

The leading media services provider to the global resource industries

Aspermont is the leading media services provider to the global resource industries.

Aspermont has built a commercial XaaS model for B2B media which distributes high value content to a growing global audience.

This versatile model can be scaled to serve new business sectors in new countries and languages to create exceptional revenue.

Aspermont is listed on the ASX and on the Frankfurt Stock Exchange with offices in UK, Australia, Brazil, USA, Canada Singapore and the Philippines.

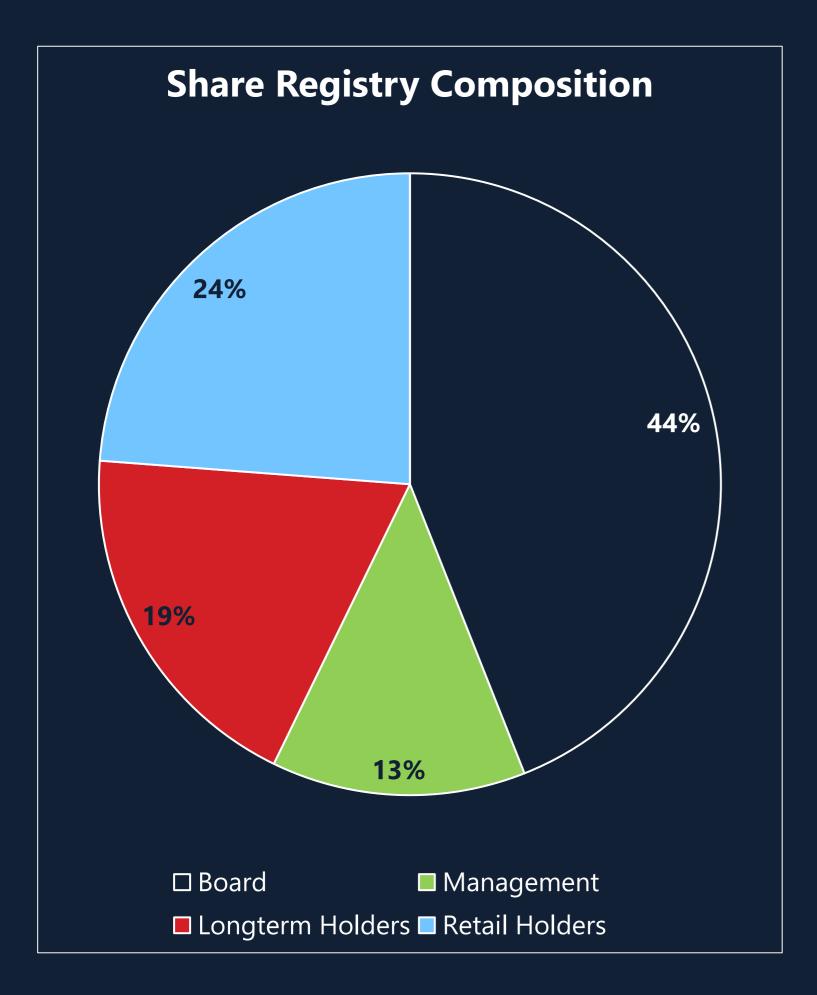

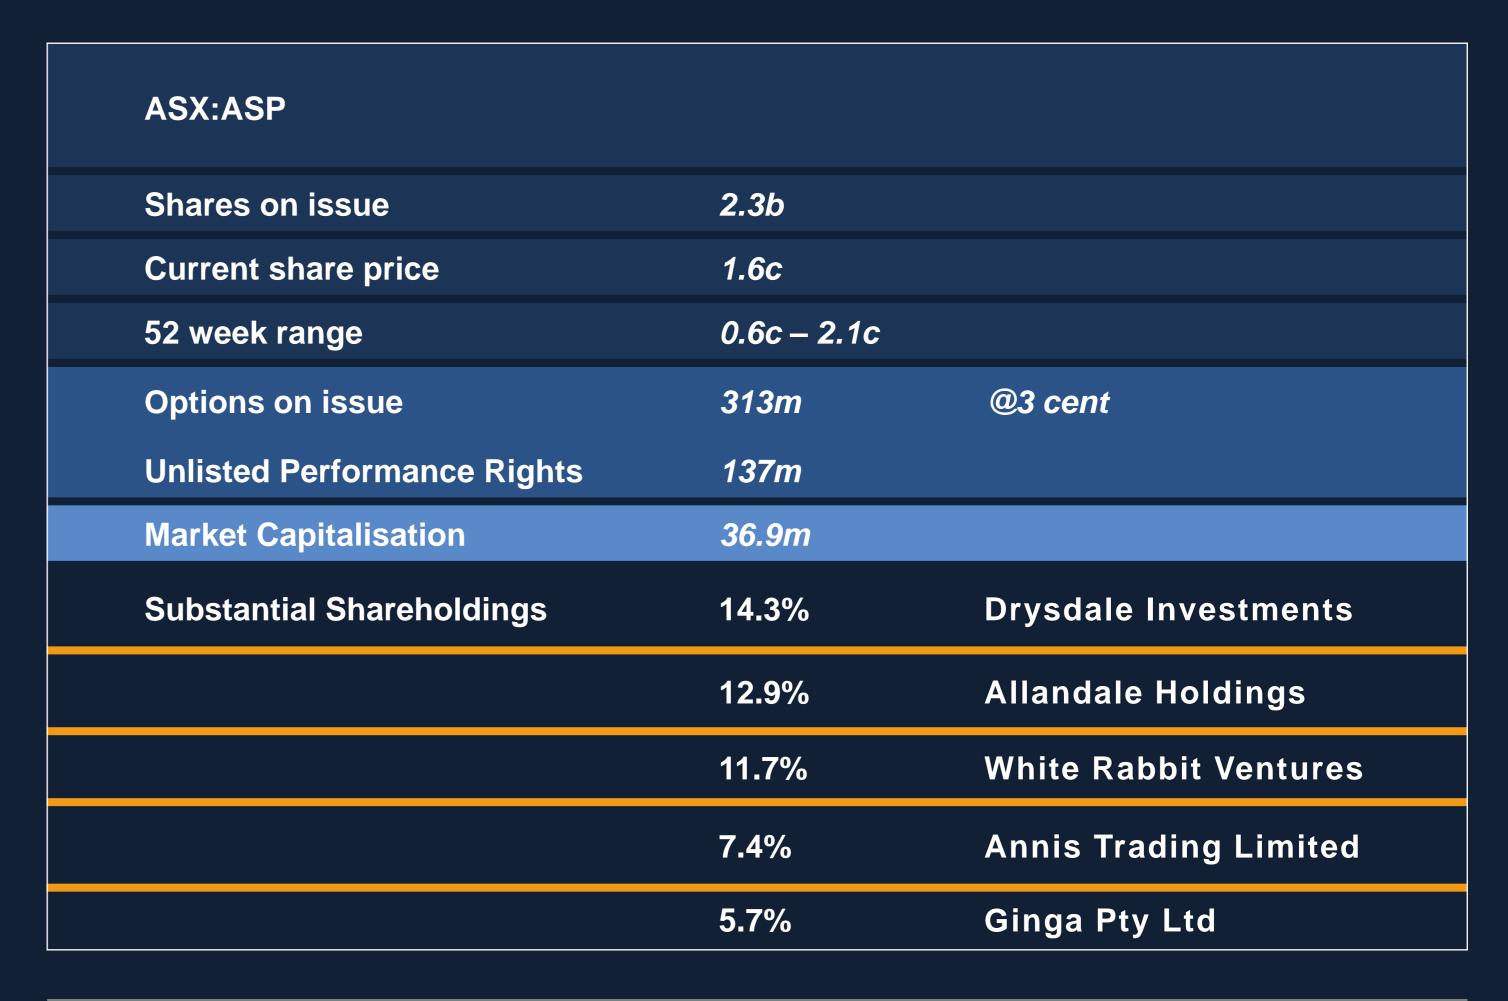

Management are incentivised and tied with LTIPs

Board and long term shareholders provide a stable corporate structure

Aspermont is developing a new blueprint for B2B media

Asperment has a consolidated position as the leading media services provider to the global resource sectors. Asperment brands have served the mining industry for 185 years providing high value content for premium rate audiences. Early in the internet age, Asperment became a digital pioneer and successfully developed one of the first media paywalls in 2002 and a semantic search architecture in 2008. Technological innovation continues to drive all business divisions today.

Over the past 20 years, Aspermont as a global media services provider has increasingly built a competitive advantage, deterring new market entrants and prompting the exit of regional competitors.

Asperment is in a growth phase, expanding its product range while serving an audience which is building at a 30% compound growth rate.

Brand Leverage

Our 560 years of combined brand heritage has built unequalled audience trust. This trust enables market collaboration to ensure a high success rate in launching new products.

Operational Agility

Our centralized structure and scalable human resources model facilitate rapid go -to-market speed with investment risk control.

Leadership Team

Tier 1 executive team with extensive C-suite experience at blue-chip firms. Common strength in marketing, technology and problem solving. Tied in with equity based LTIPs.

Intellectual Property

Decades of technological experimentation have produced unique IP in processes, marketing systems and commercial models.

Industry Leadership

Aspermont engages with 7.5million board and management executives across key industries. Sentiment and insight analysis enables agenda setting and leadership on macro themes.

Scalable Model

XaaS based and Data models with high unit economics and increasing operating leverage. Can be rolled efficiently across other sectors and geographical markets.

Experienced leadership team with a track record of execution

Ajit Patel Chief Operating Officer

Ajit has over 30 years technological experience in various roles, across media and events.
Ajit was previously Global CTO at Incisive Media, responsible for software development, online strategy, infrastructure and system implementation.

Ajit joined Aspermont to build the technological base (codename: Horizon) that would enable the company's long-term vision. Ajit as COO has a key role in developing and launching new products across the business. He also directly manages the subscriptions business.
