Results for Announcement to the Market

This announcement to the market for the Platinum Asset Management Limited Consolidated Group should be read in conjunction with the attached 31 December 2021 Interim Financial Report and the 30 June 2021 Annual Financial Report.

	% Increase/ (decrease)	\$A'000
Total revenue and other income	(22.8%)	128,696
Profit from ordinary activities after income tax	(33.7%)	59,968
Net profit attributable to members	(33.7%)	59,968
Basic EPS (cents per share)		10.36 cps

Profit after tax was \$60.0 million (31 December 2020: \$90.4 million) for the half-year. Earnings per share was 10.36 cents per share (31 December 2020: 15.60 cents per share). The main contributor to the decrease in profit and earnings per share was unrealised losses on seed investments, including share of associates losses, which contributed losses before tax for the half-year of \$7.4 million, as compared to income before tax of \$35 million for the half-year to 31 December 2020. Underlying profit after tax, which excludes gains and losses on seed investments (net of tax), was \$65.1m (31 December 2020: \$65.9m).

FUM at 31 December 2021 was \$22.0 billion and this represented a decrease of 6.4% from the 30 June 2021 closing FUM of \$23.5 billion. The decrease in FUM was due to negative investment return \$0.5 billion and the net fund outflows of \$0.9 billion during the half-year. The negative investment returns were primarily from the Asia ex-Japan investment strategy (\$0.4 billion). Average FUM for the six months to 31 December 2021 was \$22.5 billion which was 1.0% higher than the average FUM of \$22.2 billion for the previous corresponding half-year.

The 'Distribution and Other' figure is comprised of dividend and tax payments made by the Listed Investment Companies = Platinum Capital Limited (ASX code: PMC) and Platinum Asia Investments Limited (ASX code: PAI). Platinum Investment Bond included within Platinum Trust Funds.

FUM at 31 December 2021 was \$22 billion and this represented a decrease of 6.4% from the 30 June 2021 closing FUM of \$23.5 billion. The decrease in FUM was driven by net outflow of \$0.9 billion and negative investment returns of \$0.5 billion during the half-year. The negative investment returns were primarily from the Asia ex-Japan investment strategy (\$0.4 billion). Average FUM for the six months to 31 December 2021 was \$22.5 billion which was 1.0% higher than the average FUM of \$22.2 billion for the previous corresponding half-year.

Platinum Asset Management Limited Directors' report 31 December 2021

Profit after tax was \$60.0 million (31 December 2020: \$90.4 million) for the half-year. Earnings per share was 10.4 cents per share (31 December 2020: 15.6 cents per share). The main contributor to the decrease in profit and earnings per share was unrealised losses on seed investments, including share of associates losses, which contributed losses before tax for the half-year of \$7.4 million, as compared to income before tax of \$35 million for the half-year to 31 December 2020. Underlying profit after tax, which excludes gains and losses on seed investments (net of tax), was \$65.1m (31 December 2020: \$65.9m).

Total revenue was \$133.6 million for the period ended 31 December 2021, an increase of 2.0% from \$130.9 million in the previous corresponding period. Management fee revenues increased 3% compared to the 31 December 2020 period due the increase in average FUM and changes in product mix. Performance fee revenues of \$2.5 million (December 2020: \$3.7 million) were attributable to absolute performance fee mandates.

Other income decreased from a \$35.7 million gain in the period ended 31 December 2020 to a \$4.9 million loss in the current half-year due primarily to unrealised losses on seed investments.

Total costs were \$43.2 million for the period ended 31 December 2021, an increase of \$5.9 million from the previous corresponding period. The increase in total costs is mainly due to a \$4.6 million increase in share-based payments expense. Share-based payments expenses normalised in the period ended 31 December 2021 after being relatively low in the previous corresponding period due to rights forfeited during that period. Business developments costs increased by \$1.1 million due mainly to advertising. An increase was anticipated and factored in given largely to the launch of the Platinum Investment Bond (and its direct to market proposition) and associated new campaigns, and also the growth in social media advertising and third party distribution costs.

COVID-19 has not had a direct impact on the Group's ability to perform its core business activities or on the Group's revenues. Accordingly, the Group has not received any COVID-19 related financial assistance or support.

Platinum believes it is well positioned for growth because:

- It maintains a highly differentiated product and maintains a strong position in the Australian retail market;
- Our offshore initiatives provide a platform for growth over the medium-term; and
- Our investment team continues to deliver high research quality and a large idea base.

The Group is in a strong financial position, with a strong balance sheet. However, the most significant driver of sustainable future growth is, and will always be, the delivery of superior, long-term, investment returns for our clients.

Dividends

The Company has limited capital requirements and generally expects that most, if not all, future profits will continue to be distributed by way of dividends, subject to ongoing capital requirements. Given that the earnings per share for the 2021 interim period was 10.4 cents per share, post 31 December 2021, the Directors declared a 2022 interim fully-franked dividend of 10 cents per share with a record date of 3 March 2022 and payable to shareholders on 18 March 2022.

The 2021 interim fully-franked dividend for the previous corresponding period was 12 cents per share.

Note 4. Equity investments in associates

The Group's investments in PAI, PWP, and Platinum Asia Fund (Quoted Managed Hedge Fund) (PAXX) represent interests in associates which are accounted for using the equity method of accounting. PAXX ceased to be an associate during the current period due to the sale of all units held. Information relating to this is shown in the table below:

a. Interests in associates

Entity	Country of incorporation						Reason for assessment of significant influence

\bigcirc	<u> </u>			99,686	105,828	101,804	107,622	

The fair value of PAI reflects the 30 million shares held multiplied by the PAI closing share price at 31 December 2021 of \$1.095 (30 June 2021: \$1.23).

The fair value of PWP is approximated by multiplying the number of shares held in the sub-funds by their respective closing prices at 31 December 2021.

The carrying value reflects the Group's share of each associate's net assets, including assessment of any impairment.

Ordinary shares

Ordinary shares: entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of and amounts paid on the shares held. Ordinary shares entitle the shareholders to one vote per ordinary share, entitled in person or by proxy, at the meeting of the company's shareholders.

On 17 September 2021, the Company announced the extension of the on-market share buy-back program, to enable the Company to buy-back PTM shares should they trade at a significant discount to their underlying value. No target price was set and no shares have been bought-back to date.

Treasury shares: are shares that have been purchased on market for the Employee Share Trust, pursuant to share-based payment arrangements with employees. Treasury shares are held by the Employee Share Trust for future allocation to employees. Treasury shares decrease when employees receive shares after exercising vested share-based payment arrangements.

Note 8. Fair value measurement

Fair value hierarchy

I.

Ш.

AASB 13: *Fair Value Measurement* requires the Group to classify those assets and liabilities measured at fair value using the following fair value hierarchy model (consistent with the hierarchy model applied to financial assets and liabilities at 30 June 2021).

quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);

ti. inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices) (level 2); and

inputs for the assets or liability that are not based on observable market data (unobservable inputs) (level 3).

At 31 December 2021, the investments in PAI and PWP have not been measured at fair value because they have been classified as equity investments in associates. If these were to be measured at fair value, PWP would be classified as level 2 whilst PAI would be classified as level 1.

The tables below analyse within the fair value hierarchy model the Group's assets and liabilities, measured or disclosed at fair value, using the three level hierarchy model at 31 December 2021 and 30 June 2021.

31 December 2021	Level 1	Level 2	Level 3	Total
	\$000	\$000	\$000	\$000
Equity securities held by wholly owned seed funds	44,573	264	-	44,837
Platinum Trust Fund investments	-	216		216
	44,573	480	-	45,053
30 June 2021	Level 1	Level 2	Level 3	Total
Assets	\$000	\$000	\$000	\$000
Equity securities held by wholly owned seed funds	43.649	211	260	44,120
Platinum Trust Fund investments		220	-	220
	43,649	431	260	44,340

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

Valuation techniques used to classify assets and liabilities as level 2

The direct investments in the Platinum Trust Funds are valued using their respective Net Asset Values (adjusted for the buy-sell spread) of the underlying assets and liabilities and includes the impact of the 30 June distribution. Accordingly, management has assessed the fair value investments as being Level 2 investments.

Valuation techniques used to classify assets as level 3

Unlisted investments held by wholly owned seed funds are classified as level 3. These assets are valued in accordance with a valuation policy established by PIML as the investment manager. Level 3 assets were 0% of net assets at 31 December 2021 (30 June 2021: 0.1%). The Group held an interest in a level 3 asset at 30 June 2021 that was transferred to level 1 at 31 December 2021 following conversion of the instrument into a listed equity instrument during the period.

Note 9. Contingent Assets, Liabilities and Commitments

The Group has no commitments for significant capital expenditure. No contingent assets or liabilities exist at 31 December 2021 and 30 June 2021.

Note 10. Events after the reporting period

Apart from the dividend declared on 23 February 2022, as disclosed in Note 5, no other matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect, the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Platinum Asset Management Limited Directors' declaration 31 December 2021

In the Directors' opinion:

the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134: Interim Financial Reporting, the Corporations Regulations 2001 and other mandatory professional reporting requirements;

the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and

there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due • and payable.

Independent Auditor's Review Report to the Members of Platinum Asset Management Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Platinum Asset Management Limited ("the Company") and its controlled entities (collectively "the Group"), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2021 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence *Standards*) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's consolidated financial position as at 31 December 2021 and its consolidated performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
