Agenda

- 1 Key Highlights
- 2 COVID-19 Impact and Strategy Update
- 3 Group Results
- 4 Segment Results
- 5 Looking Forward
- 6 Appendices

1H21 RESULT IN LINE WITH GUIDANCE

- Bravura's 1H21 results reflect lower UK project work for both implementation and post go-live as a result of the one-off impact of COVID-19.
- Bravura delivered **1H21 NPAT of A\$9.0m**, broadly in line with guidance.
- **Group revenue down 14%¹, EBITDA² down 38%¹, and NPAT down 54%¹. Group EBITDA margin² down to 14%** (19% in 1H20).
- **Recurring Revenue** comprised **86% of 1H21 group revenue**, with **Contracted Recurring Revenue up 8%**.
- Bravura signed several new deals including a major new subscription-based contract with Aware Super, Australia's second largest superannuation fund, for the implementation of Sonata Alta and Digital Advice. This is a game-changing new "digital first" operating model for Australian superannuation.
- Bravura acquired Delta Financial Systems for A\$42m. The acquisition complements Bravura's core Sonata offering, broadens Bravura's growing ecosystem of products and services and supports Bravura's transition to a subscription-based offering.
- As a result of reduced professional services work, headcount was reduced by ~5%. Key talent has been retained in expectation of a return to growth.
- **1H21 group R&D investment was A\$25.9m**, of which 30% was capitalised. R&D was to enhance subscription-based services predominantly for the development of a suite of microservices, Australian wrap functionality, Sonata Alta, GFAS enhancements and the extension of digital advice capability, strengthening Bravura's product functionality relative to competitors and expanding Bravura's total addressable market.

1. Compared to 1H20.

2. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

COVID-19 Impact and Strategy Update

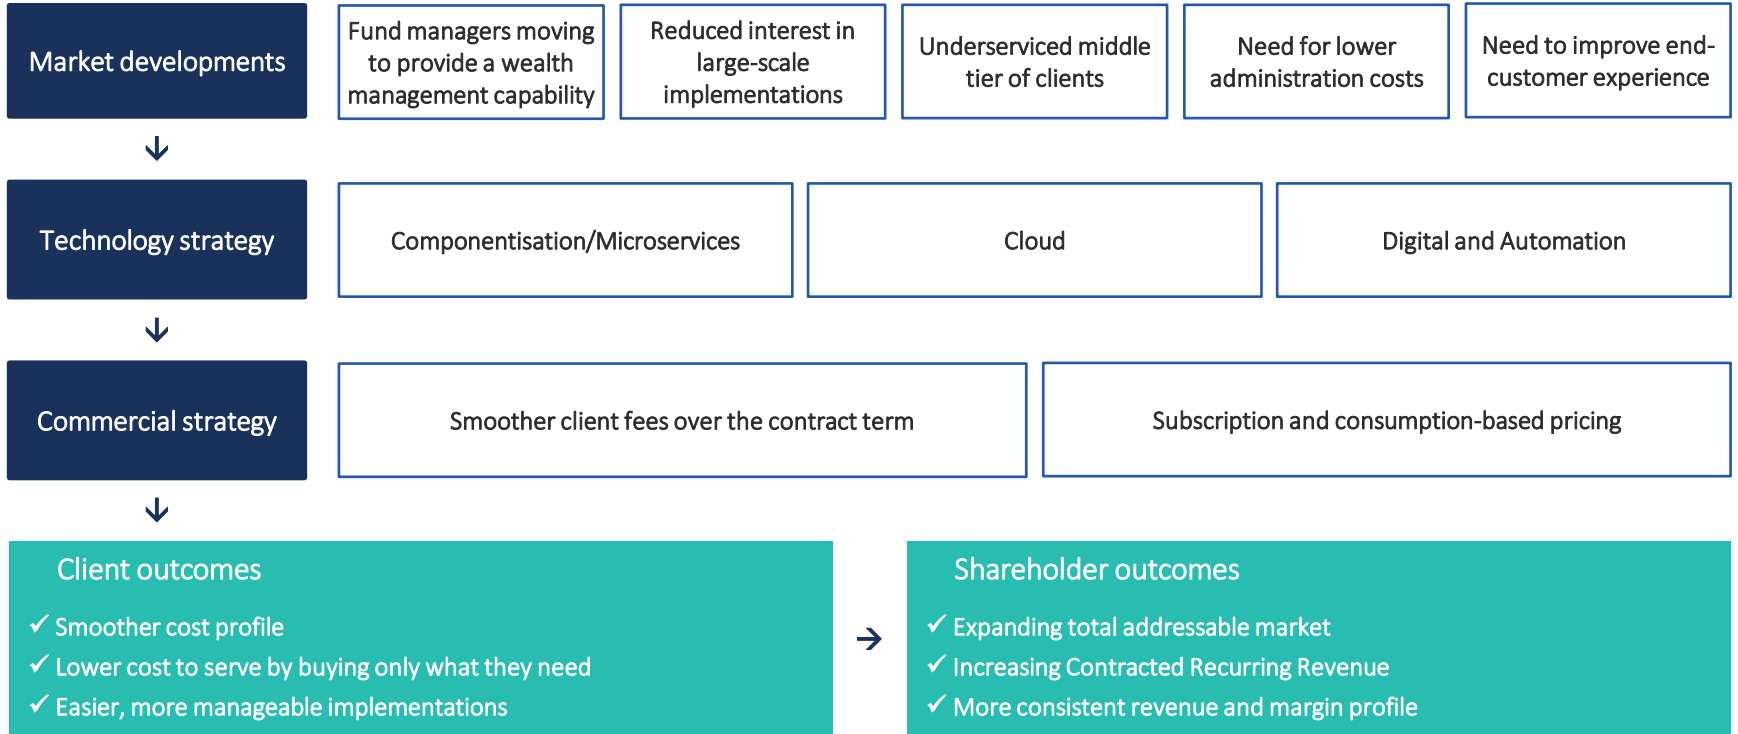

For personal use only

IMPACT OF COVID-19

- **Staff and client operations.** Bravura's employees are based in the UK, Australia, New Zealand, South Africa, India and Poland. While COVID-19 has impacted each of these countries differently, Bravura's internal systems, which support Bravura's employees to collaborate globally, have enabled employees to seamlessly transition to a 100% remote working environment as required. Bravura has continued to support its clients without disruption.
- **Sales pipeline.** COVID-19 has raised the market's need for modern IT systems with strong digital capabilities, creating significant opportunity. Accordingly, Bravura's sales pipeline in all key markets is strong. However, the market uncertainty has resulted in both a lengthening of the sales cycle, as well as clients evaluating more of our products.
- **UK.** COVID-19 has resulted in continued uncertainty in the market environment. Furthermore, ongoing workplace restrictions have led to a reluctance to embark on major new transformational programs, which pre-COVID would involve multiple teams working together and numerous practical and analytical workshops. This has led to a lack of material client deals across the sector and lower levels of project work. However, pre-sales activity is high as clients and prospects continue to evaluate our products to be in a position to make decisions once market conditions becomes clearer.
- **Australia and New Zealand.** The impact of COVID-19 and related social distancing regulations have been felt less strongly in Australia and New Zealand. However, Bravura's activities with clients and prospects continue to progress. There has been greater sales activity, albeit with longer deal closure timeframes.
- **South Africa.** South Africa has been significantly impacted by COVID-19 and has prompted tighter cost control. However, COVID-19 has raised clients' need to invest in technology automation and project work has continued.

STRATEGY UPDATE

For personal use only

TOTAL ADDRESSABLE MARKET¹

For personal use only

UK total addressable market

~GBP1.2b

Australia total addressable market

~A\$1.0b

UK

- Total addressable market (TAM) in the UK is estimated at ~GBP1.2b per annum of client IT spend.
- The TAM comprises funds administration, platforms, DFMs, corporate DC, and SIPP/SSAS.

Australia

- Bravura estimates its TAM in the Australia ~A\$1.0b per annum of client IT spend.
- The TAM comprises superannuation, platforms, advice, investment management, and asset administration.

Market share and market drivers

- Bravura estimates its market share in both regions to be in the single digits, representing significant upside potential.
- Bravura's long-term growth is driven by clients' need to address speed to market for new products, the growing importance of a seamless digital experience, ongoing changes in financial services regulation, and pressure to increase operational efficiency.

1. Based on management estimates.

FINANCIAL CONSIDERATIONS

Bravura's transition from traditional contracts to subscription-based contracts is underway, underpinned by R&D, product componentisation, Sonata Alta development, digital products and recent acquisitions.

For personal use only

Traditional client revenue mix

- **Traditional** revenue model (upfront licence, implementation fees, ongoing maintenance, managed services, hosting and support fees)
- **~50%** Contracted Recurring Revenue
- **Material** upfront licence fees
- **Varied** revenue and margin profile
- **Existing** TAM, **current** share of value chain, **current** TCV

Subscription-based client revenue mix

- **Subscription and consumption-based** revenue model (software and implementation fees smoothed over the term of the contract and varying with usage)
- **~70%** Contracted Recurring Revenue
- **Smaller** upfront licence fees
- **Consistent** revenue and margin profile
- **Increased** TAM, **greater** share of value chain, **higher** TCV

| Profit before tax | 21.6 | 10.5 | -11.0 | -51% |
| Tax expense | -1.8 | -1.5 | 0.3 | -14% |
| NPAT ⁴ | 19.8 | 9.0 | -10.7 | -54% |
| EPS (A\$ cps) | 8.1 | 3.7 | -4.5 | -55% |

1. The Delta Financial Systems acquisition is reported within Wealth Management.

2. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

3. Includes A\$0.9m (1H20: A\$1.0m) of accretion expense associated with lease liabilities accounted for under IFRS16.

4. 1H20 NPAT included a A\$1.7m deferred tax credit arising from acquisitions completed during the period which will reverse over time.

- **Wealth Management** revenue down 17% and EBITDA² down 29%. EBITDA margin² decreased to 25% (29% in 1H20). The lower result was attributable to a COVID-related decline in UK professional services work, partly offset by a full-period contribution of acquisitions completed in 1H20.
- **Funds Administration** revenue down 8% and EBITDA down 14%. EBITDA margin² decreased to 42% (44% in 1H20). The result was also negatively impacted by a COVID-related decline in UK professional services work, albeit to a lesser extent than Wealth Management. In addition, the result was impacted by lower licence fees during the period due to timing of renewals and new sales.
- **Corporate costs** declined 2%, reflecting tight cost control and lower acquisition costs compared to the pcp.
- **Restructuring.** As a result of reduced professional services work, headcount was reduced by ~5%. The reduction in headcount resulted in A\$2.6m in restructuring costs in the period. Restructuring is expected to reduce costs by ~A\$5.5m in 2H21 compared to 1H21 and deliver A\$11.5m on an annualised basis.
- **Depreciation and amortisation** increased by A\$1.4m compared to pcp, arising from the amortisation of intangibles from recent acquisitions.
- **Tax expense** of A\$1.5m represented an effective tax rate of 14%.
- **NPAT** down 54% to A\$9.0m (A\$19.8m in 1H20⁴).

- Bravura acquired Delta Financial Systems (Delta) for A\$42m in October 2020.
- Delta provides technology to power complex pensions administration in the UK market.
- Building on FY20 pro forma revenue of GBP6.0m, Delta is forecast to achieve revenue growth in the range of 20-30% in FY21.
- Growth in the sale of Delta’s products is underpinned by demand in the UK pensions market.
- Approximately 80% of Delta’s revenue is recurring.
- Delta is reported in the Wealth Management segment.

1. The Delta Financial Systems acquisition is reported within Wealth Management.

2. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

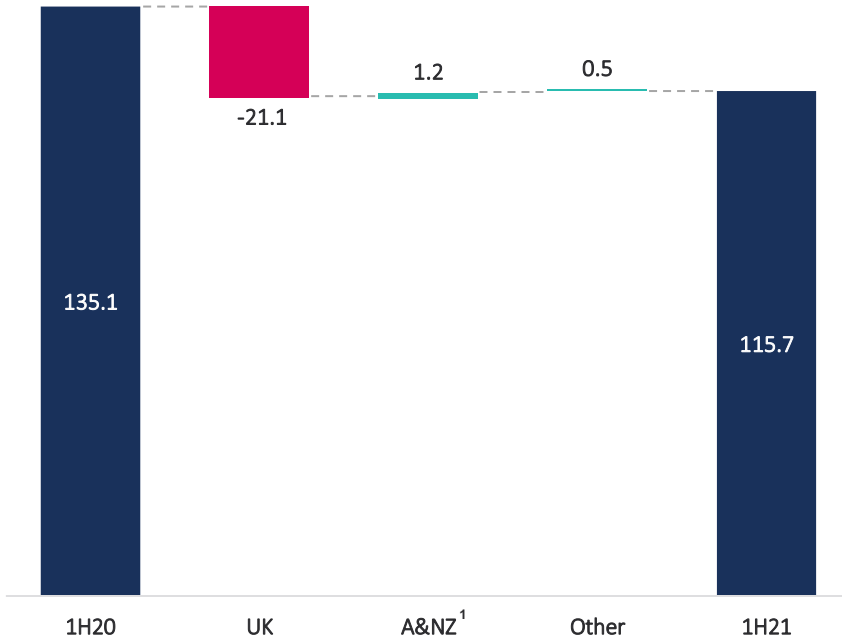

3. Includes A\$0.9m (1H20: A\$1.0m) of accretion expense associated with lease liabilities accounted for under IFRS16.

REVENUE BY GEOGRAPHY

For personal use only

1H20 to 1H21 revenue waterfall bridge (A\$m)

- addition to revenue
- reduction to revenue

1. A&NZ refers to Australia and New Zealand.

- Bravura saw group revenue decline 14% in 1H21 compared to 1H20.
- The revenue decline was primarily attributable to lower revenues in the UK, offset by slightly higher revenue in Bravura's other key regions.
- In the UK, COVID-19 has significantly increased uncertainty in the market, resulting in a more significant impact than previously expected. In particular, this has resulted in lower UK project work.

LONG-TERM REVENUE AND EBITDA

For personal use only

Revenue (A\$m)

EBITDA¹ (A\$m)

1. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

2. FY17 EBITDA is presented on a pro forma basis.

3. Interest income of A\$0.5m was reclassified from corporate costs to interest income in FY19.

RECURRING REVENUE

For personal use only

- Licence fees (A\$m)
- Project fees (A\$m)
- Recurring Revenue, attached (A\$m)
- Recurring Revenue, contracted (A\$m)

Bravura's commercial strategy is to grow our Recurring Revenue base

- **Contracted Recurring Revenue was up 8%** in 1H21 compared to the pcp.
- Attached Recurring Revenue declined in the UK due to market uncertainty, resulting in some project work being delayed and/or reprioritised causing an overall decline in Recurring Revenue of 8%.
- The decline in non-recurring revenue is almost all in the UK and related to the completion of implementation work for deals closed in prior financial years, which has not been replaced by implementation work from new deals.

-
- **Recurring Revenue** comprises revenue that is contracted for the contract term plus project work post initial implementation.
 - **Contracted Recurring Revenue** comprises revenues contracted for the contract term and typically includes maintenance, managed services, hosting, cloud and SaaS.
 - **Attached Recurring Revenue** comprises in-production professional services from ongoing client demand (attached services).
 - **Project fees** comprise professional services from initial implementation and development requirements.
 - **Licence fees** are earned on a one-off or recurring basis.

STRONG FINANCIAL POSITION

| A\$m | 30 Jun 2020 | 31 Dec 2020 |

| Other liabilities | 36.9 | 50.1 |
| Total liabilities | 124.1 | 130.2 |
| Net assets | 310.8 | 307.3 |

- Bravura is in a robust financial position, with cash of A\$56.4m at balance date. Bravura continues to evaluate a pipeline of additional acquisitive and organic growth opportunities.
- Bravura acquired Delta Financial Systems (Delta) for A\$42m in October 2020.
- Intangible assets have increased to A\$239.7m.
- Operating cash flow¹ (excluding taxes paid) was A\$9.6m, reflecting operating cashflow to EBITDA conversion of 61% (21% in 1H20), consistent with the long-term trend.

1. Further detail on operating cash flow is provided on slide 29.

2. Cash conversion refers to operating cash flow to EBITDA conversion.

Revenue (A\$m)

■ 1H ■ 2H

- Segment revenue down 17% and EBITDA down 29%. Segment EBITDA margin¹ down to 25% (29% in 1H20).
- The decrease in segment revenue and earnings was attributable to a COVID-related decline in UK professional services work, partly offset by a full-period contribution from acquisitions completed in 1H20.
- While professional services work declined, Contracted Recurring Revenue in Wealth Management rose 17%.
- The acquisitions of Midwinter and FinoComp in 1H20 made a full-period contribution in 1H21 and have been a valuable addition Bravura's ecosystem of products and services, generating significant client interest.
- Bravura signed a contract with Aware Super for the implementation of Sonata Alta and Digital Advice. The contract is for an initial term of 7 years. Aware Super is Australia's second largest superannuation fund.
- Bravura also signed 6 new or renewed contracts with: a global investment bank and an Australian trustees business on Garradin, an Australian superannuation fund on ePASS, a New Zealand life insurance firm on Sonata, a UK platform on Sonata and a UK platform for microservices.
- 1H21 segment R&D investment of A\$21.1m (of which 37% was capitalised) was to enhance subscription-based services predominantly for the development of a suite of microservices, Australian wrap functionality, Sonata Alta and the extension of digital advice capability.

1. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

Revenue (A\$m)

■ 1H ■ 2H

1. Bravura has consistently included occupancy costs as accounted for under IFRS16 in the calculation of EBITDA.

2. FY17 revenue performance relative to FY16 was impacted by the decline in the GBP:AUD.

- Segment revenue down 8% and EBITDA¹ down 14%. Segment EBITDA margin¹ declined to 42% (44% in 1H20).
- Revenue and earnings were also negatively impacted by a COVID-related decline in UK professional services work, albeit to a lesser extent than Wealth Management. Contracted Recurring Revenue remained broadly stable.
- The decline in segment earnings and margin largely reflected a lower mix of high margin licence fees. Excluding licence fees, segment EBITDA margin¹ is in line with the pcp.
- Bravura signed a contract renewal with a large UK financial institution.
- 1H21 segment R&D investment of A\$4.8m (of which none was capitalised) was predominantly for product enhancements to GFAS.

Outlook

LOOKING FORWARD

Outlook

- ✓ Industry structural demand for SaaS, microservices, cloud and subscription-based services is strengthening
- ✓ COVID-19 has accelerated digital transformation
- ✓ Bravura is starting to see increasing market confidence as a result of vaccine rollouts in the UK
- ✓ As vaccines rollout, Bravura anticipates a resumption in UK and South Africa demand in FY22 from projects postponed due to COVID-19
- ✓ Bravura will emerge stronger as a result of the strategic initiatives and investment in R&D to develop componentisation of products during FY21
- ✓ Bravura is significantly increasing its total addressable market via the rollout of its modular product ecosystem

FY21 guidance

The impact of COVID-19 in the UK and South Africa is expected to continue to affect the business in 2H21. However, the sales pipeline is strong. Accordingly, Bravura anticipates delivering revenue growth from 1H21 to 2H21 in excess of 10% and achieving FY21 NPAT of A\$32m to A\$35m.

Delta Acquisition

DELTA – COMPLEX UK PENSIONS ADMINISTRATION

- Bravura acquired Delta Financial Systems for A\$42m in October 2020.
- Delta provides technology to power complex pensions administration in the UK market.
- Demand for complex pension administration is driven by:
 - **Continued growth of the UK pensions market.** The decline in DB schemes and the advent of pensions freedom have created a significant ‘at retirement’ market of consolidated pension funds that enable members to flex income whilst retaining long-term and inter-generational control of assets.
 - **Complementary specialist product in an adjacent UK market sector.** The administration of multiple high value off-platform asset types, a constant feature of self-invested pensions, is core to Delta’s value proposition.
 - **Aligned strategy regarding componentised product capability.** Delta’s modules for complex assets, benefit projections and income drawdown are attractive to a broad range of investment platforms and product providers.
 - **Access to a broad UK client base with cross sell potential.** Delta has a blue-chip client base of more than 30 regulated pension providers and is the largest supplier of proprietary software solutions to the UK self-invested pension market.
- More than 80% of Delta’s revenue is recurring and continues to grow, driven by client upgrade projects, industry dynamics and changing regulation.
