The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Wrkr Ltd (referred to hereafter as the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2021.

Directors

The following persons were directors of Wrkr Ltd during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Emma Dobson - Non-Executive Director and Chair
Paul Collins - Non-Executive Director
Trent Lund - Executive Director and Interim Chief Executive Officer
Randolf Clinton - Non-Executive Director

Principal activities

On the 25th of November 2021, the Company changed its name from Integrated Payment Technologies Limited to Wrkr Ltd. This change was in line with the company strategy to have one brand, team and architecture.

During the financial year the principal activities of the Group consisted of operating the following businesses:

- **Wrkr PLATFORM**, a modern cloud-based compliance platform for handling messaging with Australian Taxation Office ('ATO') (SuperStream, STP 2.0, PEPPOL, SBR and State authorities) and orchestrating payment processing for worker pay and super contributions for fund administrators;
- **Wrkr PAY**, a superannuation gateway and clearinghouse and payment handling solution for secure processing of employee pay and super contributions for payrolls and superfunds. This product includes Wrkr SMSF Hub providing ATO messaging and contributions compliance for SMSFs; and
- **Wrkr READY**, a white label employee onboarding solution to manage the compliant onboarding of full-time and casual workers. As at 31 December 2021, Wrkr Ready has been integrated into the systems of its first customer and will start to generate revenues in Q3 FY22.

The Wrkr Ltd Group holds payment processing patents in Australia, the USA, China, Japan, Singapore, Hong Kong, South Africa and New Zealand.

Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Review of operations

The loss for the Group after providing for income tax amounted to \$2,996,354 (31 December 2020: \$1,068,650).

The impact of Coronavirus (COVID-19) pandemic up to 31 December 2021 has been neutral for the Group.

The Earnings Before Interest, Taxes, Depreciation and Amortisation ('EBITDA') for half-year 31 December 2021, was a net loss of \$1,636,427 compared to net loss for half-year 31 December 2020 of \$590,531. EBITDA is a financial measure not prescribed by Australian Accounting Standards ('AAS') and represents the profit under AAS adjusted for non-cash items, interest revenue, finance costs and tax expenses. The directors consider EBITDA to reflect the core earnings of the Group. The following table summarises key reconciling items between statutory profit after tax and EBITDA.

	Consolidated	
	31 Dec 2021	31 Dec 2020
	\$	\$
Loss after income tax benefit	(2,996,354)	(1,068,650)
Add: Finance costs	119	2,139
Less: Income tax expense/(benefit)	-	-
Earnings Before Interest and Tax, ('EBIT')	<u>(2,996,235)</u>	<u>(1,066,511)</u>
Add: depreciation and amortisation	<u>1,359,808</u>	<u>475,980</u>
EBITDA	<u><u>(1,636,427)</u></u>	<u><u>(590,531)</u></u>

As a result of the loss incurred and the operating cash outflows for the half year ended 31 December 2021, there is a material uncertainty on whether the Group can continue as a going concern. The directors consider that the Group will continue as a going concern, as explained in note 2 to the financial statements.

Corporate overview

Wrkr Ltd (Wrkr) is an Australian RegTech company assisting workers, employers, members, and their superannuation funds in meeting their regulatory compliance across the hire to retire lifecycle. The Group resolve these compliance moments in real time by facilitating the transfer of data and payments between regulated authorities and participants in the ecosystem (HR/payrolls, Accountants, Banks, Australian Prudential Regulation Authority ('APRA') and self-managed super fund ('SMSF') and federal departments like the Australian Taxation Office ('ATO').

During October and November of last year, the Group rebranded InPayTech to Wrkr (ASX: WRK). The driving force behind the rebrand was to:

- Resonate with Australian workers directly which is key to the Group's move to direct engagement;
- Simplify messaging as we increase the Group's voice in the market; and
- Support the coming together of the many brands and solutions for the Group's people, customers and collaborators.

Under the new brand, and in line with the introduction by the ATO of Superstream Rollover v3.0, Wrkr launched the Wrkr SMSF Hub in October to enable SMSFs to meet their new Superstream compliance requirements. The platform has received an incredible response from both SMSFs directly and their administrators. With over 4,000 SMSFs and 200 administrators already registered for the Group's service, minimal competitors and approximately 600,000 SMSFs in Australia requiring a compliant service, Wrkr is well positioned to see significant growth in this market.

The priority of the business over the second half of the financial year is to continue to secure partnerships and strategic supplier agreements to reach more workers while we invest in our platform and products to serve more worker compliance moments.

Significant changes in the state of affairs

On 25 November 2021, the Company changed name from Integrated Payments Technology Limited to Wrkr Ltd, with WRK as the new ASX listing code, following the full rebrand as approved by the shareholders on the Annual General Meeting held on 25 November 2021.

There were no other significant changes in the state of affairs of the Group during the financial half-year.

Note 1. General information

The financial statements cover Wrkr Ltd (formerly known as Integrated Payment Technologies Limited) as a Group consisting of Wrkr Ltd ('Company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year (together referred to in these financial statements as the 'Group'). The financial statements are presented in Australian dollars which is Wrkr Ltd's functional and presentation currency.

On 25 November 2021, the Company changed name from Integrated Payment Technologies Limited to Wrkr Ltd, with WRK as the new ASX listing code, following the full rebrand as approved by the shareholders on the Annual General Meeting held on 25 November 2021.

Wrkr Ltd is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 24
66 Goulburn St
Sydney NSW 2000

A description of the nature of the Group's operations and its principal activities are included in the directors' report which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 28 February 2022. The directors have the power to amend and reissue the financial statements.

Note 2. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements arising under Australian Securities Exchange Listing Rules and the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial statements have been prepared on a going concern basis which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. For the half-year ended 31 December 2021, the Group recorded a loss before income tax benefit of \$2,996,354 (31 December 2020: loss of \$1,068,650); showed net cash outflows from investing activities of \$365,913 (31 December 2020: \$214,331) and net cash outflows from operating activities of \$1,198,086 (31 December 2020: \$1,242,807). The net assets of the Group as of 31 December 2021 were \$17,083,919 (30 June 2021: \$19,964,949).

As at 31 December 2021, the Group had cash and cash equivalents of \$1,167,436 (30 June 2021: \$2,731,435).

Note 2. Significant accounting policies (continued)

The directors have assessed that the Group is and will remain a going concern and believe that the going concern basis of preparation of the accounts is appropriate, based upon the Group continuing to:

- improve the operating performance of the business to generate positive operating cash flows;
- proactively manage cash flow requirements, including deferring certain capital expenditures, to ensure that funds are available when required; and/or
- obtain funding if and where required, with a preference towards funding via a debt facility rather than an equity issue to prolong any shareholder dilution.

Should the Group not achieve these outcomes, there may be uncertainty whether the Group would continue as a going concern and therefore whether it would realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. The financial report does not include adjustments relating to the recoverability or classification of the recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

Contract assets

Contract assets are recognised when the Group has transferred goods or services to the customer but where the Group is yet to establish an unconditional right to consideration. Contract assets are treated as financial assets for impairment purposes.

Note 3. Operating segments

Identification of reportable operating segments

The Group is organised into one operating segment relating to the provision of services that enable its customers to meet their regulatory compliance across the hire to retire life cycle. It does that by facilitating the transfer of data and payments between regulated authorities and participants of the ecosystem (HR/payrolls, Accountants, Banks, APRA, and SMSF Funds and federal departments like the ATO).

The information reported to the Board of Directors (being the Chief Operating Decision Makers ('CODM')) consists of the results as shown in the statement of profit or loss and other comprehensive income and statement of financial position in this Interim Report and has therefore not been replicated as segment disclosure.

The directors have determined that there are no operating segments identified for the year which are considered separately reportable.

Note 4. Revenue

Eligible employers with aggregated annual turnover of less than \$50 million are eligible to receive payments of between \$20,000 and \$100,000 which are credited against amounts owed on an activity statement and based on PAYG withheld on employee's salary and wages for the period July to September 2020. Such amounts have been recognised as government grants in the financial statements, are non-taxable, and are recorded as income once there is reasonable assurance that the Group will comply with any required conditions which is practically at the time that a liability for PAYG withholding tax is incurred and salaries are paid.

Independent Auditor's Review Report

To the Members of Wrkr Ltd

Report on the review of the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of Wrkr Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Wrkr Ltd does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of Wrkr Ltd's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 2 in the financial report, which indicates that the Group incurred a net loss of \$2,996,354 during the half year ended 31 December 2021 and net cash outflows from operating activities of \$1,198,086. As stated in Note 2, these

events or conditions, along with other matters as set forth in Note 2, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half year financial report

The Directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
