FULL YEAR STATUTORY ACCOUNTS 2021

PANCONTINENTAL

The Directors of Pancontinental Energy NL ("Pancontinental" or the "Company") submit their report for the year ended 30 June 2021.

DIRECTORS

The names and details of the company's Directors in office during the financial year and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

Names, qualifications, experience and special responsibilities

Henry David Kennedy MA (Geology), SEG (Non-Executive Chairman)

Mr Kennedy is a Geologist with a long history in Australian and New Zealand oil and gas companies. During his time as a Technical Director he was instrumental in the formation and development of a number of successful listed companies. These companies were involved in numerous discoveries in Western Australia and New Zealand. At Pancontinental, Mr Kennedy has used his wide knowledge base to assist with the strategic direction of the Company. Mr Kennedy has been a Director of Pancontinental since August 1999.

Mr Kennedy retired as a Non-Executive Director of Norwest Energy NL in March 2020. (Director since April 1997).

Ernest Anthony Myers CPA (CEO & Executive Director)

Mr Myers, an Accountant by profession, has held senior management and executive roles within a number of ASX listed companies. During his career he has been instrumental in the capital raisings and financial management of these companies. He has played a key role in managing the Group's African portfolio. Mr Myers joined Pancontinental in March 2004, was appointed Executive Director in January 2009 and Chief Executive Officer in November 2018.

Mr Myers is currently also Non-Executive Chairman of Norwest Energy NL (since November 2018).

Roy Barry Rushworth, BSc (Non-Executive Director)

Mr Rushworth is a Geologist who brings extensive experience in petroleum exploration to the Company. Commencing with positions in exploration operations, his career then extended to the role of Chief Geologist and Exploration Manager for an Australian listed company. A number of oil and gas discoveries were made by the Company during that time. More recently, Mr Rushworth has been responsible for identifying, negotiating and acquiring international new venture opportunities in Malta, Kenya, Morocco and Namibia.

Mr Rushworth has been a Director of Pancontinental since August 2005.

For personal use only

Marie Michele Malaxos BE, Dip Bus, GAICD (Non-Executive Director)

Ms Malaxos has been a professional executive in the resources sector for over 25 years, with involvement in all aspects of the development and operation of oil and gas fields including commercial and budget control, technical management and approval, stakeholder liaison, environmental management, health and safety management and assessment of assets for sale and purchase.

Ms Malaxos was appointed to the Board of Pancontinental as a Non-Executive Director in July 2017.

Vesna Petrovic, BComm, CPA (Executive Director & Company Secretary)

Mrs Petrovic is an Accountant who holds a Bachelor of Commerce, Major in Accounting and Business Law and has completed the Graduate Diploma in Applied Corporate Governance from the Governance Institute of Australia.

Roles in accounting and finance of numerous publicly listed entities, particularly those involved in Africa have provided Mrs Petrovic a base from which to contribute to the accounting and governance functions at Pancontinental.

Mrs Petrovic was appointed Company Secretary in April 2010, Executive Director in December 2016, Alternate for Mr Kennedy in July 2017 and reappointed Executive Director in September 2018.

CORPORATE INFORMATION

Corporate structure

Pancontinental Energy NL (ACN 003 029 543) is a no liability Company incorporated and domiciled in Australia. The Company's registered office changed during the year from Level 1, 10 Ord Street, West Perth WA 6005 to Level 2, 30 Richardson Street, West Perth WA 6005.

Nature of operations and principal activities

The principal activity during the year of Entities within the Consolidated Entity was exploration for oil and gas. Post year end, the Company changed its name from Pancontinental Oil & Gas NL to Pancontinental Energy NL. The Board believes that the proposed name better reflects the Company's stated business objectives and its longer-term strategic direction.

Business drivers are the key inputs and activities that drive the operational and financial results of a business. For the Company in the exploration stage, business drivers include the management of working capital and sensible capital investment decisions as well as technical excellence in sourcing, assessing and providing guidance for projects which will create value for the Entity and its Shareholders.

There have been no significant changes in the nature of those activities during the year.

Objectives

Objectives of the Group include:

- Continue exploration on the Company's current portfolio of permits;
- Extract value from the Company's asset base;
- Seek new ventures suitable for inclusion in the Group's asset structure;
- Manage risks involved in the exploration industry; and
- Maintain liquidity.

The Group's targets and strategies for meeting the above objectives include:

- Approve work programmes best suited for exploration success which are within the Company's financial capacity;
- Consider strategic alliances through joint ventures to minimise risks to the Group;
- Focus on cost cutting in all non-essential areas; and
- Review appropriate fundraising proposals.

Earnings (loss) per share

Basic earnings (loss) per share	(0.01)
Diluted earnings (loss) per share	(0.01)

The result from the financial year ended 30 June 2020 was a loss of \$4,463,850. The current financial year also produced a loss, however significantly less at \$788,165. While the Company has always operated on a low cost and overhead model, the situation internationally has affected businesses across every industry albeit some more than others. The Company has responded by working carefully to decrease each and every discretionary and non-essential expenditure item as well as seeking reductions for essential expenditure.

Employees

The Consolidated Entity had three (3) Employees as at 30 June 2021, (2020: three (3)). The Consolidated Entity employs the services of specialised consultants where and when needed.

OPERATING AND FINANCIAL REVIEW

Projects

Namibia PEL 87 – Offshore [75% interest]

The PEL 87 joint venture was formed in December 2017 upon award of the licence to Pancontinental and its joint venture partners; the National Petroleum Corporation of Namibia as well as local company Custos Investments (Pty) Ltd.

The initial PEL 87 work programme consisted of licencing 2D seismic data, drilling, processing and acquisition of other technical reports to assist with studies, mapping and assessment of the licence area. During this assessment a fan complex was uncovered. The Turbidite Fan which is of Aptian Age is encased in sealing shales and based on Pancontinental's interpretation holds a number of leads.

The structure is located on the Mature Oil Source and is 2,400km² in size and approximately 300m thick. Modelling produced by the technical team has indicated high quality seals and independent closures. The Joint Venture is working on gaining a deeper understanding of this structure and the hydrocarbons that may be present.

The PEL 87 joint venture worked on interpreting seismic lines during the year, in addition to continual work programme objectives, mostly utilising in house expertise to save on external costs.

The Company continued with farmout efforts for PEL 87 in light of planned regional activities in the Orange Basin offshore Namibia. The effects of the COVID-19 pandemic have been felt worldwide and as such companies are proceeding with caution and reduced budgets. Nonetheless, the Company has received interest in the PEL 87 licence and provided access to the Company's project dataroom for interested parties.

Pancontinental views its PEL 87 project as a very exciting frontier project which is located alongside a number of international "Majors" in a very favourable country environment. The Venus-1 well by French major Total is scheduled to be drilled this year. Total's Venus prospect is very similar in prospectivity and seismic character to Pancontinental's Saturn feature and as such will provide valuable data to be integrated into the existing technical dataset. Welligence Energy Analytics has reported that Total's Venus well in Namibia is their number one well to watch in 2021.

Namibia PEL 37 – Offshore [59.87% interest]

Pancontinental was a founding partner in the PEL 37 Joint Venture in 2011. Since that time, the joint venture has completed a number of work programmes. The Company has also successfully negotiated the entry of joint venture partners for carried exploration work.

The last of the licence commitments prior to expiry was the drilling of the Cormorant-1 well in 2018. The joint venture then secured an additional year's extension from the Ministry of Mines and Energy.

During the financial year, joint venture partners ONGC Videsh Limited and Tullow Namibia Limited exited the licence. Pancontinental Namibia Pty Ltd's current interest in the joint venture is 89.76% which is split between the two investment partners; Pancontinental Energy NL 59.84% and Africa Energy Corp 29.92%. Africa Energy Corp. is a Canadian oil and gas Company with interests offshore South Africa and Namibia. Pancontinental has found them to be an excellent investment partner with aligned interests.

Pancontinental and its joint venture partner Paragon Oil and Gas (Pty) Ltd have now applied to the Ministry of Mines and Energy in Namibia for a further extension. If successful, the extension is for 2 years in the 3rd renewal period.

Queensland Australia ATP 920 & 924 [20-25% earning interest]

Pancontinental farmed into the Meeba Project, Cooper Basin, Onshore Queensland during 2019. This achieved the Company's goal of adding Australian assets to its portfolio which were to provide near term activity to complement the longer term Namibian acreage.

COVID-19 as well as a number of natural disasters in the Eastern States have set back the planned activities on the Authorities to Prospect ("ATP") but operator Key Petroleum Limited ("Key") is leading the joint venture and

forging ahead with the following activities completed during the year:

- An investigation of source rock distribution near to high graded prospects was carried out during the financial year. The study demonstrated a significant northern transgression of the basin margin during the late Permian where peat swamps would have accumulated the principal source rocks of the Cooper Basin adjacent to prospect trends;
- Operator Key Petroleum navigated through COVID-19 restrictions and associated risks with remote communities to organise Heritage Surveys within the ATP area;
- ATP 920 and 924 reached their second anniversary, with Operator Key advising that the joint venture is in full compliance with the revised work programme. The Operator on behalf of the joint venture submitted a report for remote sensing (satellite imagery), encompassing the permit areas and highlighting the effects of periodic water inundation within the region;
- The joint venture received notification from the Department of Natural Resources, Mines and Energy that it had been granted a Special Amendment for the Renewal work program in ATP 924. This was due to an application submitted on the grounds of Force Majeure due to COVID-19 disruptions. The revised work program removes the Year 1 well and estimated \$2.6 million in associated costs.
- The joint venture made an application for Project Status which is currently being processed by the Queensland Department of Natural Resources, Mines and Energy. Should the application be successful, this will allow the joint venture to transfer commitments between the ATPs, thus being able to focus its efforts on the most prospective areas.

The joint venture continues to monitor the COVID-19 pandemic and associated restrictions with a view to revert to previously planned operational schedules once conditions stabilise.

Corporate

Fundraising

During the financial year, the Company announced that it had completed a bookbuild to raise \$710,000 through a Placement of 710,000,000 shares at an issue price of \$0.001 per share to sophisticated and professional investors, including directors. The funds raised will be used in conjunction with existing cash for exploration activities, business development, payment of expenses and general working capital purposes.

General Meeting

Resolutions for the Placement (refer to Fundraising section above), Directors' contributions to the placement of \$110,000 (110,000,000 shares) and the name change to Pancontinental Energy NL were put forward and approved at a General Meeting held on 29 July 2021. The Notice of Meeting for the General Meeting was lodged with the ASX during the quarter, although due to the Perth lockdown at the time, the meeting was postponed to 29 July 2021 from its original date which fell during the lockdown period.

Name Change

Upon approval of Shareholders in General Meeting, the Company changed its name from Pancontinental Oil & Gas NL to Pancontinental Energy NL to better reflect the Company's stated business objectives and its longer-term strategic direction.

Office Relocation

The Company relocated its office to 30 Richardson Street, West Perth during the reporting period. This move will bring further cost savings of approximately \$70k per annum to the Company.

COVID-19 Pandemic & Cost Cutting

Pancontinental's timely response since the commencement of the COVID-19 pandemic is discussed in further detail in COVID-19 section below.

Board Members and Staff continued with voluntary reductions introduced in early 2020. The CEO and Non-Executive Directors continued with a 50% reduction in salary and fees. The Executive Director and Staff also continued with a 25% reduction.

The Company has continued with all cost cutting and safety measures brought in at the start of the pandemic.

These measures will remain in place for the foreseeable future.

New Ventures

The Company is continually searching for, and evaluating new ventures that could be pursued to complement the Company's existing portfolio of exploration assets. The Company is mindful that any new venture must be the right fit and add value for its Shareholders. Many factors are considered when assessing any new project. Not only does the Company assess the prospectivity of the area and how it could bring returns for its Shareholders, it also looks at the risks involved in the project. Environmental, social and governance risks play an important role in the assessment of each new venture. The impact of the project on climate change is an important factor and with this in mind, Pancontinental is carefully assessing projects to select the most suitable for the Company.

Group Overview

Pancontinental Energy NL was incorporated in 1985 and listed on the Australian Securities Exchange in 1986.

The Pancontinental Group is comprised of the Parent Company along with four subsidiary companies.

Dynamics of the Business

The Company is continually working on development of its existing projects and evaluates emerging opportunities as they become available. While the Company's main focus is in Africa, the technical team is open to jurisdictions outside of Africa if they are compatible with the strengths of the team at Pancontinental.

Performance Indicators

The Board closely monitors and discusses the Group's operating plans, financial budget and overall performance as well as the Company's share price on a regular basis.

The underlying drivers which contribute to the Company's performance and that can be managed internally include a disciplined approach to reducing the Group's non-essential costs and allocating funds to those areas which will add shareholder value. The Company's share price is used as a performance indicator however, the share price is not entirely indicative of a Company's performance and can be influenced by factors outside the control of Management and the Board such as market conditions.

Operating Results for the Year

Summarised operating results are as follows:

	2021	
	Revenues	Results
	\$	\$
Non-segment and unallocated revenues and results	367	(788,165)
Consolidated Entity revenues and results from ordinary activities before income tax expense	367	(788,165)

This financial years' result is a loss of \$788,165, a significant improvement on the loss of the last financial year of \$4,463,850. Management has worked carefully to reduce all costs where possible. For essential items crucial to running the business, reductions have been sought. Non-essential and discretionary expenditure has been reduced as much as possible. There are 3 Employees who carry out the day to day operations of the Company. These are the CEO, Executive Director and Assistant Accountant. Specialist consultants are engaged when required. This streamlining has also brought about the downsizing of the office from a modest office to shared premises where the Employees share one office resulting in further cost savings.

Shareholder Returns

The Group is in the exploration phase and so returns to Shareholders are primarily measured through capital growth.

	2021	2020	2019	2018	2017
Profit /(Loss) attributable to owners of the Company	(788,165)	(4,463,850)	(1,633,481)	(6,263,751)	(4,981,475)
Basic earnings per share (cents)	(0.01)	(0.08)	(0.03)	(0.12)	(0.26)
Share price	\$0.001	\$0.001	\$0.002	\$0.004	\$0.002

Risk Management

Risk management at Pancontinental begins with the Board who delegate authority throughout the organisation. The Board monitors, identifies, analyses and responds to any risks that will impact the Company in realising its strategic direction as well as potential risks that are perhaps not expected, but could cause a disruption.

Risk management is a day to day part of the business which is considered in all decision making. Project management, financial planning, corporate actions, strategic partnerships, conducting business abroad and the like. The process of identifying and analysing risk factors includes both quantitative and qualitative factors. The Board is responsible for ensuring that risks and opportunities are identified on a timely basis and that the Group's objectives and activities are able to continue without disturbance.

The Group believes that it is crucial for all Board members to be a part of this process and as such the Board has not established a separate Risk Management Committee. The Board has identified business risks specific to Pancontinental and the industry it operates in. These include:

Operating Risks

- Health and Safety – The safety and health of the people at Pancontinental is paramount. The physical and mental wellbeing of its Directors and Employees is crucial to the Company achieving success. For example, during the recent COVID-19 pandemic, the Company protected its workers while continuing business operations by adhering to recommended guidelines to prevent the spread of the virus including restricted travel, alternative office access options, provision of hygiene consumables and social distancing.
- Joint Venture Operators - Currently some of Pancontinental's assets are managed by Joint Venture Operators who are responsible for the day to day operation of the permits. As such, regular review of the Joint Venture activities is crucial in safeguarding the assets of the Company. Attendance at joint venture meetings has continued during the COVID-19 pandemic with the use of video conferencing options to keep abreast of any emerging risks that could impact the Company due to its joint venture activities.
- Foreign Jurisdictions - Conducting business in foreign jurisdictions carries with it a risk of change in business, legal, tax, accounting, political, environmental and technical practices which may have a material effect on the Company.
- Loss of Key Data – Pancontinental has a tried and tested backup system of all its data. The Company is confident that no unauthorised access could compromise key data. However, there is still a level of risk involved due to cyber-attacks or outages. If there was a violation it could cause serious business interruption such as loss of data, damage to the data system and privacy breaches. In recent years, the Company moved to a cloud based system which provides for ease of remote access for Staff and faster recovery in the event of an attack or outage.

Financial Risks

- Access to Funding – In the past, Pancontinental has funded its operations by several means; funds received from the divestment of project areas, investment partner expenditure on the Company's behalf (carried expenditure) and equity markets. Volatility in capital markets or the exploration industry could limit the Company's access to future funding. Pancontinental has successfully reached out to the equity market twice this year, with broker support and without issue (once during the financial year and once post financial year). The Company has maintained a long and successful relationship with the broking house who has supported the majority of funds raised this year. The Company continues to seek partnering opportunities such as those negotiated in the past which have allowed the Company to participate in multi-million dollar exploration programs such as drilling exploration wells in Kenya and Namibia.
- Market Prices - Oil and gas price volatility as well as currency fluctuations in the Australian and United States dollars. Commodity prices and foreign exchange rates are subject to global economic forces. Although the Company is not in production and there is not a material business risk in that regard, the Company's operations are affected due to exploration budgets and overall activity in the exploration sector.

Strategic Risks

- Climate Change Risk - Certain research has shown that the global climate is changing and may continue to change. Extreme weather events such as flooding and drought are thought to be increasing in severity

and frequency. As such, this affects the planning and day to day running of businesses and industry. Pancontinental will consider climate change risk in its everyday business decisions and how it can adapt to changing conditions believed to be caused by climate change. Governments, regulators, lenders and investors are becoming more and more interested in how companies are managing the impacts of climate change. Pancontinental may be impacted by increasing regulation and costs associated with climate change. Climate change risk is discussed in detail in the following section.

- Extraordinary Events - Extraordinary events such as the COVID-19 pandemic. The Company may be affected by future events similar to those experienced during the previous financial year when the COVID-19 pandemic affected lives and businesses worldwide. The Company must be prepared to again act quickly should a similar situation arise.
- Regulatory Change - Pancontinental's operations and finances may be affected by a changes to government policy, regulations or legislation. Unexpected changes may impact longer term projects and their viability to provide returns for shareholders.

The Group has advised each Director, Employee and Consultant that they must comply with a set of ethical standards maintaining appropriate core Company values and objectives. Such standards ensure shareholder value is delivered and maintained. Standards cover legal compliance, conflict resolution, privileged information and fair dealing.

The Board provides Shareholders with information using a Continuous Disclosure Policy which includes identifying matters which have a material effect on the underlying security price. ASX announcements, the web page of the Company and other media resources are used to convey such information. The Board encourages full participation by Shareholders at the Annual General Meeting and Shareholders are requested to vote on Board and Executive remuneration aggregates as well as Employee Incentive Schemes.

The Company's Board prevents the occurrence of risks by undertaking regular reviews of the Group's business practices to identify potential risks. Techniques used for identifying risks include:

- Evaluating each function of the business and identifying anything that could have a negative impact on the Group's operations;
- Reviewing records to identify previous issues that could have a current impact;
- Considering any external risks that could affect the Group; and
- Consulting with Employees and independent contractors as well as auditors to identify risks and in turn implementing risk prevention measures.

Once potential risks have been identified, managing risks involves developing cost effective options on how to best to deal with the risks. Risks can be:

- Avoided - by changing business processes or equipment to achieve a similar outcome with less risk;
- Reduced - if a risk can't be avoided the Group can reduce its likelihood and consequence. This could include Staff training, documenting procedures and policies, complying with legislation, maintaining equipment, practicing emergency procedures, keeping records safely secured and contingency planning;
- Transferred - transfer some or all of the risk to another party through contracting, insurance, partnerships or joint ventures; and
- Accepted - this may be the only option.

The continued monitoring of risk within the Group is directed at evaluating:

- The effectiveness and efficiency of operations;
- The reliability of financial and management internal processes and reporting; and
- Compliance with laws and regulations

to enable the Group to safeguard its assets.

Climate Change

Pancontinental is mindful of the developing and continued interest of stakeholders in climate change issues. Climate risk has evolved to become an important consideration in investment and corporate strategic decisions. It is now widely recognised as a critical risk to business, industry and capital markets. So much so, that the guidance recommends that listed companies consider disclosing climate change risk separately to other general risk categories, which is what Pancontinental has adopted.

The G20 Financial Stability Board established the Task Force on Climate-related Financial Disclosures ("TCFD") which is an industry-led task force that has published recommendations for financial report preparers to assist in providing investors the most relevant climate change disclosures. The Company has utilised the publication as a guide in providing our stakeholders with the appropriate information in this regard.

The TCFD structured its recommendations around four thematic areas that represent core elements of how organisations operate: governance, strategy, risk management and metrics and targets. The four recommendations are supported by recommended disclosures that build out the framework that will help investors and others understand how the reporting organisation has assessed climate-related risks and opportunities.

The voluntary disclosure recommendations issued by the TCFD are specifically designed to help companies produce information that is useful for investors (among others).

Climate change risk, as defined by the TCFD falls into two main categories; risks related to the transition to a lower-carbon economy and risks related to the physical impacts of climate change:

- 1. Transition risks** – transitioning to a lower-carbon economy may entail extensive policy, legal, technology and market changes to address mitigation and adaptation requirements related to climate change.
- 2. Physical risks** – physical risks resulting from climate change can be acute or chronic. Acute physical risks refer to those that are event-driven, including increased severity of extreme weather events, such as cyclones or floods. Chronic physical risks refer to longer-term shifts in climate patterns.

In addition to risks, climate change can also bring about opportunities. Companies will need to consider that with any change, opportunities can arise.

Pancontinental will continue to use the recommendations of the TCFD as a reference for climate change related disclosures which we expect to continue to evolve over the coming years.

Recommended Disclosures	Pancontinental Commentary
Governance The organisation's governance around climate-related risks and opportunities.	
a) Describe the Board's oversight of climate-related risks and opportunities.	The Board considers those matters that would ordinarily be the responsibility of a Risk Committee as they believe it is crucial for all Board members to be a part of this process. The Board assess risks (including climate-related risks) as part of the ordinary course of business activities such as strategic planning, promotion, budgets, mergers and acquisitions, strategic partnerships, legislative changes and conducting business abroad. Each Board Meeting is used as a platform for the review and assessment of the Company's material risk profile, including climate risk.
b) Describe Management's role in assessing and managing climate-related risks and opportunities.	As above. Due to the size of the Company and cost reduction reasons, the Executive Board members manage the day to day activities and there is no separate management function.
Strategy The actual and potential impacts of climate-related risks and opportunities on the organisation's businesses, strategy and financial planning, where such information is material.	
a) Describe the climate-related risks and opportunities the organisation has identified over the short, medium, and long term.	1. Transition risks: <ul style="list-style-type: none"> • Transition changes may affect regulatory bodies in the countries Pancontinental holds exploration properties, which may delay approval of documents, in turn delaying planned work programmes [Short, medium and long term risk]; • Transitioning to a low carbon economy may bring with it costs

COVID-19

There were no direct material impacts of COVID-19 on the Financial Statements for the year ended 30 June 2021 and the Directors consider that the going concern basis for the Consolidated Entity is still appropriate.

During the 2021 financial year, the COVID-19 pandemic continued to impact businesses and lives worldwide. The Company acted swiftly at the commencement of the pandemic introducing cost cutting measures which remain in place today.

Pancontinental continues to align its work practices with the recommendations of the World Health Organisation as well as State and Federal Department of Health's requirements. The Company continues to monitor global activity and take the advice of relevant government and global agencies.

Pancontinental has set as its priorities the health and safety of its Staff and Directors as well as the conservation of its asset base and the continuation of its project activity.

Key Responses

- **50% reduction** – CEO and Non-Executive Director fees. This reduction has remained in place since the commencement of the COVID-19 pandemic.
- **25% reduction** - Executive Director and Staff salaries. This reduction has remained in place since the commencement of the COVID-19 pandemic.
- Detailed budgetary review and where possible reduction of corporate and exploration expenditure – This review has continued into the 2021 financial year resulting in further cost savings.
- Suspension of consultancy engagements. During the financial year, the Company utilised the use of consultants only on an ad hoc basis.

Personnel

Pancontinental has followed regulatory requirements concerning physical interactions in its workplace and the Company has eliminated all non-essential travel for its personnel. Personnel are encouraged to take advantage of digital communications and flexible work locations whenever possible. Video conferencing was used widely throughout the financial year which saved on costs and protected the safety of Pancontinental personnel.

The Company's CEO and the Non-Executive Directors have volunteered a 50% reduction in their salary and fees, while the Executive Director and the additional Staff member have taken a voluntary 25% reduction in their salaries. This was implemented at the commencement of the COVID-19 pandemic and has continued into the 2021 financial year.

Exploration Activities

The Company is continuing to carry out the reporting and work requirements in its exploration projects. Other non-essential activities and expenditure have been reduced. The Company continues to evaluate high-value new-entry projects that it could commence in due course.

Corporate

Since the commencement of the pandemic, the Company has continually reviewed its expenditure and ceased all discretionary and non-essential expenditure. The Company has also approached various service providers to negotiate terms which are appropriate in this economic climate. These measures have proven successful and this is evident in the below tables where the cost savings over the last two financial years are shown:

Shares issued as a result of the exercise of Options

There were no shares issued as a result of the exercise of options during the financial year.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

No significant changes in the state of affairs of the Company occurred during the financial year.

SIGNIFICANT EVENTS AFTER THE BALANCE DATE

29 July 2021

The Company held a General Meeting to ratify a share placement, approve share issues to Directors and a change to the Company name. All resolutions put to the meeting were passed on a poll.

11 August 2021

Upon receiving Shareholder approval at the 29 July 2021 General Meeting, the Company issued 100,000,000 shares to Director Mr Kennedy and 10,000,000 shares to Director Ms Malaxos.

26 August 2021

Pancontinental completed a bookbuild to raise \$1.0m. 917,507,325 shares were issued with a further 120,000,000 to be issued once Shareholders approve the issue at the General Meeting to be held on 21 October 2021.

15 September 2021

The Company lodged a Notice of Meeting and Proxy Form with ASX advising of a General Meeting to be held 21 October 2021.

Other than the matters discussed above, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS

The economic Entity expects to maintain the present status and level of operations and hence currently there are no likely developments in the Entity's operations.

ENVIRONMENTAL REGULATION AND PERFORMANCE

Pancontinental is committed to complying with any requirement for environmental management in any jurisdiction and country that it operates.

Currently most of Pancontinental's assets are managed by Joint Venture Operators who are responsible for the day to day operations of the permits. As such, regular review of the Joint Venture activities is crucial in safeguarding the assets of the Company. Technical and financial executives review the work programmes and budgets in place to ensure compliance with approved documents. Updates on operational activities that are provided by the Joint Venture partners are reviewed and will include any environmental operational issues if applicable.

INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

Since the end of the previous financial year the Company has paid insurance premiums in respect of Directors' and Officers' liability and legal expenses insurance contracts. The Directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the Directors and Officers and legal expenses insurance contracts as such disclosure is prohibited under the terms of the contract. The premiums were paid in respect of the following Officers of the Company and its Controlled Entities:

HD Kennedy, EA Myers, V Petrovic, RB Rushworth and MM Malaxos.

REMUNERATION REPORT (Audited)

This report outlines the remuneration arrangements in place for Directors and Executives of Pancontinental Energy NL ("the Company").

Remuneration philosophy

A description of the remuneration structures in place are as follows:

The Non-Executive Directors receive a fixed fee for their services. If additional duties are performed by the Non-Executive Directors they are remunerated at market rates. The Chief Executive Officer receives a fixed fee for his respective executive services. Executive Directors are paid a salary. Directors do not receive any termination or retirement benefits.

Remuneration Committee

The full Board carries out the role of the Remuneration Committee.

Remuneration structure

In accordance with best practice corporate governance, the structure of Non-Executive and Executive remuneration is separate and distinct.

Non-Executive Director remuneration

Objective

The Board seeks to set aggregate remuneration at a level which provides the Company with the ability to attract and retain Directors of the highest calibre, whilst incurring a cost which is acceptable to Shareholders.

Structure

The Constitution and the ASX Listing Rules specify that the aggregate fees of Non-Executive Directors shall be determined from time to time by a general meeting. An amount not exceeding the amount determined is then divided between the Directors as agreed. The latest determination was at the Annual General Meeting held on 29 November 2007 when Shareholders approved an aggregate remuneration of \$400,000 per year. The amount of aggregate remuneration sought to be approved by Shareholders and the manner in which it is apportioned amongst Directors is reviewed annually. The Board considers advice from external sources as well as the fees paid to Non-Executive Directors of comparable companies when undertaking reviews. The Non-Executive Directors of the Company can participate in Employee Option Incentive Schemes with Shareholder approval. The remuneration of Executive and Non-Executive Directors for the period ending 30 June 2021 is detailed in Table 1 of this report.

Senior Management and Executive Director remuneration

Objective

The Board seeks to set aggregate remuneration at a level which provides the Company with the ability to attract and retain Executives of the highest calibre, whilst incurring a cost which is acceptable to Shareholders.

Structure

In determining the level and make up of Executive remuneration, the Board may take independent advice from external sources when necessary.

The Chief Executive Officer, Mr Myers receives a salary of \$200,000 per annum (reduced during the previous financial year to \$100,000) for his respective executive services. The Company and Mr Myers do not currently have a contract between them for the CEO and Executive Director position. Mr Myers was reappointed Executive Director and appointed Chief Executive Officer on 15 November 2018.

The Board regularly reviews compensation levels to take into account market-related factors such as cost of living changes, any change to the scope of the role performed and any other relevant factors of influence.

Fixed remuneration

Objective

The level of fixed Directors' fees is set so as to provide a base level which is both appropriate to the position and is competitive in the market.

Structure

Fixed primary remuneration is paid on a cash basis and there are no fringe benefits or other costs incurred by the Company.

During the current financial year 52,390,244 unlisted options, exercisable at \$0.004 expired.

Company Performance

Company performance can be reflected in the movement of the Company's share price over time. As the Company is in an exploration phase, returns to Shareholders will primarily come through share price appreciation. The Board's strategy in achieving this aim is to acquire early stage projects which can attract quality joint venture partners.

The Company has developed skills in the acquisition of quality projects and has also built strategic alliances with other companies to further develop its project portfolio.

Consequences of Performance on Shareholder Wealth

In considering the Group's performance and benefits for shareholder wealth, the Remuneration Committee have regard to the following indices in respect of the current financial year and the previous four financial years.

Return on Equity	2021	2020	2019	2018	2017

Corporate Governance Statement

The Company's 2021 Corporate Governance Statement is presented below and can also be accessed at <http://pancon.com.au/about-us/corporate-governance/>. The Statement has been approved by the Board of Pancontinental Energy NL and is current as at 30 September 2021. The Board does not view the Corporate Governance Statement as a compliance document but rather as an opportunity to demonstrate that they are cognisant of the importance of having proper and effective corporate governance arrangements and to communicate to stakeholders and the broader investment community Pancontinental's approach to corporate governance.

Pancontinental's Corporate Governance Statement outlines the Company's governance practices throughout the financial year and the extent of the Company's compliance, as at 30 June 2021 with the ASX Corporate Governance Council's fourth edition of Corporate Governance Principles and Recommendations.

The Company will regularly review its current practices to ensure they evolve with good practice methods recommended by regulatory bodies while taking into account factors such as the size, nature and activities of the Company.

Pancontinental Energy NL Corporate Governance Comments

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

1.1

A listed Entity should have and disclose a Board charter setting out:
 (a) the respective roles and responsibilities of its Board and Management; and
 (b) those matters expressly reserved to the Board and those delegated to Management.

Adopted - Pancontinental has adopted a Board Charter which can be found on the Company's website at <http://pancon.com.au/about-us/corporate-governance/>. The Charter outlines the roles and responsibilities of Board and Management including the responsibilities for not only the Board as a whole but also the Chairman, Chief Executive Officer and Non-Executive / Independent Directors.

1.2

A listed Entity should:
 (a) undertake appropriate checks before appointing a Director or Senior Executive or putting someone forward for election as a Director; and
 (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.

Adopted - The Company's Nomination Committee Charter which has been disclosed on the Pancontinental website <http://pancon.com.au/about-us/corporate-governance/> outlines the role of the Nomination Committee including the oversight of the Company's selection and appointment practices for Directors.

As part of its Corporate Governance Manual, the Company has also adopted a Policy and Procedure for Selection and (Re)Appointment of Directors which can be found at <http://pancon.com.au/about-us/corporate-governance/>. The Policy and Procedure outlines the process for the evaluation and appointment of new Board members, as well as listing information that is required to be provided to Shareholders so that they may make an informed decision regarding the election of a proposed candidate.

The Nomination Committee Charter empowers the Directors to engage external consultants such as Employment Screening Australia who are a CrimTrac accredited information agent that adheres to the Australian Standard AS 4811-2006 Employment Screening.

1.3

A listed Entity should have a written agreement with each Director and Senior Executive setting out the terms of their appointment.

Adopted - Each Director is in possession of a written agreement setting out the terms of their appointment including their right to independent professional advice if required to fulfil their capacity as Director other than Mr Myers and Mrs Petrovic who were reappointed as Executive Directors during the 2019 financial year. In addition to their executive roles, Mr Myers is also CEO and Mrs Petrovic, Company Secretary.

Material terms of any employment, service or consultancy agreement are disclosed.

2.2

A listed Entity should have and disclose a Board Skills Matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.

Adopted – The Board is seeking Directors who collectively have the skills, knowledge and experience to govern and direct the Company effectively. The below table shows the key skills and experience the Board as a whole possess.

Board Expertise		Board Experience	
Commercial	•	Capital Raisings	•
Compliance	•	Company Promotion	•
Corporate	•	Financial Management	•

Details of each of the Director's qualifications are set out in the Directors' Report. All of the Directors have substantial industry experience and consider themselves to be financially literate. Mr Myers and Mrs Petrovic are qualified accountants and therefore meets the tests of financial expertise.

Pancontinental acknowledges that the skills, knowledge and experience required on the Board will change as the Organisation evolves however under the current circumstances, the mix of expertise and experience identified above is beneficial in meeting the current challenges faced by the Group.

2.3

A listed Entity should disclose:

- the names of the Directors considered by the Board to be Independent Directors;
- if a Director has an interest, position or relationship of the type described in Box 2.3 but the Board is of the opinion that it does not compromise the independence of the Director, the nature of the interest, position or relationship in question and an explanation of why the Board is of that opinion; and
- the length of service of each Director.

Adopted – see table below.

	<p>consider issues of materiality, the Board refers to the thresholds for qualitative and quantitative materiality as adopted by the Board and contained in the Board Charter, which is disclosed on the Company's website.</p> <p>Box 2.3's independence criteria has been applied in the above table and although no Directors are considered to be independent, the Board believes its current composition is in line with the long term interests of Shareholders. The Board also acknowledges the need for independent judgement on all Board decisions, irrespective of each individual Director's independence and as such has implemented a Policy on Independent Professional Advice.</p>
2.4	<p>A majority of the Board of a listed Entity should be Independent Directors.</p> <p>Not Adopted – No Director is considered to be independent.</p> <p>The Board acknowledges Recommendation 2.4 in that the majority of the Board of a listed Entity should be Independent Directors, however the Board is of the belief that each area of expertise required for a Company of Pancontinental's size is well represented and that there are long term benefits to be gained from the current combination of Directors' skills, experience and expertise. Ms Malaxos and Mr Kennedy did not provide executive services during the year.</p> <p>Although the Board of Directors are able to exercise objective business judgement, a Policy on Independent Professional Advice has been implemented to assist if required. If a Director considers it necessary to obtain professional advice to properly discharge the responsibility for their office as a Director, then the Company will pay reasonable expenses associated with obtaining such advice.</p>
2.5	<p>The Chair of the Board of a listed Entity should be an Independent Director and, in particular, should not be the same person as the CEO of the Entity.</p> <p>Not Adopted – As recommended, the Chairman and the CEO are not the same person, however the Chairman of the Board is Mr Kennedy, who is not independent by virtue of this substantial shareholding in the Company.</p> <p>Leadership of the Board rests with the Chairman who oversees its operation ensuring that it is run effectively. The Board believes Mr Kennedy's interests are aligned with the long term interests of Shareholders and given his extensive experience and qualifications, believes Mr Kennedy is the most appropriate Director to carry out the role of the Chairman.</p>
2.6	<p>A listed Entity should have a program for inducting new Directors and for periodically reviewing whether there is a need for existing Directors to undertake professional development to maintain the skills and knowledge needed to perform their role as Directors effectively.</p> <p>Adopted – The Company has devised an Induction Programme for new Directors, Executives and Employees.</p> <p>The goal of the Induction Programme is to assist new Directors in participating fully and actively in Board decision making at the earliest opportunity by providing them with the necessary Company knowledge as well as information pertaining to the industry within which it operates. A Directors' Pack is made available which includes key information on Board Members, Board Charters, Duties Imposed on Directors of Public Companies, Directors' Disclosure Obligations, Declaration of Interest Forms and Overall Responsibility amongst other Policies and Procedures implemented by the Company.</p> <p>New Directors are given the opportunity to review the Company's operations and meet with key Executives.</p> <p>Professional development opportunities arise when there are new corporate, legal, tax, accounting or geological developments within Australia or in overseas countries where the Company operates. In addition, a number of professional bodies with which the Company is associated run regular seminars or conferences at which attendance is encouraged.</p>
PRINCIPLE 3 – INSTIL A CULTURE OF ACTING LAWFULLY, ETHICALLY AND RESPONSIBLY	
3.1	<p>A listed Entity should articulate and disclose its values.</p> <p>Adopted – Pancontinental's values form part of the Code of Conduct which can be found at http://pancon.com.au/about-us/corporate-governance/</p>
3.2	<p>A listed Entity should:</p> <p>(a) have and disclose a code of conduct for its Directors, Senior Executives and Employees; and</p> <p>(b) ensure that the Board or a Committee of the Board is informed of any material breaches of that code.</p>

For personal use only

	<p>Adopted – The Company’s Code of Conduct can be found at http://pancon.com.au/about-us/corporate-governance/</p> <p>The Company’s Code of Conduct sets out the principles, values and standards which the Board, Management and Employees of the Company are encouraged to strive towards when dealing with each other, Shareholders, Stakeholders and the broader community.</p> <p>The Code of Conduct covers the Company’s core values and beliefs including the following:</p> <ul style="list-style-type: none"> • Integrity and Honesty • Responsibility to Shareholders • Respect for the Law • Conflicts of Interest • Protection of Assets • Confidential Information • Employment Practices • Responsibility to the Community • Responsibility to the Individual • Obligations Relative to Fair Trading and Dealing • Financial and other Inducements • Compliance with the Code of Conduct
<p>3.3</p>	<p>A listed Entity should:</p> <p>(a) have and disclose a Whistleblower Policy; and</p> <p>(b) ensure that the Board or a Committee of the Board is informed of any material incidents reported under that policy.</p> <p>Adopted - A Whistleblower Policy forms part of the Company’s Corporate Governance Manual. The Policy covers the following:</p> <ul style="list-style-type: none"> • Reporting and Investigating Officers • Reporting Responsibility • No Retaliation • Reporting Violations • Accounting and Auditing Matters • Acting in Good Faith • Confidentiality • Handling of Reported Violations <p>The Policy was adopted so that any concerns regarding contraventions of the Code of Conduct could be addressed in a safe and formal manner without fear of reprisal.</p>
<p>3.4</p>	<p>A listed Entity should:</p> <p>(a) have and disclose an Anti-Bribery and Corruption policy; and</p> <p>(b) ensure that the Board or a Committee of the Board is informed of any material breaches of that policy.</p> <p>Adopted – Pancontinental’s Anti-Bribery and Corruption policy forms part of the Code of Conduct which can be found at http://pancon.com.au/about-us/corporate-governance/</p>

PRINCIPLE 4 – SAFEGUARD THE INTEGRITY OF CORPORATE REPORTS

4.1

The Board of a listed Entity should:

(a) have an Audit Committee which:

- (1) has at least three members, all of whom are Non-Executive Directors and a majority of whom are Independent Directors; and
- (2) is chaired by an Independent Director, who is not the Chair of the Board, and disclose:
- (3) the charter of the Committee;
- (4) the relevant qualifications and experience of the members of the Committee; and
- (5) in relation to each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have an Audit Committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.

Not Adopted – Mr Myers, Ms Malaxos and Mrs Petrovic are members of the Audit Committee. Although the Company has an Audit Committee, not all of the members are Non-Executive Directors and there is no Independent Director on the Committee.

Two meetings were held as the Audit Committee during the year and recommendations were presented to the Board. All members of the Committee were present for both meetings. The Board has adopted an Audit Committee Charter which is disclosed on the Company's website at <http://pancon.com.au/about-us/corporate-governance/>. The Charter as well as the Company's Procedure for the Selection, Appointment and Rotation of External Auditor <http://pancon.com.au/about-us/corporate-governance/> is applied when convening to discuss Audit Committee matters.

An External Auditor is appointed to independently verify and safeguard the integrity of the Company's corporate reporting, in addition when discussing Audit Committee matters, the Board reviews annual action points such as:

- Review of financial statements
- Examine accounting policies and principles
- Consider the external audit report and whether it is consistent with the Board's information and knowledge
- Consider the Company's internal controls
- Assess if the external audit report is adequate for Shareholder needs
- Discuss any significant findings with the External Auditor
- Confirm the independence of the External Auditor
- Ensure that the External Auditor is requested to attend the Annual General Meeting

The Board in conjunction Management's input, review the suitability of existing audit arrangements and the scope of the audit on a periodic basis. The Board is responsible for the appointment of a new external auditor should a vacancy arise, however the appointment must be ratified by Shareholders at the next Annual General Meeting.

The Board of Directors also review the current circumstances in light of Section 324D (1) and (2) of the Corporations Act 2001 which stipulates that an individual may not play a significant role in the audit of a listed Entity for more than five out of seven successive financial years.

4.2

The Board of a listed Entity should, before it approves the Entity's Financial Statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the Entity have been properly maintained and that the Financial Statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Adopted – A Directors' Declaration under Subsection 295(4) of the Corporations Act 2001 is only made after each person who performs:

- a) A Chief Executive Officer function; or
- b) A Chief Financial Officer function

in relation to the Company, has given the Directors a declaration whether, in their opinion:

	<p>a) The financial records of the Company for the financial year have been properly maintained in accordance with Section 286 of the Corporations Act 2001;</p> <p>b) The Financial Statements and notes for the financial year comply with the accounting standards;</p> <p>c) The Financial Statements and notes for the financial year give a true and fair view;</p> <p>d) Any other matters that are prescribed by the regulations in relation to the Financial Statements and notes for the financial year are satisfied.</p> <p>In addition, that the opinion has been formed on the basis of a sound system of risk management and internal controls which is operating effectively.</p> <p>The declaration is made:</p> <p>a) In writing;</p> <p>b) Specifying the date the declaration is made;</p> <p>c) Specifying the capacity in which the person is making the declaration; and</p> <p>d) Signed by the person making the declaration.</p>
<p>4.3</p>	<p>A listed Entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.</p> <p>Adopted – The Company verifies the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor using the following process:</p> <ul style="list-style-type: none"> • The report is prepared by a qualified Employee with sufficient expertise in providing accurate information to the market; • The report is then reviewed by an Executive Staff Member who creates an auditable supporting document which provides the source of each calculation; • The Company Secretary will also review the documents for accuracy with the ASX Listing Rules; • Both the report and the supporting documentation is forwarded to the entire Board for their approval; • Once the Board approves the documents, they are lodged with ASX Online.
<p>PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE</p>	
<p>5.1</p>	<p>A listed Entity should have and disclose a written policy for complying with its continuous disclosure obligations under Listing Rule 3.1.</p> <p>Adopted – A summary of the Company’s Policy on ASX Listing Rule Compliance can be found at http://pancon.com.au/about-us/corporate-governance/</p> <p>As a Company listed on the Australian Securities Exchange, Pancontinental is obliged to disclose certain information under a continuous disclosure regime to keep the market informed of events and developments as they occur. The Company promotes timely and balanced disclosure of all material matters concerning the Company. All Investors should have equal and timely access to material information. The Company has adopted certain procedures to ensure that it complies with its continuous disclosure obligations and has appointed a Responsible Officer for ensuring the procedures are complied with.</p> <p>The Policy sets out details with regards to:</p> <ul style="list-style-type: none"> • The Responsible Officer • Types of information that needs to be disclosed • The concept of timely announcements • Board Notification – informing the Board and ongoing monitoring • Avoiding a false market • Safeguarding confidentiality of corporate information to avoid premature disclosure • Media contact and comment • External communications such as analyst briefings and responses to Shareholder questions • Reporting • Required actions in the case of non-compliance • Updating compliance procedures • Guide to drafting Company announcements
<p>5.2</p>	<p>A listed Entity should ensure that its Board receives copies of all material market announcements promptly after they have been made.</p>

For personal use only

	Adopted – The Board receives all announcements, regardless of materiality, before they are announced to the market. The Board is also notified of the timing of release of all announcements.
5.3	A listed Entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.
	Adopted – Pancontinental has always had this recommendation in place even prior to it becoming part of the Corporate Governance Principles and Recommendations.
PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS	
6.1	A listed Entity should provide information about itself and its governance to investors via its website.
	Adopted – The Company’s website includes a Corporate Governance landing page which can be found at http://pancon.com.au/about-us/corporate-governance/ The Corporate Governance page shows an introduction to the Corporate Governance of the Company by referring to the Corporate Governance Manual adopted, in addition, Investors can find Board Charters as well as an extract of Policies and Procedures included in the manual. Links to the Investor Centre can also be opened from the Corporate Governance page where ASX releases, the Company’s share price, financial reports and Company presentations can be accessed. Subscriptions to the Company’s mailing list can also be submitted from this page. Furthermore, general and detailed project information is available for the Investor’s perusal from the Corporate Governance page.
6.2	A listed Entity should have an investor relations program that facilitates effective two-way communication with investors.
	Adopted – The Company has adopted a Shareholder Communication Policy which can be found on the Company’s website at http://pancon.com.au/about-us/corporate-governance/ The Policy aims to ensure that Shareholders are informed of all major developments affecting the Company and that there are means available to facilitate two-way communication. If Investors have a greater understanding of the business they are able to make informed investment decisions. Information is communicated to Investors by: <ul style="list-style-type: none"> • Company announcements • Information briefings to media and analysts • Notices of Meeting and explanatory material • Financial information including annual reports • Website updates • Board addresses and presentations at meetings Investors can express their views or present queries to the Company by: <ul style="list-style-type: none"> • Utilising the Contact Us section of the website http://pancon.com.au/contact-us to send direct communications to the Company • The Contact Us section http://pancon.com.au/contact-us as well as any ASX or media updates include the contact details of the Company such as address and telephone number. These details can be used to initiate written or verbal contact with the Company • The Company provides Shareholders with a Notice of Meeting detailing matters such as the agenda, location and time of the meeting so that Shareholders can make arrangements to attend and speak to Company representatives. Notices of Meeting are available on the ASX platform under the code PCL or the Company website so that Investors who are not currently Shareholders can also attend the meeting
6.3	A listed Entity should disclose how it facilitates and encourages participation at meetings of security holders.

For personal use only

	<p>Adopted – The Company has adopted a Shareholder Communication Policy which can be found on the Company’s website at http://pancon.com.au/about-us/corporate-governance/</p> <p>The Policy covers the Company’s belief that general meetings are an effective means of communicating with Shareholders. The Company provides information in the Notice of Meeting that is presented in a clear, concise and effective manner. Meetings are held during business hours, at a central location convenient for the largest number of Investors to attend. Shareholders are encouraged to attend and take note of the Chairman’s address as well as vote on the resolutions presented to the meeting. Upon completion of formal matters, the Chief Executive Officer provides attendees with an update of activities via a company presentation. This provides Investors with an opportunity to ask questions, express their views or just meet the Company representatives.</p>
6.4	<p>A listed Entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.</p> <p>Adopted – Pancontinental has had this recommendation in place for some time, prior to it becoming part of the Corporate Governance Principles and Recommendations.</p>
6.5	<p>A listed Entity should give security holders the option to receive communications from, and send communications to, the Entity and its security registry electronically.</p> <p>Adopted – Pancontinental has had this recommendation in place for some time, prior to it becoming part of the Corporate Governance Principles and Recommendations.</p>
PRINCIPLE 7 – RECOGNISE AND MANAGE RISK	
7.1	<p>The Board of a listed Entity should:</p> <p>(a) have a Committee or Committees to oversee risk, each of which:</p> <ol style="list-style-type: none"> (1) has at least three members, a majority of whom are Independent Directors; and (2) is chaired by an Independent Director, and disclose: (3) the charter of the Committee; (4) the members of the Committee; and (5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; <p>or</p> <p>(b) if it does not have a Risk Committee or Committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the Entity’s risk management framework.</p> <p>Not Adopted - The full Board fulfils the role of the Risk Committee.</p> <p>The Board considers those matters that would ordinarily be the responsibility of a Risk Committee and no separate meetings were held as the Risk Committee during the year. The Board is of the view that this is an important part of the business which all Directors should be involved in. The Company’s Risk Management Policy which can be found at http://pancon.com.au/about-us/corporate-governance/ is applied when reviewing and discussing risk management matters.</p> <p>In managing risk, it is the Company’s practice to take advantage of potential opportunities while managing potential adverse effects. The Company’s Risk Management Policy sets out the Company’s risk management system and processes as well as the Company’s Risk Profile.</p> <p>The Policy covers the following risk related points and is used as a means to assess the Company’s risk management structure:</p> <ul style="list-style-type: none"> • The role of the Board and delegated responsibility – ultimate responsibility rests with the Board, however day to day management of risk is the responsibility of the CEO • The role of the CEO and accountabilities • Authority of the CEO • Risk Profile • Audit Committee Charter • Regular budgeting and financial reporting • Clear limits and authorities for expenditure levels • Procedures for compliance with continuous disclosure obligations under the Listing Rules • Procedures to assist with establishing and administering corporate governance systems and disclosure requirements • Responsibility to Stakeholders

	<ul style="list-style-type: none"> • Continuous improvement
7.2	<p>The Board or a Committee of the Board should:</p> <p>(a) review the Entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the Entity is operating with due regard to the risk appetite set by the Board; and</p> <p>(b) disclose, in relation to each reporting period, whether such a review has taken place.</p> <p>Adopted – The Board and Management assess risk as part of the ordinary course of business activities such as strategic planning, promotion, budgets, mergers and acquisitions, strategic partnerships, legislative changes and conducting business abroad. Each Board Meeting is used as a platform for the review and assessment of the Company's risk profile.</p>
7.3	<p>A listed Entity should disclose:</p> <p>(a) if it has an internal audit function, how the function is structured and what role it performs; or</p> <p>(b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.</p> <p>Adopted – The Company discloses that it does not have an internal audit function. The Company's risk management system is overseen by Executive Staff who ensure the identification, monitoring and response of business risks. The Board reviews the assessment of the efficiency of the system and according to the Risk Management Policy is required to satisfy itself that the Executive team has developed and implemented a sound system of risk management and internal control.</p>
7.4	<p>A listed Entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.</p> <p>Adopted – The Company values economic, environmental and social sustainability in areas within which it operates. The Company has adopted a Corporate Governance Manual which sets out the policies and procedures in place which apply to the Board, Executives, Employees and the entire business. The policies and procedures are designed to assist in identifying relevant risks and having processes in place to mitigate if not eliminate the risk.</p> <ul style="list-style-type: none"> • Economic sustainability refers to the ability of a listed Entity to continue operating at a particular level of economic production over the long term. • Environmental sustainability refers to the ability of a listed Entity to continue operating in a manner that does not compromise the health of the ecosystems in which it operates over the long term. • Social sustainability is the ability of a listed Entity to continue operating in a manner that meets accepted social norms and needs over the long term. <p>Risks identified that may have a material effect on the Company are discussed in detail in the Directors' Report section of the Annual Report titled Risk Management.</p>

PRINCIPLE 8 – REMUNERATE FAIRLY AND RESPONSIBLY

8.1 The Board of a listed Entity should:

(a) have a Remuneration Committee which:

- (1) has at least three members, a majority of whom are Independent Directors; and
- (2) is chaired by an Independent Director, and disclose:
- (3) the charter of the Committee;
- (4) the members of the Committee; and
- (5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a Remuneration Committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for Directors and Senior Executives and ensuring that such remuneration is appropriate and not excessive.

Not Adopted – The full Board fulfils the role of the Remuneration Committee.

The Board considers those matters that would ordinarily be the responsibility of a Remuneration Committee and no separate meetings were held as the Remuneration Committee during the year. The Board has adopted a Remuneration Committee Charter which is disclosed on the Company's website at <http://pancon.com.au/about-us/corporate-governance/> The Charter as well as the Company's Remuneration Policy is applied when convening to discuss Remuneration Committee matters.

Emoluments of Directors and Senior Executives are set by reference to payments made by other companies of a similar size and industry, and by reference to the skills and experience of the Directors and Executives. Details of the nature and amount of emoluments of each Director of the Company are disclosed annually in the Company's annual report.

Should circumstances arise where the Board needs assistance on a remuneration matter, the Board after requisite approval may engage a remuneration consultant to ensure the level of remuneration in the Company is appropriate for its size, level of activity and industry.

8.2 A listed Entity should separately disclose its policies and practices regarding the remuneration of Non-Executive Directors and the remuneration of Executive Directors and other Senior Executives.

Adopted - The Company has adopted a Remuneration Committee Charter which can be found on the Company's website at <http://pancon.com.au/about-us/corporate-governance/> The Charter separately discloses the processes regarding the remuneration of Non-Executive Directors and the remuneration of Executive Directors and other Senior Executives.

Executive Remuneration

In considering the level of remuneration for Executives, the matters that are taken into account include:

- Remuneration which motivates Executives to pursue the long term growth and success of the Company within an appropriate control framework;
- Align the interests of key leadership with the long term interests of the Company's Shareholder; and
- Prohibit Executives from entering into transactions which limit the economic risk of participating in unvested entitlement.

Non-Executive Remuneration

Matters of consideration include:

- Fees paid to Non-Executive Directors are within the aggregate amount approved by Shareholders;
- Non-Executive Directors to be remunerated by way of fees;
- Non-Executive Directors are not provided with retirement benefits other than statutory superannuation; and
- Non-Executive Directors are not entitled to participate in equity-based remuneration schemes designed for Executives without due consideration and appropriate disclosure to the Company Shareholders.

For personal use only

8.3	A listed Entity which has an equity-based remuneration scheme should: (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and (b) disclose that policy or a summary of it.
	Adopted - The Company has adopted a Policy for Trading in Company Securities which can be found on the Company's website at http://pancon.com.au/about-us/corporate-governance/ Directors, Officers and Employees who wish to trade in Company securities must first have regard to the statutory provisions of the Corporations Act 2001 dealing with insider trading, in conjunction with the Company's Policy for Trading in Company Securities. The policy has been developed so that all Company Employees and representatives are clear as to their obligations with regard to trading while in possession of insider information.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This Financial Report was authorised for issue by the Directors on 30 September 2021.

Statement of Compliance

The Financial Report is a General Purpose Financial Report which has been prepared in accordance with Australian Accounting Standards ("AASBs"), including Australian interpretations adopted by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001. The Consolidated Financial Report of the Consolidated Entity and Company also complies with IFRSs and interpretations adopted by the International Accounting Standards Board.

Basis of preparation

The report has been prepared on the basis of historical costs and except where stated does not take into account changing money values or current valuation of non-current assets. The accounting policies adopted are consistent with those of the previous year. The following specific accounting policies have been consistently applied, unless otherwise stated.

(a) Income Tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, and any adjustment to tax payable in respect of prior years.

Deferred tax is provided using the balance sheet liability method, providing for temporary difference between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

(b) Exploration Expenses

Exploration and evaluation expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that the costs are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage which permits reasonable assessment of the economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against operating results in the year in which the decision to abandon the area is made. When production commences the accumulated costs for the relevant area of interest are classified as development costs and amortised over the life of the project area according to the rate of depletion of the economically recoverable reserves.

Where independent valuations of areas of interest have been obtained, the valuations are brought to account. Subsequent expenditure on re-valued areas of interest is accounted for in accordance with the above principles. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

As at the end of the financial year, the Directors considered that the carrying value of the exploration interests of the Consolidated Entity was as shown in the Statement of Financial Position and no further impairments arises other than that already recognised.

(c) Principles of consolidation

The Consolidated Financial Statements are those of the Consolidated Entity, comprising Pancontinental Energy NL (the Parent Entity) and all Entities which Pancontinental Energy NL controlled from time to time during the year and at balance date.

Information from the financial statements of subsidiaries is included from the date the Parent Company obtains control until such time as control ceases. Where there is loss of control of a subsidiary, the Consolidated Financial Statements include the results for the part of the reporting period during which the Parent Company has control.

For personal use only

Notes to the Financial Statements

All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full.

(d) Foreign currencies

Translation of foreign currency transactions

Transactions in foreign currencies of Entities within the Consolidated Entity are converted to local currency at the rate of exchange ruling at the date of the transaction.

Foreign currency monetary items that are outstanding at the reporting date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are translated using the spot rate at the end of the financial year.

A monetary item arising under a foreign currency contract outstanding at the reporting date where the exchange rate for the monetary item is fixed in the contract is translated at the exchange rate fixed in the contract.

All resulting exchange differences arising on settlement or re-statement are recognised as revenues and expenses for the financial year. Any gains or costs on entering a hedge are deferred and amortised over the life of the contract.

(e) Cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash includes cash on hand and in banks, and money market investments readily convertible to cash within two working days, net of outstanding bank overdrafts.

Interest expense is charged as an expense as it accrues.

(f) Receivables

Trade receivables are recognised and carried at original invoice amount less a provision for any uncollectible debts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written-off as incurred.

Receivables from related parties are recognised and carried at the nominal amount due. Bills of exchange and promissory notes are measured at the lower of cost and net realisable value.

(g) Investments

Investments in Controlled Entities are carried in the Company's Financial Statements at the lower of cost and recoverable amount.

(h) Recoverable Amount

The carrying amounts of non-current assets valued on the cost basis, other than exploration and evaluation expenditure carried forward are reviewed to determine whether they are in excess of their recoverable amount at reporting date. If the carrying amount of a non-current asset exceeds its recoverable amount, the asset is written down to the lower amount. The write down is expensed in the reporting period in which it occurs.

(i) Property, plant and equipment

Cost and valuation

Property, plant and equipment is measured at cost.

Depreciation

Depreciation is provided on a diminishing value basis on all property, plant and equipment.

Major depreciation rates are:

	2021	2020
Plant and equipment:	30%	30%

(j) Joint ventures

Interests in the joint venture operations are brought to account by including in the respective classifications, the share of individual assets employed and share of liabilities and expenses incurred.

In the Company's Financial Statements, investments in joint venture operations were carried at the lower of cost and recoverable amount.

Notes to the Financial Statements

(k) Going concern

The Directors consider that the going concern basis for the Consolidated Entity is appropriate. This basis has been determined after consideration of the following factors:

- The ability to issue additional share capital under the Corporations Act 2001, if required, by a share purchase plan, share placement or rights issue;
- The option of farming out all or part of the Consolidated Entity's exploration projects and;
- The ability, if required to dispose of interests in exploration assets.

Accordingly, the Directors believe that the Consolidated Entity will obtain sufficient cash inflows to enable it to continue as a going concern and that it is appropriate to adopt that basis of accounting in the preparation of the Financial Statements.

(l) Payables

Liabilities for trade creditors and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Consolidated Entity.

Payables to related parties are carried at the principal amount.

Deferred cash settlements are recognised at the present value of the outstanding consideration payable on the acquisition of an asset discounted at prevailing commercial borrowing rates.

(m) Provisions

Provisions are recognised when the economic Entity has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions or other past events, it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

(n) Contributed equity

Issued and paid up capital is recognised at the fair value of the consideration received by the Company.

Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

(o) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Rendering of Services

Where the contract outcome can be reliably measured, control of the right to be compensated for the services and the stage of completion can be reliably measured. Stage of completion is measured by reference to the labour hours incurred to date as a percentage of total estimated labour hours for each contract.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent that costs have been incurred.

Interest Revenue

Control of the right to receive the interest payment. Interest revenue is recognised as it accrues, taking into account the effective yield on the financial asset.

(p) Taxes

Where assets are revalued no provision for potential capital gains tax has been made.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position. Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is

For personal use only

Notes to the Financial Statements

recoverable from, or payable to, the taxation authority, are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(q) Employee benefits

Provision is made for Employee benefits accumulated as a result of Employees rendering services up to the reporting date. These benefits include wages and salaries, annual leave, sick leave and long service leave.

Liabilities arising in respect of wages and salaries, annual leave, sick leave and any other Employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled.

Employee benefit expenses and revenues arising in respect of the following categories:

- wages and salaries, non-monetary benefits, annual leave, long service leave, sick leave and other leave benefits; and
- other types of Employee benefits

are charged against profits on a net basis in their respective categories.

(r) Earnings per share

Basic EPS is calculated as net profit attributable to members, adjusted to exclude costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted EPS is calculated as net profit attributable to members, adjusted for:

- costs of servicing equity (other than dividends);
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares;

divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

(s) Comparatives

Where necessary, comparatives have been reclassified and repositioned for consistency with current year disclosures.

(t) Financial Instruments

See financial instruments note for compliance notes with *AASB 7*, financial instruments: disclosures.

(u) New accounting standards and interpretations

A number of new standards, amendments to standards and interpretations are effective for the current annual report period; however, none have been applied in preparing these Consolidated Financial Statements. The standards are not expected to have a material impact on the accounting policies or Consolidated Financial Statements of the Group.

Tax Losses not brought to account	6,893,083	6,630,862
Total	* 6,893,083	6,630,862

This future income tax benefit will only be obtained if:

- (a) future assessable income is derived of a nature and of an amount sufficient to enable the benefit to be realised;
- (b) the conditions for deductibility imposed by tax legislation continue to be complied with; and
- (c) no changes in tax legislation adversely affect the Consolidated Entity in realising the benefit.

The recognition and utilisation of losses is subject to the loss recoupment rules being satisfied.

*The potential future income tax benefit was calculated by multiplying the current tax rate of 30% by the Group's carry forward losses at 30 June 2021 of \$22,976,944.

18. SEGMENT INFORMATION

Segment accounting policies

The Group has adopted AASB 8 *Operating Segments* which requires operating segments to be identified on the basis of internal reports about components of the Group that are reviewed by the chief operating decision-maker in order to allocate resources to the segment and to assess its performance.

The Board of Pancontinental reviews internal reports prepared as Consolidated Financial Statements and strategic decisions of the Group are determined upon analysis of these internal reports. During the period the Group operated predominately in one business segment, being the oil and gas sector. Accordingly, under the management approach outlined only one operating sector has been identified and no further disclosures are required in the notes to the Consolidated Financial Statements.

19. FINANCIAL INSTRUMENTS

Financial risk management

Overview:

The Company and Group have exposure to the following risks from their use of financial instruments:

- (a) credit risk
- (b) liquidity risk
- (c) market risk

This note presents information about the Company's and Group's exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. Management monitors and manages the financial risks relating to the operations of the Group through regular reviews of the risks.

(a) Credit risk:

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. In this industry, it arises principally from the receivables of joint venture re-charges and recuperations of cost. For the Group in this financial year, it arises primarily from trade debtors, receivables due from subsidiaries, GST and VAT refunds, prepayments and bonds.

(i) Trade and other receivables:

The Group operates predominantly in the oil and gas exploration sector; it does not ordinarily have material trade receivables and is therefore not ordinarily exposed to credit risk in relation to trade receivables.

(ii) Loans to subsidiaries:

The Company has provided funding to its subsidiaries by way of loans. Repayment of these loans will occur through future business activities of each respective Entity.

Exposure to credit risk

The carrying amount of the Company's and Group's financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Consolidated	Note	Carrying amount	
		2021	2020
		\$	\$
Trade and other receivables	4	67,421	126,837
Cash and cash equivalents		394,408	567,361
Total		461,829	694,198

The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

Impairment losses:

There are no material receivables past due for the Company or Group as at 30 June 2021, (2020: nil).

Notes to the Financial Statements

An impairment write down in respect of inter-Group loans and shares was recognised during the current year from an analysis of the subsidiaries respective financial positions. The total impairment write down recognised through impairment of loans to subsidiaries and shares held in subsidiaries during the current period was \$2,518 (2020: \$2,859,929).

Whilst the loans were not payable at 30 June 2021 a provision for impairment based on the subsidiaries financial position was carried forward from previous periods. The balance of this provision may vary due to performance of a subsidiary in a given year.

(b) Liquidity risk:

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages liquidity risk by maintaining adequate cash reserves through continuously monitoring forecasts and actual cash flows.

Other payables – Non Current	-	-	(476,560)
Total	(281,099)	-	(504,774)

(c) Market risk:

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Currency risk:

The Group is from time to time exposed to currency risk on investments, and foreign currency denominated purchases in a currency other than the respective functional currencies of Group Entities, primarily the Australian dollar (AUD). The other material currency that these transactions are denominated in is the (USD).

The Group has not entered into any derivative financial instruments to hedge such transactions and anticipated future receipts or payments that are denominated in a foreign currency.

Notes to the Financial Statements

Exposure to currency risk:

The Group's exposure to foreign currency risk at balance date was as follows, based on notional amounts:

AUD	30 June 2021			30 June 2020		
	AUD	USD	Total	AUD	USD	Total
Cash & cash equivalents	278,331 ¹	116,077	394,408	54,000 ²	513,361	567,361

Net balance sheet exposure	(440,121)	116,077	(324,044)	(432,730)	513,361	80,631

1. 3,985.16 Namibian dollars which is the equivalent of \$371.40 is included in the AUD balance as it is immaterial to the currency risk.

2. 5,378.03 Namibian dollars which is the equivalent of \$451.46 is included in the AUD balance as it is immaterial to the currency risk.

The following significant exchange rates applied during the year:

	Average rate		Reporting date spot rate	
	2021	2020	2021	2020
AUD : USD	0.760	0.688	0.751	0.688

Sensitivity analysis:

A 10 percent strengthening of the Australian dollar against the USD at 30 June would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2020.

Effect in AUD	Consolidated	
	Equity	Profit or loss
30 June 2021		
10% strengthening	12,897	12,897
30 June 2020		
10% strengthening	57,040	57,040

A 10 percent weakening of the Australian dollar against the USD at 30 June would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

The sensitivity analysis only had an effect on the equity or profit and loss of the Company in relation to the USD bank account.

Notes to the Financial Statements

Interest rate risk:

At balance date the Group had exposure to interest rate risk, through its cash and equivalents held within financial institution.

	Consolidated Carrying Amount	
	30 June 2021	30 June 2020
Variable rate instruments		
Cash and cash equivalents	394,408	567,361

Fair value sensitivity analysis for fixed rate instruments:

The Company and Group do not account for any fixed rate financial assets at fair value through profit or loss. Therefore, a change in interest rates at reporting date would not affect profit or loss or equity.

Fair values:

The fair values of financial assets and liabilities, together with the carrying amounts shown in the balance sheet, are as follows:

Consolidated	30 June 2021		30 June 2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Trade and other receivables	67,421	67,421	126,837	126,837
Cash and cash equivalents	394,408	394,408	567,361	567,361
Trade and other payables	(785,873)	(785,873)	(613,567)	(613,567)
	(324,044)	(324,044)	80,631	80,631

The basis for determining fair values is disclosed in note 1.

Capital Management:

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Group defines as net operating income divided by total Shareholders' equity, excluding non-redeemable preference shares and minority interests.

	2021	2020
Equity attributable to Shareholders of the Company		
Minorities	(1,505,582)	(1,505,124)
Equity	4,185,474	4,413,615
Total assets	3,465,765	3,522,058
Equity ratio in %	120.76%	125.31%
Average equity	2,794,192	5,140,416
Net Profit /(Loss)	(788,165)	(4,463,850)
Return on Equity in %	(28.21)%	(86.84)%

There were no changes in the Group's approach to capital management during the year. Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

Notes to the Financial Statements

Directors' Declaration

In accordance with a resolution of the Directors of Pancontinental Energy NL, I state that:

(1) In the opinion of the Directors:

- (a) the Financial Statements and notes of the Company and of the Consolidated Entity are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Company's and Consolidated Entity's financial position as at 30 June 2021 and of their performance for the year ended on that date; and
 - (ii) complying with Accounting Standards including International Financial Reporting Standards and Corporations Regulations 2001; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

(2) This declaration has been made after receiving the declarations required to be made to the Directors in accordance with section 295A of the Corporations Act 2001 for the financial period ending 30 June 2021.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
PANCONTINENTAL ENERGY NL**

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Pancontinental Energy NL ("the Company") and its controlled entities ("the Group") which comprises the consolidated statement of financial position as at 30 June 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended on that date and notes to the financial statements, including a summary of significant accounting policies and the directors' declaration of the Company.

In our opinion the financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2021 and of its financial performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under these standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of this report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (Including Independence Standards)* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

PANCONTINENTAL ENERGY NL (continued)

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2021 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed we conclude there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/Home.aspx.

We communicate with the directors regarding, amongst other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For personal use only

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
PANCONTINENTAL ENERGY NL (continued)

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters.

We describe those matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in the directors' report for the year ended 30 June 2021.

In our opinion the remuneration report of Pancontinental Energy NL for the year ended 30 June 2021 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
