#### **CHAIRMAN'S MESSAGE**

Dear Fellow Shareholder,

I am pleased to present the half year report for the period ended December 2020 for Tinybeans Group Limited and its controlled entities (ASX: TNY) ("Tinybeans" or the "Company"), the technology platform that serves nearly 5 million parents and their families monthly.

I am also very pleased with what we have achieved and delivered in terms of results in the past 6 months. Your Board has worked hard to support the new Leadership Team as they formulated a new 3-year strategy, transforming what was an app for childhood memories, to a platform that strives to help parents in nurturing their children

Our entire team of 50+ full and part-timers has proven resilient to the challenges and demands of the past 6 months and ended the half stronger than ever, while still being able to invest in the longer-term potential of the platform.

From a performance perspective, we are proud of having achieved \$5.6 million in sales revenue for H1, representing growth of over 141% on the same period 12 months earlier. This strong growth emulates the momentum continuing to build, the acquisition of Red Tricycle and the enhanced value proposition. At the close of the half, we had achieved 5 million registered users and operational cash flow positive. An incredible achievement given the continued investment in future growth.

The Company continued to perform well with the COVID backdrop on top of the tense U.S. cultural unrest. The teams' overall performance continues to deliver across many key metrics.

Advertising revenues increased to over \$4.72 million representing growth of 185% on the period 12 months prior. More brands are signing up for direct advertising deals plus more advertisers are increasing their investments across the programmatic platform. These results demonstrate the value to advertisers in the Tinybeans/RedTricycle audience and our targeting capabilities based on the unique data set to get to the right people with the right message.

I am proud of the continued investment in high quality product culminating with a strategic partnership with Apple by incorporating high quality parenting content into Apple Maps and Guides products. Also, our new app onboarding experience and doubled activation rates have made it possible for more registered users experience the app features faster.

With over \$4.46 million in cash at the end of December 2020 the company is positioned well for further growth.

I would like to thank my fellow Directors as well as our management team and staff for their efforts over what has been an incredibly busy but rewarding first half of FY21 at Tinybeans. Particularly, the two board members (Megan Gardner and Missy Godfrey), who came off the board during this time. I also thank our Shareholders for your support and belief in our ability to achieve the goals we have set out for our Company.

As we continue to grow the Company, we are making strong progress in building scale to drive growth across all major metrics. I look forward to having you share in Tinybeans' success.

John Dougall

Non-executive Director and Chairman

#### **CEO's MESSAGE**

I am proud to present the half year report ended December 2020 for Tinybeans Group Limited and its controlled entities ("Tinybeans" or the "Company").

In our first two quarters of FY21, we have delivered record results across revenues, cashflows and all audience metrics. The team we have put together have done an incredible job in not only integrating two operating companies during what was a difficult time, but also deliver above and beyond with incredible results.

The team continues to focus on our enhanced value proposition which heightens our ability to drive revenue growth. One team, single focus has proven to be successful as it has expanded on the products we offer to our partners.

Some of the H1-FY21 highlights include:

- Operational revenues totalled over \$5.63 million, an increase of 141% pcp;
- Advertising revenue reaching over \$4.72 million, an increase of 185% pcp;
- Subscription revenues increased to \$570k, an increase of 18% pcp;
- Monthly Active Users (MAU) reached over 4.80 million, an increase of 253% pcp; and
- Cash balance of \$4.46 million as at December 31, 2020

Over the past 12 months, Tinybeans has both renewed and attracted new advertisers on the platform. Some of the new brands include Apple TV+, Netflix, Amazon, Walmart & Reckitt Benckiser, plus we renewed business with many more. 12-month retention across the Tinybeans premium subscription audience grew to a record 92%. This high retention rate shows the value of the platform to our families.

As previously shared, the Company is at the early stages of an exciting strategic growth phase. Through most of 2020, the product strategy has been evolving to grow beyond a photo sharing app to a platform for parents to use daily. The first phase of this strategy was the acquisition of Red Tricycle, followed by transitioning the product team to the U.S. and then selecting the right leaders to take the product to the next level.

As announced to the market at the <u>Innovation event</u>, the product roadmap is ambitious, so the right balance of capital investment is needed to ensure its success. Since July 2020, the Company has ramped its capital investment to nearly \$1 million per quarter to begin executing on this vision but it is important to note that this is being done prudently with the right balance of revenue growth and cash management.

The last few months have demonstrated our ability to withstand challenges and maximize opportunities. I am excited by the new talent on the leadership team as we embark on a fresh 3-year strategy that leverages what we have achieved to date and looks to accelerate the opportunities with parents and larger partners into the future.

We face another exciting and promising year ahead as we continue to deliver on our mission to partner with parents through the journey of nurturing tiny humans together.

Tinybeans expects continued growth in audience and revenues as the return on investment of our product roadmap continues to take shape and launch publicly. We are delighted for you to join us on the journey as we accelerate revenue growth, expand our offering across consumer subscriptions and continue to add value to our user base and brand partners.

Thank you for your continued support as a Tinybeans member and shareholder.
