than 400 million monthly active users globally (source: Samsung NewsRoom, 2019).

The North American market is a key market identified by iCandy as it is a good fit for Masketeers based on the retention and monetization data collected from earlier trials conducted. The game has been well received by gamers of North America.

Masketeers has recently announce reaching A\$1 million revenue in record time of just over 60 days, the best among iCandy's games ever.

Masketeers is currently available in English only and is launched in over 70 countries. iCandy is in **preparation stage to translate and localize Masketeers into other languages.**

As announced earlier, iCandy plans to roll out Masketeers via a partnership in China, a new key market for Masketeers identified by iCandy's management. Discussion with a strategic partner for this matter is ongoing and iCandy management believes that it will be in a position to launch Masketeers in China in the near future. iCandy will keep the market posted on this development.

This announcement has been authorized by the Board of Directors of iCandy.
