DIRECTORS' REPORT

MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL PERIOD

- On 1 July 2020 the Company completed the acquisition of the Fingals and Rowes Find gold exploration projects from Silver Lake Resources Limited by the issue of 8,417,962 shares at a fair value of \$0.91.
- Subsequent to 30 June 2020 the Company has issued 1,726,631 shares on the exercise of options.
- Subsequent to 30 June 2020 the Company completed the issue of 12,195,122 shares at \$0.82 per share to raise \$10 million before costs.

The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has resulted in manageable delays to certain exploration and feasibility study programs, it has not materially financially impacted the Group up to 30 June 2020. It is not practicable to estimate the potential impact, positive or negative, after the reporting date.

Other than the above, there has not arisen in the interval between the end of the financial period and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company to affect substantially the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

The Company expects to maintain exploration and feasibility programs at its Bulong, Fingals and Rowe's Find Gold Projects in Western Australia.

Disclosure of any further information has not been included in this report because, in the reasonable opinion of the Directors, to do so would be likely to prejudice the business activities of the Group and is dependent upon the results of the future exploration and evaluation.

ENVIRONMENTAL REGULATION AND PERFORMANCE

The Group holds various exploration licences to regulate its exploration activities in Australia. These licences include conditions and regulations with respect to the rehabilitation of areas disturbed during the course of its exploration activities.

So far as the Directors are aware, all exploration activities have been undertaken in compliance with all relevant environmental regulations.

REMUNERATION REPORT (AUDITED)

Remuneration paid to Directors and Officers of the Company is set by reference to such payments made by other ASX listed companies of a similar size and operating in the mineral exploration industry. In addition, reference is made to the financial position of the Company and the specific skills and experience of the Directors and Officers.

Details of the nature and amount of remuneration of each Director, and other Key Management Personnel if applicable, are disclosed annually in the Company's Annual Report.

Remuneration Committee

The Board has adopted a formal Remuneration Committee Charter which provides a framework for the consideration of remuneration matters.

The Company does not have a separate Remuneration Committee and as such all remuneration matters are considered by the Board as a whole, with no Member deliberating or considering such matter in respect of their own remuneration.

DIRECTORS' REPORT

REMUNERATION REPORT (CONTINUED)

In the absence of a separate Remuneration Committee, the Board is responsible for:

1. Setting remuneration packages for Executive Directors, Non-Executive Directors and other Key Management Personnel; and
2. Implementing employee incentive and equity based plans and making awards pursuant to those plans.

Non-Executive Remuneration

The Company's policy is to remunerate Non-Executive Directors, at rates comparable to other ASX listed companies in the same industry, for their time, commitment and responsibilities.

Non-Executive Remuneration is not linked to the performance of the Company, however, to align Directors' interests with shareholders' interests, remuneration may be provided to Non-Executive Directors in the form of equity based long term incentives.

1. Fees payable to Non-Executive Directors are set within the aggregate amount approved by shareholders at the Company's Annual General Meeting;
2. Non-Executive Directors' fees are payable in the form of cash and superannuation benefits;
3. Non-Executive superannuation benefits are limited to statutory superannuation entitlements; and
4. Participation in equity based remuneration schemes by Non-Executive Directors is subject to consideration and approval by the Company's shareholders.

The maximum Non-Executive Directors' fees payable in aggregate, are currently set at \$350,000 per annum.

Executive Director and Other Key Management Personnel Remuneration

Executive remuneration consists of base salary, plus other performance incentives to ensure that:

1. Remuneration packages incorporate a balance between fixed and incentive pay, reflecting short and long term performance objectives appropriate to the Company's circumstances and objectives; and
2. A proportion of remuneration is structured in a manner to link reward to corporate and individual performances.

Executives are offered a competitive level of base salary at market rates (based on comparable ASX listed companies) and are reviewed regularly to ensure market competitiveness. To date the Company has not engaged external remuneration consultants to advise the Board on remuneration matters.

Incentive Plans

The Company provides long term incentives to Directors and Employees pursuant to the Black Cat Syndicate Incentive Option Plan, which was approved by shareholders on 14 October 2017.

The Board, acting in remuneration matters:

1. Ensures that incentive plans are designed around appropriate and realistic performance targets and provide rewards when those targets are achieved;
2. Reviews and approves existing incentive plans established for employees; and
3. Approves the administration of the incentive plans, including receiving recommendations for, and the consideration and approval of grants pursuant to such incentive plans.

REMUNERATION REPORT (CONTINUED)

Engagement of Non-Executive Directors

Non-Executive Directors conduct their duties under the following terms:

1. A Non-Executive Director may resign from his/her position and thus terminate their contract on written notice to the Company; and
2. A Non-Executive Director may, following resolution of the Company's shareholders, be removed before the expiration of their period of office (if applicable). Payment is made in lieu of any notice period if termination is initiated by the Company, except where termination is initiated for serious misconduct.

In consideration of the services provided by Paul Chapman as Non-Executive Chairman, the Company will pay \$60,000 inclusive of statutory superannuation per annum.

In consideration of the services provided by Les Davis, Tony Polglase and Alex Hewlett as Non-Executive Directors, the Company will pay each \$40,000 inclusive of statutory superannuation per annum.

Messrs Chapman, Davis, Polglase and Hewlett are also entitled to fees for other amounts as the Board determines where they perform special duties or otherwise perform extra services or make special exertions on behalf of the Company. There were no such fees paid during the financial period ended 30 June 2020.

Engagement of Executive Director

The Company has entered into an executive service agreement with Gareth Solly in respect of his engagement as Managing Director on the following material terms and conditions:

- is effective for three years from 1 January 2018 and receives a base salary of \$250,000 per annum plus statutory superannuation and may also receive an annual short term performance based bonus which may be calculated as a percentage of current base salary, the performance criteria, assessment and timing of which is negotiated annually with the Non-Executive Directors; and
- subject to shareholder approval, may participate in the Black Cat Syndicate Incentive Option Plan and other long term incentive plans adopted by the Board.

The Managing Director's base salary was increased to \$250,000 per annum, plus statutory superannuation following a review of executive remuneration, effective 1 July 2019. There were no other amendments to his executive service agreement.

Short Term Incentive Payments

Non-Executive Directors set the Key Performance Indicators ("KPI's") for the Executive Director and other senior employees. The KPI's are chosen to align the reward of the individual Executive to the strategy and performance of the Company.

Performance objectives, which may be financial or non-financial, or a combination of both, are weighted when calculating the maximum Short Term Incentives ("STI") payable to Executives. At the end of the specified measurement period, the Non-Executive Directors will assess the actual performance of the Executives against the set Performance Objectives. The maximum amount of the STI, or a lesser amount depending on actual performance achieved is paid to the Executives as a cash payment. Refer to the Details of Performance Related Remuneration section of this Remuneration Report for specific details of KPI's set and/or measured during the period.

No STI's are payable to Executives where it is considered that the actual performance has fallen below the minimum requirement.

Shareholding Qualifications

The Directors are not required to hold any shares in Black Cat under the terms of the Company's constitution. However, as shown above, all Directors have chosen to hold interests in Black Cat shares which are subject to ASX and voluntary restrictions.

Group Performance

In considering the Company's performance, the Board provides the following indices in respect of the current financial periods and previous financial periods:

	2020	2019	2018
	\$	\$	\$
Profit/(Loss) for the period attributable to shareholders	(1,397,501)	(1,131,029)	(749,702)
Closing share price at 30 June	0.81	0.265	0.255

As an exploration company the Board does not consider the profit/(loss) attributable to shareholders as one of the performance indicators when implementing STI payments.

In addition to technical and economic exploration success (including the publication of JORC compliant resources), the Board considers the effective management of safety, environmental and operational matters and the acquisition and consolidation of high quality landholdings, as more appropriate indicators of management performance.

DIRECTORS' REPORT

OFFICERS' INDEMNITIES AND INSURANCE

During the year, the Company paid an insurance premium to insure certain officers of the Company. The officers of the Company covered by the insurance policy include the Directors named in this report.

The Directors' and Officers' Liability insurance provides cover against costs and expenses that may be incurred in defending civil or criminal proceedings that fall within the scope of the indemnity and that may be brought against the officers in their capacity as officers of the Company. The insurance policy does not contain details of the premium paid in respect of individual officers of the Company. Disclosure of the nature of the liability cover and the amount of the premium is subject to a confidentiality clause under the insurance policy.

The Company has not provided any insurance for an auditor of the Company.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under Section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company or Group, or to intervene in any proceedings to which the Company or Group is a party, for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the Company or Group with leave of the Court under Section 237 of the Corporations Act 2001.

NON-AUDIT SERVICES

During the period, Crowe the Company's auditor, has not performed any other services in addition to their statutory duties, other than as stated below.

Total remuneration paid to auditors during the financial period:	2020 \$	2019 \$
Audit and review of the Company's financial statements	21,200	22,500
Total	21,200	22,500

The board considers any non-audit services provided during the year by the auditor and satisfies itself that the provision of any non-audit services during the year by the auditor is compatible with, and does not compromise, the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services are reviewed by the board to ensure they do not impact the impartiality and objectivity of the auditor; and
- the non-audit services provided do not undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*, as they do not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as an advocate for the Company or jointly sharing risks and rewards.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied throughout the reporting period, unless otherwise stated. The financial report includes financial statements for the consolidated entity consisting of Black Cat Syndicate Limited and its subsidiary ("the Group").

(a) Basis of Preparation

This general purpose financial report has been prepared in accordance with Australian Equivalents to International Financial Reporting Standards ("AIFRS"), other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial report is presented in Australian dollars and all values are rounded to the nearest dollar.

The separate financial statements of the parent entity have not been presented within this financial report as permitted by the Corporations Act 2001.

The financial report of the Group was authorised for issue in accordance with a resolution of Directors on 29 September 2020.

Statement of Compliance

The consolidated financial report of Black Cat Syndicate Limited complies with Australian Accounting Standards, which include AIFRS, in their entirety. Compliance with AIFRS ensures that the financial report also complies with International Financial Reporting Standards ("IFRS") in their entirety.

Adoption of New and Revised Accounting Standards

The Group has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

The adoption of the Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group.

New standards and interpretations not yet adopted

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application date for future reporting periods and which the Group has decided not to early adopt.

There are no new standards or interpretations not yet adopted by the Company likely to have a material effect on the financial report.

New standards and interpretations recently adopted

– *AASB 16 Leases*

AASB 16 Leases replaced existing accounting requirements for leases under AASB 117 Leases.

Under AASB 16, the Group accounts for operating leases as a lessee which results in the recognition of a right-of-use (ROU) asset and an associated lease liability on the statement of financial position. The lease liability represents the present value of future lease payments, with the exception of short term and low value leases. An interest expense is recognised on the lease liabilities and a depreciation charge recognised for the ROU assets.

The adoption of AASB 16 has not had a material impact on the financial statements of the Company.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies (continued)

(a) Basis of preparation (continued)

Reporting Basis and Conventions

These financial statements have been prepared under the historical cost convention, and on an accrual basis.

Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

Principles of Consolidation

The financial statements of subsidiary companies are included in the consolidated financial statements from the date control commences until the date control ceases. The financial statements of subsidiary companies are prepared for the same reporting period as the parent company, using consistent accounting policies.

Inter-entity balances resulting from transactions with or between controlled entities are eliminated in full on consolidation. Investments in subsidiary companies are accounted for at cost in the individual financial statements of the Company.

(a) Segment Reporting

Operating segments are identified and segment information disclosed, where appropriate, on the basis of internal reports reviewed by the Company's board of directors, being the Group's Chief Operating Decision Maker, as defined by AASB 8.

(b) Revenue Recognition

Interest Income

Interest income is recognised on a time proportion basis and is recognised as it accrues.

(c) Income Tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to the temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary timing differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates which are enacted or substantially enacted for each jurisdiction. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability.

BLACK CAT SYNDICATE LIMITED
ABN 63 620 896 282

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies (continued)

An exception is made for certain temporary differences arising from the initial recognition of an asset or a liability. No deferred tax asset or liability is recognised in relation to those timing differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

(d) Leases

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the consolidated entity's incremental borrowing rate.

Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies (continued)

(e) Impairment of Assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). Non-financial assets, other than goodwill, that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

(f) Cash and Cash Equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Government Grants

Government grants are recognised at fair value where there is reasonable assurance that the grant will be received, and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to assets are deducted from the carrying value of the relevant asset.

Amounts receivable from the Australian Tax Office in respect of research and development tax concession claims are recognised in the year in which the claim is lodged with the Australian Tax Office. Amounts receivable are allocated in the financial statements against the corresponding expense or asset in respect of which the research and development concession claim has arisen.

(h) Fair Value Estimation

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

(i) Property, Plant and Equipment

Property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the assets. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

BLACK CAT SYNDICATE LIMITED
ABN 63 620 896 282

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies (continued)

Depreciation of property, plant and equipment is calculated using the straight line or diminishing value methods to allocate their cost, net of residual values, over their estimated useful lives, as follows:

Asset Class	Depreciation Rate
Field equipment and vehicles	20%
Office equipment	33%

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 1(f)). Gains and losses on disposal are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement.

(j) Mineral Exploration and Evaluation Expenditure

Mineral exploration and evaluation expenditure are written off as incurred or accumulated in respect of each identifiable area of interest and capitalised. These costs are carried forward only if they relate to an area of interest for which rights of tenure are current and in respect of which:

- such costs are expected to be recouped through the successful development and exploitation of the area of interest, or alternatively by its sale; or
- exploration and/or evaluation activities in the area have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active or significant operations in, or in relation to, the area of interest is continuing.

In the event that an area of interest is abandoned or if the Directors consider the expenditure to be of reduced value, accumulated costs carried forward are written off in the year in which that assessment is made. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

Immediate restoration, rehabilitation and environmental costs necessitated by exploration and evaluation activities are expensed as incurred and treated as exploration and evaluation expenditure. Exploration activities resulting in future obligations in respect of restoration costs result in a provision to be made by capitalising the estimated costs, on a discounted cash basis, of restoration and depreciating over the useful life of the asset. The unwinding of the effect of the discounting on the provision is recorded as a finance cost in the income statement.

Farm-in arrangements (in the exploration and evaluation phase)

For exploration and evaluation asset acquisitions (farm-in arrangements) in which the Group has made arrangements to fund a portion of the selling partner's (farmer's) exploration and/or future development expenditures (carried interests), these expenditures are reflected in the financial statements as and when the exploration and development work progresses.

Farm-out arrangements (in the exploration and evaluation phase)

The Group does not record any expenditure made by the farmee on its account. It also does not recognise any gain or loss on its exploration and evaluation farm-out arrangements but redesignates any costs previously capitalised in relation to the whole interest as relating to the partial interest retained.

Monies received pursuant to farm-in agreements are treated as a liability on receipt and until such time as the relevant expenditure is incurred.

Note 1 Summary of Significant Accounting Policies (continued)

(k) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. The amounts are unsecured and usually paid within 30 days of recognition.

(l) Employee Benefits

Wages, Salaries and Annual Leave

Liabilities for wages and salaries, including non-monetary benefits, and annual leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Long Service Leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future salaries, experience of employee departures and periods of service. Expected future payments are discounted at the corporate bond rate with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Share Based Payments

Share based compensation payments are made available to Directors and employees.

The fair value of options granted is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the employees become unconditionally entitled to the options.

The fair value at grant date is independently determined using a Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free rate for the term of the option. A discount is applied, where appropriate, to reflect the non-marketability and non-transferability of unlisted options, as the Black-Scholes option pricing model does not incorporate these factors into its valuation.

The fair value of the options granted is adjusted to reflect market vesting conditions. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. At each balance sheet date, the entity revises its estimate of the number of options that are expected to become exercisable. The employee benefit expense recognised each period takes into account the most recent estimate.

Upon the exercise of options, the balance of the share based payments reserve relating to those options is transferred to share capital and the proceeds received, net of any directly attributable transaction costs, are credited to share capital.

Upon the cancellation of options on expiry of the exercise period, or lapsing of vesting conditions, the balance of the share based payments reserve relating to those options is transferred to accumulated losses.

(m) Issued Capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 1 Summary of Significant Accounting Policies (continued)

(n) Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the earnings attributable to equity holders of the Company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(o) Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as a part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the taxation authority, are presented as operating cash flow.

(p) Financial Instruments

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless, an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Financial assets at fair value through profit or loss

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either:

- (i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or a derivative; or
- (ii) designated as such upon initial recognition where permitted. Fair value movements are recognised in profit or loss.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income include equity investments which the consolidated entity intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

Impairment of financial assets

The consolidated entity recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the consolidated entity's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain. Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12 month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets measured at fair value through other comprehensive income, the loss allowance is recognised within other comprehensive income. In all other cases, the loss allowance is recognised in profit or loss.

(q) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(r) Current Versus Non-current Classification

The Group presents assets and liabilities in the statement of financial position based on a current or non-current classification.

An asset is current when it is:

- expected to be realized, or intended to be sold or consumed in the Group's normal operating cycle;
- expected to be realized within 12 months after the reporting period; or
- cash or a cash equivalents (unless restricted for at least 12 months after the reporting period).

A liability is current when it is:

- expected to be settled in the Group's normal operating cycle;
- it is due to be settled within 12 months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other assets and liabilities are classed as non-current.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 2 Financial Risk Management

The Group has exposure to a variety of risks arising from its use of financial instruments. This note presents information about the Company's exposure to the specific risks, and the policies and processes for measuring and managing those risks. The Board of Directors has the overall responsibility for the risk management framework and has adopted a Risk Management Policy.

(a) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from transactions with customers and investments.

Trade and Other Receivables

The current nature of the business activity of the Group does not result in trading receivables. The receivables that the Group does experience through its normal course of business are short term and the most significant recurring by quantity is receivable from the Australian Taxation Office, the risk of non-recovery of receivables from this source is considered to be negligible.

Cash Deposits

The Directors believe any risk associated with the use of predominantly only one bank is addressed through the use of at least an A-rated bank as a primary banker and by the holding of a portion of funds on deposit with alternative A-rated institutions. Except for this matter the Group currently has no significant concentrations of credit risk.

(b) Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages its liquidity risk by monitoring its cash reserves and forecast spending. Management is cognisant of the future demands for liquid finance resources to finance the Company's current and future operations, and consideration is given to the liquid assets available to the Company before commitment is made to future expenditure or investment.

(c) Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising any return.

Interest Rate Risk

The Group has significant cash assets which may be susceptible to fluctuations in changes in interest rates. Whilst the Group requires the cash assets to be sufficiently liquid to cover any planned or unforeseen future expenditure, which prevents the cash assets being committed to long term fixed interest arrangements; the Group does mitigate potential interest rate risk by entering into short to medium term fixed interest investments.

Foreign Exchange Risk

The Group does not have any direct contact with foreign exchange fluctuations other than their effect on the general economy and capital markets.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 3 Critical Accounting Estimates and Judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

Accounting for Capitalised Exploration and Evaluation Expenditure

The Group's accounting policy is stated at Note 1(j). There is some subjectivity involved in the carrying forward as capitalised or writing off to the income statement exploration and evaluation expenditure. Key judgements are applied in determining expenditure directly related to exploration and evaluation activities and allocating overheads between those that are expensed and capitalised. Management give due consideration to areas of interest on a regular basis and are confident that decisions to either write off or carry forward such expenditure reflect fairly the prevailing situation.

For the year ended 30 June 2020 the Group expensed unallocated and uncapitalised exploration expenditure of \$227,951 (2019: \$49,917).

Accounting for Share Based Payments

The values of amounts recognised in respect of share based payments have been estimated based on the fair value of the equity instruments granted. Fair values of options issued are estimated by using an appropriate option pricing model. There are many variables and assumptions used as inputs into the models. If any of these assumptions or estimates were to change this could have a significant effect on the amounts recognised. See Note 17 for details of inputs into option pricing models in respect of options issued during the reporting period.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Group based on known information. This consideration extends to the nature of the Group's activities, staffing and geographic regions in which the Group operates. Whilst there has been delays to the certain exploration and feasibility study programs, there does not currently appear to be direct material impact upon the financial statements as at the reporting date as a result of the Coronavirus (COVID-19) pandemic.

Note 4 Segment Information

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors in assessing performance and determining the allocation of resources. Reportable segments disclosed are based on aggregating operating segments, where the segments have similar characteristics. The Group's sole activity is mineral exploration and resource development wholly within Australia; therefore it has aggregated all operating segments into the one reportable segment being mineral exploration.

The reportable segment is represented by the primary statements forming these financial statements.

- (i) The Company derives future assessable income of a nature and an amount sufficient to enable the benefit from the tax losses to be realised;
- (ii) The Company continues to comply with the conditions for deductibility imposed by tax legislation; and
- (iii) No changes in tax legislation adversely affect the Company realising the benefit from the deduction of the losses.

All unused tax losses of \$9,689,940 (2019: \$5,464,904) were incurred by Australian entities.

The Company received an allocation pursuant to the Junior Mineral Exploration Incentive ("JMEI") Scheme for the financial year ended 30 June 2020. Subsequent to the 30 June 2020, the Group undertook a distribution of JMEI credits to qualifying shareholders which resulted in a reduction of unused tax losses by \$3,140,544.

The Company received a JMEI allocation for the financial year ending 30 June 2021 of \$1,664,000.

Note 23 Contingencies

(i) Contingent Liabilities

There were no material contingent liabilities not provided for in the financial statements of the Group as at 30 June 2019 and 30 June 2020 other than:

Royalties

The Group is subject to a 1% gross revenue royalty in respect of minerals produced from the following tenements: E25/499, E25/512, E27/532, P25/2287, P25/2288, P25/2293, P25/2377 and P25/2378.

The Group is subject to a 1% net smelter royalty in respect of minerals produced from the following tenements: E25/594, P25/2685 and P25/2323.

The Group is subject to a 1.5% gross royalty in respect of minerals produced from the following tenements: P25/2324, P25/2325, P25/2326, P25/2327, P25/2328, P25/2331, P25/2357, P25/2358, P25/4117, P25/4118, P25/4118, P25/4119 and P25/4122.

In addition, there may be other historical agreements relating to certain other tenements of the Group, which may, or may not, create an obligation on the Group to pay royalties on some or all minerals derived from some tenements upon commencement of production.

Native Title and Aboriginal Heritage

Native title claims have been made with respect to certain areas which include tenements in which the Group has an interest. The Group is unable to determine the prospects for success or otherwise of the claims and, in any event, whether or not and to what extent the claims may significantly affect the Group or its projects. Agreement is being or has been reached with various native title claimants in relation to Aboriginal Heritage issues regarding certain areas in which the Group has an interest.

(ii) Contingent Assets

There were no material contingent assets as at 30 June 2019 or 30 June 2020.

Note 24 Commitments

(a) Exploration

The Group has certain obligations to perform minimum exploration work on mineral leases held. These obligations may be varied as a result of renegotiations of the terms of the exploration licences or their relinquishment. The minimum exploration obligations are less than the normal level of exploration expected to be undertaken by the Group.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2020

Note 24 Commitments (continued)

As at balance date, total exploration expenditure commitments on tenements held by the Group have not been provided for in the financial statements and which cover the following 12 month period amount to \$417,840 (2019: \$298,880).

(b) Lease Commitments

The Company has no material lease commitments

(c) Contractual Commitments

There are no material contractual commitments as at 30 June 2019 or 30 June 2020 not otherwise disclosed in the Financial Statements.

Note 25 Related Party Transactions

Transactions with Directors during the period are disclosed at Note 21 – Key Management Personnel.

There are no other related party transactions, other than those already disclosed elsewhere in this financial report.

Note 26 Events Occurring After the Balance Sheet Date

- On 1 July 2020 the Company completed the acquisition of the Fingals and Rows Find gold exploration projects from Silver Lake Resources Limited by the issue of 8,417,962 shares at a fair value of \$0.91.
- Subsequent to 30 June 2020 the Company has issued 1,726,631 shares on the exercise of options.
- Subsequent to 30 June 2020 the Company completed the issue of 12,195,122 shares at \$0.82 per share to raise \$10 million before costs.

The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has resulted in manageable delays to certain exploration and feasibility study programs, it has not materially financially impacted the Group up to 30 June 2020. It is not practicable to estimate the potential impact, positive or negative, after the reporting date.

Other than the above, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company to affect substantially the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

INDEPENDENT AUDITORS REPORT TO THE MEMBERS OF BLACK CAT SYNDICATE LIMITED

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Black Cat Syndicate Limited (the Company) and its subsidiary (the Group), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2020 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

The title 'Partner' conveys that the person is a senior member within their respective division, and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. Key Audit Matter	How we addressed the Key Audit Matter
Consideration of impairment of capitalised mineral exploration and evaluation expenditure	
<p>The consideration of impairment of the carrying value of the Group's Capitalised Mineral Exploration and Evaluation Expenditure assets was material to our audit and represented an area of significant estimate and judgement within the financial report.</p> <p>This matter is considered a key audit matter due to the high degree of judgement required by the directors to assess whether impairment indicators are present for specified tenements held and due to the significance of the capitalised amount of \$10.03m at 30 June 2020.</p> <p>The conditions and assessment undertaken in relation to impairment are disclosed in the Group's accounting policy in Notes 1 and 12 of the financial report.</p>	<p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> ▪ Conducting discussions with management regarding the criteria used in their impairment assessment and ensuring that this was in line with <i>AASB 6 Exploration for and Evaluation of Mineral Resources</i>. ▪ Reviewing evidence of activities carried out and management intentions for areas of interest the Group holds and to corroborate the representations made by management during our discussions. ▪ Assessed the Group's right to tenure by obtaining and assessing third party information supporting the Group's rights to tenure. ▪ Evaluating key assumptions adopted by management that support the position formed on whether the exploration and evaluation expenditure was impaired.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2020 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards, International Financial Reporting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting in the preparation of the financial report. We also conclude, based on the audit evidence obtained whether a material uncertainty exists related to events and conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the disclosures in the financial report about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial report. However, future events or conditions may cause an entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We are also required to provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 8 to 14 of the directors' report for the year ended 30 June 2020.

In our opinion, the Remuneration Report of Black Cat Syndicate Limited for the year ended 30 June 2020, complies with section 300A of the Corporations Act 2001.

Responsibilities

The directors of the Group are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
