**NON-IFRS FINANCIAL MEASURES**

To assist in the evaluation of the performance of the Group, certain measures are used, that are not recognised under AAS or IFRS. These measures are collectively referred to as "non-IFRS financial measures".

The non-IFRS financial measures and pro-forma results provide useful information about the financial performance of the Group, they should be considered as supplements to the financial statements that have been presented in accordance with AAS and IFRS and not as a replacement for them. As these non-IFRS financial measures are not based on AAS or IFRS, they do not have standard definitions, and the way the Group has calculated these measures may differ from similarly titled measures used by other companies. Investors and readers of this financial report should therefore not place undue reliance on these non-IFRS financial measures.

The table below gives reference to non-IFRS financial measures that have been mentioned in this financial report:

<b>Non-IFRS financial measure</b>	<b>Definition</b>
EBIT	Earnings / (losses) before interest (net finance income) and taxation
EBITDA	Represents earnings before interest, income tax expenses, depreciation, and amortisation.
Other operating revenue	Represents sources of revenue that are unpredictable and one-off transactions. These items include Mobile services, Setup and training fees, and consultancy.
Recurring revenue	Represents stable, predictable, and regular sales that occur at regular intervals. These items include Software as a Service, website and other subscriptions.
Underlying EBITDA	Underlying EBITDA has been adjusted to eliminate the effects of interest, tax, depreciation and amortisation, fair value adjustments, impairment expenses, loss on disposal on assets and any other non-operating items (share base payments, bad debts, share of losses in associates, transaction and relisting costs and foreign currency translation differences)

## **SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS**

### **Capital Raise**

During July 2021, the Company completed a capital raise of \$15.5 million (before share-issue costs) by the issue of 21,536,664 fully paid ordinary shares at an issue price of \$0.72 each.

### **Acquisition of Eagle**

In July 2021 the Company acquired 100% of the ordinary shares in Eagle Pty Ltd ("**Eagle**"). The total consideration for this acquisition is up to \$15.0 million (including contingent consideration of \$7.5 million) settled by a combination of cash and equity interests of the Company.

Eagle Software is an innovative and modern real estate CRM, website and marketing solution provider focused on independent, boutique and small multi-office real estate agencies. It is currently used by more than 1,000 agency offices across Australia and New Zealand.

The acquisition of Eagle Software re-enforces PropTech Group's objective to own, operate and invest in high-quality property technology businesses that primarily focus on the Australian, New Zealand and United Kingdom residential and commercial real estate markets.

## **EVENTS SINCE THE END OF THE FINANCIAL YEAR**

No matter or circumstance has arisen since 31 December 2021, that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future periods.

## **ROUNDING OF AMOUNTS**

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

## **AUDITOR'S INDEPENDENCE DECLARATION**

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this Directors' report.

This report is made in accordance with a resolution of the Directors of PropTech Group Limited.

## 1. SIGNIFICANT ACCOUNTING POLICIES

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The PropTech Group Limited is a for-profit entity for the purpose of preparing the financial statements.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### NEW OR AMENDED ACCOUNTING STANDARDS AND INTERPRETATIONS ADOPTED

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

### SIGNIFICANT JUDGEMENTS

The preparation of the interim financial report required management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported assets and liabilities, income and expenses. The significant judgements made by management in applying the consolidated entity accounting policies were the same as those applied to the annual financial report for the year ended 30 June 2021.

## 2. SEGMENT REPORTING

### Identification of reportable operating segments

The Consolidated entity is organised into two operating segments based on differences in services provided: business to business, and business to consumer. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

Other segments represent the corporate costs of the Consolidated entity.

The CODM reviews underlying EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements for the year ended 30 June 2021.

The information reported to the CODM is on a monthly basis.

### Types of products and services

The principal products and services of each of these operating segments are as follows:

Business to business ('B2B')	Customer Relationship Management ("CRM") platforms for Residential and Commercial Property sales and Property management along with additional products and services such as website development and marketing tools.
Business to consumer ('B2C')	Property investor Software as a Service

### Intersegment transactions

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

### Major customers

The Directors assessed there were no major customers.

## 2. SEGMENT REPORTING (CONTINUED)

### Operating segment information

##### Eagle goodwill assessment

The directors and management have considered the impact the acquisition of Eagle Software Pty Ltd (“Eagle”) has had on the recoverability of goodwill. Goodwill acquired through business combination of Eagle has been allocated to the Business-to-business (B2B) cash-generating unit

Directors and management have considered and assessed reasonably possible changes to the key assumptions and have not identified any instances that could cause the carrying amount of the B2B cash generating unit (“CGU”) to exceed its recoverable amount.

<p><i>Eagle Software Pty Ltd</i> Contingent consideration (Current)</p>	<p>Up to \$7.5 million payable to the vendor on or around August 2022. The qualification for the hurdles is dependent on the annual recurring revenue (ARR) growth rate achieved and calculated (refer to Note 10).</p>

## 6. FAIR VALUE MEASUREMENT

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

The fair value of the non-current portion of contingent consideration is estimated to be materially the same as their nominal value.

No financial assets or liabilities are readily traded on organised markets in standardised form.

\*Per AASB 3, the equity structure (i.e., the number of ordinary shares issued) reflects the equity structure of PropTech Group Limited (the accounting acquiree)

### Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

### Share buy-back

There is no current on-market share buy-back.

### Capital risk management

The Consolidated entity's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

Capital is regarded as total equity, as recognised in the statement of financial position, plus net debt. Net debt is calculated as total borrowings less cash and cash equivalents.

In order to maintain or adjust the capital structure, the Consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The capital risk management policy remains unchanged from prior year.

Diluted loss per share	(0.32)	(0.04)

Potential shares comprising options over ordinary shares have not been considered in the calculation of weighted average number of ordinary shares for diluted earnings per share as they are anti-dilutive in nature.

As required by AASB 133 *Earnings Per Share*, the weighted average number of ordinary shares outstanding during the current and previous period has been adjusted for consolidation of ordinary shares as if the event had occurred at the beginning of the previous period.

## 9. SHARE BASED PAYMENTS

### *Performance rights for executive staff*

At the 2021 Annual General Meeting 1,754,702 performance rights were granted. All performance rights have a nil exercise price and will vest subject to the attainment of various performance conditions (market and non-market) and continuous employment.

The number of rights to be granted is determined based on the currency value of the individuals short ("STI") and long ("LTI") term incentives divided by the weighted average price at which the company's shares are traded on the Australian Stock Exchange during a period determined by the Directors.

#### a) *Performance rights with market conditions*

During the period, there were two separate tranches of incentives with market conditions issued under the Plan which were linked with an increase in share price from the grant date (29 November 2021: \$0.53):

- Employee Equity Plan 1 ('EEP-1') - Achievement of 90-day VWAP of the Company's ordinary shares as at 30 June 2023 being \$1.25 or higher
- Employee Equity Plan 2 ('EEP-2')- Achievement of 90-day VWAP of the Company's ordinary shares as at 30 June 2024 being \$2.47 or higher

**9. SHARE BASED PAYMENTS (CONTINUED)**

*Performance rights for executive staff (continued)*

*a) Performance rights with market conditions (continued)*

The fair value of the incentives was determined using the Binomial option model using the following inputs as at 31 December 2021:

	EEP-1	EEP-2
Share price at measurement date	\$0.53	\$0.53
Measurement period end date	30-Jun-23	30-Jun-24
Expected volatility (%)	75%	75%
Dividend yield (%)	0%	0%
Risk-free interest rate (%)	1.46%	1.46%
Numbers of performance rights granted under the Employment Equity Plan with market conditions as at 31 December 2021	748,000	542,119

*b) Performance rights with non-market conditions*

During the year, 464,583 performance rights were granted with non-market conditions. The fair value of the rights at grant date (\$0.53) was estimated by taking the market price of the company's shares on that date less the present value of expected dividends that will not be received by the executives on their rights during the two-year vesting period.

The weighted average contractual life of the performance rights outstanding as of 31 December 2021 is 0.66 years.

*Options for executive staff*

Under the Employee Option Plan, participants may be granted options which only vest if certain performance standards are met. Participation in the plan is at the board's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

When exercisable, each option is convertible into one ordinary share. The exercise price of options may be based on the weighted average price at which the company's shares are traded on the Australian Stock Exchange during an agreed period to and including the date of the grant.

*Other share-based payments*

A grant of short-term incentives was issued for the achievement of key performance hurdles related to non-market condition and the successful capital raising and re-compliance listing on the Australian Stock Exchange. These bonuses were consideration for the extraordinary time and commitment expensed by the executives.

The issue of incentives for the Chief Executive Officer were approved in the 2021 Annual General Meeting, and other executive rights approved by the Board of Directors.

Initial recognition was on cash settled based payment, as the executives had not elected on a method of settlement. Subsequently it was agreed with the executives that the consideration would be settled with the issue of shares.

## 10. BUSINESS COMBINATIONS

### ***Business combinations for the half-year ended 31 December 2021***

#### *Eagle Software Pty Limited*

On 1 July 2021, the Group acquired 100% of the ordinary shares of Eagle Software Pty Limited for a total consideration of \$15,000,000, which consists of 2 tranches:

- Initial Consideration - \$7,500,000 consisting of \$4,106,250 paid in cash and \$3,393,750 paid in PropTech Group shares at a 30-day trading VWAP from date of signing of the Share purchase agreement, less working capital adjustment paid to PropTech Group for the amount of \$96,582; and
- Subsequent earn out – \$7,500,000 to be issued in cash or shares at PropTech Group’s discretion, provided specific hurdles are met, assessable on or about August 2022

Eagle is an innovative and modern real estate CRM, website and marketing solution provider focused on independent, boutique and small multi-office real estate agencies. Currently, it is used by more than 1,000 agency offices across Australia and New Zealand. The acquisition of Eagle advances PropTech Group’s objective to own, operate and invest in high-quality property technology businesses that primarily focus on the Australian, New Zealand and United Kingdom residential and commercial real estate markets.

The goodwill of \$14,912,831 represents the expected future economic benefits from the business-to-business tools, a consumer base, and the experienced management and development team that developed and operated Eagle software.

The acquisition as at 31 December 2021 is accounted for on a provisional basis. Fair value adjustments on the finalisation of the business combination accounting is retrospective, where applicable, to the period the combination occurred and may have an impact on the assets and liabilities, depreciation and amortisation reported.

The acquired business contributed revenues of \$2,000,441 and profit before tax of \$352,156 to the consolidated entity for the period from 1 July 2021 to 31 December 2021.

#### *JMCG Pty Limited (trading as "Website Blue") acquisition*

On 6 March 2021, the Group acquired 100% of the ordinary shares of JMCG Pty Limited (trading as "Website Blue") for a total consideration of \$1,500,000, which consists of 3 tranches:

- Initial Consideration - \$750,000 consisting of \$150,000 paid in cash and \$600,000 paid in PropTech Group shares at a 30-day trading VWAP from date of signing of the Share purchase agreement, less working capital adjustment paid to PropTech Group for the amount of \$68,633;
- First Year Earn Out – \$375,000 to be issued in cash or shares at PropTech Group's discretion, provided specific hurdles are met, assessable 12 months from the acquisition date.
- Second Year Earn Out – \$375,000 to be issued in cash or shares at PropTech Group's discretion, provided specific hurdles are met, assessable 24 months from the acquisition date

Based in Brisbane, QLD, Website Blue offers real estate agencies a full-service web design package along with a product called 'Designly' which enables agencies to deploy and manage marketing assets and campaigns.

The Board believes this acquisition will provide synergies and strengthen the Group's current product offerings with the ability to leverage its current assets to excel the growth of the acquisition, along with the ability to extract synergies from a cost perspective.

**INDEPENDENT AUDITOR'S REVIEW REPORT**  
To the Members of PropTech Group Limited

**Conclusion**

We have reviewed the accompanying half-year financial report of PropTech Group Limited ("the Company"), and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

**Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ("ASRE 2410"). Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of PropTech Group Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

**Directors' Responsibility for the Half-Year Financial Report**

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility for the Review of the Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
