Resolute Operational Update

Resolute Mining Limited (Resolute or the Company) (ASX/LSE: RSG) is closely monitoring developments in Mali following the resignation of President Ibrahim Boubacar Keita. The resignation of the President, and the subsequent dissolution of the government, follows action by sectors of the country's military seeking to resolve the recent political crisis.

Operations at the Company's Syama Gold Mine, located in the south of Mali on the border with Côte d'Ivoire, are continuing as normal with no impact to production or the safety and security of employees and contractors. Resolute has operated Syama since 2003 under the well-established mining laws of Mali.
