# LETTER FROM THE CEO

Dear fellow Pengana shareholder,

I am pleased to present the Pengana Capital Group Limited (ASX: PCG) financial report for the half-year ended 31 December 2021. Highlights of the half-year include:

- FUM up 6% to \$4,170 million
- Operating EBITDA up 174% to \$22.3m
- EPS on comprehensive income after tax up 151% to 16.23 cents per share
- Underlying NTA per share up 21% to 66.22 cents per share
- Interim dividend up 140% from prior comparable period to 12 cents per share

## FUNDS UNDER MANAGEMENT AND INVESTMENT PERFORMANCE

Funds under Management (“FUM”) grew in the six months, up 6% from \$3,974 million at 30 June to \$4,170 million at 31 December 2021. The growth in FUM was propelled by investment performance which added \$274 million in the period, while net flows at \$20 million were offset by \$99 million of distributions paid.

The rotation away from growth to value impacted a number of our strategies on a relative basis. However, the benefit of having a diversified range of funds was clearly illustrated with the Pengana Emerging Companies Fund and the Pengana Private Equity Trust (ASX: PE1) performing particularly well on both absolute and relative-return bases.

Investors’ perception that the large cap growth companies were overpriced saw retail flows favour small cap and niche strategies, with our sustainable impact and high conviction funds attracting outsized inflows, and PE1 enjoying considerable support in the listed space.

Since 31 December, a combination of falling markets and payment of interim distributions saw our FUM fall to \$3,828 million at 31 January 2022.

## FINANCIAL RESULTS

Pengana generated comprehensive income before tax of \$25.2 million which was up 152% on the \$10.0 million posted in the six months to December 2020. On an after-tax basis, this represented earnings per share of 16.23 cents, up from 6.48 cents per share posted for the six months to 31 December 2020.

<b>Operating EBITDA</b>	<b>22,602</b>	<b>8,251</b>

<b>Comprehensive income before tax</b>	<b>25,183</b>	<b>9,987</b>
<i>Basic EPS on comprehensive income after tax</i>	<i>16.23 cps</i>	<i>6.48 cps</i>

The increase in comprehensive income before tax was primarily attributable to the \$28.95 million in gross performance fee revenue generated by the Emerging Companies Fund and by PE1.

Year on year Funds under Management ("FUM") were up 16%, leading to a 19% increase in management fees, when compared to the prior half-year.

Operating expenses were flat despite continual investment in marketing, digitalization and technology infrastructure.

Movements in other Comprehensive Income items were mostly insignificant to the overall result, with the exception of the adjustments for non-recurring items line, which in the prior comparable period included costs associated with the successful PE1 rights issue undertaken in July 2020

<sup>1</sup> Source: Pengana Management Accounts. All amounts attributable to Pengana Shareholders i.e. excluding outside equity interests. EPS calculated on 108,645,230 weighted average number of shares (i.e. including treasury shares) (2020: 107,935,545), applying normalized tax rate of 30%

## CAPITAL MANAGEMENT AND DIVIDENDS

Our balance sheet remains strong, with net tangible underlying assets attributable to PCG shareholders of \$72.2 million or 66 cents per share. During the half-year we paid \$6.7 million or 8 cents per share in dividends, further reduced our borrowings and at 30 December had \$27.1 million in net working capital (\$16.1 million at 30 June).

We are pleased to announce that the strong result for the period has enabled the Board today to declare an interim dividend of 12 cents per share fully franked at the 30% tax rate. The dividend will be paid on 17 March 2022 to shareholders on the register on 3 March 2022.

## OUTLOOK

The start to the 2022 calendar year has been a difficult one for equity markets, as investors navigate inflation-related uncertainty brought about by stimulus policies, the escalating conflict in eastern Europe, tight labour markets and supply chain bottlenecks. Whilst falling investment markets have a short-term negative impact on most of our funds, I note that we welcome market volatility as it presents buying opportunities that have the potential to enable our teams to generate future strong returns.

Due to changes implemented over the last few years, the PCG business today is more profitable and robust with improved growth prospects. We have diversified our product base as well as increased our proportion of FUM to products that are: closed-ended; deliver higher (net to PCG) management fee margins; and have the ability to generate substantial performance fees. We have also diversified our distribution channels by strengthening our sales team and investing heavily in digitalization of our marketing infrastructure, giving us the ability to purposely interact with our advisors and retail investors alike.

As we enter the new calendar year, I would like to take this opportunity to thank our investors and shareholders for their continued support as well as the team at Pengana for their focus and dedication.

## Note 12. Fair value measurement

### Fair value hierarchy

The following tables detail the group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Observable market data used in valuation techniques to determine the fair value. Level 2 instruments are not traded in an active market

Level 3: Unobservable inputs for the asset or liability

### Consolidated - 31 Dec 2021

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<i>Assets</i>				
Financial assets at fair value through other comprehensive income	10,123	-	-	10,123
<b>Total assets</b>	<b>10,123</b>	<b>-</b>	<b>-</b>	<b>10,123</b>

### Consolidated - 30 Jun 2021

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<i>Assets</i>				
Financial assets at fair value through other comprehensive income	9,121	1,426	-	10,547
Assets classified as held for sale	-	1,674	-	1,674
<b>Total assets</b>	<b>9,121</b>	<b>3,100</b>	<b>-</b>	<b>12,221</b>

Assets and liabilities held for sale are measured at fair value on a non-recurring basis.

There were no transfers between levels during the financial half-year.

The carrying amounts of trade and other receivables and trade and other payables approximate their fair values due to their short-term nature.

The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

### Valuation techniques for fair value measurements categorised within level 2 and level 3

#### Investments in unlisted unit trusts

Investments are recorded at fair value determined on the basis of the published redemption prices of unlisted managed investment funds at the reporting date. Adjustments to these values may be made where deemed appropriate to reflect values based on the recent actual market transactions.

# Independent Auditor's Review Report

To the Members of Pengana Capital Group Limited

Report on the review of the half-year financial report

## Conclusion

We have reviewed the accompanying half-year financial report of Pengana Capital Group Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Pengana Capital Group Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Pengana Capital Group Limited's financial position as at 31 December 2021 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
