Ramelius Managing Director, Mark Zeptner, today said:

*"Once again Ramelius has posted a fantastic result for the year with record gold production and a record net profit after tax which further builds upon last year's results. This is a testament to the growth strategy pursued by the Company and the continual focus on delivering on our plans.*

*FY22 is shaping up to be another record year, based on the mid-point of our production guidance, and with the introduction of ore from the Tampia Gold Mine and development of the very high grade Penny underground, the next few years are looking very solid.*

*Ramelius is proud to also announce a 25% increase in the dividend to 2.5c per share fully franked. This will be the third consecutive dividend for Ramelius shareholders with a total of \$43.1M being returned over the last three years."*
