Record date for determining entitlements to March quarter dividend is 6 April 2022.

Explanation of Revenue

Investment income for the half-year decreased to \$1,266,354 (HY21 profit: \$14,728,225). This decrease was primarily due to higher unrealised loss on the portfolio recognised during the half-year due to \$9,883,921 unfavourable movement in the market values of the underlying securities held within the portfolios. Net realised gains on disposal of securities for the half year was \$7,908,494 (HY21: \$166,618).

Dividends, trust distributions, and interest income increased by 97% to \$3,241,781 from \$1,648,260 in HY21.

Explanation of Net Profit to members

Profit after tax attributable to members was \$16,702 (HY21: \$8,736,687). This result was primarily due to higher dividend and trust distributions received and the net realised gains during the current half-year and the tax benefit accrued for the period. This was offset by the mark to market movements on the portfolio as explained above.

Total operating expenses during the half-year decreased from \$1,644,593 to \$1,336,738. This was mainly due to incurring one-off expenses of \$533,520 during HY21 as termination cost for cancelling the CBG Capital Limited Investment Management Agreement. This savings in HY22 was offset by increase in Investment Manager's fee expenses during the current half-year of \$824,333 compared to \$636,166 in HY21 on account of the increase in portfolio value managed.

Directors' Report

Your Directors present their report on Clime Capital Limited ("the Company" or "CAM") for the half-year ended 31 December 2021.

Directors

The following persons were Directors of the Company during the whole of the half-year and up to the date of this report unless otherwise stated:

Mr. John Abernethy
Chairman (Non-Independent)

Mr. Julian Gosse
Independent Director

Mr. Ronni Chalmers

Review of Operations

The Company recorded an after tax profit of \$16,702 for the half-year ended 31 December 2021 compared to an after tax profit of \$8,736,687 for the half-year ended 31 December 2020. This result was primarily due to unrealised losses on financial assets at fair value to profit or loss recognised during the period.

During the half-year, investment revenue (dividends, trust distributions and interest received) plus realised gains on financial assets sold was \$11,150,275 compared to \$1,814,878 for the half-year ended on 31 December 2020. The unrealised loss on portfolio mark-to-market movements was \$9,883,921 compared to a \$12,379,427 unrealised gain for the half-year ended 31 December 2020.

The Company has continued payment of quarterly dividends to its ordinary shareholders. Dividends declared during the period totalled \$3,923,049 (31 December 2020: \$2,648,034). September 2021 quarter dividend included a special dividend of 0.25 cents fully franked amounting to \$349,460.

As at 31 December 2021 the Company has Net Tangible Assets (NTA) of \$0.95 per share (pre-tax and cum-dividend)(30 June 2021: \$0.99) and \$0.93 per share (post-tax and cum-dividend) (30 June 2021: \$0.96).

After balance date events

On 31 January 2022, the Company announced its intention to refresh its ability to implement an on-market buy-back (within the 10/12 limit) for a further 12-month period which commenced from 15 February 2022 and ends on 14 February 2023. During this period, the Company has the ability to buy a maximum of 14,043,192 fully paid ordinary shares.

On 28 January 2022, a fully franked dividend for the quarter ended 31 December 2021 of 1.28 cents per share was paid on ordinary shares.

On 10 February 2022 the Company declared a fully franked dividend for the quarter ended 31 March 2022 of 1.28 cents on ordinary shares payable on 28 April 2022.

No other significant events have occurred since the reporting date which would impact on the financial position of the Company disclosed in the Statement of Financial Position as at 31 December 2021 or on the results and cash flows of the Company for the half-year ended on that date.

Rounding off of amounts

In accordance with ASIC Corporations (Rounding in Financial/Director's Reports) Instrument 2016/191, the amounts in the Directors' report have been rounded to the nearest dollar, unless otherwise stated.

COVID-19

The existence of COVID-19 was confirmed in early 2020 and in March 2020 was declared a pandemic by the World Health Organisation. This has resulted in significant volatility in global and domestic financial markets. At the date of signing of the financial statements, there is still significant uncertainty on the likely duration and the ultimate impact COVID-19 will have on world economies. Given the high degree of estimation uncertainty, management cannot reasonably assess or quantify the potential short or longer-term financial impact on the Company.

Auditors' independence declaration

A copy of the Auditors' Independence Declaration as required under section 307C of the *Corporations Act 2001* is set out on page 7.

NOTE 1

Statement of Accounting Policies

(a) Basis of accounting

These interim financial statements are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

The interim financial statements are prepared in accordance with the historical cost convention with the exception of the valuation of investments described in Note 2 below.

These interim financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide full understanding of the financial performance, financial position and financing and investing activities of the Company as the annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2021 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current.

Details of Reporting Period

The current reporting period is the half-year ended 31 December 2021. For the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows, the previous corresponding period is the half-year ended 31 December 2020. For the Statement of Financial Position, the previous corresponding period is 30 June 2021.

(b) Accounting policies

The accounting policies applied in these interim financial statements have been applied consistently throughout the period.

The accounting policies in these interim financial statements are the same as those applied in the Company's financial statements as at and for the year ended 30 June 2021.

The interim financial report was authorised for issue on 18 February 2022.

(c) Rounding off of amounts

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' report and in the financial report have been rounded to the nearest dollar, unless otherwise stated.

(d) Key judgements and estimates

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the Company considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

NOTE 2

Fair Value Measurement

The Company measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Company has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

NOTE 2

Fair Value Measurement (continued)

(a) Fair value in an active market (Level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The Company values its investments in accordance with the accounting policies set out in Note 1 of the financial statements. For the majority of its investments, the Company relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Company is the closing quoted last price at the end of the reporting period.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(b) Fair value in an inactive or unquoted market (Level 2 and Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Company holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

NOTE 2

Fair Value Measurement (continued)

(b) Fair value in an inactive or unquoted market (Level 2 and Level 3) (continued)

The table below presents the Company's financial assets and liabilities measured and recognised at fair value as at 31 December 2021.

At 31 December 2021	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets at fair value through profit or loss

Total financial assets at fair value through profit or loss	144,502,646	-	11,228,011	155,730,657

(c) Transfer between Levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

No transfers between Levels have occurred during the half-year.

NOTE 2

Fair Value Measurement (continued)

(d) Reconciliation of recurring Level 3 fair value movements

	Level 3 Unlisted unit trusts \$
Opening balance - 31 December 2020	10,514,114

\$170,000 (30 June 2021: \$766,597) of the total gains recognised in profit or loss in respect to Level 3 fair value remeasurements are unrealised as they are attributable to assets held at the end of the reporting period.

(e) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements. See (a) and (b) above for the valuation techniques adopted.

Description	Fair Value \$	Unobservable inputs	Range of inputs (probability - weighted average)	Relationships of unobservable inputs to fair value

As at 30 June 2021				
Unlisted unit trusts	11,228,011	Reported net asset value by investment manager	N/A	Direct

NOTE 2

Fair Value Measurement (continued)

(f) Valuation processes used for Level 3 fair value measurements

The Company's unlisted investments are typically unlisted syndicated investments with a medium-term investment horizon. The value of investment was initially recorded at cost / acquisition price. The Manager of these unlisted funds issues periodic updates (quarterly or half yearly) to communicate the performance of underlying assets, summary financial information and periodically, independent valuation of the trust's underlying assets. An independent external valuation is generally done annually and communicated to the investors through the regular fund update.

The Company reviews these updates and will reflect the investment valuation based on the independent valuation if and when it changes. As observable prices are not available for these securities, the Company has relied on valuations provided by managers of the underlying funds, based on the net asset value per unit reported by those trusts, in order to derive the fair value of the units.

Summarised sensitivity analysis

The following table summarises the sensitivity of the Company's operating profit and equity to other price risk. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, historical correlation of the Company's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the securities in which the Company invests. As a result, historic variations in risk variables are not a definitive indicator of future variations in the risk variables.

	Price Risk Impact on profit or loss/equity	
	-10%	+10%

30 June 2021	(15,573,066)	15,573,066

(g) Fair value of financial instruments not carried at fair value

Receivables and payables are carried at amortised cost when the time value of money is material, otherwise they are carried at their nominal amounts. Due to their short-term natures, the carrying amounts of receivables and payables approximate their fair values.

On-market share buy-back

During the half-year ended 31 December 2021, Clime Capital Limited, in accordance with its on-market share buy-back scheme, bought back 329,500 (30 June 2021: 304,448) shares. The number of shares bought back and cancelled was within the '10/12 limit' imposed by s257B of the *Corporations Act 2001*, and as such, shareholder approval was not required.

Dividend reinvestment plan

The Company has established a dividend reinvestment plan under which holders of ordinary shares may elect to have all or part of their dividend entitlements satisfied by the issue of new ordinary shares rather than by being paid in cash. Shares are issued under the plan at a price determined by the Directors from time to time in accordance with the *Corporations Act 2001* and the ASX Listing Rules. During the half-year ended 31 December 2021, 581,983 (30 June 2021: 886,914) shares were issued under plan at a one percent discount.

**Independent Auditors' Review Report
To the Members of Clime Capital Limited
ABN 99 106 282 777**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Clime Capital Limited ("the Company") which comprises the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the Directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Clime Capital Limited does not comply with the *Corporations Act 2001* including:

- (a) Giving a true and fair view of the Company's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditors' Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the Auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the Directors of the Company, would be in the same terms if given to the Directors as at the time of this Auditors' review report.

Responsibility of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
