## Appendix 3Y – Change of Director's Interest Notices

WiseTech Global Limited (ASX:WTC) (WiseTech or the Company) has today released Appendix 3Ys for WiseTech Founder and Chief Executive Officer, Mr Richard White and for Co-Founder and Executive Director, Ms Maree Isaacs. The share trades include sales by Mr White and by RealWise Holdings Pty Ltd, a company controlled by Mr White and part-owned by Ms Isaacs.

Mr White advises that the share sales to which the Appendix 3Ys relate, have been undertaken as part of a trading program which will continue until 31 December 2020, subject to no material, non-public information arising during this period (Trading Program). The Trading Program has limits on daily trade volumes designed to reduce market impact. Mr White intends to sell down a minor portion of his shareholding to facilitate liquidity in the Company's shares and enable some diversification of his assets.

Mr White currently holds voting control over 46.67% of the Company's total issued share capital. Upon completion of the Trading Program he is expected to retain voting control over an estimated 45% of issued share capital.

The last sale of WiseTech shares by Mr White was in June 2020, when he sold a parcel of shares equating to approximately 0.83% of WiseTech's total issued share capital, in order to meet personal, financial-year end commitments.

Prior to June 2020, Mr White sold shares once since WiseTech's ASX listing. That sale was undertaken in December 2017 and related to less than 2% of the Company's issued shares at the time.

Mr White remains WiseTech's largest shareholder and has confirmed his commitment to WiseTech as its founder and CEO, and his intent to remain a substantial, long-term shareholder.

Directors and employees of WiseTech in aggregate hold approximately 59% of the Company's issued share capital.

Mr White said, "As a founder and CEO of WiseTech, what motivates me is the opportunity to drive WiseTech to lead the world in logistics execution software through our CargoWise platform and becoming the operating system for global logistics.

"I am excited about WiseTech's future growth opportunities and continue to be as committed and driven as ever, on achieving our global growth ambitions. We are gaining momentum in driving revenue growth, with four new global customers signed up in the first seven months of calendar 2020 and a strong pipeline of further global deals.

As we continue to execute on our market penetration strategy, it is pleasing to see interest from new, long-term investors wanting to be part of our growth journey. This is why it is important to enhance the liquidity of our stock through an orderly process and in a way that will benefit all of our shareholders."
