¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3. The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

The Corporate Governance Statement (the Statement) for Tassal Group is accurate as at [insert date].

This Statement details Tassal's corporate governance practices and compliance with the core principles and underlying recommendations of the fourth edition of the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations" for the period ended 30 June 2020.

The Statement's format specifically aligns clearly to each specific recommendation. The statement also lists the relevant codes, policies or charters that underpin Corporate Governance practices at Tassal.

Tassal Group Governance Framework

The Board of Directors of Tassal (the **Board**), working with senior management, is responsible for the corporate governance of Tassal and its controlled entities. The Board carries out its responsibilities within a framework of corporate governance policies and practice documents which outline the commitment to act ethically, openly, fairly, and diligently when promoting the interests of shareholders, employees and customers and broader community interests.

Unless explicitly stated otherwise, the Directors believe Tassal complies with the core principles and underlying recommendations of the fourth edition of the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations" for the period ended 30 June 2020.

The Board currently has the following three Committees to assist the Board in meeting its responsibilities:

- The Nominations Committee – see “Principle 2 – Structure the Board to add value”
- The Remuneration Committee – see “Principle 8 – Remunerate fairly and responsibly ”
- The Audit and Risk Management Committee – see “Principle 4 – Safeguard integrity in corporate reporting”

Each of the Committees has its own Charter which establishes the Committee’s terms of reference and operating procedures.

Appropriate checks are made at the time of and as part of the recruitment process.

In accordance with the Company’s Constitution, if the Board appoints a new Director during the year, that person will stand for election by shareholders at the next Annual General Meeting. Shareholders are provided with relevant background information on the candidate for election and the candidate is invited to give a short presentation to the Annual General Meeting in support of their election.

Retiring Directors are subject to the selection and appointment procedures set out in the Constitution of the Company, the ASX Listing Rules and the Corporations Act.

CORPORATE GOVERNANCE STATEMENT

Tassal Group Limited and Controlled Entities

should be to have not less than 30% of its directors of each gender within a specified period.

The Directors have adopted a Diversity Policy which includes requirements for the Board to establish measurable objectives for achieving gender diversity and for the Board to assess annually both the objectives and progress in achieving them.

In 2011 the Board adopted the Company's Diversity Policy. The Nominations Committee of the Board of Directors has responsibility for oversight of the Policy. The Committee has established the following measurable objectives concerning the strategies, initiatives and programmes to achieve gender diversity in order to create an environment conducive to the appointment of well-qualified Board, senior management and other employees to maximise the achievement of Tassal's corporate goals.

Measurable objectives:

- (i) Annual review of following policies and procedures has been conducted to ensure Equal Employment Opportunity (EEO) is part of the process and no barriers to diversity within policies or procedure;
 - a. Recruitment Policy
 - b. Recruitment and Promotions Procedure
 - c. Harassment, Bullying and Discrimination Policy
- (ii) The Company has a policy to ensure principles of diversity are considered such as flexibility of position design, and equity in consideration for selection.
- (iii) Inclusion of company diversity data within annual sustainability report.
- (iv) Continue to participate in career forums, school networks etc to reinforce positive messages to both genders concerning careers within Tassal.
- (v) Training platforms across the business cover both technical and competency-based aspects of which all genders are given equal access to participate with support given to those that participate.
- (vi) Continued recruitment practices with aim for mix of males and females shortlisted for Senior Executive roles (but no change to approach on competency/skills).

The Company continues with selection criteria which are competency based, but which also recognise diversity. To date the Company has focused on objectives that are key inputs in facilitating increased diversity throughout the Company rather than outputs. Accordingly, the Board has not set specific numerical targets for female representation other than expecting a year on year increase in the proportion of women employed in the Tassal Group.

The Committee will also monitor the representation of women on the Board by ensuring that appropriately qualified women are considered for any Board appointments.

Diversity outcomes recognised during the 2019/2020 were

- female representation on the Board was 28.57%
- female representation within Executive Group, direct reports to the CEO, was 27.27%
- female representation within Management was 17.65 %

CORPORATE GOVERNANCE STATEMENT

Tassal Group Limited and Controlled Entities

- female representation across Non- Management was 29.97 %

The Committee will undertake an annual review of the Diversity Policy and the progress towards delivering these measurable objectives.

Tassal recognises diversity including not only gender but also age, ethnicity, cultural and sexual orientation, and adds value to the Group's ability to achieve its strategic ambitions.
