LETTER FROM THE CEO

Dear fellow Pengana shareholder,

I am pleased to present the Pengana Capital Group Limited (ASX: PCG) financial report for the half-year ended 31 December 2020. Highlights of the half-year include:

- Strong investment performance across all major strategies
- 15% increase in funds under Management to \$3,593 million
- 17% increase in Underlying Profit Before Tax to \$9,195 million
- 12% increase in Statutory Profit Before Income Tax expense to \$5,506 million
- 25% increase in the interim dividend to 5 cents per share

Funds under Management and Investment Performance

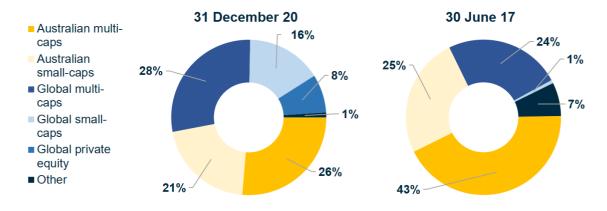

Funds under Management ("FUM") grew strongly in the six months, up 15% from \$3,129 million at 30 June to \$3,593 million at 31 December 2020. The growth in FUM was propelled by excellent investment performance which added \$463 million in the period, while net flows at \$81 million were offset by \$80 million of distributions paid.

Amidst a highly volatile macro environment navigating around the uncertainty of vaccine trials, US election jitters, Brexit fallout and deteriorating China-US relations, all the major Pengana strategies delivered strong absolute and relative returns in the period, outperforming their respective benchmarks.

The trend towards higher margin products highlighted in our last Annual Report continues, as well as our increase in international equity products which comprised 53% of FUM at 31 December 2020.

1

Financial Results

Pengana generated an Underlying Profit before tax of \$9.2 million (5.96 cents per share) which was up 17% on the \$7.9 million posted in the six months to December 2019 (5.28 cents per share).

Pengana Capital Group	Dec 2020	Dec 2019
Underlying Profit Before Tax ⁱ	(\$'000)	(\$'000)
Management fee revenue	19,714	19,412
Performance fee revenue	10,345	5,477
Net fund direct expenses	(1,404)	(1,787)
Operating expenses	(9,781)	(8,171)
Team profit share	(10,567)	(8,594)
Non-controlling interests	(56)	-
Operating EBITDA	8,251	6,337
Interest and investment income distributions	329	449
Interest on loan funded share plan	699	1,201
Financing costs	(84)	(136)
Underlying profit before tax attributable to Pengana	0.105	7 054
Shareholders ⁱⁱⁱ	9,195	7,851
Basic EPS on underlying profit after normalised tax at 30% (2019: 27.5%) ^{iv}	5.96 cps	5.28 cps

The increase in Underlying Profit before tax is primarily attributable to performance fee revenue, generated across a number of funds, the largest contributor being the Australian Equities Fund.

The revenue benefits resulting from growth in FUM will not be evidenced until the second half of the financial year, as the growth occurred at the back end of the half-year, and as a consequence management fees at \$19.7 million were only up slightly (2% or \$301k when compared to the prior half-year).

Operating expenses increased by 20% primarily due to the first-time consolidation of the 2

expenses of the US based operations.

Interest on the loan funded share plan was down 42%, due to a reduction in interest rates in line with market rates and as announced in December 2019.

Other items impacting the \$5.5 million Statutory Profit before Tax (12% increase on the \$4.9 million in the prior comparable period) included product development costs relating to the successful PE1 rights issue which raised \$94 million in July 2020 and non-cash adjustments to employee liabilities.

Capital Management and Dividends

Our balance sheet remains strong, with net tangible underlying assets attributable to PCG shareholders of \$57.8 million or 54 cents per share. During the half-year we paid \$3.3 million or 4 cents per share in dividends, reduced our borrowings by a further 17% and at 30 December had \$21.9 million in net working capital and investments (\$18.8 million at 30 June).

We are pleased to announce that the strong result for the period has enabled the Board today declared an interim dividend of 5 cents per share fully franked at the 26% tax rate. The dividend will be paid on 19 March 2021 to shareholders on the register on 5 March 2021.

Outlook

While the period was characterised by an uncertain and volatile global landscape, our strategic focus is always focused on the long-term growth and success of PCG which I believe contributed to the strong results Pengana delivered in the period.

The foundational steps we have taken in the last few years have been designed to build a platform for future growth and I have never been more confident; particularly as I am surrounded by talented people at all levels at Pengana, our product offering has never been more diverse and our ability to service and interact with our investors on a personal and digital level has never been better.

These general purpose financial statements for the interim half-year reporting period ended 31 December 2020 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

The financial statements cover Pengana Capital Group Limited as a consolidated entity consisting of Pengana Capital Group Limited ('company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year (collectively the 'group'). The financial statements are presented in Australian dollars, which is Pengana Capital Group Limited's functional and presentation currency.

New or amended Accounting Standards and Interpretations adopted

The group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the group during the financial half-year ended 31 December 2020 and are not expected to have any significant impact for the full financial year ending 30 June 2021.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Income tax expense

Income tax expense is recognised based on management's estimate of the weighted average effective annual income tax rate expected for the full financial year. The estimated average annual tax rate used for the year ending 30 June 2021 is 30% compared to 27.5% for the six months to 31 December 2019. Note 11. Fair value measurement

Fair value hierarchy

The following tables detail the group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Observable market data used in valuation techniques to determine the fair value. Level 2 instruments are not traded in an active market

Level 3: Unobservable inputs for the asset or liability

Consolidated - 31 Dec 2020	Level 1	Level 2	Level 3	Total
	\$'000	\$'000	\$'000	\$'000
Assets Investment in financial assets at fair value through other comprehensive income Total assets	9,017 9,017	1,102 1,102	<u>-</u>	10,119 10,119

Assets Investment in financial assets at fair value through other				
comprehensive income	7,393	1,733	-	9,126
Total assets	7,393	1,733	-	9,126

There were no transfers between levels during the financial half-year.

The carrying amounts of trade and other receivables and trade and other payables approximate their fair values due to their short-term nature.

The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

The directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
