Gale's fees owed for that period in Shares in lieu of cash, as elected by Mr Gale,

(together, the **Related Party Securities**).

12.2 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of Related Party Securities to the Directors constitutes giving a financial benefit and each of the Directors is a related party of the Company by virtue of being a Director.

The Directors consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issues because the Related Party Securities will be issued to Messrs Vilensky, Jones and Gale (or their respective nominees) in lieu of their normal, periodic directors' fees, and are considered to be reasonable remuneration for the purposes of section 211 of the Corporations Act. The primary purpose for issuing the Related Party Securities in place of cash Director fees is to assist the Company in managing its cash flow by preserving the Company's cash reserves.

12.3 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3;
or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The issue of the Related Party Securities falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. Resolutions 12 to 14 therefore require the approval of Shareholders under Listing Rule 10.11.

Resolutions 12 to 14 seek Shareholder approval for the issue of the Related Party Securities under and for the purposes of Listing Rule 10.11.

12.4 Technical information required by Listing Rule 14.1A

If Resolutions 12 to 14 are passed, the Company will be able to proceed with the issue of the Related Party Securities within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue of the Related Party Securities (because approval is being obtained under Listing Rule 10.11), the issue of the Related Party Securities will not use up any of the Company's 15% annual placement capacity.

If Resolutions 12, 13 or 14 are not passed, the Company will not be able to proceed with the issue of the Related Party Securities to Messrs Vilensky, Jones and/or Gale in lieu of cash payments for their Directors' fees and will need to satisfy the payment of these fees out of the Company's cash reserves.

12.5 Technical Information required by Listing Rule 10.13

Pursuant to and in accordance with Listing Rule 10.13, the following information is provided in relation to Resolutions 12 to 14:

- (a) the Related Party Securities will be issued to:
 - (i) Resolution 12 – Mr Vilensky (or his nominee), who falls within the category set out in Listing Rule 10.11.1 as Mr Vilensky is a related party of the Company by virtue of being a Director;
 - (ii) Resolution 13 – Mr Jones (or his nominee), who falls within the category set out in Listing Rule 10.11.1 as Mr Jones is a related party of the Company by virtue of being a Director;
 - (iii) Resolution 14 – Mr Gale (or his nominee), who falls within the category set out in Listing Rule 10.11.1 as Mr Gale is a related party of the Company by virtue of being a Director;
- (b) the maximum number of Related Party Securities to be issued to:
 - (i) Resolution 12– Mr Vilensky (or his nominee) is 7,450,000 Shares and 7,450,000 Listed Options;
 - (ii) Resolution 13 – Mr Jones (or his nominee) is 20,833,250 Shares and 20,833,250 Listed Options;
 - (iii) Resolution 14 – Mr Gale (or his nominee) is 17,437,500 Shares and 17,437,500 Listed Options;
- (c) the Related Party Securities will be issued on the same terms and conditions as the Company's existing Shares and Listed Options. The terms and conditions of the Listed Options (LRSOC) are set out in Schedule 7;
- (d) the Related Party Securities will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is anticipated the Shares will be issued on the same date;
- (e) the deemed issue price of the Related Party Securities will be \$0.004 per Share (the same price as under the Placement Shares under Resolution 15). The Company will not receive any consideration for the issue of the Related Party Securities (however the Company will not be obliged to pay such fees owing to the Directors in cash);
- (f) the purpose of the issue of Related Party Securities under Resolutions 12 to 14 is to appropriately remunerate Messrs Vilensky, Jones and Gale for their Directors' fees in lieu of the Company paying such fees in cash, therefore no funds will be raised as a result of the issue of Related Party Securities under Resolutions 12 to 14;
- (g) the remuneration and emoluments from the Company to Messrs Vilensky, Jones and Gale for the previous financial year and proposed remuneration and emoluments for the current financial year as set out below:

Related Party	Current Financial Year ¹ (FY2020)	Previous Financial Year (FY2019)
David Vilensky	\$64,800	\$64,800
Brent Jones	\$50,000	\$50,000
Chris Gale	\$270,000	\$307,992 ²

Notes:

1. This does not include the value of any future Securities which may be issued to the Director, including pursuant to this Notice.
 2. Comprising of cash and salary fees of \$295,000 and equity-settled payments of \$12,992 comprising: 9,005,323 retention share rights approved for issue by shareholders in prior years.
- (h) the Related Party Securities are not being issued under an agreement; and
- (i) a voting exclusion statements is included in Resolutions 12 to 14 of the Notice.

13. RESOLUTION 15 – RATIFICATION OF PRIOR ISSUE OF PLACEMENT SHARES

13.1 General

On 26 June 2020, the Company completed a placement to sophisticated and institutional investors (**Placement**) pursuant to which:

- (a) it issued 53,800,000 Shares at an issue price of \$0.004 per Share (**Placement Shares**) pursuant to its existing 15% placement capacity under Listing Rule 7.1; and
- (b) agreed to issue one (1) attaching Listed Option for every Placement Share subscribed for and issued (**Placement Options**), subject to Shareholder approval (see Resolution 16),

to raise a total \$215,200 (before costs).

Resolution 15 seeks Shareholder approval, under ASX Listing Rule 7.4, to ratify the issue of the Placement Shares to professional and sophisticated investors under the Placement. In conjunction with and subsequent to the Placement, the Company also intends to conduct an offer under a security purchase plan (**SPP**) to existing Shareholders at the same price and structure as the Placement, to raise up to \$627,293 (before costs).

It is anticipated that the Company will complete the SPP between the date of this Notice and the date of the Meeting.

13.2 Listing Rule 7.1

A summary of ASX Listing Rule 7.1 is set out in Section 7.2.

13.3 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of Equity Securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not

reduce the company's capacity to issue further Equity Securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Placement Shares.

13.4 Technical information required by Listing Rule 14.1A

If Resolution 15 is passed, the Placement Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of Equity Securities the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

If Resolution 15 is not passed, the Placement Shares issued will be included in calculating the Company's 15% limit in Listing Rule 7.1, effectively decreasing the number of Equity Securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

Whilst Resolution 15 seeks approval to ratify the Placement Shares issued by the Company, Resolution 16 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Placement Options.

The Listed Options to be issued pursuant to the SPP are to be approved by Shareholders pursuant to Resolution 17.

13.5 Technical information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to Resolution 15:

- (a) the Placement Shares were issued to professional and sophisticated investors who were identified by the Directors. The recipients were identified through a bookbuild process which involved the Directors seeking expressions of interest to participate in the Placement from non-related parties of the Company. None of the recipients are related parties of the Company;
- (b) 53,800,000 Placement Shares were issued (and it is proposed that 53,800,000 Placement Options be issued, subject to Shareholder approval pursuant to Resolution 16);
- (c) the Placement Shares were issued on the same terms and conditions as the Company's existing Shares;
- (d) the Placement Shares were issued on 26 June 2020;
- (e) the issue price was \$0.004 per Placement Share. The Company has not and will not receive any other consideration for the issue of the Placement Shares;
- (f) the purpose of the issue of the Placement was to raise \$215,200 which will generally be applied to:

- (i) exploration and drilling on the Company's existing and proposed projects including the Noomberry halloysite project and tenement EL8958 in NSW (the subject of the Proposed MEG Transaction referred to in Resolution 18);
- (ii) costs of the Placement; and
- (iii) working capital;
- (g) the Placement Shares were not issued under an agreement;
- (h) the Placement Shares are not being issued under, or to fund, a reverse takeover; and
- (i) a voting exclusion statement is included in Resolution 15 of this Notice.

14. RESOLUTION 16 – ISSUE OF PLACEMENT OPTIONS

14.1 General

As set out in Section 13.1 above, the Company proposes to issue 53,800,000 Placement Options (on a 1:1 basis for each Placement Shares issued) in connection with the terms of the Placement completed on 26 June 2020, subject to Shareholder approval.

14.2 ASX Listing Rule 7.1

A summary of ASX Listing Rule 7.1 is set out in Section 7.2.

The proposed issue of the Placement Options does not fall within any of the exceptions in Listing Rule 7.2 and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of Shareholders under Listing Rule 7.1.

14.3 Technical information required by Listing Rule 14.1A

If Resolution 16 is passed, the Company will be able to proceed with the issue of the Placement Options under the terms of the Placement. In addition, the issue of the Placement Options will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 16 is not passed, the Company will not be able to proceed with the issue of the Placement Options unless the issue of the Placement Options is able to be made following the Meeting from the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 16 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Placement Options.

14.4 Technical information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 16:

- (a) the Placement Options will be issued to professional and sophisticated investors previously identified by the Directors to participate in the Placement (please see Section 13.5(a) for further details of such Placement investors);

- For personal use only
- (b) the maximum number of Placement Options to be issued is 53,800,000;
 - (c) the Placement Options will be Listed Options (LRSOC), the terms and conditions of which are set out in Schedule 7;
 - (d) the Placement Options will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Placement Options will occur on the same date;
 - (e) pursuant to the terms of the Placement, the issue price will be nil per Placement Options. The Company will not receive any other consideration for the issue of the Placement Options (other than in respect of funds received on exercise of the Options);
 - (f) the Placement Options are being issued under the terms of the Placement to raise \$215,200 (before costs). The Company intends to apply the funds raised from the issue as set out in Section 13.5(f);
 - (g) the Placement Options are not being issued under an agreement;
 - (h) the Placement Options are not being issued under, or to fund, a reverse takeover; and
 - (i) a voting exclusion statement is included in Resolution 16 of the Notice.

15. RESOLUTION 17 – ISSUE OF SPP OPTIONS

15.1 General

As set out in Section 13.1 above, the Company intends to conduct an offer under a SPP to existing Shareholders at the same price and structure as the Placement, that is, an offer to Shareholders to subscribe for up to \$15,000 worth of Shares at \$0.005 per Share (**SPP Shares**), together with one (1) attaching Listed Option for every SPP Share subscribed for and issued (**SPP Options**), to raise up to \$627,293 (before costs). The terms and conditions of the SPP provide that the issuance of the SPP Options is subject to Shareholder approval.

15.2 ASX Listing Rule 7.1 and ASIC Instrument

A summary of ASX Listing Rule 7.1 is set out in Section 7.2.

The SPP Shares are to be issued pursuant to ASX Listing Rule 7.2 (Exception 5).

ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 (**ASIC Instrument**) only applies to the offer of securities under a share purchase plan where a company's securities have not been suspended from quotation on ASX for more than a total of five days during the shorter of:

- (a) the period during which the class was quoted; and
- (b) the period of 12 months before the day on which the offer is made.

As the Company's securities will have been suspended from quotation for more than five days in the previous 12 months to the date of the SPP offer, the Company is unable to rely on the relief granted by the ASIC Instrument and, therefore, is undertaking the SPP under a prospectus, which is intended to be lodged with ASX and ASIC in early July 2020.

Notwithstanding the above, the proposed issue of the SPP Options does not fall within any of the exceptions in Listing Rule 7.2 and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of Shareholders under Listing Rule 7.1, in accordance with the terms of the SPP offer.

15.3 Technical information required by Listing Rule 14.1A

If Resolution 17 is passed, the Company will be able to proceed with the issue of the SPP Options under the terms of the SPP. In addition, the issue of the SPP Options will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 17 is not passed, the Company will not be able to proceed with the issue of the SPP Options unless the issue of the SPP Options is able to be made following the Meeting from the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 17 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the SPP Options.

15.4 Technical information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 17:

- (a) the SPP Options will be issued to Shareholders eligible to participate in the SPP offer. Those SPP Options proposed to be issued to related parties (or associates of related parties) of the Company form the subject matter of Resolutions 21 to 23;
- (b) the maximum number of SPP Options to be issued is 125,458,592;
- (c) the SPP Options will be Listed Options (LRSOC), the terms and conditions of which are set out in Schedule 7;
- (d) the SPP Options will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the SPP Options will occur on the same date;
- (e) pursuant to the terms of the SPP, the issue price will be nil per SPP Options. The Company will not receive any other consideration for the issue of the SPP Options (other than in respect of funds received on exercise of the Options);
- (f) the SPP Options are being issued under the terms of the SPP to raise \$627,293 (before costs). The Company intends to apply the funds raised from the issue as set out in Section 13.5(f);
- (g) the SPP Options are not being issued under an agreement;
- (h) the SPP Options are not being issued under, or to fund, a reverse takeover; and
- (i) a voting exclusion statement is included in Resolution 17 of the Notice.

16. RESOLUTION 18 – APPROVAL OF ISSUES OF CONSIDERATION SECURITIES TO MEG

16.1 General

The Company and Mining and Energy Group Pty Ltd (ACN 149 790 161) (**MEG**) have entered into a binding terms sheet dated 22 June 2020 (**Terms Sheet**) in relation to a proposed farm-in arrangement whereby the Company may earn-in up to a 75% Joint Venture Interest in EL8958 in New South Wales (**Tenement**) and associated mining information and obligations, subject to meeting certain farm-in milestones over five separate stages (**Proposed MEG Transaction**).

The Tenement, currently 100% owned by MEG, is prospective for copper and gold.

The Terms Sheet will immediately terminate upon the earlier of:

Notes:

1. Market Price means the closing price on ASX (excluding special crossings, overnight sales and exchange traded option exercises). For the purposes of this table the discount is calculated on the Market Price on the last trading day on which a sale was recorded prior to the date of issue of the relevant Equity Securities.
2. Fully paid ordinary shares in the capital of the Company, ASX Code: LRS (terms are set out in the Constitution).
3. Listed Options exercisable at \$0.012 on or before expiry 31 December 2022 (LRSOC).
4. Unlisted Options exercisable at \$0.0325 on or before 3 July 2023.
5. In respect of quoted Equity Securities the value is based on the closing price of the Shares (\$0.003 or Options (\$0.001) as the context requires on the ASX on 15 April 2020. In respect of unquoted Equity Securities the value of Options is measured using the Black & Scholes option pricing model. Measurement inputs include the Share price on the measurement date, the exercise price, the term of the Option, the impact of dilution, the expected volatility of the underlying Share (based on weighted average historic volatility adjusted for changes expected due to publicly available information), the expected dividend yield and the risk free interest rate for the term of the Option. No account is taken of any performance conditions included in the terms of the Option other than market based performance conditions (i.e. conditions linked to the price of Shares).
7. This is a statement of current intentions as at the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way the funds are applied on this basis.

SCHEDULE 2 – SUMMARY OF INCENTIVE RIGHTS PLAN

The key terms of the Incentive Rights Plan are as follows:

- (a) **Eligibility:** Participants in the Plan may be full-time and permanent part-time employees of the Company or any of its subsidiaries (**Participants**).
- (b) **Administration of Plan:** The Board is responsible for the operation of the Plan and has a broad discretion to determine which Participants will be offered Incentive Rights under the Plan.
- (c) **Offer:** The Board may issue an offer to a Participant to participate in the Plan. The offer will specify (unless otherwise determined by the Board):
- (i) the name and address of the Participant to whom the offer is made;
 - (ii) the number and types of tranches of Incentive Rights being offered;
 - (iii) in respect of each tranche:
 - (A) the number of Incentive Rights being offered;
 - (B) the vesting conditions, if any, of each tranche of Incentive Rights; and
 - (C) the Measurement Period (as defined below) during which each tranche of Incentive Rights must vest and be exercised; and
 - (iv) any other matters required by either the Corporations Act or the ASX Listing Rules.
- (d) **Measurement Period:** In relation to the offer of Incentive Rights means the period for determining whether service vesting conditions are satisfied. Unless otherwise determined by the Board, such period will be for three financial years commencing on 1 July of the year of grant and finishing on 30 June three years later (**Measurement Period**).
- (e) **Incentive Rights:** Incentive Rights may be offered to Participant, being:
- (i) retention rights, being rights that vest and may be exercised into Restricted Shares, based on completion of a period of service; or
 - (ii) performance rights, being rights that vest and may be exercised into Restricted Shares, based on achievement of specified performance objectives.
- (f) **Restriction on Transfer:** An Incentive Right may not be transferred or otherwise dealt with (including being disposed of, encumbered, made subject to any interest in favour of any other person) and lapses immediately on purported transfer or dealing unless the Board, in its absolute discretion, approves the transfer or the dealing or transfer is effected by operation of law on death or legal incapacity to the Participant's legal personal representative.
- (g) **Vesting:** Where a tranche of Incentive Rights vest, the total value of those Incentive Rights will be paid in cash and Shares as follows:
- (i) \$1,000 per tranche that vests; and

- (ii) the remainder in Restricted Shares.
- (h) **Vesting and Exercise – Issue of Restricted Shares:** Upon vesting and exercise of the Incentive Rights, the Company will issue voluntarily restricted Shares that may not be sold or otherwise disposed of by Participants until first advised by the Company, which the Company shall do at the first opportunity to do so, when Shares may be sold without breaching the insider trading provisions of the Corporations Act or the Company's share trading policy (**Restricted Shares**). The Company will issue Restricted Shares to Participants or arrange for them to be acquired for the Participant's benefit by the trustee of the Plan.
- (i) **Rights attaching to Shares:** Each Restricted Share shall be issued on the same terms and conditions as the Company's issued Shares (other than in respect of transfer restrictions imposed by the Plan) and it will rank equally with all other issued Shares from the issue date except for entitlements which have a record date before the issue date.
- (j) **Quotation on ASX:** The Company will apply for each Restricted Share to be admitted to trading on ASX. Quotation will be subject to the restrictions on trading placed on them by the Company, the ASX Listing Rules and any holding lock applying to the Shares.
- (k) **Bonus Issues:** Subject to any requirements of the Corporations Act and the ASX Listing Rules, in cases of bonus issues, the number of Incentive Rights held by a Participant shall be increased by the same number as the number of bonus shares that would have been received by the Participants had the Incentive Rights been fully paid ordinary shares in the Company.
- (l) **Rights Issues:** Subject to any requirements of the Corporations Act and the ASX Listing Rules, in the case of general rights issues to the Company's shareholders, there will be no adjustment to the Incentive Rights. However, the Board may consider issuing options:
- (i) of a number up to the number of shares to which the Participant would have been entitled had the Incentive Rights been fully paid ordinary shares in the Company, and
- (ii) the exercise price of such options will be equal to the amount payable by the Company's shareholders to exercise a right to acquire a Share.
- (m) **Capital Reconstructions:** Subject to any requirements of the Corporations Act and the ASX Listing Rules, in the case of other capital reconstructions the Board may make such adjustments to the Incentive Rights as it considers appropriate with a view to ensuring that holders of Incentive Rights are neither advantaged nor disadvantaged.
- (n) **Forfeiture:** The Incentive Rights will be forfeited in the event that the Participant is dismissed for cause, resigns (unless otherwise determined by the Board) or where the Board forms the opinion that a Participant has committed an act of fraud, defalcation or gross misconduct in relation to the Company.
- (o) **Other Termination:** In the event that the Participant's employment is terminated due to death, total permanent disablement, retirement with the approval of the Board or Company initiated termination without cause, Incentive Rights granted in the financial year of termination of employment are forfeited in the same proportion as the remainder of the financial year bears to the full financial year. Incentive Rights that do not lapse at the termination of employment will continue

to be held by Participants with a view to testing for vesting at the end of the Measurement Period. If the Share price at the date of testing is:

- (i) less than the Share price at the date of termination of employment, then all unvested Incentive Rights lapse, in which case the Board may, in its absolute discretion, determine to pay a cash bonus through payroll with PAYG tax deducted; or
 - (ii) not less than the Share price at the date of termination of employment, then retention rights that have not been forfeited will vest and performance rights will be tested once for vesting at the end of the Measurement Period. If they do not vest at that time then they will be forfeited.
- (p) **Change in Control Including Takeover:** In the event of a change in control including a takeover, the vesting conditions attached to the Incentive Rights will cease to apply and unvested Incentive Rights will vest in the proportion that the Share price has grown since the date of grant of the Incentive Rights or as determined by the Board, up to 100%. The Board will have discretion to vest some or all of the remaining unvested Incentive Rights with any Incentive Rights that do not vest lapsing.
- (q) **Distribution of Capital to Shareholders:** In the event that the board decides to declare a special dividend or undertake a return of capital to shareholders, the Board may in its discretion determine that some or all of the unvested Incentive Rights held by Participants shall vest and may also determine that any remaining unvested Incentive Rights shall lapse.
- (r) **Plan limit:** The Company must take reasonable steps to ensure that the number of Shares offered by the Company under the Plan when aggregated with:
- (i) the number of Shares issued during the previous 5 years under the Plan (or any other employee share plan extended only to eligible employees); and
 - (ii) the number of Shares that would be issued if each outstanding offer for Shares (including options to acquire unissued Shares) under any employee incentive scheme of the Company were to be exercised or accepted,

does not exceed 5% of the total number of Shares on issue at the time of an offer (but disregarding any offer of Shares or option to acquire Shares that can be disregarded in accordance with relevant ASIC Class Orders).

SCHEDULE 3 – SUMMARY OF DEFERRED RIGHTS PLAN

The key terms of the Deferred Rights Plan (**Plan**) are as follows:

(a) **Participants in the Plan**

Participants in the plan may be Non-Executive Directors of the Company (**Participants**).

(b) **Limitations of Offers**

The Company must take reasonable steps to ensure that the number of Shares issued upon vesting and exercise of any Deferred Rights offered under the Non-Executive Director Deferred Rights Plan, when aggregated with:

- (i) the number of Shares which would be issued if each outstanding offer of Deferred Rights, Shares, Options or rights to acquire Shares under an employee incentive scheme is accepted or exercised; and
- (ii) the number of Shares issued during the previous 5 years pursuant an employee incentive scheme extended only to employees or Directors,

must not exceed 5% of the total number of Shares on issue at the time of an offer. In calculating this number, the Company will disregard any issues of Shares, Options or rights to acquire Shares made to persons outside Australia, made under a disclosure document or product disclosure statement, or made under one of the disclosure exceptions set out in Section 708 or 1012D of the Corporations Act.

(c) **Measurement Period**

The measurement period for determining whether service vesting conditions are satisfied will be three financial years commencing on 1 January of the year of grant and finishing on 31 December three years later, unless otherwise determined by the Board (**Measurement Period**).

(d) **Deferred Rights**

Vesting of Deferred Rights will be based on completion of a certain period of service with the Company.

Where a tranche of Deferred Rights vest, the total value of the vesting Deferred Rights (**Total Value**) will be paid in cash (\$1,000 per tranche that vests) and the remaining balance in Shares based on the VWAP of the Shares over the 10 trading days immediately prior to end of the Measurement Period (**Vesting Share Price**).

The Total Value is determined by multiplying the relevant number of vested Deferred Rights by the relevant Vesting Share Price.

If Deferred Rights have not vested and there is no opportunity for those Deferred Rights to vest at a later date then they lapse. Typically, this will be at the end of the Measurement Period for Deferred Rights, if they fail to vest.

There are no performance related vesting conditions as Guideline 8 in the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations" indicates that Non-Executive Directors should not participate in incentive schemes designed for executives. Executive incentive schemes generally involve performance vesting conditions, as is the case under the

Company's current Incentive Rights Plan. Also, ASX Listing Rule 10.17.2 prescribes that Non-Executive Director remuneration should be a fixed sum.

(e) **Withdrawal of Offers**

The Board may withdraw an offer of Deferred Rights at any time including after it has been accepted provided that the Company has not already granted the Deferred Rights.

(f) **Restriction on Transfer**

A Deferred Right may not be transferred or otherwise dealt with and lapses immediately on a purported transfer or dealing unless the Board approves the transfer or the dealing, or the transfer is effected by operation of law on death or legal incapacity of the participant's legal personal representative.

(g) **Shares**

All Shares issued upon vesting and exercise of the Deferred Rights may not be sold or otherwise disposed of until first advised by the Company, which the Company will do immediately upon Shares being capable of being sold without breaching the insider trading provisions of the Corporations Act or the Company's share trading policy. All Shares issued will otherwise rank equally in all respects with the other fully paid ordinary shares on issue.

(h) **Bonus Issue and Pro-Rata Issues**

In the event of a bonus issue of Shares, the number of Deferred Rights held by a participant shall increase by the number of bonus Shares that the participant would have received if the Deferred Rights were Shares.

Subject to any requirements of the Corporations Act and the ASX Listing Rules, in the case of a pro-rata issue of Shares, there will be no adjustment to the Deferred Rights. However, the Board may consider issuing Options of a number up to the number of Shares to which the Participant would have been entitled under the pro-rata issue, had the Deferred Rights been Shares. The exercise price of such Options will be equal to the amount payable by Shareholders to acquire a Share pursuant to that pro-rata issue.

(i) **Capital Reconstructions**

Subject to any requirements of the Corporations Act and the ASX Listing Rules, in the case of other capital reconstructions the Board may make such adjustments to the Deferred Rights as it considers appropriate with a view to ensuring that holders of Incentive Rights are neither advantaged nor disadvantaged.

(j) **Termination of Employment**

Upon the termination of employment, the Deferred Rights will be treated as follows:

- (i) **(Dismissal with cause)**: in the event that the participant is dismissed with cause, all Deferred Rights are forfeited;
- (ii) **(Resignation other than retirement)**: if the participant resigns, all Deferred Rights are forfeited (unless otherwise determined by the Board);

- (iii) **(Death, Disablement or Retirement):** Upon death, total permanent disablement or permanent retirement, all unvested Deferred Rights will lapse unless otherwise determined by the Board. In exercising this discretion the Board shall have regard to the remuneration period to which the grant of Deferred Rights relates and the portion of such period that remains.

Deferred Rights not forfeited cannot vest if the former Non-Executive Director has engaged in any communication, conduct or activities that have or may injure the reputation or business interests or operations of the Company.

If the Share price at the date of testing is more than the Share price at the date of termination then all unvested Deferred Rights will vest. In the event that Deferred Rights forfeit because the Share Price at the testing date is less than the Share price at the date of termination, then the Board may determine to pay a cash bonus (not to exceed the value that would otherwise have been received if the Deferred Rights vested).

(k) **Change in Control Including Takeover**

In the event of a change in control of the Company, including a takeover, unvested Deferred Rights will vest.

(l) **Distribution of Capital to Shareholders**

In the event that the Board decides to declare a special dividend or undertake a return of capital to Shareholders, the Board may determine that some or all of the unvested Deferred Rights shall vest or lapse.

SCHEDULE 4 – SUMMARY OF EMPLOYEE SHARE PLAN

The key terms of the Employee Share Plan (**Plan**) are as follows:

(a) **Participants in the Plan**

The Board may offer Shares to full or part time employees and Directors of the Company, including Non-Executive Directors (**Eligible Participant**).

Eligible Participants do not possess any right to participate in the Plan, as participation is solely determined by the Board.

(b) **Limitations of Offers**

If the Company makes an offer of Shares where:

- (i) the total number of Shares the subject of that offer, exceeds the limit set out in ASIC Class Order 03/184 (or any amendment to or replacement); or
- (ii) the Offer does not otherwise comply with the terms and conditions set out in ASIC Class Order 03/184 (or any amendment to or replacement of that Class Order),

the Company must comply with Chapter 6D of the Corporations Act at the time of that offer.

(c) **Issue of Shares**

Shares issued under the plan will rank equally in all respects with the then issued class of fully paid ordinary shares of the Company.

The Company will issue Shares under the plan on a quarterly basis, being 31 March, 30 June, 30 September and 31 December each year.

The issue of Shares under the plan will be deemed to satisfy the relevant fees or salary owing by the Company to the Eligible Participant.

Shares issued to an Eligible Participant under the plan will have no restrictions on their transfer.

(d) **Deemed issue price of Shares**

The Shares issued pursuant to the plan will be issued for nil cash consideration as they will be issued in satisfaction of fees and salary owing by the Company to the Eligible Participant. The Shares will be deemed to have an issue price as determined by the Board at the time of issue of the Shares but such deemed issue price will be no less than the VWAP of Shares sold on ASX during the 90 days prior to the expiration of the relevant Quarter.

(e) **Shareholder Approval**

All Shares issued pursuant to the plan that are offered to a Director (or an associate of a Director) will be subject to prior Shareholder approval under the Listing Rules and the Corporations Act (if required).

(f) **Amendments**

Subject to the Listing Rules, the Board may at any time by resolution amend all or any of the provisions of the plan, or the terms or conditions of any Shares issued under the plan, provided that as soon as reasonably practicable after making any amendment, the Board gives notice in writing of that amendment to any Eligible Participant affected by the amendment.

(g) **Non-residents of Australia**

The Board may adopt additional rules of the plan applicable in any jurisdiction outside Australia under which rights offered under the plan may be subject to additional or modified terms, having regard to any securities, exchange control or taxation laws or regulations or similar factors which may apply to the Eligible Participant or to the Company in relation to the rights. Any additional rule must conform to the basic principles of the plan.
