(This information should be read in conjunction with the last annual report and any announcements to the market by K2fly Limited during the period)

#### Comment

K2fly reported revenues of \$4.5m for the half year ended 31 December 2021 (**H1FY22**), which represented 34% growth compared to the result for the half-year ended 31 December 2020 (**H1FY21**) (\$3.4m).

In response to recent growth, including through acquisition, and to establish a stable foundation for expected future growth, during H1FY22 the Group invested in staff to meet the contracted and expected demand for new projects, expansion of existing projects, and in its management function. As a result of these sales and investments, the K2fly reported cost of sales of \$2.5m, 55% higher than the H1FY21 cost of \$1.6m. Employee benefits expense H1FY22, which included \$0.3m of recruitment costs, increased to \$2.7m (H1FY21 - \$1.5m) and consultancy expenses increased to \$0.4m (H1FY21 \$0.2m). These costs of labour and project resourcing, and talent sourcing, has been impacted by global labour market constraints, as well as the need to recruit and train staff in advance of project commencement.

Overall, the Group reported a loss after tax for H1FY22 of \$1.7m, which included \$0.3m of non-cash share-based payment expenses for options issued to staff and advisors (refer note 14), \$0.5m of non-cash amortisation expenses, which included amortisation assets acquired in the prior financial year, and a \$1.1m benefit from the recognition of a one-off deferred tax asset to offset a related and previously recognised deferred tax liability (both non-cash) associated with the acquisition accounting of Decipher.

#### Dividends (distributions)

There are no dividend or distribution reinvestment plans in operation and there have been no dividend or distribution payments during the half-year ended 31 December 2021.

## DIRECTORS' REPORT

---

The directors submit their half-year report on K2fly Limited (**K2fly**) (the **Company**) and its controlled entities (the **Group**) for the half-year ended 31 December 2021 (**H1FY22**). In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

### DIRECTORS

The names of the Directors of the Company in office during and since the end of the half-year are:

Brian Miller	Executive Director
Jenny Cutri	Non-Executive Chair
Neil Canby	Non-Executive Director
James Deacon	Non-Executive Director

Directors were in office from the beginning of the financial period until the date of this report.

### REVIEW OF OPERATIONS

The Group reported revenues of \$4.5m for H1FY22, which represented 34% growth compared to the result for the half-year ended 31 December 2020 (**H1FY21**) (\$3.4m).

Revenues are generated on the sales and implementation of K2fly's suite of software as a service (SaaS) resource governance solutions for:

- community & heritage;
- land access & monitoring;
- ground disturbance;
- dams & tailings;
- rehabilitation & closure;
- resource inventory & reconciliation;
- block model management & governance;
- automated ore blocking; and
- mine geology data management.

The Group also offers consulting and adjacent services.

The Group charges an annual licence fee for its SaaS products, which is typically billed annually in advance. This metric is reported as annual recurring revenue (**ARR**). The Group accounts for SaaS licence sales in accordance with AASB 15 *Revenues from Contracts with Customers*, which requires that the invoiced sales are recognised over the 12-month term of the licence. Unearned income, i.e., amounts which have been billed but not yet earned for accounting purposes, is reported in the condensed statement of financial position under contract liabilities.

The Group also tracks and reports its total contract value (**TCV**), which is the aggregate of its contract liabilities (i.e., billed but "unearned" revenue), future licence fees which can be billed over the remaining term contract and contracted but unbilled one-off implementation fees.

Delivery of the Group's growth strategy, which is focussed on tier-1 and tier-2 global mining companies, is proving to be successful as evidenced by the growth during H1FY22 in TCV, which grew by 67% to \$16.6m, and ARR, which grew by 41% to \$4.8m.

Figure 1: TVC by half-year (\$m)

Figure 2: ARR by half-year (\$m)

Major contracts announced during H1FY22 include:

- five-year contract with Alcoa USA Corp for the dams and tailings solution, across seven sites;
- five-year extension of the mineral resource governance agreement with Newmont Corporation;
- five-year contract with Sibanye Stillwater for the tailings solution across 38 facilities, which was bundled with a geospatial intelligence solution from a third party;
- five-year contract with Rio Tinto for the ground disturbance solution; and
- three-year extension of the mineral resource agreement with Glencore Canada Corporation.

During the period, the accounting for the acquisition of the assets comprising “Decipher for Mining” (**Decipher**) from CSBP Limited (**CSBP**) and Wesfarmers Chemicals, Energy & Fertilisers Limited (**WesCEF**) which was completed on 31 March 2021, was finalised. As the Company has available carried forward losses, on finalisation of the accounting a deferred tax asset was recognised to offset the deferred tax liability in respect of the intangible assets acquired (which was recorded at June 2021). H1FY22 is the first full reporting period which includes the revenues and costs from the acquired dams and tailings and rehabilitation solutions.

In response to recent growth, including through acquisition, and to establish a stable foundation for expected future growth, during H1FY22 the Group invested in staff to meet the contracted and expected demand for new projects, expansion of existing projects, and in its management function. As a result of these sales and investments, the Group reported cost of sales of \$2.5m, 55% higher than the H1FY21 cost of \$1.6m. Employee benefits expense, which included \$0.3m of recruitment costs, increased to \$2.7m (H1FY21 - \$1.5m) and consultancy expenses increased to \$0.4m (H1FY21 \$0.2m). These costs of labour and project resourcing, and talent sourcing, has been impacted by global labour market constraints, as well as the need to recruit and train staff in advance of project commencement.

Overall, the Group reported a loss after tax for H1FY22 of \$1.7m, which included \$0.3m of non-cash share-based payment expenses for options issued to staff and advisors (refer note 14), \$0.5m of non-cash amortisation expenses, which included amortisation of the Decipher acquired assets, and a \$1.1m benefit from the recognition of a one-off deferred tax asset to offset a related and previously recognised deferred tax liability (both non-cash) associated with the acquisition accounting of Decipher.

At 31 December 2021, the Group had cash reserves of \$3.6m (30 June 2021: \$6.9m) and un-invoiced, contracted implementation revenue in excess of \$1.2m.

The interim financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Directors are of the opinion that the Group is a going concern, notwithstanding that the Group:

- incurred a loss for the period ended 31 December 2021 of \$1,717,584 (31 December 2020: \$1,067,666 loss);
- had cash and cash equivalents of \$3,601,925 at 31 December 2021 (30 June 2021: \$6,906,331);
- had a net working capital deficit of \$1,034,588 (30 June 2021: \$3,058,964 surplus), which includes deferred revenue of \$2,540,077 (30 June 2021: \$2,059,890) and a provision for non-cash performance shares of \$976,894 (refer note 10); and
- a net cash outflow from operating activities amounting to \$1,257,074 (31 December 2020: \$423,180).

The Group's ability to continue as a going concern and to fund its planned activities and operations is dependent on achieving growth in revenues from its operations or reducing operational costs, and if necessary, raising further capital.

The Directors believe the Group will continue as a going concern, after consideration of the following factors:

- regular review of management accounts and cash flow forecast, incorporating expected cash inflows from sales invoice and collection of trade receivables;
- close management of both its operating costs and corporate overheads;
- the trajectory of sales growth and the sales pipeline;
- the portfolio of existing contracts which deliver annual recurring revenues;
- the Company has a number of unlisted options on issue. If the options are exercised this will result in a significant capital injection into the Company; and
- the Company has the ability to raise funds through equity issues.

**(d) Adoption of new and revised standards**

New and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to the Group and effective for the half-year reporting periods beginning on or after 1 July 2021 have been reviewed and applied. There is no material impact on the amounts or disclosures included in this half-year financial report.

**(e) Significant accounting judgement and key estimates**

The preparation of the half-year financial report requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Except as described below, in preparing this half-year financial report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2021.

In the half-year ended 31 December 2021, management's significant judgements were:

- assessing whether indicators of impairment existed in relation to intangible assets;
- assessing the estimated value of provisions including for deferred consideration and performance shares (note 10);
- recognising deferred tax liabilities for all taxable temporary differences between the carrying amount and tax bases;
- recognising deferred tax assets for temporary differences between the carrying amount and tax bases, when carried forward losses are available;
- the fair value of unlisted options (other than ZEP Options) in reference to the prevailing share price on date of grant or by using a Black-Scholes model (note 14); and
- the fair value of ZEP Options using a probability-based valuation methodology with reference to the share price at grant date to issue the ZEP Options (note 14).

**2. SEGMENT NOTE**

The Group has adopted AASB 8 *Operating Segments* which requires operating segments to be identified on the basis of internal reports about components of the Group that are reviewed by the board and executive management team (the chief operating decision makers) in order to allocate resources to the segment and assess its performance. The chief operating decision makers review internal reports prepared as consolidated financial statements and strategic decisions of the Group are determined upon analysis of these internal reports.

During the half year, the Group operated predominantly in one business and geographical segment, the technology sector in Australia, and identifies revenue streams from consulting, sale of own software and sale of third party software within that segment.

The value of intangible assets amounted to \$4,004,000 (refer note 7).

*Goodwill*

The goodwill that arose on the combination can be attributed to the synergies expected to be derived from the combination and the value of the workforce of the Group and Decipher which cannot be recognised as an intangible asset, and the deferred tax liability on the intangible asset acquired.

As the acquisition accounting has been finalised, a deferred tax asset, which offsets the previously recorded deferred tax liability, has been recognised.

At the reporting date, an impairment assessment of the intangible assets was undertaken. It was determined that no impairment is required.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of K2Fly Limited

### Report on the Half-Year Financial Report

#### *Qualified Conclusion*

We have reviewed the accompanying half-year financial report of K2Fly Limited ("the company") which comprises the condensed statement of financial position as at 31 December 2021, the condensed statement of comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, except for the possible effects of the matter in the *Basis for qualified conclusion* paragraph below, we have not become aware of any matter that makes us believe that the half-year financial report of K2Fly Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### *Basis for qualified conclusion*

As disclosed in Note 17 Contingent liabilities, the Group became aware of discrepancies between its records in relation to employee tax obligations in South Africa and the records of the local taxing authority. An external advisor has recently been appointed to investigate the matter. Due to the ongoing investigation, we have not been able to obtain sufficient appropriate audit evidence to form a view on the completeness of liabilities. Consequently, we were unable to determine whether any adjustments are likely.

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### *Responsibility of the directors for the financial report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

*Auditor's responsibility for the review of the financial report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

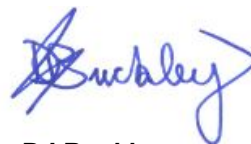

*Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
