This condensed interim financial report for the half-year ended 31 December 2020 covers Ookami Limited (“the Company”) and its controlled entity (“the Group” or “Ookami”). Ookami Limited is a company limited by shares, incorporated and domiciled in Australia. The Group is a for-profit entity.

NOTE 1: BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

This condensed interim financial report does not include the full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report.

It is recommended that this condensed interim financial report is read in conjunction with the annual financial report for the year ended 30 June 2020 and any public announcements made by Ookami Limited during and since the end of the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001* and the ASX Listing Rules.

The condensed interim financial report was issued by the board of Directors on 25 February 2021 by the Directors of the Company.

a) Basis of preparation

The interim financial report is a condensed financial report prepared in accordance with the requirements of the *Corporations Act 2001* and AASB 134: Interim Financial Reporting. Compliance with AASB 134 ensures compliance with IAS 34 ‘Interim Financial Reporting’.

The interim financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of certain financial assets.

b) New and amended standards adopted by the Group

The Group has considered the implications of new or amended Accounting Standards which have become applicable for the current annual financial reporting period beginning on or after 1 July 2020. It has been determined by the Group that there is no impact, material or otherwise, of the new or amended Accounting Standards and therefore no changes to Group accounting policies. No retrospective change in accounting policy of material reclassification has occurred during the half year.

Accounting standards issued but not yet effective

The Australian Accounting Standards Board has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Group. The Group has decided not to early adopt any of these new and amended pronouncements. The Group is currently in the process of assessing the following new and amended pronouncements:

- AASB 2020-4: Amendments to Australian Accounting Standards – Covid-19-Related Rent Concessions
- AASB 2020-8 Amendments to Australian Accounting Standards – Interest Rate Benchmark Reform – Phase 2
- AASB 2020-3 Amendments to Australian Accounting Standards – Annual Improvements 2018 – 2020 and Other Amendments
- AASB 2020-1: Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current,
- AASB 2020-6 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current – Deferral of Effective Date

c) Going Concern

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realization of assets and settlement of liabilities in the normal course of business.

The Consolidated Statement of Profit and Loss and Other Comprehensive Income shows that the Group incurred losses of \$322,112 during the half-year ended 31 December 2020 (2019: losses of \$301,779) and had net cash outflows from operation of \$206,121 (2019: cash outflow of \$211,954). The Consolidated Statement of Financial position shows that the Group had a cash and cash equivalents balance of \$195,271 (30 June 2020: \$410,051), a net current asset position of \$36,432 (30 June 2020: \$358,185) and a net asset position of \$971,359 (30 June 2020: \$1,293,471) as at 31 December 2020.

Consolidated Notes to the Financial Statement

For the half-year ended 31 December 2020

c) Going Concern (continued)

These financial statements have been prepared on a going concern basis. In arriving at this position the Directors have had regard to the fact that based on the matters noted below the Group has, or in the Directors opinion, will have access to, sufficient cash to fund administrative and other committed expenditure for a period of at least 12 months from the date of signing this report. The Group's cashflow forecasts for the twelve months ended 31 March 2022 indicate that the Group will be able to settle its liabilities as and when they fall due for a period of at least 12 months from the date of signing the Condensed Interim Financial Report.

In forming this view the Directors have taken into consideration the following:

- Keeping both administrative and development costs to a minimum through careful cash management, with an option to defer payment of related party payments; and
- The Directors have obtained a line of credit of \$200,000 to provide additional financial support for a period of up to 6 months to continue operations until a capital raise can be completed which will provide funding for at least a period of 12 months from the date of this report.

Should the Group not achieve the matters set out above there is a material uncertainty whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial statements. The financial statements do not include any adjustment relating to the recoverability or classification of recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern and meet its debts as and when they fall due.

NOTE 2: OPERATING SEGMENTS

There are no known contingent liabilities at the end of the reporting period (30 June 2019: Nil).

Commitments

There are no commitments at the end of the reporting period (30 June 2020: Nil).

NOTE 11: FAIR VALUE MEASUREMENT

Fair value hierarchy

Assets and liabilities measured and recognised at fair value have been determined by the following fair value measurement hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: Inputs for the asset or liability that are not based on observable market data

Measurement of fair value financial instruments

The Group's financial investment in unquoted equity shares, Brontech Pty Ltd and National Currency eXchange Group Limited are not traded in an active market. Given the investments are considered level 3 investments, there is a significant level of Director judgment required to determine fair value as at any given reporting date. The investments have been fair valued using significant unobservable inputs for which market data is not available and developed using the best information available about the assumptions that market participants would use when pricing the asset. The following table provides the fair value of the financial assets held by the Group as at 31 December 2020.

31 December 2020	Date of valuation	Total	Quoted prices in active markets (level 1)	Significant observable inputs (level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value – unquoted equity shares		\$	\$	\$	\$
Investment in Brontech Pty Ltd	31 December 2020	933,240	-	-	933,240
Investment in National Currency eXchange Group Limited	31 December 2020	-	-	-	-
Total financial assets		933,240	-	-	933,240

The fair value of the financial assets has been determined in accordance with the fair value hierarchy disclose above. The Group has conducted an internal assessment with regards to Brontech Pty Ltd and National Currency eXchange Group Limited and concluded that cost remains an appropriate estimate of the fair value of the investment at 31 December 2020 as there have been no matters or circumstances arising to provide the Group with a substantive indication that this conclusion is no longer appropriate.

The significant unobservable inputs considered by the Directors in the determination that cost remains an appropriate estimate of the fair value of Brontech Pty Ltd and National Currency eXchange as at 31 December 2020 are as follows:

Brontech Pty Ltd

- That there has been no capital raised by Brontech Pty Ltd since the time of the Group's investment in Brontech Pty Ltd. A further capital raise could be relied on by the Group as an independent, third party indication of the investment's fair value;
- Brontech Pty Ltd's financial performance, assessed by the Directors by reviewing unaudited financial information on a regular basis has improved during the period, but not to a degree to justify either an increase or decrease in the Group's investment; and
- Despite the impact of COVID-19 on the business, Brontech Pty Ltd was able to progress its operating objectives and was able to achieve an improvement in financial performance in comparison to the previous financial year.

National Currency exChange Group Limited ("NCX")

- As announced on 20 September 2019, the Group intended to divest its investment in NCX by entering into a binding Sale Share Agreement with Lateral Capital Ventures Pty Ltd ("Lateral") to dispose of the investment on behalf of the Group. Given the occurrence of COVID-19 resulting in an uncertain economic market, this has impacted Lateral's ability to dispose of the

NOTE 11: FAIR VALUE MEASUREMENT CONTINUED

investment. Consequently as at 30 June 2020 the Directors assessed that the Group continued to retain the risks and rewards of ownership of the NCX investment.

On the basis that no reliable information was available to determine an appropriate estimate of fair value and the uncertainty within the external operating environment, the Directors considered it prudent to value the investment at \$nil as at 30 June 2020. The Directors have considered whether any further reliable information is available as at 31 December 2020 to indicate that the value as at that date should be adjusted. On the basis that no additional reliable information is available to determine an appropriate estimate of fair value, the Directors consider it prudent to continue to value the investment at \$nil.

The fair value of financial instrument of the Group approximate their carrying amount.

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Ookami Limited (the "Company") and its controlled entity (the "Group"), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Ookami Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ("ASRE 2410"). Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1c to the consolidated financial report which indicates that the Group incurred a net loss of \$322,112 during the half-year ended 31 December 2020 (31 December 2019: \$301,779) and had net cash outflows from operation of \$206,121 (31 December 2019: cash outflow of \$211,954), and as of that date, the Group had net current assets of \$36,432 (30 June 2020: \$358,185) and net assets of \$971,359 (30 June 2020: \$1,293,471). As at the date of this report there is a material uncertainty that the Group can meet its administrative and other committed expenditure for the next 12 months. This condition, along with other matters as set forth in Note 1c to the financial statements, indicate that a material uncertainty exists that may cast significant doubt about the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
