## DIRECTORS REPORT

---

The Directors present their report on Sabre Resources Ltd ("the Company") and its controlled entities for the year ended 30 June 2020.

### DIRECTORS

The Directors of the Company during and since the end of the financial year were:

Michael Scivolo  
Robert Collins  
Basil Conti

Shares and options of Sabre Resources Ltd held by Directors at the date of this report:

Director	Shares	Options
Michael Scivolo	-	-
Robert Collins	-	-
Basil Conti	-	-

### PRINCIPAL ACTIVITIES

The principal activity of the Company and its controlled entities is mineral exploration.

### REVIEW OF OPERATIONS

The Company holds gold and nickel projects in Western Australia and vanadium/basemetal projects in Namibia. Exploration programs have been designed for the recently acquired Bonanza and Beacon Gold Projects near Youanmi in Western Australia. The Sherlock Bay Nickel Project in the western Pilbara region is at feasibility stage with studies continuing on the processing options. Several resource drilling and geochemical sampling programs were completed at the Abenab Vanadium Mine in northern Namibia.

#### Beacon and Bonanza Gold Projects, Western Australia

Sabre Resources Limited announced in August 2019 that it had entered into a binding Share Sale Agreement with Power Metals Pty Ltd (Power Metals) to acquire a 100% interest in the Bonanza Gold Project (E57/1125), located adjacent to the Penny West Gold Project, recently discovered by Spectrum Metals Limited (ASX: SPX), located in the Youanmi Gold Mining District, in Western Australia. Sabre then announced that it had entered into a binding Share Sale Agreement to acquire a 100% interest in Scarce Minerals, which holds the Beacon Gold Project (E57/1136) located directly south of E57/1125.

The Beacon and Bonanza Gold Projects covers a combined area of 33km<sup>2</sup> located just 0.8km west of the Penny West open pit in the Youanmi Gold Mining District. The Youanmi District has gained investor attention with several companies including Rox Resources Limited (ASX: RXL) and Venus Metals Corporation Limited (ASX: VMC) reporting significant exploration success on its gold projects located in the same area.

### Work Planned 2020-2021

Sabre has engaged geophysical contractor Pegasus Airborne System to conduct an aeromagnetic survey on EL57/1125. The detailed aeromagnetic survey is planned to be conducted over an area of 2km by 3km in the northeast corner of E57/1125, with a line spacing of 20m for a total of 300-line kilometres (Figure 4). Pegasus will use a PAS-G100 helicopter (UAV drone) that will tow a Scintrex CS-VL cesium vapour magnetometer 25m below the aircraft. The data generated will be processed and imaged by Sabre's geophysical consultant Southern Geoscience Consultants to generate targets. Sabre then plans to immediately follow this with an air core drilling program to test the highest priority targets.

### REVIEW OF OPERATIONS (continued)

#### Sherlock Bay Project, Western Australia

Sabre Resources holds a 70% interest in the Sherlock Bay Project located in the western Pilbara region of Western Australia. The Project is well-located, 12 km off Highway 1 between Roebourne and Port Hedland, with access to critical mining infrastructure. The Project tenements comprise one granted mining lease M47/567 and miscellaneous licence L47/124 (Figure 1 and Appendix I).

1: Location map of the Sherlock Bay Project in Western Australia

Figure

Mining lease M47/567 contains the Sherlock Bay nickel-copper-cobalt deposit. The deposit is hosted within the Archaean West Pilbara Granite-Greenstone Belt. It comprises two main lenticular lodes (termed Discovery and Symond's Well, Figure 2) hosted within a sub-vertical to steep north dipping chert horizon with a combined strike length of 1,600 m. Mineralised widths are variable but in the higher grade portions of the main zones can be up to 30 m and are continuous down dip in excess of 500 m in places.

The Sherlock Bay deposit was initially discovered and defined by Texas Gulf in the 1970's. Additional drilling was carried out by Sherlock Bay Nickel Corporation ("SBNC") between 2003 and 2007. The resource is now defined by a total of 201 drill holes for 31,092 m.

### Resource Estimate

An updated Mineral Resource estimate has been completed for the Sherlock Bay nickel-cobalt-copper deposit in compliance with the JORC Code 2012. The updated total Mineral Resource (see Table 1) is 24.6 million tonnes grading 0.4% nickel, 0.09% copper and 0.02% cobalt. The deposit contains approximately 99,200 tonnes of nickel, 21,700 tonnes of copper and 5,400 tonnes of cobalt metal. The Mineral Resources have been classified as Measured, Indicated and Inferred Mineral Resource in accordance with the JORC Code, 2012 Edition and are shown in Table 1.

### REVIEW OF OPERATIONS (continued)

#### Feasibility Studies

Extensive previous exploration and development work has been completed on the Sherlock Bay Project and Sabre has obtained access to all these data for the deposit. Feasibility-level studies that have been completed by previous owners indicate that potential exists to develop a mining and heap leach processing operation and that nickel recoveries exceeding 90% are achievable.

#### Mining Study Update 2018-9

In June 2018, Sabre commissioned AMC Consultants Pty Ltd (AMC) to undertake a review of the previous mining study for the Sherlock Bay deposit to update costs for the open pit mining and evaluate the underground mining. The results of the review were reported in August 2018 (refer to Sabre Resources ASX announcement 14th August 2018). The results of the mining study were positive and have encouraged the Company to proceed with further studies of processing options and to update estimates for the capital and operating costs for the Sherlock Bay Project.

The open pit cost update was based on the updated resource estimate, which is restated in compliance with the JORC Code 2012 (refer to Sabre Resources ASX announcement 12th June 2018). The deposit contains total Measured, Indicated and Inferred Resources of:

**24.6 Mt grading 0.4% nickel, 0.09% copper and 0.02% cobalt**

The underground cost update was based on the resource model and evaluation detailed in the Sherlock Bay mining study report completed by AMC in 2005 (2005 Report).

To comply with ASX Listing Rules, Sabre cannot release details of projected cash flows and detailed costs in the mining study update at this time. These data will be released on completion of a processing study and when fully incorporated into a comprehensive scoping/pre-feasibility study.

The open pit optimisation, pit design and all cost updates (both open pit and underground) were carried out by AMC at scoping study level. The updates are based on contractor mining costs. The scoping studies referred to in the report are based on low-level technical and economic assessments and are insufficient to support estimation of Ore Reserves or to provide assurance of an economic development case at this stage, or to provide certainty that the conclusions of the scoping studies will be realised.

The updated resource estimate block model, relevant input parameters and mining costs were used by AMC to create optimal pit shells using Whittle Four-X software. A suitable pit shell was used to prepare a preliminary pit designs (Figure 3), pit stages and schedule.

The updated costs for the underground were applied to the evaluation detailed in the 2005 Report for mining using a longitudinal sublevel caving method. There were no changes to:

- Resource model used;
- Mining method;
- Access and infrastructure;
- Ventilation;
- Materials handling;
- Mining designs; and
- Schedules (capital development, operating development, production).

In the December quarter the Company engaged Mineralogical consultancy group Vintage94 Pty Ltd to review previous studies on metallurgical and mineral processing and to recommend alternative processing flowsheet options and ascertain the effect on CAPEX and OPEX costs.

# SABRE RESOURCES LTD

## DIRECTORS REPORT

### REVIEW OF OPERATIONS (continued)

The Vintage94 study is part of SBR's review and update of the substantial feasibility study work that has previously been completed on the development of the Sherlock Bay deposit. The extensive information already available and the mining and processing studies that have been carried out by SBR will allow the Company to rapidly advance the evaluation of the project to feasibility stage.

### Work Completed 2019-2020

In June 2020, the Company announced that the West Australian Department of Mines, Industry Regulation and Safety (DMIRS) had granted a 5 year exemption from expenditure for M47/567 that covers the Sherlock Bay Nickel Deposit in the Pilbara Region of Western Australia. The exemption was granted on 27th May 2020 and is valid for the tenement years ending 22nd September 2020 to 2024. The annual minimum expenditure commitment was previously \$100,000 per year.

The DMIRS granted the exemption from expenditure under Section 102(2)(c) of the Mining Act on the basis that "the ground the subject of the mining tenement contains a mineral deposit which is uneconomic but which may reasonably be expected to become economic in the future".

The Company has done much of the work required to make a decision to proceed to develop the project. Sabre considers that it is well positioned to take advantage of any future recovery in the nickel price and in that event, quickly bring the project into production.

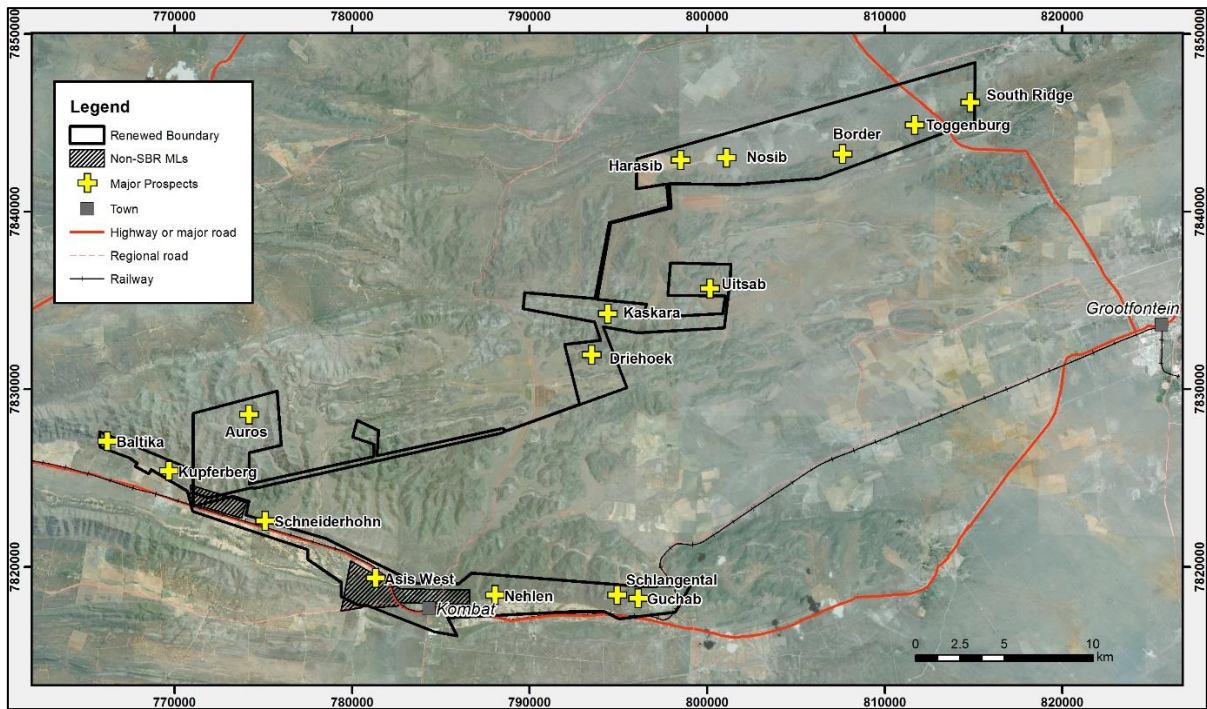

### Otavi Mountain Land copper and base metal project, Namibia

The Project is located in the Otavi Mountain Land (OML) metallogenic province (Figure 5), historically a globally important source of copper, zinc, lead, and vanadium. The OML has a long mining history dating back to the late 1800's and consequently has excellent infrastructure, including roads, power, water, rail to port and the Tsumeb base metal smelter complex, one of only five operating copper smelters in Africa.

## DIRECTORS REPORT

### REVIEW OF OPERATIONS (continued)

**Figure 5:** Location map of the Sabre Resources Limited Exclusive Prospecting Licences (EPL's) in the Otavi Mountain Land, northern Namibia

#### **Border Zn-Pb-Ag Deposit**

Sabre's Border Zn-Pb project has a JORC 2012 Inferred Resource of 16.0Mt @ 1.53% Zn, 0.59% Pb and 4.76g/t Ag is located within a 25km significant regional zinc-lead anomalous corridor (Figure 5), which hosts a number known occurrences including Border, Toggenburg and South Ridge to the East, and Harasib to the west.

#### **Toggenburg Zn-Pb-Ag prospect**

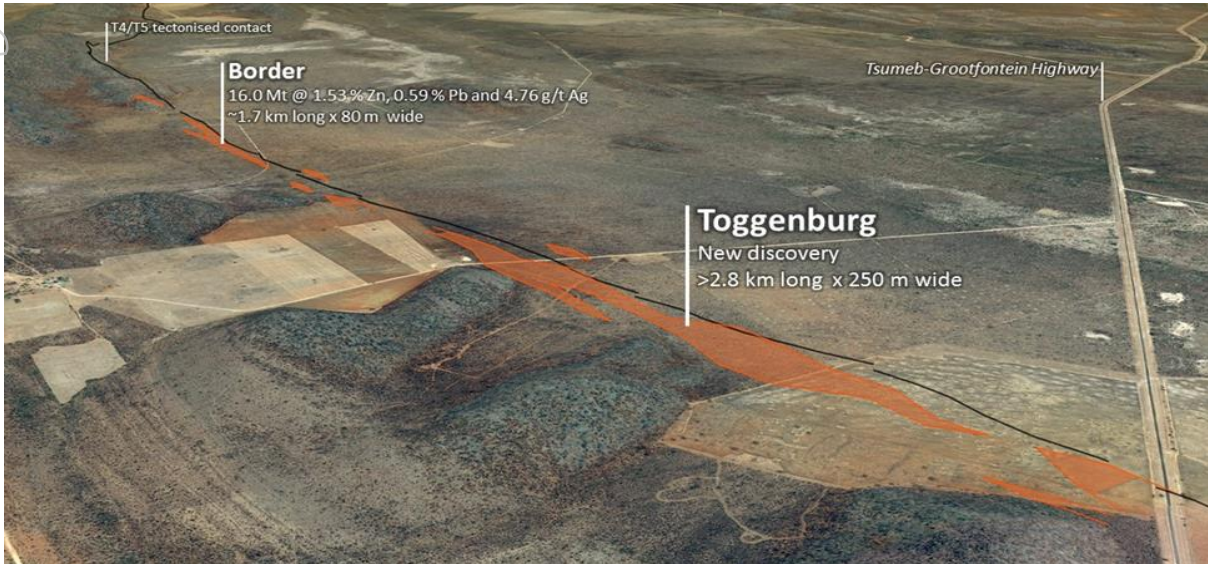

Toggenburg is located along strike from Border and is interpreted to be controlled by the same structures (Figure 6). Anomalies defined at Toggenburg measure over 2.8 km long and up to 250 m wide and are open to the east and west. The anomalies have an area more than four times the size of the equivalent anomaly at Border, where a 0.1 % Zn+Pb cutoff in the near-surface approximates the footprint of zinc and lead sulphide mineralisation at depth.

## DIRECTORS REPORT

### REVIEW OF OPERATIONS (continued)

**Figure 6:** Sabre's Border and Toggenburg Zn-Pb projects are located along the Border-Toggenburg Corridor which hosts anomalous zinc and lead mineralisation over 25km

### Auros Pb-Zn Prospect

Sabre's regional soil sampling programs have identified significant zinc-lead anomalism in the Auros area which is the possible western limit of a regional zinc-lead anomalous corridor extending east for about 20km. Over 1,087 samples were collected resulting in the definition of the Auros zinc-lead anomaly which covers over 300 hectares, measuring over 2.5 km by 5.0 km (Figure 7).

**Figure 7:** The Auros Zinc-Lead anomaly

# SABRE RESOURCES LTD

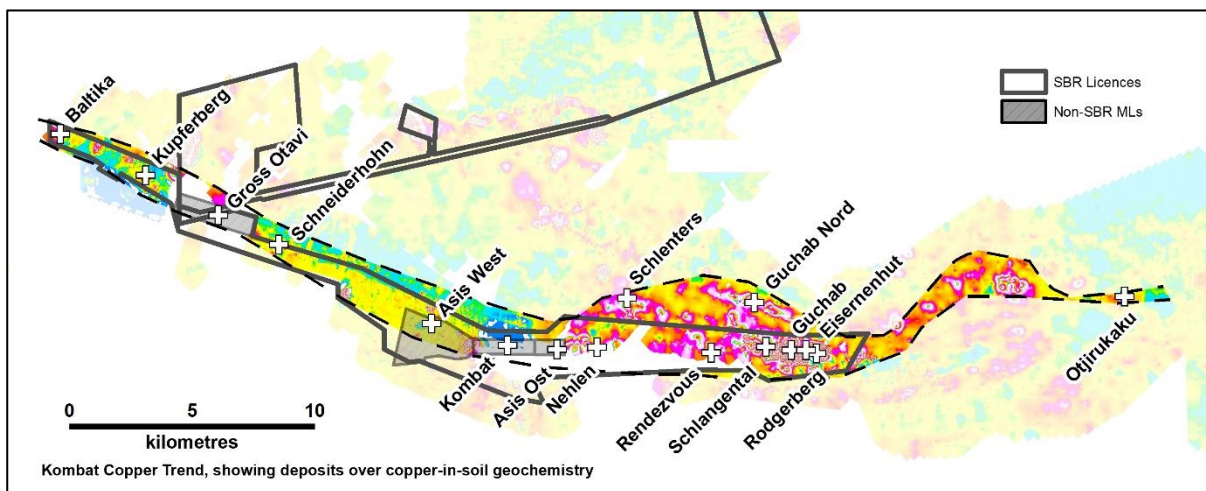

## DIRECTORS REPORT

### REVIEW OF OPERATIONS (continued)

The Auros anomaly has been defined using a 0.1% Zn+Pb cutoff (as at Toggenburg) and contains a peak value of 8.25 % Zn+Pb (6.30 % Zn and 1.95 % Pb – determined by portable XRF) near the historic Nageib workings. Numerous percentage-grade results were obtained in areas with no known historic mining activity. One such area, which recorded soil values up to 4.65 % Zn+Pb (3.20 % Zn and 1.45 % Pb), exhibits outcropping brecciated and disseminated sphalerite and galena mineralisation.

#### Guchab Copper Prospect

Guchab is one of several copper prospects located on the Kombat Copper Trend to the east of the Kombat Mine (Figure 8). The prospect extends over more than 4 kilometres of strike and includes historic workings at Guchab, Rodgerberg and Schlangental. Copper mineralisation at Guchab is hosted by steeply dipping east-northeast trending structures within massive dolomite. Diamond drilling by Sabre intersected high-grade copper mineralisation: GCDD005 22.2m at 3.45% Cu, 29.7g/t Ag and GCDD 046 26.4m at 2.44% Cu, 43.6g/t Ag.

**Figure 8:** Map of the Kombat Copper Trend, showing prospect areas and historical mines overlain on copper soil geochemistry

#### Baltika Vanadium Prospect

Baltika is located within and at the western end of Sabre's EPL 3540. The historical mine produced 5,820t of concentrate grading 9% vanadium pentoxide between 1931 and 1942. Vanadium mineralisation is associated with east-west trending zinc- and lead-bearing structures proximal to the contact which hosts the Kombat and Guchab Cu-Zn-Pb mining centres to the east within the Kombat Corridor.

#### Utisab Vanadium Prospect

Utisab is a historic open pit mine located 7km east of the Kaskara prospect and 29km from Abenab. Previous production is not recorded but mining was small scale. No modern exploration has been conducted.

#### Work Completed 2019-2020

EPL3540 and EPL3542 were renewed for a period of two years in May 2019. Exploration has focussed on vanadium and basemetal mineralisation at the Utisab, Lucas Post, Baltika and Guchab prospects. Travel restrictions imposed in Namibia because of Covid-19 resulted in the temporary closure of the exploration office and the postponement of fieldwork.

# SABRE RESOURCES LTD

## DIRECTORS REPORT

### REVIEW OF OPERATIONS (continued)

Auger and rock chip sampling was conducted at Baltika, Utisab and Lucas Post prospects to test surface stockpiles and tailings. High levels of vanadium and lead-zinc were recorded in stockpiles at all three locations. At Baltika historic mining targeted several narrow steeply dipping veins with high-grade vanadium mineralisation. The ore was mined from stopes accessed by an adit at the base of the hill. The veins are interpreted to extend below the level of the adit but no drilling has been conducted to test this target previously (Figures 9-10).

**Figure 9:** Open stope at Baltika Mine exploiting a laminated vein containing vanadium mineralisation (green mineral).

**Figure 10:** Waste dumps from historic mining at Baltika

### RESULTS

The operating loss for the financial year after providing for income tax amounted to \$721,146 (2019: \$14,551,815 ).

### FINANCIAL POSITION

The net assets of the Group have decreased by \$932,396 from \$12,393,961 at 30 June 2019 to \$11,461,565 at 30 June 2020.

### DIVIDENDS

Since the end of the previous financial year, no dividend has been declared or paid by the Company. The Directors do not recommend the payment of a dividend.

### INFORMATION ON DIRECTORS AND COMPANY SECRETARY

a) The qualifications and experience of the Board of Directors and Company Secretary are as follows.

(i) Michael Scivolo BCom, FCPA (Non-Executive Director)

Mr Scivolo has extensive experience in the fields of accounting and taxation in both corporate and non-corporate entities. He was a Director of Blaze International Limited until 4 December 2015, K2Fly Ltd (formerly Power Resources Limited) until 17 November 2016 and Covata Ltd (formerly Prime Minerals Limited) until 29 October 2014. He is currently a Director of Metals Australia Ltd, Golden Deeps Limited and Blina Minerals NL.

(ii) Robert Collins

Mr Collins has served on a number of ASX listed industrial and mining company boards, and owned a large accounting practice serving the corporate sector. He was a Director of Covata Ltd (formerly Prime Minerals Limited) until 29 October 2014, K2Fly Ltd (formerly Power Resources Limited) until 17 November 2016 and Blaze International Limited until 8 April 2016. Mr Collins is currently a Non-Executive Director of Metals Australia Ltd and Golden Deeps Limited.

(iii) Basil Conti FCA

Mr Conti is a fellow of the Institute of Chartered Accountants Australia & NZ and was a partner/director of a Chartered Accounting firm in West Perth until 2015. Mr Conti is experienced in management accounting, taxation, secretarial practice, corporate and financial planning, consulting to small and large businesses and has been associated with the mining industry in a professional capacity for some 25 years. Mr Conti was previously a director of Sheila Foundation Limited.

b) The following persons acted as Company Secretary during the financial year:-

(i) Martin Stein B. Bus., CA, FCIS, FGIA

Mr Stein is a finance and governance professional and has previously held executive positions with PwC and Anvil Mining Ltd. He is a Chartered Accountant, Fellow of Institute of Chartered Secretaries and Administrators and Fellow of Governance Institute of Australia.

Mr Stein brings to the Company a wealth of experience in the corporate and resource sectors, both in Australia and overseas.

Mr Stein is also the Chief Financial Officer of the Company.

Non-executive Directors receive a fixed fee, with Executive Directors being remunerated for any professional services conducted for the Company.

No Director has an employment contract, but the employment terms and conditions of key management personnel and Group executives are formalised in twelve month contracts of employment.

Terms of employment require that thirty days' notice of termination of contract is required from either employer or employee. There is no agreement to pay any termination payment other than accrued fees.

Directors and Executives received no benefits in the form of share-based payments during the year ended 30 June 2020.

There are no retirement schemes for any Directors or any loans or any other type of compensation. Board policy on the remuneration for this exploration company is influenced by comparing fees paid to directors in other companies within the exploration industry, and then set at a level to attract qualified people, to accept the responsibilities of directorship. No Director, executive or employee has an employment contract.

Being an exploration company, with no earnings, a relationship is yet to be established between an emolument policy and the Company's performance. During the year the Company did not engage remuneration consultants to review its existing remuneration policies.

At the last AGM shareholders voted to adopt the remuneration report for the year ended 30 June 2019. The Company did not receive specific feedback at the AGM regarding its remuneration practices.

The Directors also conducted business via Circular Resolutions.

### RETIREMENT, ELECTION AND CONTINUATION OF OFFICE OF DIRECTORS

Mr Robert Collins retired by rotation as a Director at the Annual General Meeting on 29 November 2019 and was re-elected.

Mr Michael Scivolo, who is retiring by rotation, will offer himself for re-election at the forthcoming Annual General Meeting.

### ENVIRONMENTAL ISSUES

The Company's objective is to ensure that a high standard of environmental care is achieved and maintained on all properties. There are no known environmental issues outstanding.

### EVENTS SUBSEQUENT TO REPORT DATE

On 21 July 2020, the Company issued 180,929,251 fully paid ordinary shares at \$0.0025 per share, raising \$452,323 (before costs). Each share had a free-attaching option attached that is exercisable at \$0.008 per share at any time up to 30 September 2022. 90,464,626 free-attaching options were issued on 28 July 2020, with the remaining 90,464,626 options to be issued subject to receiving shareholder approval at the next General Meeting or AGM of the Company.

On 28 July 2020, the Company issued 212,000,000 fully paid ordinary shares at \$0.00304 per share, raising \$644,480 (before costs). Each share had a free-attaching option attached that is exercisable at \$0.008 per share at any time up to 30 September 2022. 106,000,000 free-attaching options were issued on 28 July 2020, with the remaining 106,000,000 options to be issued subject to receiving shareholder approval at the next General Meeting or AGM of the Company.

The Company has agreed to issue 25,000,000 options exercisable at \$0.008 per share at any time up to 30 September 2022 to the Corporate Adviser and Lead Manager of the share placements referred to above.

On 14 August 2020, the Company issued 100,000,000 options exercisable at \$0.008 per share at any time up to 30 September 2022 to consultants at \$0.00002 per option, raising \$2,000.

The impact of the Coronavirus (COVID-19) pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

## DIRECTORS REPORT

---

### EVENTS SUBSEQUENT TO REPORT DATE (continued)

No matters or circumstances have arisen since the end of the financial year, except as reported, which significantly affect, or could significantly affect, the operations of the consolidated group, the results of these operations, or the state of affairs of the consolidated group in future years.

### INDEMNIFYING OFFICERS OR AUDITOR

No indemnities have been given, or insurance premiums paid, other than Directors' and Officers' Insurance, during or since the end of the financial year, for any person who is or has been an officer or auditor of the entity. Details of the amount of the premium paid in respect of the Directors and Officers insurance policy is not disclosed as such disclosure is prohibited under the terms of the contract.

### SHARE OPTIONS

As at the date of this report, there are 125,000,000 options with an expiry of 1 December 2021 on issue, and 892,958,027 with an expiry of 30 September 2022 on issue.

### SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There have not been any significant changes in the state of affairs of the Company and its controlled entities during the financial year, other than as noted in this financial report.

### PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied for leave of court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings. The Company was not a party to any such proceedings during the year.

### AUDIT COMMITTEE

No Audit Committee has been formed as the Directors believe that the Company is not of a size to justify having a separate Audit Committee. Given the small size of the Board, the Directors believe an Audit Committee structure to be inefficient.

### AUDITOR'S INDEPENDENCE DECLARATION

A copy of the independent auditor's declaration as required by section 307c of the *Corporations Act 2001*, is set out on Page 51.

### NON AUDIT SERVICES

The Board of Directors is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the services disclosed below did not compromise the external auditor's independence for the following reasons;

- All non-audit services are reviewed and approved by the audit committee prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- The nature of the services provided does not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

## NOTES TO THE FINANCIAL STATEMENTS

### 1. Corporate Information

The financial report of Sabre Resources Ltd (the Company) for the year ended 30 June 2020 was authorised for issue in accordance with a resolution of the directors on 15 September 2020.

Sabre Resources Ltd is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange and Frankfurt Stock Exchange.

The nature of the operations and principal activity of the Group is mineral exploration.

### 2. Summary of Significant Accounting Policies

#### (a) Basis of Preparation

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards, Australian Accounting Interpretations and complies with other requirements of the law, as appropriate for for-profit oriented entities. The financial report has also been prepared on an accruals basis and on a historical cost basis, except for financial assets and liabilities, which have been measured at fair value.

The financial report also complies with International Financial Reporting Standards (IFRS).

The financial report is presented in Australian Dollars.

The financial statements of the Company and Group have been prepared on a going concern basis which anticipates the ability of the Company and Group to meet its obligations in the normal course of the business.

#### (b) New Accounting Standards for Application in Future Period

The Group has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The following Accounting Standards and Interpretations are most relevant to the Group:

##### *AASB 16 Leases*

The Group has adopted AASB 16 from 1 July 2019. The standard replaces AASB 117 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognised in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognised lease liabilities (included in finance costs). For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities.

##### *Impact of adoption*

At inception of a contract the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (i.e. leases with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (c) Basis of consolidation

The Group financial statements consolidate those of the Parent Company and all of its subsidiaries as of 30 June 2020. The Parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. All subsidiaries have a reporting date of 30 June.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's profit or loss and net assets that is not held by the Group. The Group attributes total comprehensive income or loss of subsidiaries between the owners of the parent and the non-controlling interests based on their respective ownership interests.

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred.

The Group recognises identifiable assets acquired and liabilities assumed in a business combination regardless of whether they have been previously recognised in the acquiree's financial statements prior to the acquisition. Assets acquired and liabilities assumed are generally measured at their acquisition-date fair values.

Goodwill is stated after separate recognition of identifiable intangible assets. It is calculated as the excess of the sum of (a) fair value of consideration transferred, (b) the recognised amount of any non-controlling interest in the acquiree, and (c) acquisition-date fair value of any existing equity interest in the acquiree, over the acquisition-date fair values of identifiable net assets. If the fair values of identifiable net assets exceed the sum calculated above, the excess amount (i.e. gain on a bargain purchase) is recognised in profit or loss immediately.

Associates are those entities over which the Group is able to exert significant influence but which are not subsidiaries.

#### (d) Foreign currency translation

The functional and presentation currency of Sabre Resources Ltd, Link National Pty Ltd, Sherlock Operations Pty Ltd, Hammond Park Pty Ltd, Starloop Holdings Pty Ltd, Power Metals Pty Ltd and Scarce Minerals Pty Ltd is Australian Dollars (A\$), and the functional and presentation of Sabre Resources Namibia (Pty) Ltd and Gazania Investments Nine (Pty) Ltd is Namibian Dollars (N\$).

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (d) Foreign currency translation (continued)

Cash remittances from the parent entity to the Namibian subsidiaries are sent in Australian Dollars. Transactions in foreign currencies are initially recorded in the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

As at the reporting date the assets and liabilities of any overseas subsidiaries would be translated into the presentation currency of Sabre Resources Ltd at the rate of exchange ruling at the Statement of Financial Position date and the Statement of Profit or Loss and Other Comprehensive Income are translated at the weighted average exchange rates for the period.

The exchange differences arising on the retranslation are taken directly to Other Comprehensive Income.

On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in the Statement of Profit or Loss.

#### (e) Property, plant and equipment

Plant and equipment is stated at cost less accumulated depreciation and any impairment in value.

Depreciation is calculated on a straight-line basis over the estimated useful life of the asset as follows:  
Plant and equipment - over 3 to 5 years

##### *Impairment*

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash-generating units are written down to their recoverable amount.

The recoverable amount of plant and equipment is the greater of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the Statement of Profit or Loss in the period the item is derecognised.

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (f) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication that a non-financial asset may be impaired. Where an indicator of impairment exists, the Group makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset's value in use cannot be estimated to be close to its fair value less costs to sell and it does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

#### (g) Investments and other financial assets

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless, an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Financial assets at fair value through profit or loss

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either: (i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or a derivative; or (ii) designated as such upon initial recognition where permitted. Fair value movements are recognised in profit or loss.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income include equity investments which the consolidated entity intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

Impairment of financial assets

The consolidated entity recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the consolidated entity's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (g) Investments and other financial assets (continued)

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets measured at fair value through other comprehensive income, the loss allowance is recognised within other comprehensive income. In all other cases, the loss allowance is recognised in profit or loss.

#### Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

#### Impairment

At the end of each reporting period, the Group assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the Statement of Profit or Loss and Other Comprehensive Income.

#### (h) Exploration and Evaluation Expenditure

Exploration and evaluation expenditure in relation to separate areas of interest for which rights of tenure are current is carried forward as an asset in the statement of financial position where it is expected that the expenditure will be recovered through the successful development and exploitation of an area of interest, or by its sale; or exploration activities are continuing in an area and activities have not reached a stage which permits a reasonable estimate of the existence or otherwise of economically recoverable reserves.

Exploration and evaluation assets are assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount. The recoverable amount of the exploration and evaluation asset is estimated to determine the extent of the impairment loss (if any).

In the event that an area of interest is abandoned or if the Directors consider the expenditure to be of reduced value, accumulated costs carried forward are written off in the year in which that assessment is made. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (i) Trade and other receivables

Trade receivables, which generally have 30-90 day terms, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

An allowance for doubtful debts is made when there is objective evidence that the Group will not be able to collect the debts. Bad debts are written off when identified.

#### (j) Cash and cash equivalents

Cash and short-term deposits in the Statement of Financial Position comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less.

For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

#### (k) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### (l) Share-based payment transactions

##### (i) Equity settled transactions:

In the year under review, the Group did not provide benefits to management personnel and consultants of the Group in the form of share-based payments whereby personnel render services in exchange for shares.

In valuing equity-settled transactions, no account was taken of any performance conditions, other than conditions linked to the price of the shares of Sabre Resources Ltd (market conditions). The cost of equity-settled transactions was recognised, together with the corresponding increase in equity, on the date of grant of the options.

The dilutive effect, if any, of outstanding options is reflected as additional share dilution in the computation of earnings per share.

##### (ii) Cash settled transactions:

The Group does not provide benefits to employees in the form of cash-settled share based payments.

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (l) Share-based payment transactions (continued)

Any cash-settled transactions would be measured initially at fair value at the grant date using the Black-Scholes formula taking into account the terms and conditions upon which the instruments were granted. This fair value is expensed over the period until vesting with recognition of a corresponding liability. The liability is remeasured to fair value at each reporting date up to and including the settlement date with changes in fair value recognised in the Statement of Profit or Loss and Other Comprehensive Income.

#### (m) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

##### (i) Interest

Revenue is recognised as the interest accrues (using the effective interest method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument) to the net carrying amount of the financial asset.

#### (n) Income tax

Deferred income tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred income tax liabilities are recognised for all taxable temporary differences:

- except where the deferred income tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, except where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.
- Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilised:
- except where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and,
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

## NOTES TO THE FINANCIAL STATEMENTS

---

### 2. Summary of Significant Accounting Policies (continued)

#### (n) Income tax (continued)

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Income taxes relating to items recognised directly in equity are recognised in equity and not in the Statement of Profit or Loss and Other Comprehensive Income. Income tax benefits are comprised of research and development claims against eligible expenditure.

#### (o) Other taxes

Revenues, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

#### (p) Trade and other payables

Trade payables and other payables are carried at amortised costs and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services.

#### (q) Contributed equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies (continued)

#### (r) Earnings per share

Basic earnings per share is calculated as net loss attributable to members of the parent, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is calculated as net loss attributable to members of the parent, adjusted for:

- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

#### (s) Comparatives

Comparatives are reclassified where necessary to be consistent with the current year's disclosures.

#### (t) Going Concern

The financial report has been prepared on the basis of going concern, which contemplates continuity of normal business activities, and the realisation of assets and settlement of liabilities in the ordinary course of business. During the period, the Group has reported a loss of \$721,146, (2019: \$14,551,815). Net cash outflow from operating activities was \$461,195, (2019: \$804,461) and from investing activities of \$348,440, (2019: \$228,089).

The Directors will continue to monitor the capital requirements of the Group, and this includes additional capital raisings in future periods as required. The Group has the ability to vary discretionary exploration expenditure if required.

In addition:

- Subsequent to year end, The Company has conducted capital raisings and raised \$1,098,803 (before costs). Refer note 26.
- The Company has the unconditional right to defer settlement on an amount of \$200,000 as at 30 June 2020, for at least fifteen months from 1 July 2020, unless and until the Company becomes in a position to repay the whole or part of the amounts accrued and still remain solvent and a going concern. There is no interest is payable on the amounts accrued.

The directors have concluded that the combination of these circumstances represent a material uncertainty that casts significant doubt about the group's ability to continue as a going concern. After making enquiries and considering the uncertainties described above the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future. For these reasons they continue to adopt the going concern basis in preparing the financial report.

# SABRE RESOURCES LTD

## NOTES TO THE FINANCIAL STATEMENTS

### (f) Going Concern (continued)

Should the group be unable to obtain the funding as described above, there is a material uncertainty whether the group will be able to continue as a going concern, and therefore, whether it will be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different from these stated in the financial report. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that may be necessary should the group be unable to continue as a going concern.

### 3. Significant Accounting Judgments, Estimates and Assumptions

In applying the Group's accounting policies, management continually evaluates judgments, estimates and assumptions based on experience and other factors, including expectations of future events that may have an impact on the Group. All judgments, estimates and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. Actual results may differ from the judgments, estimates and assumptions. Significant judgments, estimates and assumptions made by management in the preparation of these financial statements are outlined below:

(i) *Significant accounting judgments include:*

- (a) Provision for investments in and loans to subsidiaries  
Investments in, and loans to, subsidiaries are fully provided for until such time as subsidiaries are in a position to repay loans.
- (b) Exploration expenditure  
The Group determines whether exploration and evaluation expenditure is impaired on at least an annual basis. The application of this policy necessarily requires management to make certain estimates and assumptions as to future events and circumstances. Any such estimates and assumptions may change as new information becomes available. If, after having capitalised expenditure under this policy, it is concluded that the consolidated entity is unlikely to recover the expenditure by future exploitation or sale, then the relevant capitalised amount will be written off to profit and loss.

(ii) *Significant accounting estimates and assumptions include:*

- (a) Estimation of useful lives of assets  
The estimation of the useful lives of assets has been based on historical experience as well as manufacturers' warranties (for plant and equipment) and turnover policies (for motor vehicles). In addition, the condition of assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful life are made when considered necessary.
- (b) Coronavirus (COVID-19) pandemic  
Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Group based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the Group operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Group unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

At shareholders' meetings each fully paid ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

#### Capital Management

Management controls the capital of the group in order to maintain a suitable debt to equity ratio and to ensure that the group can fund its operations and continue as a going concern.

The group's debt and capital includes ordinary share capital, supported by financial assets.

There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market.

There have been no changes in the strategy adopted by management to control the capital of the group since the prior year.

### 19. Financial Instruments (continued)

#### Reconciliation of Financial Assets to Net Assets

	Consolidated	
	2020	2019
	\$	\$
Net financial assets	(79)	(643,960)

Plant and equipment	9,861	14,696
	<u>11,461,565</u>	<u>12,393,961</u>

(b) Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at report date to recognised financial assets is the carrying amount of those assets, net of any provision for doubtful debts, as disclosed in the Statement of Financial Position and notes to the financial report.

The consolidated entity does not have any material credit risk exposure to any single debtor or group of debtors under financial instruments entered into by the consolidated entity.

(c) Net Fair Values

The carrying amount of financial assets and financial liabilities recorded in the financial statements represent their respective net fair values determined in accordance with the accounting policies disclosed in note 2 to the financial statements.

(d) Financial Risk Management

The Group's financial instruments consist mainly of deposits with recognised banks, investments in bank bills up to 90 days, accounts receivable and accounts payable, and loans to subsidiaries. Liquidity is managed, when sufficient funds are available, by holding sufficient funds in a current account to service current obligations and surplus funds invested in bank bills. The Directors analyse interest rate exposure and evaluate treasury management strategies in the context of the most recent economic conditions and forecasts. The main risks the Group is exposed to, through its financial instruments, are the depository banking institution itself, holding the funds, and interest rates. The Group's active exposure to foreign currency is confined to services procured through the Namibian subsidiary. The Group's credit risk is minimal as being an exploration company, no goods are sold, or services provided, for which consideration is claimed.

(e) Sensitivity Analysis

Interest Rate Risk, Foreign Currency Risk and Price Risk

The group has performed sensitivity analysis relating to its exposure to interest rate risk, foreign currency risk and price risk at report date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

## NOTES TO THE FINANCIAL STATEMENTS

### 19. Financial Instruments (continued)

#### *Interest Rate Sensitivity Analysis*

At 30 June 2020, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant would be as minimal:

	Consolidated	
	2020	2019
	\$	\$
Change in profit:		
- Increase in interest rate by 2%	8,001	15,584
- Decrease in interest rate by 2%	(8,001)	(15,584)
Change in Equity		
- Increase in interest rate by 2%	8,001	15,584
- Decrease in interest rate by 2%	(8,001)	(15,584)

#### *Foreign Currency Risk Sensitivity Analysis*

There is minimal foreign currency risk as insignificant balances of foreign currency are held.

#### (f) Liquidity Risk

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Group manages the risk through the following mechanisms:

- preparing forward looking cash flow analysis in relation to its operational, investing and financing activities;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- only investing surplus cash with major financial institutions; and comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

The tables below reflect an undiscounted contractual maturity analysis for financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward.

(g) Price risk

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices largely due to demand and supply factors for commodities.

The Group is also exposed to securities price risk on investments held for trading or for medium to longer terms. Such risk is managed through diversification of investments across industries and geographical locations.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SABRE RESOURCES LIMITED REPORT ON THE AUDIT OF THE FINANCIAL REPORT

### Opinion

We have audited the financial report of Sabre Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the period then ended, and notes to the financial statements comprising a summary of significant accounting policies and the Director's Declaration.

In our opinion the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) Giving a true and fair view of the Group's financial position at 30 June 2020 and of its financial performance for the period then ended; and
- (b) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of this report. We are independent of the Group in accordance with the independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter – Material Uncertainty Regarding Going Concern

We draw attention to Note 2(t) in the financial report, which indicates that the Group incurred a net loss of \$721,146 (2019 loss :\$14,551,815). As stated in Note 2(t) this condition, along with other matters set forth in Note 2(t), indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern, and whether it will realise its assets and extinguish its liabilities in the normal course of business and at amounts stated in the financial report. Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Material Uncertainty Regarding Going Concern Section, we have determined the matters described below to be key audit matters to be communicated in our report.

Key Audit Matter	How we addressed the Key Audit Matter
<b>Consideration of impairment of capitalised mineral exploration and evaluation expenditure</b>	
<p>The carrying amount of capitalised mineral exploration and evaluation expenditure was a significant component of the Group's total assets at \$11,451,783 at 30 June 2020.</p> <p>Exploration assets are required to be assessed for impairment when facts and circumstances suggest that the carrying amount of exploration and evaluation assets may exceed its recoverable amount.</p> <p>This matter is considered a key audit matter due to the high degree of judgement required by the directors to assess whether impairment indicators are present for specified tenements held and due to the significance of the capitalised amount at 30 June 2020.</p> <p>The conditions and assessment undertaken in relation to impairment are disclosed in the Group's accounting policy Notes 2(h), Note 3 and Note 11 in the financial report.</p>	<p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> <li>• Conducting discussions with management regarding the criteria used in their impairment assessment and ensuring that this was in line with <i>AASB 6 Exploration for and Evaluation of Mineral Resources</i>.</li> <li>• Reviewing evidence of activities carried out and management intentions for the area of interest the Group holds, to corroborate the representations made by management during our discussions.</li> <li>• Assessed the Group's right to tenure by obtaining and assessing supporting documentation such as license agreements or renewals and any correspondence with relevant government agencies in connection with the renewal process.</li> <li>• Evaluating key assumptions adopted by management that support the position formed on whether the exploration and evaluation expenditure was impaired.</li> </ul>

### **Information Other than the Financial Report and the Audit's Report Thereon**

The directors are responsible for the other information. The other information comprises the information included in the Group's 2020 Annual Report for the period ended 30 June 2020 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based upon the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of the Directors' for the Financial Report**

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material mis-statement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained whether a material uncertainty exists related to events and conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the group financial report. The auditor is responsible for the direction, supervision and performance of the group audit. The auditor remains solely responsible for the audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may be reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on the Remuneration Report**

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 1: Lay solid foundations for management and oversight (Ctd)</b>	
<p>1.5 Listed entities should:</p> <p>(a) Have a diversity policy which includes requirements for the Board or relevant Board committee to set measurable objectives for achieving gender diversity and to annually assess and disclose the objectives and progress towards their achievement;</p> <p>(b) Disclose that policy or a summary of it; and</p> <p>(c) Disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the Board (or relevant Board committee) in accordance with the entity's diversity policy and its progress towards achieving them, and either:</p> <p>[1] the respective proportions of men and women on the Board, in senior management positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes) or</p> <p>[2] if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators" as defined under that Act.</p>	<p>NA The Company has disclosed its <i>Diversity Policy</i> on its website at <a href="http://sabresources.com">sabresources.com</a>. The Company's <i>Diversity Policy</i> does not mandate setting measurable objectives for achieving gender diversity as it is impractical to do so at this time. The proportion of women across the whole organisation, in senior executive positions, and on the Board, as at the date of this statement, is as follows:</p> <ul style="list-style-type: none"> <li>• Whole organisation – 20%</li> <li>• Senior Executive Positions – 0%</li> <li>• Board – 0%</li> </ul> <p>For the purposes of this statement and the Company's gender diversity, "senior executive" means a person who reports directly to the Board or Managing Director and/or who makes or participates in making decisions that could significantly affect the Company's operations.</p>
<p>1.6 Listed entities should have and disclose a process for periodically evaluating the performance of the Board, its committees and individual directors; and disclose whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	<p>A The Company's processes for evaluating the performance of the Board and its Directors are disclosed on the Company's website at <a href="http://sabresources.com">sabresources.com</a> in the Company's <i>Corporate Governance Policy</i>.</p>
<p>1.7 Listed entities should have and disclose a process for periodically evaluating the performance of its senior executives; and disclose whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	<p>A The Company's processes for evaluating its Managing Director and key executives are disclosed on the Company's website at <a href="http://sabresources.com">sabresources.com</a> in the Company's <i>Corporate Governance Policy</i>.</p>

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 2: Structure the Board to add value</b>	
<p>2.1 (a) The Board of a listed entity should have a nomination committee of at least three members (a majority of whom are independent directors) chaired by an independent director and disclose:</p> <ul style="list-style-type: none"> <li>• The committee charter</li> <li>• The committee members; and</li> <li>• As at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or</li> </ul> <p>(b) If a nomination committee is not established then disclose that fact and the processes employed to address board succession issues, and to ensure the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.</p>	<p>NA The Company has a small Board consisting of three Directors. The Board considers it desirable to use the full complement of knowledge, expertise and experience of all its Directors in making decisions and performing the functions usually associated with a Nomination Committee. The Company's <i>Corporate Governance Policy</i> and <i>Diversity Policy</i> disclosed at <a href="http://sabreresources.com">sabreresources.com</a> outlines processes pertaining to board succession, skills, knowledge, experience, independence and diversity.</p>
<p>2.2 Listed entities should have and disclose a board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.</p>	<p>A The Company has disclosed in its <i>Corporate Governance Policy</i> and <i>Diversity Policy</i> at <a href="http://sabreresources.com">sabreresources.com</a> the mix of skills and diversity the Board currently has and considers desirable in its membership given the Company's stage of development.</p>
<p>2.3 Listed entities should disclose the names of directors considered by the Board to be independent directors, the length of each director's service and, if a director has an interest, position, association or relationship that might cause doubt about the independence of that director, but the Board is of the opinion that it does not compromise the independence of the director, disclose the nature of the interest, position, association or relationship in question and disclose why the Board is of that opinion.</p>	<p>A The three current Directors are considered independent. The Company has disclosed the names of its Directors, their position, relevant interests or associations and their length of service in the Company's 2020 Annual Financial Report.</p>
<p>2.4 A majority of a listed entity's Board should be independent directors.</p>	<p>A The three current Directors are considered independent.</p>

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 2: Structure the Board to add value (Ctd)</b>	
2.5 The Chairperson of a listed entity should be an Independent Director and, in particular, should not be the same person as the CEO of the entity.	A The Chairperson is independent.
2.6 Listed entities should have an induction program for new directors and provide professional development opportunities for directors to develop and maintain the skills and knowledge to perform their role as directors effectively.	A An induction program will be provided to any new directors if and when a new director is appointed. Professional development opportunities are provided to the Directors as and when needed.
<b>Principle 3: Act ethically and responsibly</b>	
3.1 Listed entities should have a code of conduct for its directors, senior executives and employees and disclose that code or a summary of it.	A The Company has disclosed its <i>Code of Conduct and Policy for Trading in Company Securities</i> on the Company's website at <a href="http://sabresources.com">sabresources.com</a> .
<b>Principle 4: Safeguard integrity in corporate reporting</b>	
<p>4.1 Listed entities should:</p> <p>(a) Have an audit committee which:</p> <p>(1) Has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and</p> <p>(2) Is chaired by an independent director, who is not the chair of the Board, and disclose:</p> <p>(3) The charter of the committee;</p> <p>(4) The relevant qualifications and experience of the members of the committee; and</p> <p>(5) In relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or</p> <p>(b) If it does not have an audit committee, disclose that fact and the processes employed to independently verify and safeguard the integrity of its corporate reporting, including the processes.</p>	<p>NA The Company has a small Board consisting of three Directors. At this stage, the Company has not established an Audit Committee and the Board prefers to use the full complement of knowledge, expertise and experience of all Directors in making decisions regarding the Company's audit and the Company's external auditors. All three Directors are financially literate.</p> <p>The Company's external auditors were appointed in 2019. Prior to their appointment, the Board obtained proposals from reputable audit firms and appointed the Company's current auditor after considering their experience with listed exploration companies operating in foreign and domestic jurisdictions, the experience and quality of personnel involved with the Company's audit, their internal quality control measures, their approach and methodology in conducting the audit, references, and awareness of professional requirements within accounting and for the appointment and removal of the external auditor and the rotation of the audit engagement partner, auditing standards including those pertaining to independence, confidentiality and conflicts of interest.</p>

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 4: Safeguard integrity in corporate reporting (Ctd)</b>	
<p>4.2 The Board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.</p>	<p>A Prior to approving the financial statements for the full year ended 30 June 2020, Sabre's Board received from the Chief Executive Officer and Chief Financial Officer declarations that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.</p>
<p>4.3 Listed entities should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.</p>	<p>A In accordance with section 250S of the Corporations Act the external auditor attended the 2019 AGM and the Chair expressly provided the opportunity for shareholders attending the meeting to ask questions relevant to the audit. Had there been any written questions submitted to the auditor (there were none) the Chair would also have ensured the opportunity for the external auditor to answer questions as required under section 250PA of the Corporations Act.</p>
<b>Principle 5: Make timely and balanced disclosure</b>	
<p>5.1 Listed entities should have a written policy for complying with its continuous disclosure obligations under the Listing Rules and disclose that policy or a summary of it.</p>	<p>A The Company has established written policies for complying with continuous disclosure obligations under the ASX Listing Rules which are disclosed within the Company's <i>Disclosure Policy</i> on the Company's website at <a href="http://sabreresources.com">sabreresources.com</a>.</p>
<b>Principle 6: Respect the rights of security holders</b>	
<p>6.1 A listed entity should provide information about itself and its governance via its website.</p>	<p>A The Company provides information about itself and its governance to investors via its website at <a href="http://sabreresources.com">sabreresources.com</a>.</p>

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 6: Respect the rights of security holders (Ctd)</b>	
6.2 Listed entities should design and implement an investor relations program to facilitate effective two-way communication with investors.	A The Company has designed and implemented an investor relations program to facilitate effective two-way communication with investors. The program is set out in the Company's <i>Disclosure Policy</i> and <i>Corporate Governance Policy</i> disclosed on its website at <a href="http://sabresources.com">sabresources.com</a> .
6.3 Listed entities should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of security holders.	A Refer above – the Company's <i>Corporate Governance Policy</i> and the Company's <i>Disclosure Policy</i> are both published on the Company's website at <a href="http://sabresources.com">sabresources.com</a> .
6.4 Listed entities should provide security holders with the option to receive communications from, and send communications to the entity and its share registry electronically.	A Shareholders are given the option to receive communications from, and send communications to the Company and its share registry electronically.
<b>Principle 7: Recognise and manage risk</b>	
7.1 The listed entity's Board should: (a) Have a committee or committees to oversee risk, each of which: (1) Has at least three members, a majority of whom are independent directors; and (2) Is chaired by an independent director, and disclose: (3) The charter of the committee; (4) The members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) If it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework	A Given the size and composition of the current Board it believes that no efficiencies are to be gained by establishing a separate Risk Committee. During the Reporting Period, responsibility for overseeing the Company's risk management rested with the Board. The Company's Risk Management Policy is disclosed within its <i>Corporate Governance Policy</i> on the Company's website at <a href="http://sabresources.com">sabresources.com</a> . During the Reporting Period the full Board reviewed and where necessary amended its risk management and in so doing identified or confirmed business risks, assessed the likelihood and materiality of these risks and developed and implemented measures to mitigate these risks.

## CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRINCIPLES & RECOMMENDATIONS	ADOPTED / NOT ADOPTED AND COMMENT
<b>Principle 7: Recognise and manage risk (Ctd)</b>	
7.2 The listed entity's Board or a committee of the Board should review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and disclose, in relation to each reporting period, whether such a review has taken place.	A Refer above.
7.3 Listed entities should disclose if they have an internal audit function, how the function is structured and what role it performs or, if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.	NA The Company does not have an internal audit function. Refer above (7.1) for further discussion.
7.4 Listed entities should disclose whether they have any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks	<p>A The Company faces economic, social and environmental risks that are largely inherent to the global and domestic economies, the industry, capital markets and the jurisdictions in which it operates.</p> <p>The Board has considered these risks in relation to a "material exposure threshold", as required under the CPGR, and put in place measures to reduce these risks to tolerable levels and, as defined in CPGR, there does not appear to be "a real possibility that the risk could substantively impact the Company's ability to create or preserve value for security holders ..." in the foreseeable future.</p>
<b>Principle 8: Remunerate fairly and responsibly</b>	
<p>8.1 Listed entities should:</p> <p>(a) Have a remuneration committee which:</p> <p>(1) Has at least three members, a majority of whom are independent directors; and</p> <p>(2) Is chaired by an independent director, and disclose:</p> <p>(3) The charter of the committee;</p> <p>(4) The members of the committee; and</p>	<p>A Given the size and composition of the current Board, it believes that no efficiencies are to be gained by establishing a separate Remuneration Committee. During the Reporting Period the Board followed the Company's Remuneration Policy as disclosed in the Director's Report of the Company's Annual Financial Report for the year ended 30 June 2020. In doing so the Board employed policies and processes designed to ensure equitable and responsible levels and composition of remuneration to Directors and senior executives.</p>
