

SCENTRE GROUP

ASX ANNOUNCEMENT

25 August 2020

SCENTRE GROUP REPORTS HALF YEAR OPERATING EARNINGS OF \$361 MILLION

Scentre Group (ASX: SCG) today released its results for the six months to 30 June 2020 with Operating Earnings of \$361 million (6.94 cents per security) and Funds From Operations ("FFO") of \$362 million (6.96 cents per security).

The Statutory result for the six-month period was a loss of (\$3,613) million. The Statutory result includes an unrealised non-cash reduction in property valuations of (\$4,079) million.

Operating Earnings, FFO and the Statutory result are each after expensing an Expected Credit Charge (ECC) of \$(232) million related to the financial impact of the COVID-19 pandemic.

During the six-month period, the Group achieved gross cash inflow of \$1,059 million and a net operating cash surplus (after interest, overheads and tax) of \$261 million.

Scentre Group CEO Peter Allen said: "I am very proud of our team, particularly how we responded and adapted to the significant changes brought about by the COVID-19 pandemic. Our results, including the ability to generate an operating cash surplus, demonstrate the long-term resilience of our business.

"A fundamental strength of our business is the strategic location of the Group's network of 42 Westfield Living Centres. Our centres are in close proximity to the most densely populated urban areas with more than 16 million people living within a 30-minute drive of one of our centres.

"We remained focussed on providing our customers with the ability to continually meet their needs throughout the period. We did this by remaining open as well as implementing, and communicating, the highest standards of health and safety protocols.

"As customers are returning to our centres, more than 93% of retail stores are open across the portfolio (excluding our Victorian centres). Portfolio occupancy was 98.8% at the end of June 2020.

"We accelerated strategic initiatives such as Westfield Direct and Westfield Plus, leveraging the convergence between physical and digital, to facilitate customers connecting and interacting with our retail partners beyond the traditional physical interaction.

"We launched Westfield Plus, our membership customer engagement platform, at Westfield Newmarket in New Zealand in late 2019 and recently introduced the program in Australia. We now have more than 500,000 members on Westfield Plus and this continues to grow.

"At the onset of the pandemic, we acted quickly to secure additional funding, ensuring we are in a strong financial position to see the Group through and beyond the volatile period."

So far this year, the Group raised or extended \$5.8 billion of additional funding, including \$3.4 billion of bank facilities and \$2.4 billion of long-term bonds. The Group currently has available liquidity of \$4.4 billion, sufficient to cover all maturities to January 2023.

Interest cover for the period was 3.6 times and balance sheet gearing at 30 June 2020 was 38.4%.

"We led the development of a voluntary code of conduct which was designed to target appropriate assistance and support to small and medium sized retailers (SMEs) during the pandemic. The Code of

SCENTRE GROUP

Conduct (the Code) was mandated by governments throughout Australia and we voluntarily applied these principles to conversations with our New Zealand SME retailers,” Mr Allen said.

“We acknowledge that this has been a difficult time for our customers and our retail partners. We have supported our retail partners throughout this period on a case-by-case basis. We have done this without receiving financial assistance from Government.

“The shopping centre industry has provided over \$1.6 billion of support for retailers during the pandemic. Our industry is unique in that it has provided, and self-funded, a level of financial support beyond any other industry as well as most government pandemic support packages.

“We have agreed arrangements with 2,438 of our 3,600 retail partners, including 1,624 SME retail partners.

“Importantly, the structure of our leases with our retail partners has not changed and remains based on the mutual agreement to pay a fixed rent.”

SME retail partners represent approximately 30% of the Group’s rental income. Under the SME Code, SMEs are able to reduce the amount of cash rent payable commensurate with the decline in sales they may have experienced during the pandemic and post pandemic (“recovery”) period.

For the six-month period, the Group collected 70% of gross rental billings and for the months of June and July 2020, gross rental billings collections were over 80%. The gross rental billings used in calculating these collection rates have not been adjusted for the impact of applying the Code and its impact in reducing the actual amount of cash rent collectible during the period.

In-store sales for our retail partners were impacted by the pandemic and the associated restrictions on people movement. In-store sales for the retail partners that traded throughout the six-month period were 8.1% lower compared to the previous corresponding six-month period in 2019. Specialty in-store sales were 12.1% lower for the six-month period compared to the previous corresponding period.

During the half year, we continued to progress the projects that were already underway at Westfield Doncaster (Victoria), Westfield Belconnen (ACT) and Westfield Hornsby (NSW). The \$50 million project at Westfield Carindale (Queensland) will complete in September 2020.

The Group continues to implement initiatives that support our strategy to operate as a responsible, sustainable business. During the half, we announced our target to achieve Net Zero Carbon Emissions by 2030. The Group recently committed to the Task Force for Climate-Related Financial Disclosures (TCFD).

Mr Allen said: “The underlying fundamentals of the Group’s business remain strong and the business is well positioned to deliver long-term sustainable returns for securityholders through economic cycles.

“We have a great team of people who are customer obsessed and I am confident that we will continue to be agile in adapting to the inevitable uncertainties during these times.

“We own and operate major essential social infrastructure in the best locations close to where people live. We will continue our focus on further developing strategic initiatives that enhance our deep knowledge, relationship and engagement with our customers to deliver what our customers want.”

As previously announced the Group will not be providing earnings or distribution guidance.

Authorised by the Board.

Connected Customer Experience”**

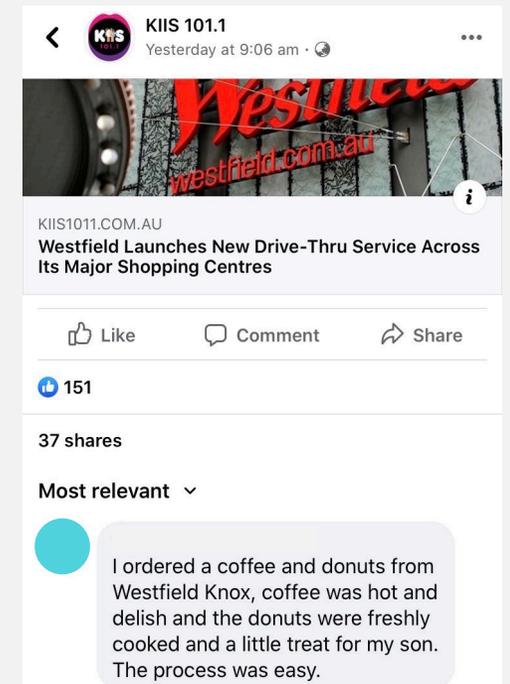

PETER ALLEN CEO

Westfield Direct

The contactless drive-thru click and collect service was launched in all 42 Westfield Living centres during the peak period of COVID lockdown

-  Retailers participated across every centre in Australia and New Zealand
-  **14,000+** products available from **590** retailers
-  Over **10,000** orders serviced
-  Significant body of learning to inform future marketplace development

Westfield Plus

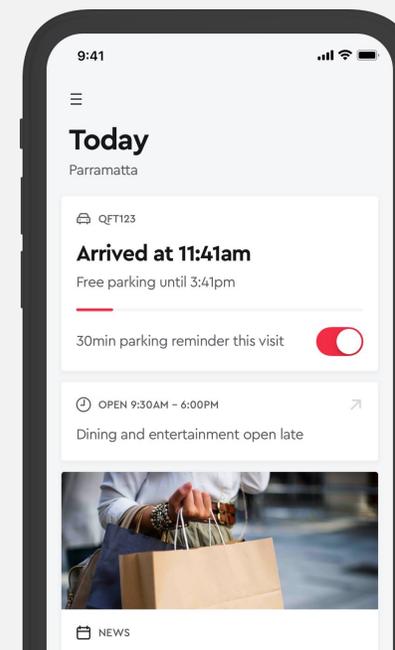

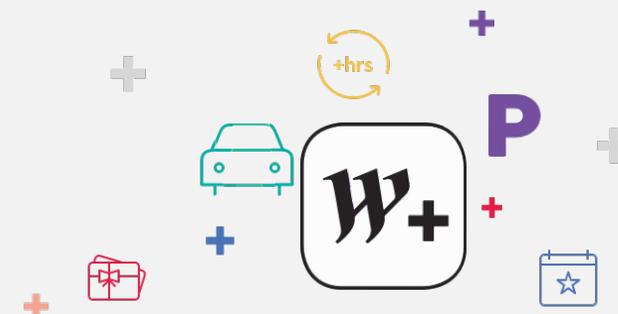

Our membership program.

Designed to drive value for our customers by removing friction in centre, personalising communications & rewarding engaged members with exclusive benefits.

Now live in 12 Westfield Living centres. Rolling out to additional centres in 2020.

W+ **500,000+** members joined since launch

W+ Member engagement with communications **60%** higher than non-member base.

“This was a bonus and so easy to install. Love the fact that you can now have four hours of free parking which allows more time to spend at the centre”

Westfield Chermside member

“Easy to download and, as well as the extra hour parking, it keeps me updated with Westfield news”

Bondi Junction member

“It was extremely easy to download and register, fabulous idea and love the extra hour for shopping and eating”

Kotara member

We are a Responsible, Sustainable Business

Community

Connecting and enriching communities

- Extensive community and government authority engagement has meant we have been able to keep all our Living Centres open throughout the period, implementing approved safety protocols
- In Victoria we have worked with the state government and enabled them to conduct drive-through COVID-testing facilities in our carparks
- We continued to expand the reach and impact of our \$1.2 million Westfield Local Heroes program into wider community causes (e.g. sustainability) with nominations up 38% on 2019

Environmental

Net zero emissions by 2030¹

- In August 2020, Scentre Group committed to the Task Force for Climate-Related Financial Disclosures (TCFD)
- Further improvement in our average portfolio NABERS rating to 4.3 stars at the end of June – well on track to meet our target 4.5 stars by 2025
- Further reduced our carbon emission intensity by 33.5% since 2009 – on track to meet our target of 35% by 2025 well ahead of schedule
- Continue our progress towards net zero emissions by 2030, with ongoing energy efficiency initiatives, including LED, building management and energy analytic controls and systems

People

We will be the place for talent to thrive

- The Group has not received any funds from the Australian Government under its JobKeeper scheme
- WGEA Employer of Choice for Gender Equality retained.
- All employees are paid fairly and equitably, without any gender pay gaps for like roles
- Improved our AWEL inclusion recognition and rating from Bronze to Silver
- Continued strong enablement of talent:
 - NPS for potential new hires +85%
 - Appointments filled internally at +65%
 - Gender equity in promotion

Economic

We will deliver long term sustainable returns through economic cycles

- Scentre Group has received a Sustainalytics ESG ranking of 25th out of 12,250 companies globally. Placing the Group in the top 1 percent globally
- Pre-eminent portfolio of 42 Westfield Living Centres across Australia and New Zealand
 - More than 12,000 outlets, more than 3.8 million sqm of retail space, estimated to generate employment of more than 140,000 jobs in retail and logistics
 - A future development pipeline in excess of \$3 billion
- Our centres stimulate significant local economic activity and improve the quality of local infrastructure and social amenities

1. All scope 1 and scope 2 emissions, for all wholly owned assets across the portfolio

Summary

The health, safety and wellbeing of our customers, retailers and people is our number one priority

- We will continue to follow government and health advice

The fundamentals of the Group remain strong and the business is well positioned to deliver long-term sustainable returns through economic cycles

We have a great team of people who are customer obsessed, we own and operate major essential social infrastructure in the best locations within close proximity to where people live

We remain focused in further developing strategic initiatives that enhance our deep knowledge, relationship and engagement with our customers so we can continually provide what they want

- Enabling the Group to adapt to immediate needs and innovate for the long-term
- Accelerating customer initiatives - Westfield Direct and Westfield Plus, providing more opportunities to enhance our direct engagement with the consumer
- Customers are telling us and demonstrating they want to get out and about again to their local centres because it's part of their lives and daily activities

“We own and operate major essential social infrastructure in the best locations and within close proximity to where people live. We will continue our focus on further developing strategic initiatives that enhance our deep knowledge, relationship and engagement with our customers to deliver what our customers want.”
