The Offer is being made as a pro-rata non-renounceable entitlement issue of one (1) Option for every four (4) Shares held by those Shareholders registered at the Record Date at an issue price of \$0.001 per Option to raise up to \$395,935 (before costs of the Offer) being up to approximately 395,935,727 Options.

Fractional Entitlements will be rounded down to the nearest whole number.

Each Option will be exercisable at \$0.025, on or before the expiry date of 28 July 2023. All of the Options offered under this Prospectus will be issued on the terms and conditions set out in Section 4.1 of this Prospectus.

All of the Shares issued upon the future exercise of the Options offered under this Prospectus will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 4.2 for further information regarding the rights and liabilities attaching to the Shares.

Details of the purpose and effect of the Offer are set out in Section 3 of this Prospectus.

2.2 Minimum Subscription

There is no minimum subscription.

2.3 Opening and Closing Dates of the Offer

The Opening Date of the Offer will be Wednesday, 16 September 2020 and the Closing Date will be Friday, 25 September 2020 at 5.00pm AEST.

The Directors reserve the right to close the Offer early or extend the Closing Date (as the case may be), should it be considered by them necessary to do so.

2.4 Acceptance

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form accompanying this Prospectus. Your acceptance must not exceed your Entitlement as shown on that form. If it does, your acceptance will be deemed to be for the maximum Entitlement.

No Payment by cheque/bank draft

Due to the Government's direction for people to remain in their residence and other restrictions under the Public Health (COVID-19 Restrictions on Gathering and Movement) Order (No 4) 2020 and for the purposes of public health and safety, payments in cash or by cheque will not be accepted.

Payments may only be made by electronic funds transfer (EFT) or BPAY® in the manner set out below.

You may participate in the Entitlement Offer as follows:

(a) if you wish to accept your **full Entitlement**:

- (i) refer to the Entitlement and Acceptance Form which specifies the payment amount for your full Entitlement; and

- 
- (ii) make a BPAY® payment or EFT in respect of your full Entitlement by following the instructions on the Entitlement and Acceptance Form; or
 - (b) if you only wish to accept **part of your Entitlement**:
 - (i) calculated the payment amount for the portion of your Entitlement that you wish to take up by completing the Partial Entitlement section of the Entitlement and Acceptance Form; and
 - (ii) make a BPAY® payment or EFT in respect of the portion of your Entitlement that you wish to take up by following the instructions on the Entitlement and Acceptance Form; or
 - (c) if you accept your full Entitlement and also wish to participate in the Shortfall Offer:
 - (i) complete the Shortfall Offer section in the Entitlement and Acceptance Form; and
 - (ii) make a BPAY® payment or EFT of the total payment amount for your Full Entitlement AND your participation in the Offer by following the instructions on the Entitlement and Acceptance Form; or
 - (d) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

It is your responsibility to ensure that your BPAY® payment or payment by EFT is received by the Share Registry by no later than 5.00pm (AEST) on the Closing Date.

You should be aware that your financial institution may implement earlier cut off times with regards to electronic payment and you should therefore take this into consideration when making payment.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

In light of the substantial delays in postage times as a result of the COVID-19 virus, and the period the Entitlement Offer is open, it is considered unlikely that Entitlement and Acceptance Forms that are posted with a payment by cheque will be received by the Company in time for the Company to accept under the application. In light of this, and for the reasons outlined in Section 3.1 above, the Company has resolved that payments must be made by BPAY® or by EFT and may not be made by cheque.

As such, Applicants do NOT need to return their completed Entitlement and Acceptance Forms to the Company.

2.5 Underwriting

The Offer is not underwritten.

2.6 Effect on Control of the Company

In addition, Shareholders should note that if they do not participate in the Offer, their holdings, upon the future exercise of the Options, are likely to be diluted by approximately 20% (as compared to their holdings and number of Shares on issue as at the date of the Prospectus).

2.7 Shortfall Offer

Any Entitlement not taken up pursuant to the Offer will form the Shortfall Offer.

The Shortfall Offer is a separate offer made pursuant to this Prospectus and will remain open for up to three months following the Closing Date. The issue price for each Option to be issued under the Shortfall Offer shall be \$0.001 being the price at which Options have been offered under the Offer.

Eligible Shareholders (other than Directors and related parties) who take up their Entitlement in full may, in addition to their Entitlement, apply for Shortfall Options by completing the Entitlement and Acceptance Form in accordance with the instructions on that form. It is possible that there will be no Shortfall Options available for issue.

Subject to the above, the Directors reserve the right, subject to the Corporations Act and Listing Rules, to place Shortfall Options at their discretion, to reject any application for Shortfall Options or to grant a lesser number of Shortfall Options than applied for. Applicants for Shortfall Options will be bound to accept a lesser number of Shortfall Options allocated to them than applied for. If a lesser number is allocated, excess application money will be refunded without interest as soon as practicable following issue of the Shortfall Options.

Notwithstanding the above, no Shortfall Options will be allocated or issued to any related party of the Company (including Directors and their associates) or to any person to the extent that the Company is aware that to do so would result in a breach of the Corporations Act, the Listing Rules or any other relevant legislation or law, including without limitation, a breach of section 606 of the Corporations Act.

2.8 ASX Listing

In the event that the Company receives sufficient applications to meet the requirements for quotation of a second class of securities under the ASX Listing Rules, application for Official Quotation of the Options offered pursuant to this Prospectus will be made in accordance with the timetable set out at the commencement of this Prospectus. If ASX does not grant Official Quotation of the Options offered pursuant to this Prospectus before the expiration of 3 months after the date of issue of this Prospectus, (or such period as varied by the ASIC), the Options will remain on issue as unquoted Options.

The fact that ASX may grant Official Quotation to the Options is not to be taken in any way as an indication of the merits of the Company or the Options now offered for subscription.

2.9 Issue of Options

Options issued pursuant to the Offer will be allotted in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus.

Options issued pursuant to the Shortfall Offer will be allotted on a progressive basis. Where the number of Options issued is less than the number applied for, or where no allotment is made surplus application monies will be refunded without interest to the Applicant as soon as practicable after the closing date of the Shortfall Offer.

Pending the allotment and issue of the Options or payment of refunds pursuant to this Prospectus, all application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

Holding statements for Options issued under the Offer will be mailed in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus and for Shortfall Options issued under the Shortfall Offer as soon as practicable after their issue.

2.10 Overseas Shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Options these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Options will not be issued to Shareholders with a registered address which is outside Australia and New Zealand.

New Zealand

The Options are not being offered to the public within New Zealand other than to existing Shareholders of the Company with registered addresses in New Zealand to whom the offer of New Options is being made in reliance on the transitional provisions of the Financial Markets Conduct Act 2013 (New Zealand) and the Financial Markets Conduct (Incidental Offers) Exemption Notice 2016 (New Zealand).

This Prospectus has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

Nominees and custodians

Nominees and custodians may not distribute this Prospectus (including an Entitlement and Acceptance Form), and may not permit any beneficial Shareholder to participate in the Offer, in any country outside of Australia and New Zealand. Return of a duly completed Entitlement and Acceptance Form will be taken by the Company to constitute a representation that there has been no breach of those regulations.

2.11 Clearing House Electronic Sub-Register System (CHESS) and Issuer Sponsorship

The Company will not be issuing option certificates. The Company is a participant in CHESS, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHESS will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Options allotted to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHESS and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

2.12 Privacy Act

If you complete an application for Options, you will be providing personal information to the Company. The Company collects, holds and will use that information to assess your application, service your needs as a Shareholder or Optionholder, facilitate distribution payments and corporate communications to you as a Shareholder or Optionholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Company's share registry.

You can access, correct and update the personal information that we hold about you. Please contact the Share Registry if you wish to do so at the relevant contact numbers set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the *Privacy Act 1988* (Cth) (as amended), the Corporations Act and certain rules such as the ASX Settlement Operating Rules. You should note that if you do not provide the information required on the Entitlement and Acceptance Form, the Company may not be able to accept or process your application.

The Options offered under this Prospectus are considered highly speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below, together with information contained elsewhere in this Prospectus, before deciding whether to apply for Options and to consult their professional advisers before deciding whether to apply for Options pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this Section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

5.2 Company specific

(a) Competition

Industries in which the Company, its subsidiaries and business partners operate are subject to technological change and competition. The Company, its subsidiaries and business partners face competition from other organisations, many of which may have significantly greater financial, technical and marketing resources than the Company. The Company, its subsidiaries and business partners have faced and are expected to continue to face, additional competition from existing competitors and from new entrants into its markets. Increased competition could result in margin reductions, lower customer numbers, under-utilisation of employees and/or contractors, reduced operating margins and loss of market share. Any of these occurrences could adversely affect the Company's business, operating results and financial condition.

(b) Dependence on Key Customers and Business Partners

The Company's business is reliant on business relationships with a number of key customers and/or business partners. A material proportion of the Company's future revenues are expected to be generated from such relationships with key customers and/or business partners. Loss or termination of key customers and/or business partnerships for any reason may have a significant adverse impact on the business, revenues and profitability of the Company.

(c) Speculative Investment

Shareholders should consider that the investment in the Company is speculative. The New Shares to be issued pursuant to this Offer Document carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those New Shares. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(d) Trading in New Shares may not be liquid

There may be relatively few potential buyers or sellers of the New Shares on ASX at any time. This may increase the volatility of the market price of the New Shares. It may also affect the prevailing market price at which Shareholders are able to sell their New Shares. This may result in Shareholders receiving a market price for their New Shares that is less or more than the price that Shareholders paid.

(e) Additional requirements for capital

Additional funding will be required by the Company to effectively implement its business and operations plans in the future, to take advantage of opportunities for acquisitions, joint ventures or other business opportunities, and to meet any unanticipated liabilities or expenses which the Company may incur. Further additional financing will be required if the Board determines to accelerate the development of the Company's technology.

The Company may seek to raise further funds through equity or debt financing, joint ventures, licensing arrangements, production sharing arrangements or other means. Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of activities. There can be no assurance that additional finance will be available when needed or, if available, the terms of the financing might not be favourable to the Company and might involve substantial dilution to Shareholders. Failure to gain funding as and when required may result in the Company being unable to finance its operations and ultimately being unable to operate as a going concern.

(f) Economic Risks

The Company and its subsidiaries are affected by general business cycles and general economic conditions, including but not limited to movements in interest and inflation rates, currency exchange rates, disposable income levels and consumer sentiment. These factors may have an adverse effect on the Company's earnings.

(g) Market Conditions

The market price of the New Shares can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Share market conditions may affect the value of the Company's shares regardless of the Company's operating performance. Share market conditions are affected by many factors such as:(a) general economic outlook;(b) interest rates and inflation rates;(c) currency fluctuations;(d) changes in investor sentiment toward particular market sectors;(e) the demand for, and supply of, capital; and(f) terrorism or other hostilities.

(h) Foreign Investment Risk

The Company may operate in foreign jurisdictions. As a result, the Company may be subject to political, economic and other uncertainties including but not limited to foreign exchange restrictions, currency fluctuation, royalty and tax increases and other risks arising out of foreign government sovereignty over the areas in which the Company's operations may be conducted.

(i) Reliance on Key Personnel

The Company's success will depend in part on the continued services of its key contractors. The loss of services of one or more of the Company's key contractors could have a material adverse effect on the Company's business, operating results and financial condition. This risk is addressed in part by the existence of service contracts with executives and senior management. The Company does not have, nor does it intend to take out, key man insurance in respect of any of its key contractors.

(j) Regulatory Changes

Changes in government policies in any country, in particular Australia, may affect the Company's revenues and profitability and the value of an investment in the Company.

- (k) Litigation**
- The Company may be exposed to litigation that may materially adversely affect the financial position of the Company and could negatively impact the Company through increased costs and payments for damages.
- (l) Potential Acquisitions**
- As part of its business strategy, the Company may make acquisitions of, or significant investments in, complementary companies or products although no such acquisitions or investments are currently planned. Any such transactions will be accompanied by risks commonly encountered in making such acquisitions.
- (m) The Company does not expect to declare any dividends in the foreseeable future**
- The Company does not anticipate declaring or paying any dividends to Shareholders in the foreseeable future. Consequently, investors may need to rely on sales of their securities to realise any future gains on their investment.
- (n) If the Company's goodwill or intangible assets become impaired, it may be required to record a significant charge to earnings**
- Under Generally Accepted Accounting Principles, the Company reviews its intangible assets for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. Goodwill is required to be tested for impairment at least annually.
- (o) Offer Risk**
- If ASX does not admit the Options to Official Quotation before the expiration of 3 months after the date of issue of this Prospectus, or such period as varied by ASIC, the Company will not allot or issue any Options and will repay all application monies for the Options within the time prescribed under the Corporations Act, without interest.
- 5.3 General Risks**
- The future prospects of the Company's business may be affected by circumstances and external factors beyond the Company's control. Financial performance of the Company may be affected by a number of business risks that apply to companies generally and may include economic, financial, market or regulatory conditions.
- (a) General Economic Climate**
- Factors such as inflation, currency fluctuation, interest rates and supply and demand have an impact on operating costs and stock market prices. The Company's future revenues and securities price may be affected by these factors which are beyond the Company's control.
- (b) Changes in Legislation and Government Regulation**
- Government legislation in Australia or any other relevant jurisdiction, including changes to the taxation system, may affect future earnings and relative attractiveness of investing in the Company. Changes in government policy or statutory changes may affect the Company and the attractiveness of an investment in it.
- (c) Sharemarket Conditions**

The market price of the Company's securities may be subject to varied and unpredictable influences on the market for equities in general and resources stocks in particular.

(d) **Coronavirus (COVID-19)**

The outbreak of the coronavirus pandemic (COVID-19) is impacting on global economic markets. The nature and the extent of the effect of the outbreak on the performance of the Company remains unknown. The Company's Share price may be adversely affected in the short to medium term by the economic uncertainty caused by COVID-19. Further, any government or industry measures taken in response to COVID-19 may adversely impact the Company's operations and are likely to be beyond the control of the Company. The Directors are monitoring the situation closely and have considered the impact of COVID-19 on the Company's business and financial performance. With the situation continually evolving, the consequences are therefore inevitably uncertain at this point in time. If any of COVID-19 impacts appear material prior to the close of the Offer, the Company will inform investors under a supplementary Prospectus.

(e) **Speculative Nature of Investment**

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Options offered under this Prospectus. Therefore, the Options offered pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of the securities.

6. Additional Information

6.1 Continuous Disclosure Obligations and Nature of Prospectus

The Company is a “disclosing entity” (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company’s securities.

Price sensitive information is publicly released through ASX before it is disclosed to Shareholders and market participants. Distribution of other information to Shareholders and market participants is also managed through disclosure to ASX. In addition, the Company posts information on its website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

Investors are encouraged to check and monitor any further announcements made by the Company to ASX prior to securities being issued under the Offer. To do so, please refer to the Company’s ASX announcements platform via www.asx.com.au.

The new listed Options to be issued pursuant to this Prospectus are options over continuously quoted securities. This Prospectus is issued under the special prospectus content rules for continuously quoted securities in section 713 of the Corporations Act, and is a “transaction specific prospectus”. In general terms, a “transaction specific prospectus” is only required to contain information in relation to the effect of the issue of securities on the Company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This enables listed disclosing entities, such as the Company, to issue a prospectus for continuously quoted securities with modified disclosure requirements if they satisfy certain requirements.

The information in this Prospectus principally concerns the terms and conditions of the Offer and the information reasonably necessary to make an informed assessment of:

- (a) the effect of the Offer on the Company; and
- (b) the rights and liabilities attaching to the Options offered pursuant to this Prospectus and the underlying securities.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquiries as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 3 months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

As a disclosing entity under the Corporations Act, the Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents (as applicable), free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report most recently lodged by the Company with the ASIC;
 - (ii) any half-year financial report lodged by the Company with the ASIC after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC; and
 - (iii) any continuous disclosure documents given by the Company to ASX in accordance with the ASX Listing Rules as referred to in section 674(1) of the Corporations Act after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be inspected at the registered office of the Company or an ASIC office during normal office hours.

The Company has lodged the following announcements with ASX since the date of lodgement of the Company's latest annual financial report and before lodgement of this Prospectus with ASIC:
