DIRECTORS' REPORT

FOR THE HALF-YEAR ENDED 31 DECEMBER 2021

Results and Review of Operations (cont.)

The distribution return is calculated on the basis of the gross distribution to Unitholders before deducting any withholding tax which may be applicable. The growth return relates to the movement between closing trade prices on the respective ASX and SGX as at 31 December 2021 and the closing trade prices on 30 June 2021. The market price of the Fund's Units (as represented by the closing trade price) on the ASX as at 31 December 2021 was \$1.22 (30 June 2021: \$1.225). The market price of the Fund's units on the SGX as at 31 December 2021 was SGD\$1.00 (30 June 2021: SGD\$1.02).

Returns have been calculated after fees and assuming reinvestment of distributions within Australia, in accordance with IFSA Standard 6.00 *Product Performance - calculation and presentation of returns*. Reinvestment of distributions is not available to Singaporean Unitholders whose registered address with The Central Depository (Pte) Limited is outside Australia.

Value of the Fund's assets

The Fund's total assets were valued at \$123,990,000 as at 31 December 2021 (30 June 2021: \$122,245,000) in accordance with the accounting policies set out in Note 2 of the interim Financial Report. The net tangible asset value was \$2.78 per ordinary unit (30 June 2021: \$2.74 per unit). The net tangible asset calculation excludes the Deferred Units on issue.

Distributions Paid or Recommended

In May 2020, the Fund announced that due to the uncertainty of the current market conditions as a result of the COVID-19 pandemic, in the best interests of the Fund's Unitholders, the prudent course of action is to cease distributions from the June 2020 quarter onwards.

This interim financial report is intended to provide Unitholders with an update on the latest annual financial statements of the Fund. It is therefore recommended that this interim financial report be read in conjunction with the annual financial statements of the Fund for the financial year ended 30 June 2021, together with any public announcements made during the half-year ended 31 December 2021.

They do not include all of the information required for a complete set of annual financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Fund's financial position and performance since the last annual statements as at and for the year ended 30 June 2021.

These interim financial statements were authorised for issue by the Fund's Board of Directors on 24 February 2022.

3. Use of judgements and estimates

In preparing these interim financial statements, Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by Management in applying the Fund's accounting policies and the key sources of estimation were the same as those that applied to the financial statements as at and for the year ended 30 June 2021.

5. Net assets attributable to unitholders (cont.)

All Ordinary Units in the Fund carry equal rights and each unit represents a right to the underlying assets of the Fund. Deferred Units in the Fund carry no right to participate in any distribution of the Fund. Deferred Units, issued with no proceeds, are convertible to ordinary units on the terms set out in the Fund's constitution. At 31 December 2021, 1,752,605 (December 2020: 1,752,605) Deferred Units were on issue. These are included in the totals above. Deferred units were issued to the Responsible Entity and will be converted to Ordinary Units to settle performance fees if the performance hurdles were met. However, the supplemental deed of the Fund's constitution removed the payment of performance fees to the Responsible Entity (see Note 9) and as such the Deferred Units will no longer be converted to Ordinary Units.

Valuation technique and significant unobservable inputs

The following table shows the valuation techniques used in measuring Level 2 and 3 fair values, as well as the significant unobservable inputs used.

There are no changes in valuation technique compared to 30 June 2021.

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Unlisted property securities – Level 3	<ul style="list-style-type: none"> • Net Tangible Asset: Investments in unlisted managed investment schemes are recorded at the Net Tangible Asset (NTA) price as reported by the managers of such schemes at the reporting date • Exit unit price provided by the fund managers 	<ul style="list-style-type: none"> • As the underlying funds are unlisted and frozen for redemptions, it is uncertain that the investments can be realised at NTA 	<ul style="list-style-type: none"> • The estimated fair value would increase/ (decrease) if the NTA of the underlying funds increases/(decreases)

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF
AIMS PROPERTY SECURITIES FUND

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
