LiveHire Limited (**LiveHire**) today announced strong ARR and customer growth when releasing its Quarterly Report and Appendix 4C Cash Flow Report for the period ending 30 September 2020 (Q121).

BUSINESS RESULTS

SaaS ARR increased to \$3.7M (up 6% QOQ), despite COVID's global impact on permanent hiring. September marked a significant milestone of 100+ hires per day for the first time on the LiveHire platform. Client numbers increased 4% QOQ to 114, and 12-month rolling NRR remained at 80%.

Direct Sourcing Revenue (DSR) increased to \$72K, up \$65K QOQ. Of note:

- the Ontario Ministry of Health commenced using LiveHire for COVID related hiring, supporting that regions effort in COVID tracing management;
- work with Geometric Results Inc (GRI) together with our partner, Ian Martin Group, in respect of GRI's Direct Sourcing commenced. Consistent with the increased focus on international markets, LiveHire expects to see increased potential with Direct Sourcing channel partners in Q2;
- SAP System Implementer, Rizing LLC (second largest implementer of SAP Success Factors globally), selected LiveHire as its 'Go-to-Partner Globally for Recruiting Extension.' Sales activity has already commenced in the immediate focus areas of APAC and North America.

Talent Community Connections (TCCs)⁴ grew substantially during the quarter, adding ~380,000 (up 17% QOQ).

12-month trailing Cash receipts were stable at \$4.4m, with quarterly cash outflows of \$3.02m were in line with management's expectations. Cash on hand at period end was \$19.0m, in line with guidance.

¹ SaaS Annualised Recurring Revenue or ARR represents contracted recurring revenue components of term subscriptions from non-Direct Sourcing Clients, normalised to a one-year period.

² NRR rate % calculated as (Opening ARR + upsell ARR – downsell ARR – churn / lost ARR) / Opening ARR. NRR is an indicator that measures how well a business can not only renew but generate additional revenue from its clients post initial sale.

³ DSR: Direct Sourcing Revenue: LiveHire charges an ongoing fee relating to a % of the contractors salary, for hires directly sourced through the organisations private LiveHire Platform.

⁴ A Talent Community Connection (TCC) represents a connection between a company and an employment candidate on the LiveHire platform. An individual candidate may join multiple talent communities resulting in multiple TCCs per candidate. TCCs also include unclaimed candidate profiles created by a company or its service providers or by the candidate through a job application process. TCCs may also include claimed candidate profiles that remain on the platform available to be connected with live talent communities after being archived by their only active company connection.
