DIRECTORS' REPORT

The Directors of Icon Energy Limited ("Icon Energy" or "the Company") present their report together with the consolidated financial statements of the Company and its controlled entities ("the Group" or "the Consolidated Entity") for the financial year ended 30 June 2020 and the auditor's report thereon. In order to comply with the provisions of the *Corporations Act 2001*, the Directors of Icon Energy report as follows:

PRINCIPAL ACTIVITIES

The principal activities of Icon Energy during the year included the exploration, appraisal and development of oil and gas properties. There were no significant changes in the nature of these activities during the year.

DIRECTORS

The Directors of the Company who held office during or since the end of the year are set out below:

Name	Position	First Appointed
Stephen Michael Barry	Non-executive Chairman	Director since 05/01/1993
Raymond Swinburn James	Managing Director	Director since 01/02/1993
Dr Kevin Jih	Executive Director, Chief Financial Officer & Company Secretary	Director since 30/11/2011 Company Secretary since 13/05/2015 Retired on 31/08/ 2019
Dr Keith Hillless AM	Non-executive Director	Director since 03/04/2009
Howard Lu	Non-executive Director	Director since 07/01/2011
Derek James Murtagh Murphy	Non-executive Director	Director since 20/03/2009 Retired on 31/08/2019

Details of the qualifications and experience, other directorships of listed entities and special responsibilities of Directors are set out in the Board of Directors' section of this Annual Report.

Refer to table 6 of the Remuneration Report for Directors' interests in shares and performance rights.

On 31 August 2019 Directors Dr. Kevin Jih and Derek Murphy retired from the Board after many years of service to the company. Icon would like to note and thank them for their valued contribution made to the company.

REVIEW OF OPERATIONS

A review of operations of the Consolidated Entity during the financial year is included in the Review of Operations section of this Annual Report.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

ATP 594 Cooper-Eromanga Basin Queensland

- On 21 March 2019 the Department of Natural Resources, Mines and Energy approved the Special Amendment for ATP 594, which extends the Authority to Prospect, the Later Work Program and the relinquishment condition by 2 years from 16 April 2019 to 16 April 2021. After this date, the tenement will have a further exploration period of 6 years to April 2027, the approval of which will be subject to fulfilling the requirements of the current work program.
- Following the Harrier 3D seismic survey in the northern block a structural prospect was identified at Hutton Sandstone level and a stratigraphic target identified in the mid-Birkhead Sandstone. There are additional leads, but these require further technical work.
- Icon continues to seek a joint venturer for ATP 594 to continue the exploration of the permit.

ATP 855 Cooper-Eromanga Basin Queensland

- The permit, which is covered by eight (8) Potential Commercial Areas (PCAs), is currently two thirds of the way through Year 3 (Year 9 for the tenement) of a 4-year Later Work Program (LWP) and remains compliant. The remaining work under the current LWP includes a suite of G&G studies and 300 km² of new 3D seismic acquisition.
- Icon expects the rehabilitation program in ATP 855 in the Cooper Basin to commence in early September 2020.
- The Rehabilitation program has been modified to complete and test Halifax-1 as a gas producing well from the Callamurra sandstone.
- If the test yields flow rates above 1 million cubic feet of gas per day and the chemical composition remains as per the original Drill Stem Test result, then the well can be suspended as a producing gas well. Following a full investigation of the results the well could be placed on commercial production. The APA sales gas pipelines are within 2 kms of the well so it would not be difficult to place Halifax No.1 on production.
- Icon continues to seek a joint venturer for ATP 855.

PEP 170, 172 and 173 Gippsland Basin Victoria

- PEP 170 (granted), and PEP 172 and 173 (grants pending), remain subject to a moratorium on onshore exploration and a ban on unconventional drilling activity.
- The Victorian Government advised Icon that the *Resources Legislation Amendment (Fracking Ban) Act 2017* (the Act) came into effect on 16 March 2017. The Act amended the *Petroleum Act 1998* and the *Mineral Resources (Sustainable Development) Act 1990* to permanently ban hydraulic fracturing and exploration for and mining of coal seam gas. These bans are being retained and enshrined in the Victorian Constitution under the Constitutional Amendment (Fracking Ban) Bill 2020.
- On 16 June 2020, the Victorian Parliament passed the *Petroleum Legislation Amendment Act 2020* (the Amendment Act) that extended the existing moratorium on petroleum exploration and petroleum production in the onshore areas of Victoria until 30 June 2021.
- The Geological Survey of Victoria has advised that when the tenements are re-instated the clock will be reset to zero to start all tenements with a new five-year term. In addition, it will be necessary to revise the program as our original applications included stimulation which is not allowed.
- Icon has continued to extend the PEP 170 permit for the time being, paying obligatory Government fees, to keep the permit in good standing.

PRLs 35, 37, 38, 41, 43, 44, 45, 48 and 49 South Australia

- PRLs 35, 37, 38, 41, 43, 44, 45, 48 and 49 cover a total area of 857 km². Icon has a 33.33% interest in the post-Permian section.

Corporate

- Icon Energy held the Company's 2019 Annual General Meeting on 27 November 2019 with all resolutions adopted.
- Icon has conducted a significant staff restructuring/redundancy program reflecting its current operational requirements. A number of staff and two directors have retired after long periods of service with the Company. Their efforts are fully appreciated by the board and we thank them for their service.

EVENTS AFTER THE BALANCE DATE

There has not arisen any item, transaction or event of a material or unusual nature likely in the opinion of the Directors, to affect substantially the operations or state of affairs of the Consolidated Entity in subsequent financial years.

CORPORATE STRATEGIES AND FUTURE DEVELOPMENTS

Reference to corporate strategies and future development is to be included in the Chairman's Report in the Annual Report. The group will continue to pursue farm-out partners for the further development of its tenements.

FINANCIAL POSITION

The consolidated loss after tax for the Company and its controlled entities for the financial year ended 30 June 2020 was \$2,949,536 (2019: \$31,372,498 loss).

DIVIDENDS

The Directors recommend that no dividend be paid by the Company. No dividends have been declared or paid by the Company since the end of the previous financial year (30 June 2019: Nil).

REMUNERATION REPORT

The Remuneration Report for the financial period which forms part of the Director's Report can be found on page 30 of this Annual Report.

SHARES UNDER OPTION

No options have been granted since the end of the previous financial year (2019: Nil). At the date of this report there are no options over unissued ordinary shares.

COMPANY SECRETARY

On 31 August 2019 Dr Kevin Jih retired from his position as a Company Secretary. Following Dr Jih's retirement, Natalia Fraser was appointed as a Company Secretary. Their details of qualifications and experience are set out in the Board of Directors section of this Annual Report.

MEETINGS OF DIRECTORS

During the financial period, sixteen meetings of Directors (including committees) were held. Attendances at these meetings by each Director were as follows:

	Directors Meetings		Audit and Risk Management Committee Meetings		Remuneration Nominations and Succession Committee Meetings	
	Held	Attended	Held	Attended	Held	Attended
R S James	11	11	-	-	-	-
S M Barry	11	11	3	3	2	2
D Murphy	2	2	-	-	2	2
K Hillless	11	11	3	3	-	-
H Lu	11	8	-	-	-	-
K Jih	2	2	-	-	-	-

ENVIRONMENTAL REGULATION

The Consolidated Entity's operations are subject to various environmental regulations. The Company has a policy of full compliance, but in most cases exceeding environmental performance obligations. Further information on the Group's environmental performance can be found in the Sustainability section of the 2020 Annual Report.

The Directors are not aware of any environmental breaches nor has the Group been notified of any breaches by any Government Agency during the financial period.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

DIRECTORS AND AUDITORS INDEMNIFICATION

The Directors and Company Secretary are indemnified by the Company against any liability incurred in their capacity as an officer of the Company or a related body corporate to the maximum extent permitted by law. The Company has not paid any premiums in respect of any contract insuring the Directors of the Company against a liability for legal costs.

The Company has not paid any premiums in respect of any contract insuring the auditor against a liability incurred in the role as an auditor of the Company. In respect of non-audit services, Crowe, the Company's auditor, has the benefit of indemnity to the extent Crowe reasonably relies on information provided by the Company which is true, accurate and complete. No amount has been paid under this indemnity during the period ended 30 June 2020 or to the date of this Report.

Details of the nature of the liabilities covered in respect of Directors' and Officers' insurance policies are not disclosed as such disclosure is prohibited under the terms of the contracts.

The total premium expense for the year was \$33,004 (30 June 2019: \$32,102).

NON-AUDIT SERVICES

The auditors did not perform any non-audit services during the year.

There are no officers of the Company who are former audit partners of Crowe.

LEAD AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

The lead auditor's independence declaration is set out on page 38 and forms part of the Directors' Report for the period ended 30 June 2020. Crowe continues in office in accordance with Section 327 of the *Corporations Act 2001*.

Signed in accordance with a resolution of the Board of Directors of Icon Energy Limited.

S M Barry
Chairman
25 August 2020

R S James
Director

For personal use only

Key Points

- **No short-term incentives or long-term incentives were issued by Icon for the 2019-2020 financial year.**
- **There are no performance rights issued to executives or staff which might vest in the future.**
- **Executive salary increases for 2019-2020 were restricted to CPI increases.**
- **Mr James' base salary under his contract was reduced by 60% with effect from 1 September 2019, without affecting accrued entitlements to annual leave and long service leave.**
- **Dr Jih retired from his Directorship and Executive duties as Icon's Chief Financial Officer and Company Secretary effective 31 August 2019.**
- **Mr Murphy retired from his position of Non-Executive Director after ten and a half years to the Company, effective 31 August 2019.**
- **Mr James' Executive Service Agreement expired on 31st December 2019. He remains an elected Director of Icon Energy Limited and its subsidiary companies and will continue to hold that office but would be required to retire by rotation at the next Annual General meeting with a right to seek re-election. Mr James' remuneration was reduced again by 50% from 1 January 2020.**

The Directors of Icon Energy Limited present this Remuneration Report for the Consolidated Entity for the year ended 30 June 2020. The information provided in this report has been audited as required by the *Corporations Act 2001 (Cth)* and forms part of the Directors' Report. This Remuneration Report sets out remuneration information for Icon Energy's Key Management Personnel (KMPs) including the following persons who were Non-Executive Directors and senior executives during the financial year:

Table 1: Icon Energy's Key Management Personnel

Name	Position Held
Non-Executive Directors	
Stephen Barry	Chairman
Dr Keith Hillless	Director
Howard Lu	Director
Derek Murphy	Director – Retired 31 August 2019
Ray James	Director from 1 January 2020
Executive Directors & Senior Managers	
Ray James	Managing Director to 31 December 2019
Dr Kevin Jih	Executive Director, Chief Financial Officer & Company Secretary – Retired 31 August 2019
Martin Berry	Exploration Manager – Retired 6 September 2019
Natalia Fraser	Chief Financial Officer and Company Secretary from 1 September 2019

For personal use only

Following Doctor Jih's retirement, Natalia Fraser was appointed as Chief Financial Officer and Company Secretary from 1 September 2019.

1. REMUNERATION FRAMEWORK

The Company's Remuneration framework is designed to ensure that:

- Executive and Senior Managers receive competitive and reasonable market-based levels of base remuneration;
- Bonuses and other incentives for Employees and Executives and Senior Managers who perform well in their duties are only payable if they are approved by the Board and in the case of proposed issues of shares or other securities to Directors, by shareholders as well.

2. ROLE OF THE REMUNERATION, NOMINATIONS AND SUCCESSION COMMITTEE

The Remuneration, Nominations and Succession Committee is responsible for making recommendations to the Board on remuneration policies. The Committee, where necessary, obtains independent advice on the remuneration packages offered to potential employees. The Company's broad remuneration policy ensures that each remuneration package is properly aligned to the person's duties and responsibilities and that remuneration is competitive in attracting, retaining and motivating people of the highest quality.

The Remuneration, Nominations and Succession Committee Charter sets out the Board's policy for the nomination and appointment of directors and the process for the evaluation of the performance of senior executives. The performance of the Managing Director is evaluated by the Committee on an annual basis in accordance with the procedures set out in the Committee's Charter. The Corporate Governance Statement provides further information on the role of the Committee. The Committee also reviews and approves the outcomes for the Managing Director's direct reports on the recommendation of the Managing Director and reviews incentive programs and employment terms offered to the wider group.

3. METHODOLOGY USED TO DETERMINE THE NATURE AND AMOUNT OF REMUNERATION

Non-Executive Directors

Fees paid to Non-Executive Directors reflect the demands made on, and responsibilities of, such directors. Non-Executive Directors' fees are reviewed by the Board on an annual basis. Since 2014, the Board has determined that Non-Executive Directors are paid a base fee of \$70,000 per annum together with the payment of additional fees to Directors serving on Board Committees to recognise their contribution to the Company together with superannuation. An additional \$7,500 per annum per Committee is paid to Committee members and \$8,500 per annum per Committee for the Chairmen of the Committees.

The Board decided to reduce these fees by 20% effective from 1 January 2018 having regard to the current low share price. This arrangement has been in place for the year ended 30 June 2020.

Upon the expiration of Mr James' Executive Service Agreement as Managing Director on 31 December 2019, Mr James remained a director of the Company. It was anticipated that Mr James would provide a significantly higher level of assistance to the Company than other directors, and this has proven to be the case. The Board accordingly determined that Mr James' remuneration as a Non-Executive Director should be paid at the rate of \$111,125 per annum plus superannuation. The Board acknowledges and thanks Mr James for his contributions to the Company.

The maximum total amount available for payment of all Non-Executive Director fees is \$500,000 per annum which was approved by shareholders at the 2010 Annual General Meeting. The total amount of fees actually paid to Non-Executive Directors during the financial year was \$302,397.

Non-Executive Directors do not receive performance based remuneration.

Executive Managers and Senior Management

Executive and Senior Managers are remunerated through a combination of:

- Fixed Remuneration (FR);
- Bonus or other incentives for outstanding performance to be determined at the discretion of the Board.

In November 2017, the company's Performance Rights Plan ("Plan") expired. The Plan provided for the granting of appropriately structured short and long-term incentives to employees (including Executive Directors) in addition to their fixed remuneration.

Since 2017, the Board decided not to seek shareholder approval for any new plan.

There were no remuneration consultants used by the Company during the year ended 30 June 2020 or in the prior year.

4. FIXED REMUNERATION

Fixed remuneration consists of the base remuneration calculated on a total cost basis and includes FBT charges on employee benefits, if relevant, as well as contributions to superannuation funds. Remuneration levels are reviewed annually. Senior executives were restricted to CPI increases over the financial year.

5. SHORT-TERM INCENTIVES

The Company did not issue Short-term Incentives (STI) for the 2019-20 year.

6. LONG-TERM INCENTIVES

The Company did not issue Long-term Incentives (LTI) for the 2019-20 year.

7. SERVICE AGREEMENTS

Mr James' Executive Service Agreement expired on 31st December 2019. He remains an elected Director of Icon Energy Limited and its subsidiary companies and will continue to hold that office but would be required to retire by rotation at the next Annual General meeting with a right to seek re-election. The Chief Financial Officer & Company Secretary, Dr Kevin Jih retired 31 August 2019 and the Exploration Manager, Mr Martin Berry, retired on 6 September 2019.

The Company has a policy that service agreements with Executive and Senior Managers should be limited in term and include termination clauses of between two and twelve months. The Company may make a payment in lieu of notice equal to the base amount prescribed in the service agreement for a specified period, and in respect of Executive Directors subject to the limits prescribed by section 200G of the *Corporations Act 2001*, or that determined by the Board and subject to shareholder approval at the time. In addition, accrued statutory benefits and superannuation benefits are payable.

Natalia Fraser has been employed by the Company since 5 December 2009 and accepted the appointment as Chief Financial Officer and Company Secretary effective 1 September 2019.

Details of the service agreements/contracts in force during the 2019/2020 financial year appear in the table below.

Table 2: Service Agreements with Executive Directors and Senior Managers

Name of Executive	Date of Contract	Termination by Icon (without cause)	Termination by employee	Termination Payments (where terminated by Company)	STI & LTI Entitlements not applicable
R James	1-Jan-17	12 months	6 months	Payment in lieu of notice based on FR	Executive Service Agreement expired on 31st December 2019
K Jih	11-Aug-15	12 months	6 months	Payment in lieu of notice based on FR	Retired 31 August 2019
M Berry	1-Aug-13	2 months	2 months	Payment in lieu of notice based on FR	Retired 6 September 2019
N Fraser	29-Aug-20	2 months	2 months	Payment in lieu of notice based on FR	

8. REMUNERATION OF EACH MEMBER OF KEY MANAGEMENT PERSONNEL AND DIRECTORS FOR THE CONSOLIDATED ENTITY

Table 3: Directors and Key Management Personnel Remuneration for the year ended 30 June 2020

	Short Term		Post-employment	Long-term Employee Benefits (iii)	Termination Benefits (iv)	Total

Ray James (v)	55,562	-	5,278	-	-	60,840
Executive Directors and Senior Managers						
Ray James (vi)	265,307	22,500	16,946	4,553	-	309,306
Kevin Jih – retired (vii)	79,277	10,000	29,711	1,189	309,314	429,491
Martin Berry – retired (viii)	67,943	-	11,677	-	66,080	145,700
Natalia Fraser (ix)	93,107	-	8,848	1,458	-	103,410
Total	781,796	32,500	93,414	7,200	375,394	1,290,304

(i) Salaries & Fees include annual leave paid during the year.

(ii) Other Benefits represent car allowance received during the year for Ray James of \$22,500 and for Dr Jih of \$10,000.

(iii) Long-term employee benefits represent only the long service leave accrued during the year. The long service leave is paid when the leave is taken by eligible employees or paid out on cessation of employment to eligible employees. There were payouts on cessation of employment made during the year, \$76,263 to Dr Jih on retirement and \$240,420 to Mr James on expiration of his service agreement.

(iv) Termination Benefits include annual leave paid out at termination and payment in lieu of notice as per employees' Service Agreements.

(v) This represents Mr James' remuneration from 1 January 2019 as a Non-Executive Director.

(vi) This represents Mr James' remuneration as Managing Director and his Executive Services Agreement (reduced from 1/9/2019) for the period to 31 December 2020, including his accrued long service leave.

(vii) This represents Mr Murphy's and Dr Jih's remuneration for the period to 31 August 2019.

(viii) This represents Mr Berry's remuneration for the period to 6 September 2019.

(ix) This represents Ms Fraser's remuneration from 1 September 2019 as a Company Secretary and Chief Financial Officer.

Table 4: Directors and Key Management Personnel Remuneration for the year ended 30 June 2019

Independent Auditor's Report

To the Members of Icon Energy Limited

Report on the audit of the financial report

Opinion

We have audited the financial report of Icon Energy Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit of loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) Giving a true and fair view of the Group's financial position as at 30 June 2020 and of its financial performance for the year then ended.
- (b) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss after tax of \$2,949,536 and had net cash used in operating activities of \$2,955,770 for the year ended 30 June 2020. As stated in Note 1 these conditions, along with other matters set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt about the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Liability limited by a scheme approved under Professional Standards Legislation.

Key Audit Matter
How we addressed the Key Audit Matter
Impairment of Exploration and Evaluation Expenditure - Note 7

Exploration and evaluation (E&E) activity has a high level of inherent risk. There is the risk that projects may fail, requiring the impairment or write-off of the related capitalised costs when the relevant recognition criteria in AASB 6 *Exploration for and Evaluation of Mineral Resources* and Icon's accounting policy are not met.

There is a risk that certain capitalised E&E costs are either not impaired or written off promptly at the appropriate time, in line with information from, and decisions about E&E activities, and the impairment requirements of AASB 6.

Through our detailed risk assessment we identified a significant risk in relation to the impairment of tenement ATP 855.

In accordance with AASB 6, the carrying value of tenement ATP 855 was required to be assessed for impairment in accordance with AASB 136 *Impairment of Assets*, to determine whether the carrying value of the asset exceeds the recoverable amount.

The carrying value of tenement ATP 855 was impaired in the prior year, and no further impairment was identified as at 30 June 2020.

This was a key audit matter due to:

- The significance of the tenement to the financial statements of the Group;
- The specialised nature of the E&E assets which requires judgement by us to assess the appropriateness of the valuation methodologies and inputs when applying the requirements of AASB 136. The Group has appointed an external valuer to assist in this process; and
- The low volume of comparable market transactions for similar E&E assets to corroborate valuation inputs and assumptions.

- Our procedures included, but were not limited to:
- conducting discussions with management regarding the criteria used in their impairment assessment and ensuring that this was in line with *AASB 6 Exploration for and Evaluation of Mineral Resources*;
- utilising our valuation expert to assist us in assessing the competence, capabilities and objectivity of the expert engaged by management to perform this assessment
- utilising our valuation expert to assist us in evaluating the appropriateness of the valuation methodology selected by the valuer to determine the value of the tenement ATP 855 E&E assets to accepted market practices, our industry experience and the requirements of AASB 136 *Impairment of Assets*
- reviewing the appropriateness of the related disclosures within the financial statements; and
- obtaining evidence that the Group continue to have valid rights to explore in the area by performing an independent search and corroborating to government registry. We also considered the Group's compliance with the contractual obligations under the agreements.

For personal use only

Key Audit Matter**How we addressed the Key Audit Matter*****Valuation of Restoration Provision – Note 9***

As at 30 June 2020, the Group had a provision of \$3,490,836 relating to the estimated cost of decommissioning, restoration and rehabilitation of areas disturbed during exploration activities.

This was a key audit matter because the calculations of the provision were complex and based on the estimates of future costs of the required work, including volume and unit rates and the area of disturbance.

The provision is recorded as a current liability as the works are budgeted to be completed within 12 months of the balance date.

Our procedures included, but were not limited to:

- Evaluating and challenging the reasonableness of key assumptions used in the calculations of the provision;
- Checking the mathematical accuracy of the calculations;
- Assessing the competency and objectivity of the expert used by management and evaluating the appropriateness and adequacy of the restoration cost estimates;
- Considering provision movements during the year to ensure they were consistent with our understanding of the Group's activities during the year;
- Assessing the adequacy of the Group's disclosure in the financial statements in respect of the restoration provision.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to our audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Group or business activities within the entity to express an opinion on the group financial report. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

In our opinion, the Remuneration Report of Icon Energy Limited, for the year ended 30 June 2020, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our Responsibilities

We have audited the Remuneration Report included in pages 30 to 37 of the directors' report for the year ended 30 June 2020.

Our responsibility is to express an opinion on the Remuneration Report, based on our Audit conducted in accordance with Australian Auditing Standards.

DIRECTORS' DECLARATION

The Directors of the Company declare that:

- 1) The financial statements and notes, as set out on pages 45 to 68, are in accordance with the *Corporations Act 2001* and other mandatory professional reporting requirements and:
 - a) comply with Accounting Standards, with International Financial Reporting Standards, as stated in note 1 to the financial statements and *Corporations Regulations 2001*; and
 - b) give a true and fair view of the financial position as at 30 June 2020 and of the performance for the year ended on that date of the consolidated entity;
- 2) The Managing Director and Chief Financial Officer have each declared in accordance with the Section 295A of the *Corporations Act 2001*, that:
 - a) the financial records of the Company for the financial period have been properly maintained in accordance with section 286 of the *Corporations Act 2001*;
 - b) the financial statements and the accompanying notes referred to in Section 295(3)(b) of the *Corporations Act 2001*, for the financial year comply with the accounting standards;
 - c) the financial statements and notes for the financial period comply with the Accounting Standards; and
 - d) the financial statements and notes for the financial period give a true and fair view.
- 3) In the directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they come due and payable;

Signed in accordance with a resolution of the Board of Directors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 1 - BASIS OF ACCOUNTING

The consolidated financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The financial statements cover Icon Energy Limited (the "Company") and its controlled entities as a Consolidated Entity (together referred to as the "Consolidated Entity" or the "Group"). Icon Energy Limited is a listed public company, incorporated and domiciled in Australia.

The Group is a for-profit entity, primarily engaged in the acquisition, exploration and development of oil and gas assets in Australia. The financial statements have been prepared on the historical cost basis. All amounts are presented in Australian dollars, unless otherwise noted. This is also the functional currency of the parent.

The Group has initially adopted AASB 16 *Leases* from 1 July 2019. In accordance with the transition provisions in AASB 16 the new rules have been adopted retrospectively with the cumulative effect of initially applying the new standard on 1 July 2019. Comparatives for the 2019 financial year have not been restated and continue to be reported under AASB 117. The new policy and the impact of the change are disclosed in note 23(r).

The financial statements of Icon Energy Limited and its controlled entities comply with all International Financial Reporting Standards (IFRS) and interpretations adopted by the International Accounting Standards Board.

Going concern

The consolidated financial statements have been prepared on a going concern basis which contemplates the realisation of assets and settlement of liabilities in the ordinary course of business.

The Group has cash of \$5,541,122 at 30 June 2020 and used \$2,955,770 of cash in operations, including payments for exploration and evaluation, for the year ended 30 June 2020. The Group also has a restoration commitment, currently provided for at \$3,490,836. The Group originally intended to complete the restoration works in the current financial year, but due to delays arising from the Covid-19 pandemic, have now planned to complete within the next 12 months.

As at 30 June 2020 the Group has not secured a joint venturer for any of its tenements and the current Covid-19 pandemic may further impact the Group's success in obtaining a joint venture in the near future. Further, as disclosed in note 14, the Group has exploration expenditure commitments due in the next 12 months, which if not met or extended by the regulatory authorities may result in forfeiture of the tenements, further impacting the Group's ability to generate future cash flows.

These conditions give rise to a material uncertainty that may cast significant doubt upon the Group's ability to continue as a going concern. The on-going operation of the Group beyond the 2020-2021 financial year is therefore dependent upon the Group securing a joint venture arrangement to continue the exploration of its current tenements, or further reducing expenditure in-line with available funding; and/or raising additional funding from shareholders or other parties.

In the event that the Group does not obtain additional funding or reduce expenditure in-line with available funding, it may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the consolidated financial statements.

The financial report was authorised for issue by the Board of Directors on 25 August 2020.

Details of Icon Energy Limited accounting policies are included in Note 23.

NOTE 2 - LOSS FROM OPERATING ACTIVITIES

Loss from operating activities before income tax includes the following items

a. Other income

Interest received
Legal costs recovered
Government grant income (COVID-19 cash flow boost)
Other income

21,820	30,795

There were no amounts outstanding for the year ending 30 June 2020 (30 June 2019: Nil)

NOTE 5 - CASH AND CASH EQUIVALENTS

Cash on hand	847	619
Cash at bank	5,540,275	8,834,086
	5,541,122	8,834,705

NOTE 6 - INVENTORIES

Tenement consumables	153,765	516,820
----------------------	---------	---------

In the year ended 30 June 2020, there were no write-downs of inventories (30 June 2019: \$2,305,425) as a result of reassessment and an impairment review of inventory. In 2019, the write-down is recorded in administration expenses in profit or loss.

NOTE 7 - EXPLORATION AND EVALUATION EXPENDITURE

Exploration and Evaluation expenditure at cost

CONSOLIDATED ENTITY	
30 June 2020	30 June 2019
\$	\$
5,573,517	7,561,157

Reconciliations

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

Consolidated Entity

Balance at beginning of the year	7,561,157	32,861,255
Additions	7,405	609,696
Less: Impairment	(1,223)	(25,909,794)
Less: Reduction in restoration asset	(1,993,823)	-
Balance at the end of the year	5,573,517	7,561,157

The ultimate recoupment of these costs is dependent on the successful development and exploitation, or alternatively farmout of the respective areas of interest.

During the year ended 30 June 2020 the Group assessed its exploration and evaluation expenditure assets for impairment and recorded impairment of \$1,223 (30 June 2019: \$25,909,794).

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 7 - EXPLORATION AND EVALUATION EXPENDITURE (Continued)

The restoration provision was reviewed at the end of 30 June 2020 and reduced due to a plan to do this work which was estimated to cost less than the restoration provision as at 30 June 2019. Therefore, the corresponding asset was reduced by \$1,993,823 as well.

Despite the extension of the term of ATP 594 for a further two years during the year ended 30 June 2019, the Group decided not to budget for exploration of this tenement in 2020. As a result, this exploration asset was fully impaired in the prior year in order to comply with AASB 6 *Exploration for and Evaluation of Mineral Resources*.

In the prior year, exploration expenditure for ATP 855 was impaired to the value of \$5.9m to comply with AASB 6. The value was prepared by an independent valuer on the basis of farm-in promotion factor taking into consideration that the Group is currently in the process of attempting to farm down ATP 855.

An updated valuation of ATP 855 was prepared as at 30 June 2020. The recoverable value of ATP 855 was determined by an external, independent valuer, having appropriate recognised professional qualifications and experience in the location and nature of the tenement being valued. The non-recurring fair value measurement has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. The valuer adopted a similar approach to the prior year valuation, using a market comparison approach with reference to recent farm-in transactions to other permits in determining their valuation at 30 June 2020.

The impairment does not affect the potential prospectivity of the tenements themselves and does not affect the existing resource certification. The Group continues to seek funding and/or joint venturers to continue work on the tenements.

NOTE 8 - LEASES

This note provides information for leases where the group is a lessee.

The consolidated interim statement of financial position shows the following amounts relating to leases:

Right-of-use assets

Building

Lease liabilities

Current

Non-current

CONSOLIDATED ENTITY	
30 June 2020	30 June 2019
\$	\$
115,639	-
115,639	-
72,570	-
44,720	-
117,290	-

In the previous period, the group did not recognise lease assets and lease liabilities under AASB 117 *Leases*. For the new policy and adjustments recognised on adoption of AASB 16 on 1 July 2019, please refer to note 23(r).

The consolidated statement of profit or loss shows the following amounts relating to leases:

Depreciation charge of right-of-use assets (included in depreciation expenses)

Building

Interest expense (included in finance cost)

The total cash outflow for leases

327,233	-
327,233	-
32,995	-
350,066	-

The group leases its head office building. The current lease contract is for 1 year from the start of the contract in February 2020 with an extension option. The lease liability has been calculated assuming the lease will be extended after the end of the 1 year period for an additional year. The lease payments are adjusted every year by 3% based on the lease agreement.

The group surrendered its previous lease agreement earlier to reduce future expenditure. The group paid an exit fee of \$250,000 which is shown as part of occupancy expenses in the consolidated statement of profit or loss and other comprehensive income.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 9 - PROVISIONS

Restoration provision

Restoration provision represents the present value of estimated costs for future restoration of land explored by the Consolidated Entity at the end of the exploration activity.

The restoration provision recognised for each tenement is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs are recognised in the Consolidated Statement of Financial Position by adjusting both the restoration and rehabilitation asset and provision. Such changes trigger a change in future financial charges.

Management bases its judgements, estimates and assumptions on historical and on other various factors including expectations of future events, management believes to be reasonable under the circumstances.

Movements in carrying amounts

Movements in the carrying amounts for each class of provision between the beginning and the end of the current financial year:

Consolidated Entity	CONSOLIDATED ENTITY	
	30 June 2020	30 June 2019
	\$	\$
Current		
Balance at beginning of the year	5,557,429	5,308,867
Charged to profit or loss:		
- unwinding of discount	-	76,615
Increase/(decrease) in the restoration provision	(1,993,824)	171,947
Restoration expenditure	(72,769)	-
Balance at end of the year	3,490,836	5,557,429

The restoration provision was reviewed at the end of 30 June 2019 and it was decided by the Board that the restoration works of the well sites be carried out before 30 June 2020 whereas the initial plan was to perform this work in 20 years.

The Group has designed a plan to do this work which is estimated to cost less than the restoration provision as at 30 June 2019. The Group has signed a contract and planned to carry out this work in the second quarter of the 2020 calendar year which was delayed due to COVID-19 and is now expected to commence in early September 2020. The Rehabilitation program has now been modified to complete and test Halifax No.1. The group made a prepayment of \$300,000 towards the restoration works as at 30 June 2020 which is shown in Prepayments in the consolidated statement of financial position.

After the restoration work is completed, the restoration provision will not be required and will be reduced to nil.

NOTE 10 - ISSUED CAPITAL

Authorised and Issued Share Capital

Issued share capital 597,606,938 (30 June 2019: 597,556,938) fully paid, no par value ordinary shares.

Fully Paid Shares	30 June 2020		30 June 2019	
	Number of shares	\$	Number of shares	\$
Balance at beginning of the year	597,556,938	101,984,750	597,556,938	101,984,750
Shares issued	50,000	300	-	-
Balance at the end of the year	597,606,938	101,985,050	597,556,938	101,984,750

The holders of ordinary shares are entitled to receive dividends as declared and are entitled to one vote per share at shareholders' meetings. In the event of winding up the Company, all shareholders participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held.

NOTE 11 - SHARE BASED PAYMENTS

During the year 50,000 shares were issued as settlement under the Right to Negotiate Agreement. The fair value of the share based payments was made in reference to the fair value of the shares at time of settlement (\$0.006) with a total fair value of \$300 which was expensed.

There were no share based payment during the year ended 30 June 2019.

Icon Gas Productions Pty Ltd	Australia	16 Dec 2008	-	100

During the year ended 30 June 2020, the Consolidated Entity deregistered its subsidiary Icon Gas Productions Pty Ltd.

NOTE 17 - SEGMENT INFORMATION

The Consolidated Entity operates in a single business segment, being the oil and gas exploration and petroleum resources, predominantly within Queensland. This activity is conducted in the Cooper/Eromanga and Surat Basins in Australia, a single geographical segment. This is consistent with reporting to Icon's Board of Directors that reviews internal management reports on at least a monthly basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

During the year ended 30 June 2019, the Consolidated Entity deregistered its US subsidiary Icon Oil US (LLC) leaving only one operating segment on the basis of geographic location.

NOTE 18 - FINANCIAL INSTRUMENTS

	NOTE	CONSOLIDATED ENTITY	
		30 June 2020 \$	30 June 2019 \$
Financial instruments comprise of the following:			
Financial Assets			
Cash and cash equivalents	5	5,541,122	8,834,705
Amortised cost			
- Trade and other receivables		25,972	16,855
Financial Liabilities			
Held at amortised cost			
- Trade and other payables		131,188	140,791

The carrying values of financial assets and financial liabilities held at amortised cost approximate their fair value.

The Consolidated Entity's financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable. No financial assets are pledged as collateral for liabilities.

The main purpose of non-derivative financial instruments is to raise finance for the Consolidated Entity's operations.

The Consolidated Entity does not have any derivative instruments at 30 June 2020 (30 June 2019: Nil).

Significant Accounting Policies

Details of significant accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 23 to the financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 18 - FINANCIAL INSTRUMENTS (Continued)

Capital Risk Management

The Consolidated Entity manages its capital to ensure that it will be able to continue as a going concern and provide optimal return to shareholders through the optimisation of the debt and equity balance.

The capital structure of the Consolidated Entity consists of cash and cash equivalents and equity comprising issued capital, net of reserves and accumulated losses as disclosed in notes 5 and 10 respectively.

The board of directors review the capital structure on a regular basis. As a part of the review the board considers the cost of capital and the risks associated with each class of capital.

The Consolidated Entity's overall strategy remains unchanged from 2019.

Financial Risk Management

The main risks the Consolidated Entity is exposed to through its financial assets and liabilities are credit risk, liquidity risk and market risk.

Risk management is carried out by the board of directors, the audit and risk management committee, and key management personnel.

(a) Market Risk

The Consolidated Entity's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Consolidated Entity, by way of various measures detailed below. The Group does not carry any significant currency or price risk.

Interest rate risk

The Consolidated Entity's interest rate risk arises mainly from the term deposits and cash and cash equivalents. The Consolidated Entity does not have any borrowing facilities.

The Consolidated Entity does not use long-term debt to finance its exploration activities. The Consolidated Entity has a policy that when production operations commence in Australia, the interest rate risk will be managed with a mixture of fixed and floating rate debt.

The Consolidated Entity's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on those financial assets and financial liabilities, is as follows:

Consolidated Entity	NOTE	Weighted Average Interest Rate %	Floating Interest \$	Fixed Interest Rate Maturing		Non interest bearing \$	Total \$
				Within 1 year \$	1 to 5 years \$		
30 June 2020							
Financial assets							
Cash and cash equivalents	5	0.54%	5,540,275	-	-	847	5,541,122
Trade and other receivables			-	-	-	25,972	25,972
Performance guarantee bonds		0.76%	738,148	-	-	18,072	756,220

<i>Financial assets</i>							
Cash and cash equivalents	5	1.89%	8,834,086	-	-	619	8,834,705
Trade and other receivables			-	-	-	16,855	16,855
Performance guarantee bonds		1.95%	716,698	-	-	187,431	904,129
Total Financial Assets			9,550,784	-	-	204,905	9,755,689
<i>Financial liabilities</i>							
Trade and other payables			-	-	-	140,791	140,791
Total Financial Liabilities			-	-	-	140,791	140,791

Cash flow sensitivity analysis for variable rate instruments

The sensitivity analyses have been determined based on the exposure of the Consolidated Entity to variable interest rates for non-derivative financial instruments at the reporting date at the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 0.5% increase or decrease is used when reporting interest rates internally to the board of directors and represents management's assessment of the possible change in interest rates.

At 30 June 2020, if the interest rates had increased / decreased by 0.5% from the period-end rates with all other variables held constant, post-tax profit for the year for the Consolidated Entity would have been \$27,239 higher/\$24,896 lower (30 June 2019:\$34,095 higher/\$34,456 lower), mainly as a result of the Consolidated Entity's exposure to interest rates on its variable rate cash and cash equivalents.

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The Consolidated Entity enters into legally binding contracts and management monitors the progress of these contracts in accordance with contract values, as a means of mitigating the risk from financial loss.

The Consolidated Entity does not have any significant credit risk exposure to any single counterparty of any group of counterparties having similar characteristics. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Consolidated Entity's maximum exposure to credit risk without taking account of the value of any collateral obtained.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 18 - FINANCIAL INSTRUMENTS (Continued)

(c) Liquidity risk

Liquidity risk arises from the financial liabilities of the Consolidated Entity and its subsequent ability to meet its obligations to repay their financial liabilities as and when they fall due.

Ultimate responsibility for liquidity risk rests with the board of directors, who have an appropriate liquidity risk management framework for the management of the Consolidated Entity's short, medium and long-term funding and liquidity requirements.

The Consolidated Entity manages liquidity risk by monitoring forecast and actual cash flows, matching the maturity profiles of the financial assets and liabilities and entering into contracts in accordance with an approved Authority for Expenditure.

The following are contractual maturities of financial liabilities:

	Carrying Amount \$	Contractual Cashflows \$	<1Year \$	1-5 Years \$
30 June 2020				
Trade and other payables	131,188	131,188	131,188	-
Lease liability	117,290	117,290	72,570	44,720
	131,188	131,188	131,188	-
30 June 2019				
Trade and other payables	140,791	140,791	140,791	-
	140,791	140,791	140,791	-

The Consolidated Entity's liquidity risk relating to financial liabilities at 30 June 2020 is limited to the repayment of the trade payables and lease liability. Trade payables are short-term in nature. The Consolidated Entity does not finance exploration activities through debt.

Fair value estimation

The carrying values less provision for impairment of financial assets and financial liabilities of the Consolidated Entity, as stated in the Consolidated Statement of Financial Position and accompanying explanatory notes at 30 June 2020, are a reasonable approximation of their fair values due to the short-term nature of the instruments.

No financial assets and financial liabilities are traded in active markets.

NOTE 19 - RELATED PARTY TRANSACTIONS

- Interests in subsidiaries are disclosed in note 16.
- Transactions with Directors and Director Related Entities are disclosed in note 4.
- There were no other related party transactions during the year ended 30 June 2020 or 30 June 2019

NOTE 20 - CONTINGENT LIABILITIES

There are no contingent liabilities as at 30 June 2020 (30 June 2019: Nil).

NOTE 21 - EVENTS AFTER BALANCE DATE

There are no after balance sheet date events at the date of signing (30 June 2019: Nil).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 22 - PARENT ENTITY INFORMATION

The accounting policies of the parent entity, which have been applied in determining the financial information shown below, are the same as those applied in the consolidated financial statements. Refer to Note 23 for a summary of the significant accounting policies relating to the Consolidated Entity.

The parent entity did not have any contractual commitments for the acquisition of property, plant or equipment as at 30 June 2020 or 30 June 2019.

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES

The following is a summary of the material accounting policies adopted by the Consolidated Entity in the preparation of the financial statements. The accounting policies have been consistently applied unless otherwise stated.

(a) Changes in Accounting Policies

Standards and Interpretations adopted

The Group has initially adopted AASB 16 *Leases* from 1 July 2019. In accordance with the transition provisions in AASB 16 the new rules have been adopted retrospectively with the cumulative effect of initially applying the new standard on 1 July 2019. Comparatives for the 2019 financial year have not been restated and continue to be reported under AASB 117. The new policy and the impact of the change are described in 24(r).

The nature and effects of the key changes to the Group's accounting policies resulting from its adoption of AASB 16 are summarised below in note 23(r).

Standards and Interpretations issued but not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2020 reporting periods. Some of them are available for early adoption at 30 June 2020, but have not been applied in preparing this financial report. The Consolidated Entity's assessment of the impact of these new standards and interpretations is set out below:

Reference	Application date of standard	Impact on Group financial report	Application start date for the Group
AASB 2020-1 <i>Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-Current</i>	1 January 2022	This standard amends AASB 101 <i>Presentation of Financial Statements</i> to: <ul style="list-style-type: none"> • Clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period • Specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability • Explain that rights are in existence if covenants are complied with at the end of the reporting period • Introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The impact of application of this Amending Standard that it will have on the Group's consolidated financial statements has not yet been assessed.	30 June 2023
AASB 2020-4 <i>Amendments to Australian Accounting Standards – Covid-19-Related Rent Concessions*</i>	1 June 2020	This standard amends AASB 16 <i>Leases</i> to provide practical relief to lessees in accounting for rent concessions arising as a result of COVID-19, by including an additional practical expedient in the standard. This standard is not expected to have a material impact on the Group's consolidated financial statements.	30 June 2021

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(b) **Principles of Consolidation**

A controlled entity is any entity controlled by Icon Energy Limited. Control exists where Icon Energy Limited is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. A list of controlled entities is contained in Note 16 to the accounts. All controlled entities have a June financial year end.

All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

Where controlled entities have entered or left the Consolidated Entity during the year, their operating results have been included from the date control was obtained or until the date control ceased.

(c) **Critical accounting estimates and judgments**

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

The resulting accounting estimates may not equal the related actual results. The estimates, assumptions and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Exploration and evaluation expenditure

The application of the Group's policy for exploration and evaluation discussed in Note 23(g) requires management to make certain estimates and assumptions as to future events and circumstances. Any such estimates and assumptions may change as new information becomes available.

Exploration and evaluation expenditure is assessed for impairment in line with AASB 6 *Exploration for and Evaluation of Mineral Resources*. When the circumstances suggest that the carrying amount of an exploration and evaluation expenditure asset may exceed its recoverable amount, the Group measures any impairment loss and discloses it in the consolidated statement of profit or loss and other comprehensive income. To make the judgement the Group involves independent valuation experts that determine the value as disclosed in note 7. There is therefore the risk that actual values realised may be materially different to those disclosed in these financial statements.

Restoration provision

The Consolidated Entity assesses its future liabilities in relation to the restoration costs which include the removal of facilities, abandonment of wells and restoration of affected areas. The estimate of future restoration costs is done at the time of installation of the assets. In most instances, removal of assets occurs many years into the future. Therefore, management is required to make judgments regarding the removal date, future environmental legislation, the extent of restoration activities and future removal technologies. Refer to note 9 for key assumptions.

(d) **Income Tax**

Income tax comprises current and deferred tax.

Current tax is the expected tax payable/(receivable) on the taxable income or loss for the year, calculated using applicable income tax rates enacted, or substantively enacted, as at the reporting date. Current tax liabilities/(assets) are therefore measured at the amounts expected to be paid to/(recovered from) the relevant taxation authority.

Deferred income tax expense/(benefit) reflects movements in deferred tax asset and deferred tax liability balances during the period as well as unused tax losses.

Current and deferred income tax expense/(benefit) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(d) **Income Tax (Continued)**

Where temporary differences exist in relation to investments in subsidiaries, branches, associates and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

Tax Consolidation

Icon Energy Limited ("Head entity") and its wholly-owned Australian subsidiaries have formed an income tax consolidated group under tax consolidation legislation. Each entity in the Group recognises its own current and deferred tax assets and liabilities. Such taxes are measured using the 'stand-alone taxpayer' approach to allocation. Current tax liabilities/(assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately transferred to the head entity. The Group notified the Tax Office that it had formed an income tax consolidated group to apply from 1 July 2008.

(e) **Goods and Services Tax**

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred by a purchaser is not recoverable from the taxation authority. Under these circumstances, the GST is recognised as part of the cost of acquisition of an asset or as part of an item of expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Consolidated Statement of Financial Position.

Cash flows are included in the Consolidated Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) **Property, Plant, and Equipment**

Property, plant and equipment are brought to account at cost less, where applicable, any accumulated depreciation and accumulated impairment losses. The carrying amount of property, plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the asset's employment and subsequent disposal.

The depreciable amount of all property, plant and equipment including capitalised leased assets, but excluding freehold land, are depreciated over their useful lives using the diminishing method commencing from the time the asset is held ready for use. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. Depreciation rates and methods are reviewed annually and, if necessary, adjustments are made.

The depreciation rates used for each class of depreciable asset are:

Class of Asset	Depreciation Rate
Plant and equipment	20 – 40%
Leasehold improvements	50%
Right-of-use asset	50%

The gain or loss on disposal of all property, plant and equipment is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds of disposal, and is included in operating profit before income tax in the year of disposal.

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(g) **Exploration, Evaluation and Development Expenditure**

Exploration, evaluation and development expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of an area or sale of the respective area of interest or where activities in the area have not yet reached a stage which permits a reasonable assessment of the existence of economically recoverable reserves and active and significant operations in, or in relation to, the area of interest are continuing.

Accumulated costs in relation to an abandoned area are written off in full in profit or loss in the year in which the decision to abandon the area is made.

When commercial production commences, the accumulated costs for the relevant area of interest are amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest. For the purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units to which the exploration activity relates. The cash-generating unit shall not be larger than the area of interest.

(h) **Interests in Joint Arrangements**

Investments in joint arrangements are classified as either joint operations or joint ventures. The classification of joint arrangements is determined based on the contractual rights and obligations of parties to the joint arrangements rather than the legal structure of joint arrangement. The entity has only joint operations.

Joint Operations

The Consolidated Entity has interests in joint arrangements that are joint operations. As a joint operator, the Consolidated Entity recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These are included in the respective items of the Consolidated Statement of Profit or Loss and Other Comprehensive Income and the Consolidated Statement of Financial Position.

The entity accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the AASBs applicable to the particular assets, liabilities, revenues and expenses.

(i) **Trade Creditors**

A liability is recorded for the goods and services received prior to balance date, whether invoiced to the Group or not that remain unpaid. Trade creditors are normally settled within 30 days.

(j) **Cash and Cash Equivalents**

Cash and cash equivalents in the Consolidated Statement of Financial Position comprise cash at bank and in hand and short-term deposits with an original maturity of 3 months or less that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the Consolidated Statements of Cash Flows, cash and cash equivalents include cash and cash equivalents as above, net of outstanding bank overdrafts.

(k) **Provisions**

Provisions for make good obligations are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost in profit or loss.

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(k) **Provisions (Continued)**

Restoration provision

The Group recognises a restoration provision to meet all future obligations for the restoration of petroleum assets when the petroleum assets are abandoned. Site restoration costs include the dismantling and removal of mining plant, equipment and building structures, waste removal, and rehabilitation of the site in accordance with clauses of the mining permits. The liability for restoration is discounted to present value and capitalised as part of the exploration expenditure of an area of interest and revised at the end of each reporting period through profit or loss. The capitalised costs are amortised over the life of the petroleum asset. The periodic unwinding of the discount is recognised in profit or loss as part of finance costs.

Changes in the estimates of restoration costs are dealt with prospectively by recognising an adjustment to the restoration liability and a corresponding adjustment to the asset to which it relates. If any reduction in the restoration liability exceeds the carrying amount of that asset, any excess is recognised in profit or loss. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one year of abandoning the site.

(l) **Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors.

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are regularly reviewed by the Board of Directors to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Board of Directors include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly of office expenses, and income tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

(m) **Comparative Figures**

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(n) **Financial Instruments**

Recognition

Financial instruments are initially measured at fair value at settlement date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Financial assets

AASB 9 contains three principal classification categories for financial assets: measured at amortised cost, Fair Value through Other Comprehensive Income (FVOCI) and Fair Value Through Profit or Loss (FVTPL). The classification of financial assets under AASB 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

The Group's loans and receivables are classified as amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(n) Financial Instruments (Continued)

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Impairment

Financial assets

AASB 9 uses an 'expected credit loss' (ECL) model. The impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

(o) Impairment of Non-Financial Assets

At each reporting date, the directors review the carrying values of its non-financial assets which include exploration, evaluation and development expenditures and property, plant and equipment, to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed and included in profit or loss.

Where it is not possible to estimate the recoverable amount of an individual asset, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(p) Foreign Currency Transactions and Balances

Functional and presentation currency

The functional currency of each of the controlled entities is measured using the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

For personal use only

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

(q) Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Cost comprises direct materials and delivery costs, direct labour, import duties and other taxes and an appropriate proportion of variable and fixed overhead expenditure based on normal operating capacity. Costs of purchased inventory are determined after deducting rebates and discounts received or receivable. Inventories consist of drilling consumables predominantly chemicals and proppant.

(r) Leases

As indicated in note 1 above, the Group has changed its accounting policy for leases. This note explains the new policy and the impact of the adoption of AASB 16 *Leases* on the Group's financial statement.

Until 30 June 2019, leases of property, plant and equipment where the Group, as lessee, has substantially all the risks and rewards of ownership were classified as finance leases. Other leases were classified as operating leases.

Lease payments for operating leases, where substantially all risks and benefits remain with the lessor, were previously recognised as an expense on a straight-line basis over the lease term.

A sale and leaseback transaction is one where the Group sells an asset and immediately reacquires the use of the asset by entering into a lease with the buyer.

For sale and finance leasebacks, any profit from the sale was deferred and amortised over the lease term. For sale and operating leasebacks, generally the assets were sold at fair value, and accordingly the profit or loss from the sale was recognised immediately in profit or loss.

From 1 July 2019, leases are recognised as a right-of-use asset and a corresponding liability.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Group under residual value guarantees
- the exercise price of a purchase option if the Group is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the lessee's incremental borrowing rate, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short term leases and leases of low value assets are recognised in profit and loss on a straight-line basis with a lease term of 12 months or less.

The Group has adopted AASB 16 *Leases* retrospectively from 1 July 2019, but has not restated comparatives for the 30 June 2019 reporting period, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening Consolidated Statement of Financial Position on 1 July 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

NOTE 23 - STATEMENT OF ACCOUNTING POLICIES (Continued)

On adoption of AASB 16, the Group recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of *AASB 117 Leases*. These liabilities were measured at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rate as of 1 July 2019. The lending rate applied to the lease liabilities was 6.97%.

In applying AASB 16 for the first time, the Group has used the following practical expedients permitted by the standard:

- accounting for operating leases with a remaining lease term of less than 12 months as at 1 July 2019 as short-term leases
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

	<u>1 July</u>
	<u>2019</u>
	<u>\$</u>
Operating lease commitments disclosed as at 30 June 2019	889,654
Discounted using the Group's incremental borrowing rate of 6.97%	<u>825,182</u>
Lease liability recognised as at 1 July 2019	<u>825,182</u>
Of which are:	
Current lease liabilities	439,784
Non-current lease liabilities	<u>385,398</u>
	<u>825,182</u>

The associated rights-of-use assets were measured at the amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the consolidated statement of financial position as at 30 June 2019.

The change in accounting policy affected the following items in the statement of financial position on 1 July 2019:

- right-of-use assets – increase by \$869,002
- lease liabilities – increase by \$825,182
- there was no impact on retained earnings

ADDITIONAL SHAREHOLDER INFORMATION

On-market buy-back

There is no on-market buy back transactions during 2019-2020 financial year.

Distribution of Shareholdings

The distribution of ordinary shareholders ranked according to size at 24 August 2020 was as follows:
