CORPORATE GOVERNANCE STATEMENT

Orexlore Technologies Limited (**Company**) and the Board of Directors of the Company (**Board**) are committed to achieving and maintaining high standards of corporate governance.

The Company's practices are largely consistent with the 4th Edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (Recommendations). Given the size and stage of development of the Company, the Board considers that the implementation of a limited number of Recommendations is not appropriate, for the reasons set out below.

The directors of the Company (**Directors**) are responsible to the shareholders for the performance of the Company in both the short and the long term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

As required by the ASX Listing Rules, the Company's main corporate governance policies and practices are summarised below, having regard to the Recommendations. Details of the Company's corporate governance plan and related documents are available online at www.orexplore.com.

This corporate governance statement is current as at 22 November 2021 and has been approved by the Board.

However, the Board as a whole is responsible for determining the extent of the powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

The Managing Director (as a delegate of the Board) is responsible for the effective leadership and day-to-day operations and administration of the Company.

The Company's Board Charter is available on the Corporate Governance section of the Company's web-site www.orexplorer.com.

1.2 Board nominations

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The Board will consider nominations for appointment or election of Directors that may arise from time to time, having regard to the skills and experience required by the Company and procedures outlined in the Company's constitution and the Corporations Act.

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election, as a Director. Candidates are assessed through interviews, meetings and background and reference checks (which may be conducted both by external consultants and by Directors) as appropriate.

The Company provides shareholders with all material information relevant to the decision whether or not to elect or re-elect a Director, in the notice of meeting and explanatory statement for the relevant meeting.

1.3 Directors and Senior Executives - Terms of appointment

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

Under the Board Charter, the Company must have a written agreement with each Director and senior executive setting out the terms of their appointment.

Each Non-Executive Director receives a letter formalising their appointment and outlining the material terms of their appointment. Non-Executive Directors of the Company are not appointed for a fixed term.

The Managing Director has signed an executive service agreement setting out their duties, obligations and remuneration.

1.4 Company Secretary

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary is accountable to the Board, through the Chair, on all governance matters and reports directly to the Chair as the representative of the Board. The Company Secretary has primary responsibility for ensuring that the Board processes and procedures run efficiently and effectively.

1.5 Diversity

Recommendation 1.5

A listed entity should:

- (a) have and disclose a diversity policy;
- (b) through its board or a committee of the board, set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and
- (c) disclose in relation to each reporting period:
 - (1) the measurable objectives set for that period to achieve gender diversity;
 - (2) the entity's progress towards achieving those objectives; and
 - (3) either:
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or
 - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under the Act.

The Company's workforce is made up of individuals with diverse skills, backgrounds, perspectives and experiences and this diversity is recognised, valued and respected. To enumerate its commitment to diversity in its workforce, including but not limited to gender diversity, the Company has established a Diversity Policy, a copy of which is available on the Corporate Governance section of the Company's web-site.

The overriding objective of the Diversity Policy is to align the Company's business operations with the positive outcomes that can be achieved through a diverse workforce that recognises and utilises the contribution of its diverse skills and talent. The Diversity Policy also seeks to ensure that the Company has a properly functioning workplace where discrimination, harassment and victimisation are not tolerated.

The Board is tasked with responsibility for the Diversity Policy, including the responsibility to regularly review and monitor the effectiveness of the policy.

Due to the current size and composition of the organisation, the Board does not consider it appropriate to provide measurable objectives in relation to gender diversity. The Company is committed to ensuring that the appropriate mix of skills, expertise, and diversity are considered when employing staff at all levels of the organisation and when making new senior executive and Board appointments and is satisfied that the composition of employees, senior executives and members of the Board is appropriate.

The Company currently has no female board members or senior executives.

1.6 Board performance review and evaluation

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Company's Board Charter and the Performance Evaluation Policy detail the processes for evaluating the Board, its committees and individual Directors, which includes an annual review of the ongoing development and assessment of the Board's (and individual Director) performance by the Board and any Board Committees. The Performance Evaluation Policy is available on the Corporate Governance section of the Company's web-site.

No performance evaluation was undertaken during the year with respect to the Board, individual Directors or Board committees, as the Company was only incorporated in October 2020.

The Board sets a number of expectations for its committees after considering the results of previous reviews, an assessment of the Company's current and future needs, and a review of each committee's charter or purpose.

The Board will review the performance of the committees, and itself, against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance.

1.7 Senior executive performance review and evaluation

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

All senior executives are subject to an annual performance evaluation. Each year, senior executives (including the Managing Director) are required to establish a set of performance targets. These targets are aligned to overall business goals and the Company's corporate objectives. In the case of the Managing Director, these targets are agreed between the Managing Director and the Board and approved by the full Board.

An informal assessment of progress is carried out throughout the year. A full evaluation of an executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. As the Company is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of executives' packages are also dependent on the outcome of the evaluation.

2. Principle 2: Structure the Board to be effective and add value

2.1 Nomination committee

Recommendation 2.1

The board of a listed entity should:

- (a) have a nomination committee which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director,and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee;
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a nomination committee, disclose that fact and the process it employees to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Due to the current size of the Board, the Company does not have a separate nomination committee. The roles and responsibilities of a nomination committee are currently undertaken by the Board.

The duties of the full Board in its capacity as a nomination committee are set out in the Company's Remuneration and Nomination Committee Charter. The Charter describes the role, composition, functions and responsibilities of a Nomination Committee. When the Board meets as a remuneration and nomination committee it carries out those functions which are set out in the Company's Remuneration and Nomination Committee Charter.

The Board as a whole reviews the size, structure and composition of the Board including competencies and diversity, in addition to reviewing Board succession plans and continuing development.

2.2 Skills, knowledge and experience

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership.

The Company's objective is to have an appropriate mix of expertise and experience on its Board so that it can effectively discharge its corporate governance and oversight responsibilities. It is the Board's view that the current Directors possess an appropriate mix of relevant skills, experience, expertise and diversity to enable the Board to discharge its responsibilities and progress the Company's strategic objectives. This mix is subject to review on a regular basis as part of the Board's performance review process.

The Board does not maintain a formal matrix of Board skills and experience, however the diversity of experience and assessment of any gaps in skills and experiences are a key consideration for any proposed appointment to the Board.

A profile of each Director setting out their skills, experience and period of office is set out in the Company's prospectus dated 22 November 2022 (**Prospectus**).

2.3 Independence and length of service

Recommendation 2.3

A listed entity should disclose:

- (a) the names of the directors considered by the board to be independent directors;
- (b) if a director has an interest, position or relationship of the type described in Box 2.3 (Factors relevant to assessing the independence of a director) but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and
- (c) the length of service of each director.

As at 22 November 2021 (the date of lodgement of the Prospectus with ASIC and ASX), the Board consists of:

Despite this, the Board believes that Mr Giroud, Dr Bye and Mr Swick are able, and do make, quality and independent judgments in the best interests of the Company on all relevant issues before the Board.

The Board assesses the independence of Directors on an ongoing basis.

2.4 Majority of independent Directors

Recommendation 2.4

A majority of the board of a listed entity should be independent directors.

Currently, the Board consists of five Directors, of which two are non-executive independent directors.

The Company has, at this stage, decided to select directors with the expertise and experience to support the Company's business strategy rather than strictly adhere with this recommendation. The Company will consider ways of restructuring its Board in the future to ensure that a majority of its members are independent.

2.5 Independent Chair

Recommendation 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

The Chair of the Company is Dr Alan Bye who is not considered to be an independent Director on the basis that he has undertaken consulting work for the Company in the 12 months prior to the date of the Prospectus and also on the basis that Dr Bye will receive performance rights from the Company. His role is separate from the role of Managing Director or Chief Executive Officer of the Company.

The Board believes that Dr Bye is able, and does make, quality and independent judgments in the best interests of the Company on all relevant issues before the Board. The Chair is expected to bring independent thought and judgement to their role in all circumstances. Where matters arise in which there is a perceived conflict of interest, the Chair must declare their interest and abstain from any consideration or voting on the relevant matter.

2.6 Induction and professional development

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

New directors are provided with an induction process which includes meetings with key executives, tours of the Company's premises, an induction package and presentations. The Company also expects all Directors and the Managing Director to commit to ongoing professional development each year and encourages Directors to participate in training and development programs.

The Board has approved a statement of values with the Directors being responsible for promoting those values across the Company.

A copy of the Company's statement of values is available on the Corporate Governance section of the Company's web-site.

3.2 Code of conduct

Recommendation 3.2

A listed entity should:

- (a) have and disclose a code of conduct for its directors, senior executives and employees; and
- (b) ensure that the board or a committee of the board is informed of any material breaches of that code.

The Company seeks to encourage and develop a culture which will maintain and enhance its reputation as a valued corporate citizen in the jurisdictions in which it operates.

The Company has established a Code of Conduct that sets out the principles covering appropriate conduct in a variety of contexts and outlines the minimum standards of behaviour expected from Directors and employees. The Code of Conduct sets out policies in relation to various corporate and personal behaviour including safety, discrimination, respecting the law, anti-corruption, interpersonal conduct and conflict of interest.

The objective of the Code of Conduct is to provide a framework for decisions and actions in relation to ethical conduct in employment, to safeguard the Company's reputation and to make clear the consequences of breaching the Code of Conduct.

A copy of the Company's Code of Conduct is available on the Corporate Governance section of the Company's web-site.

3.3 Whistleblower policy

Recommendation 3.3

A listed entity should:

- (a) have and disclose a whistleblower policy; and
- (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.

The Board has adopted a whistleblower protection policy to ensure any potential concerns regarding unacceptable conduct including breaches of the Company's code of conduct can be raised on a confidential basis, without fear of reprisal, dismissal or discriminatory treatment. The purpose of this policy is to promote responsible whistle blowing about issues where the interests of others, including the public, or of the organisation itself are at risk.

A copy of the Company's whistleblower policy is available on the Corporate Governance section of the Company's web-site.

3.4 Anti-bribery and corruption policy

4. Principle 4: Safeguard the integrity of corporate reports

4.1 Audit committee

Recommendation 4.1

The board of a listed entity should:

- (a) have an audit committee which:
 - (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and

 - (3) the charter of the committee;
 - (4) the relevant qualifications and experience of the members of the committee; and
 - (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

As a consequence of the current size and composition of the Company's Board , the Board does not have a stand-alone audit committee.

The Board as a whole has responsibilities typically assumed by an audit committee, including but not limited to:

- (a) verifying and safeguarding the integrity of the Company's financial reporting;
- (b) reviewing and approving the audited annual and reviewed half-yearly financial reports;
- (c) reviewing the appointment of the external auditor, their independence and performance, the audit fee, any questions of their resignation or dismissal and assessing the scope and adequacy of the external audit.

Matters typically dealt with by an audit committee are dealt with by the full Board.

Information on the Company's procedures for the selection and appointment of the external auditor and the rotation of external audit partners is set out in the Audit Committee Charter, which is available on the Company's web-site.

4.2 CEO and CFO declarations

Recommendation 4.2

The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Under the Company's Risk Management Policy, the Board receives, prior to their approval of the Company's financial statements for a financial period, written assurances from the Managing Director and the Chief Financial Officer that, in their respective opinions, the financial records of the Company have been properly maintained, comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively, as required under section 295A of the Corporations Act and as per the Recommendations.

Such reports shall not be released to market without this review and approval process by executive management and the Board.

5. Principle 5: Make timely and balanced disclosure

5.1 Continuous disclosure to ASX

Recommendation 5.1

A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under ASX Listing Rule 3.1.

The Company has established a Continuous Disclosure Policy which is designed to guide compliance with ASX Listing Rule disclosure requirements and to ensure that all Directors, senior executives and employees of the Company understand their responsibilities under the policy. The Continuous Disclosure Policy is available on the Corporate Governance section of the Company's web-site.

Through its web-site, investors can access copies of the Company's annual, half-yearly and quarterly reports, announcements made to the ASX, notices of meeting and investor presentations.

6.2 Investor relations

Recommendation 6.2

A listed entity should have an investor relations program that facilitates effective two-way communication with investors.

The Company has established a Shareholder Communications Policy which is available on the Corporate Governance section of the Company's web-site. The Shareholder Communications

Policy encourages shareholder participation and engagement with the Company. This strategy also facilitates communication directly between shareholders and the Company.

6.3 Shareholders' meetings

Recommendation 6.3

A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

The Shareholder Communications Policy encourages shareholder participation at shareholders' meetings. Shareholders are provided with all notices of meeting prior to meetings. Shareholders are also given the opportunity to ask questions of the Directors and management, either during or after shareholders' meetings.

6.4 Resolutions decided by a poll

Recommendation 6.4

The Company conducts a poll at meetings of security holders to decide the outcome of each resolution.

7. Principle 7: Recognise and manage risk

7.1 Risk committee

Recommendation 7.1

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director,and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

Given the current size and level of activities of the Company, the Board has not established a separate risk committee.

The Board as a whole has responsibilities typically assumed by a risk committee, including but not limited to:

- (a) ensuring that an appropriate risk-management framework is in place and is operating properly; and
- (b) reviewing and monitoring legal and policy compliance systems and issues.

Therefore, matters typically dealt with by a risk committee are dealt with by the full Board.

7.2 Internal control

Recommendation 7.2

The board or a committee of the board should:

- (b) disclose, in relation to each reporting period, whether such a review has taken place.

The Company is committed to the identification, monitoring and management of risks associated with its business activities and has established policies in relation to the implementation of practical and effective control systems. The Company has established a Risk Management Policy, which is available on the Corporate Governance section of the Company's web-site.

Under the Risk Management Policy, the Board reviews all major strategies to assess their impact on the risks facing the Company. The Company also undertakes an annual review of operations to update its risk profile, which normally occurs in conjunction with the strategic planning process. 7.3 Internal audit

Recommendation 7.3

A listed entity should disclose:

- (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.

The Company does not have an independent internal audit function. Due to the nature and size of the Company's operations, and the Company's ability to derive substantially all of the benefits of an independent internal audit function in the manner disclosed below, the additional costs of an independent internal auditor is not considered to be appropriate.

The Board performs all key elements of an internal audit function, including:

- (a) evaluating and seeking and obtaining reasonable assurance that risk management, control and governance systems are functioning as intended and will enable the Company's objectives and goals to be met;
- (b) evaluating information security and associated risk exposures;
- (c) evaluating regulatory compliance programs with consultation from internal and external legal counsel;

The Managing Director may also seek recommendations from appropriate Senior Executives where strategic changes to risk management and internal control processes are required.

7.4 Risk management

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.

The Company identifies and manages material exposure to environmental and social risks in a manner consistent with its Risk Management Policy, which is available on the Corporate Governance section of the Company's web-site. The Company has, and continues to, undertake various organisation wide risk reviews to identify potential business risks. The effectiveness of the controls in place to address each risk is reviewed on a regular basis and, where the residual risk is considered outside of acceptable limits, further controls and risk mitigation measures are developed and implemented.

Environmental: The Company is subject to, and responsible for, ensuring compliance with various regulations, licenses, approvals and standards so that its activities do not cause unauthorised environmental harm. Through its ongoing management of environmental activities, the Company has been able to operate in an environmentally sustainable and responsible manner.

8.1 Remuneration committee

Recommendation 8.1

 - (1) has at least three members, a majority of whom are independent directors;
 - (2) is chaired by an independent director,and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee has met throughout the period and the individual attendances of the members at those meetings; or
- (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.

Given the size and composition of the Company's Board, the Board does not have a stand-alone Remuneration Committee.

The Board as a whole has responsibilities typically assumed by a remuneration committee, including but not limited to:

- (a) reviewing the remuneration (including short-term and long-term incentive schemes and equity-based remuneration, where applicable) and performance of Directors;

Matters typically dealt with by a remuneration committee are dealt with by the full Board.

8.2 Remuneration policy

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

The Board Charter sets out the policies and practices of the remuneration of Non-Executive Directors, Executive Directors and other senior executives.

Non-executive directors are paid a fixed annual fee for their roles as Non-executive directors.

All Executive Directors of the Company typically receive remuneration comprising a base salary component and other fixed benefits based on the terms of their respective employment agreements with the Company and potentially the ability to participate in the Company's short term and long term incentive plans.

Details of the remuneration of the Directors and other executives are set out in the Prospectus.

8.3 Equity-based remuneration scheme

Recommendation 8.3

A listed entity which has an equity-based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and
- (b) disclose that policy or a summary of it.

The Company's Sharetrading Policy prohibits the hedging of unvested equity instruments, including performance share rights, and vested Company securities that are subject to disposal restrictions at all times, irrespective of trading windows. This is in line with the requirements of the *Corporations Amendment (Improving Accountability on Director and Executive Remuneration) Act 2011* (Cth) and is intended to prevent transactions which could have the effect of distorting the proper functioning of performance hurdles or reducing the intended alignment between management's and shareholders' interests.

For the purposes of this policy, hedging includes the entry into any derivative transaction within the meaning given in section 761D of the Corporations Act (such as options, forward contracts, swaps, futures, warrants, caps and collars) and any other transaction in financial products which operate to limit (in any way) the economic risk associated with holding the relevant securities.

The Sharetrading Policy is available on the Corporate Governance section of the Company's website.
