Other significant information

The Company's goal is to accelerate and capitalise on Olahbola's rapid user growth to become one of Asia's most dynamic, engaging and largest sporting communities.

Our vision is to deploy our white label digital solutions across multiple sports to sporting groups and other partners globally.

Since the 7 July 2020 Indonesian launch of the Company's engaging football platform 'OlahBola', more than 5,000,000 new unique users have been generated. In order to capitalise on this very rapid user growth, SportsHero has partnered with the UK's Ellevate Football to launch in Indonesia next month a market first subscription based football scouting app.

On 8 April 2021 SportsHero and Icon Esports kicked off the OlahBola Esports Series tournament in Indonesia with a practice match and 6 tournaments. The objective of this trial tournament was to understand the magnitude and preferences of the very substantial Indonesian esports market. The tournament results clearly identifying that the Indonesian market is keen to consume alternative sporting codes, especially during lockdown restrictions and the absence of Indonesian football (which has been suspended since 17 March 2020).

As part of the Company's vision, SportsHero is preparing to launch a world first proprietary esports predictor that will add value to our users and help drive user engagement and usage to our platforms. The predictor will utilise the latest advancements in deep learning to predict the outcomes of esports competitions prior to the match, as well as live during the competition.

SportsHero is looking to be a world leader in the rapidly expanding esports market by introducing its artificial intelligence esports predictor and delivering to that market unique esports prediction competitions. Furthermore, SportsHero is planning to apply its proprietary deep learning-based predictor across multiple sports and/or sporting events globally.

Subsequent events

Other than the continuing effects of COVID-19, there has not been any matters or circumstances, that have arisen since the end of the financial year, that has significantly affected, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial periods.

Control gained over entities and loss of control over entities

During the financial year the Company gained control of the Indonesian incorporated company, PT Sport Hero Indonesia.

During the financial year the Company did not gain control of any other entity or lose control over any entity.

Details of associates and joint venture entities

On 10 January 2019, the Company announced that it had entered into a non-binding Heads of Agreement with Cross Bet Holdings Pty Ltd (**CBH**) for the purpose of securing access to a Sports Bookmaker Licence (**Licence**).

On 8 March 2019, the Company announced the formation of a joint venture with CBH for the purpose of enabling the granting of a Licence to a newly incorporated joint venture vehicle named Pay-to-Play Australia Pty Ltd (**P-to-P**).

Subject to the granting of a Licence to P-to-P by the Northern Territory Racing Commission (**NTRC**) the joint venture parties intended to operate a pay-to-play sports prediction platform in Australia.

To facilitate the granting of the Licence to P-to-P, SportsHero loaned P-to-P \$200,000 to enable P-to-P to pay a \$200,000 refundable bond to the NTRC.

The NTRC did not approve either the issue of a Licence to P-to-P or the transfer of a Licence to P-to-P. As a consequence, the NTRC cancelled the bond and on 20 August 2020 P-to-P repaid the \$200,000 loan to SportsHero.

The NTRC has previously either granted or approved the grant of a Licence to Cross Bet Pty Ltd (a wholly owned subsidiary of CBH) and approved the acquisition by SportsHero of a 50% equity interest in Cross Bet Pty Ltd (effectively enabling SportsHero to acquire a 50% interest in a Licence). SportsHero is aware that CBH is either using or intending to use the Licence to undertake gambling operations in Australia. As gambling operations would indirectly result in a change in the nature of SportsHero's activities, SportsHero resolved not to acquire a 50% interest in Cross Bet Pty Ltd.

On 23 August 2021, the Company and CBH terminated the P-to-P joint venture.

COVID-19

As a consequence of the COVID-19 pandemic, curfews and lockdowns have been imposed in Indonesia which are impacting internal demand and economic activity. In addition, all Indonesian football competitions have been suspended since 17 March 2020.

The suspension of football in Indonesia has impacted on the Company's ability to generate revenues from its Kita Garuda platform. In addition, the implementation of curfews, lockdowns and restrictions are impacting both the Indonesian economy and the Company's ability to routinely conduct its Indonesian business activities.

Despite the COVID-19 disruptions and restrictions, we are extremely pleased that our Indonesian team has been able to adapt and operate effectively and produce excellent content that has driven Olahbola's user engagement, retention and importantly user number growth. Notwithstanding the prevailing market conditions, SportsHero has reported the receipt of initial revenues and remains optimistic about its continued growth.
