ASX Announcement (AMX)

Chief Executive Officer and Managing Director transition

Aerometrex Limited (ASX: AMX, the Company or Aerometrex) is pleased to announce that Mr. Steven Masters will commence as Chief Executive Officer and Managing Director with Aerometrex on 14 February 2022 following completion of his current employment obligations.

Mr. Mark Lindh, Aerometrex Chairman said, “the Board, Management Team and staff are looking forward to Mr. Masters’ commencement to lead the Company through its next phase”.

Mr. David Byrne assumed the role of Acting Chief Executive Officer in December and will continue to fulfil this position until Mr. Masters’ commencement.

Please refer ASX release dated 14 December 2021, for Mr. Masters’ employment terms.

This release is approved by the Board of Directors of Aerometrex Limited.

ABOUT AEROMETREX

Aerometrex Limited is a geospatial technology company with a strong technical history as a professional aerial mapping business specialising in aerial photography, photogrammetry, LiDAR, 3D modelling and aerial imagery subscription services.

Aerometrex’s MetroMap Data-as-a-Service (DaaS) subscription business is now the company’s focus for sales of aerial imagery in Australia to an increasing client base. MetroMap offers high-quality, accurate, current, very high resolution aerial imagery to Australia’s cities and large regional towns.

The company also offers a world-leading 3D modelling service in Australia and the USA market, where we believe there is potential for strong growth. Our 3D models are recognised world-wide by the leading practitioners in this field as being market leading products.

Aerometrex also offers a state-of-the-art LiDAR mapping service in Australia, covering all aspects of LiDAR mapping from data capture through to the delivery of value-added products and data analytics.

The company listed on the ASX in December 2019 and has a clear strategy to provide value to its shareholders by providing geospatial data and analytics to a growing client base.
