## DIRECTORS' REPORT

The directors of NuEnergy Gas Limited ("NuEnergy" or the "Company") present their report together with the consolidated financial statements of the Company and its controlled entities (collectively the "Group") for the half-year ended 31 December 2021 and the independent auditor's review report thereon.

### Directors

The directors of the Company at any time during or since the half-year are:

<b>Kong Kok Keong</b>	Non-Executive Chairman
<b>Kee Yong Wah</b>	Deputy Executive Chairman
<b>Goh Tian Chuan</b>	Non-Executive Director
<b>Chen Heng Mun</b>	Non-Executive Director
<b>Alan Fraser</b>	Non-Executive Director
<b>Dr Ian Wang</b>	Non-Executive Director – appointed on 1 December 2021

### Significant changes in state of affairs

There were no significant changes in the state of affairs of the Group during the financial period.

### Review of operations

#### Tanjung Enim Production Sharing Contract ("PSC")

South Sumatra, Indonesia

NuEnergy Interest: 45%

Operator: Dart Energy (Tanjung Enim) Pte Ltd (a subsidiary of NuEnergy)

On 17 June 2021, the Indonesian Ministry of Energy and Mineral Resources ("MEMR") approved NuEnergy's first Plan of Development ("POD") for the Tanjung Enim Production Sharing Contract ("PSC") under a gross split scheme (referred to as Tanjung Enim POD 1) in South Sumatra which will allow the project to proceed to field development and surface facility construction. NuEnergy shall carry out the operations and commercial development of the Tanjung Enim POD 1 singly and exclusively. The approval of the Tanjung Enim POD 1 also represents the first coal bed methane ("CBM") POD in Indonesia.

In addition, NuEnergy together with its partners for Tanjung Enim PSC, PT Pertamina Hulu Energi Metra Enim and PT Bukit Asam Metana Enim, executed the Amended and Restated Tanjung Enim PSC on 17 June 2021 under a gross split scheme ("Gross Split PSC") in respect of the Tanjung Enim PSC with the Indonesian Special Task Force for Upstream Oil and Gas Business Activities ("SKK Migas").

The Tanjung Enim POD 1 approval covers the development in two target areas, in the north and south of the contract area covering ~33km<sup>2</sup> (or 13% of the total acreage of the Tanjung Enim Gross Split PSC) where the Indonesia Research and Development Center for Oil and Gas Technology (commonly referred to as LEMIGAS) has confirmed and certified reserves totalling ~164.89 Bscf in these areas.

NuEnergy commenced discussions with PT Pertamina Gas for future potential gas sales on 8 July 2021 in respect of the Tanjung Enim POD 1. In addition, NuEnergy has also received the Seller Appointment Letter ("SAL") from the Indonesian Special Task Force for Upstream Oil and Gas Business Activities ("SKK Migas") that formally authorises and appoints NuEnergy to sell CBM produced from the Tanjung Enim PSC on SKK Migas's behalf.

## REVIEW OF OPERATIONS (CONTINUED)

### **Muralim PSC**

**South Sumatra, Indonesia**

**NuEnergy Interest: 50%**

**Operator: Dart Energy (Muralim) Pte Ltd (a subsidiary of NuEnergy)**

In February 2021, NuEnergy spudded a well, known as MU-005 (Twin) well. The drilling rig was mobilised on 14 February 2021, to a location which is the same drill pad as MU-006 well. In June 2021, approval of an additional exploration time was granted by the MEMR for the Muralim PSC for a period of 12 months from 8 May 2021. The additional time will be utilised to complete the exploration and production testing activities on MU-005 (twin) well. NuEnergy has successfully completed permeability tests and drilled to the targeted depth of 724 meters in vertical depth, at the MU-005 (Twin) well. Four coal seam formations were confirmed between the depth of 547 meters to 669 meters and NuEnergy is currently conducting production tests. NuEnergy will continue to perform a few months of dewatering to determine the gas productivity for future development, to be followed by the submission of an Exploration Status Decision proposal and a POD proposal. The dewatering process was temporarily suspended during the quarter ended 30 September 2021, pending the necessary permit being issued by Ministry of Environment of Indonesia. Based on the latest revised environmental regulation issued in September 2021, NuEnergy obtained the environmental permit in January 2022. With the approval, NuEnergy is now able to continue the dewatering process to determine the gas productivity for future development. The results from the gas production will be submitted to SKK Migas for their further recommendation for the Company to submit the future POD proposal for this PSC.

To date, there are a total of six wells that have been previously drilled in the Muralim PSC. Together with Tanjung Enim PSC and Muara Enim PSC, NuEnergy's strategy is to create a large size CBM development in Indonesia.

### **Muara Enim PSC**

**South Sumatra, Indonesia**

**NuEnergy Interest: 40%**

**Operator: PT Trisula CBM Energi (a subsidiary of NuEnergy)**

On 11 November 2019, NuEnergy applied for an additional exploration period beyond the end of the 10<sup>th</sup> Contract Year (29 November 2019). NuEnergy has via a letter dated 6 February 2020, been granted an additional exploration period until 19 January 2021, by the MEMR through SKK Migas to compile all geological and reservoir data, including all exploration/production data. This compilation has been completed and submitted to SKK Migas and NuEnergy has since received an acknowledgement letter from SKK Migas. The acknowledgement letter:

- i) confirms the discoveries of natural gas;
- ii) acknowledges the completion of exploration firm commitments by NuEnergy; and
- iii) allows NuEnergy to submit a plan of development within the next 3 years from 18 January 2021.

## REVIEW OF OPERATIONS (CONTINUED)

### **Muara Enim II PSC**

**South Sumatra, Indonesia**

**NuEnergy Interest: 30%**

**Operator: Indo CBM Sumbagsel 2 Pte Ltd (a subsidiary of NuEnergy)**

The Muara Enim II PSC expired on 31 March 2019. Pending the extension of the PSC, the Board has taken the approach to impair the carrying value of the Muara Enim II PSC Exploration and Evaluation expenditure in the financial year at 30 June 2019 of \$6,231,964 and to record a provision for the penalty of \$2,097,169 (USD1,500,000) to fulfil the remaining obligation under the PSC. However, it is worth noting that the Government has not decided on the status of the Muara Enim II PSC. NuEnergy plans to re-submit its exploration period extension for its Muara Enim II PSC.

### **Bontang Bengalon PSC**

**East Kalimantan, Indonesia**

**NuEnergy Interest: 100%**

**Operator: Dart Energy (Bontang Bengalon) Pte Ltd (a subsidiary of NuEnergy)**

NuEnergy received the notice of termination of the Bontang Bengalon PSC from SKK Migas on 23 August 2019. With this termination, NuEnergy is required to immediately relinquish the contract area and fulfil the remaining obligations under the PSC. NuEnergy has not completed the remaining obligations and the carrying value of the Bontang Bengalon PSC exploration and evaluation assets have been fully impaired and a provision for penalty of USD4,650,000, representing the balance costs of the remaining obligation, has been provided at 30 June 2019. NuEnergy is currently appealing the termination.

## **Financial results and position**

The Group reported a net loss attributable to owners of the Company of \$1,520,007 for the half year ended 31 December 2021 compared to a net profit of \$9,458,742 for the previous corresponding half year.

At 31 December 2021, the Group has cash and cash equivalents of \$2,996,511 (30 June 2021: \$1,712,456) and net assets of \$26,039,462 (30 June 2021: \$26,284,483).

## **Significant events during the period**

The Company is not aware of any material events that have occurred during the period ended.

## **Significant events subsequent to period end**

The Company is not aware of any material events that have occurred subsequent to the period end.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 8.

Signed in accordance with a resolution of Board of Directors.

**Kong Kok Keong**  
**Non-Executive Chairman**  
**Dated this 15th day of March 2022**

# Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of NuEnergy Gas Limited

I declare that, to the best of my knowledge and belief, in relation to the review of NuEnergy Gas Limited for the half-year ended 31 December 2021 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the review; and
- ii. no contraventions of any applicable code of professional conduct in relation to the review.

## NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2021

### 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

#### (a) Reporting entity

NuEnergy Gas Limited (the "Company" or "NuEnergy") is a company domiciled in Australia. These Condensed Consolidated Half-Year Financial Statements ("half-year financial statements") as at and for the six months ended 31 December 2021 comprise the Company and its subsidiaries (together referred to as the "Group"). The Group is primarily involved in the exploration, appraisal and development of hydrocarbons with a primary focus on unconventional gas on coal seam gas also known as coal bed methane ("CBM").

The consolidated annual financial statements of the Group as at and for the year ended 30 June 2021 are available upon request from the Company's registered office at c/- KPMG, Level 38, Tower 3, International Towers Sydney, 300 Barangaroo Avenue, Sydney NSW 2000 or at [www.nuenergygas.com](http://www.nuenergygas.com).

#### (b) Basis of preparation

These half-year financial statements are general purpose financial statements prepared in accordance with AASB 134: *Interim Financial Reporting* and the *Corporations Act 2001*, and with IAS 34: *Interim Financial Reporting*.

They do not include all of the information required for a complete set of annual financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements as at and for the year ended 30 June 2021.

These half-year financial statements are presented in Australian dollars.

These half-year financial statements were authorised for issue by the Company's Board of Directors on 15 March 2022.

#### (c) Significant Accounting Policies

The same accounting policies and methods of computation have been followed in this half-year financial report as were applied in the Group's consolidated financial statements as at and for the year ended 30 June 2021. Save as disclosed below, there have been no new or revised accounting standards issued with an effective date of 1 July 2021, that is applicable to the Group.

- Amendments to AASB 9, *Financial Instruments*, AASB 139, *Financial Instruments: Recognition and Measurement* and AASB 7, *Financial Instruments: Disclosures*

The initial application of the above mentioned accounting standards and amendments is not expected to have any material financial impact to the current period and prior period financial statements of the Group.

## NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2021

### 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT (Continued)

#### (d) Going concern

The Group recorded a net loss attributable to owners of the Company of \$1,222,947 and net cash outflows from operating activities of \$598,078 for the half year ended 31 December 2021, has no ongoing source of operating income and a working capital deficiency of \$9,558,759 as at 31 December 2021. However, the Group has net assets of \$26,039,462 which includes \$2,996,511 of cash and cash equivalents. It is also notable that the Group registered net cash inflows from investing activities of \$1,876,024 for the half year ended 31 December 2021.

The financial statements have been prepared on a going concern basis which assumes the realisation of assets and the extinguishment of liabilities in the normal course of business and at the amounts stated in the financial statements.

The Directors believe the going concern basis is appropriate for the following reasons:

- i) At 31 December 2021, the Group had cash and cash equivalents of \$2,996,511;
- ii) As at 31 December 2021, the Group has loans (inclusive of interest payable) totalling \$3,852,818 from related parties (subsidiaries of Globaltec Formation Berhad ("GFB"), the ultimate holding company). The major shareholders, Globaltec Energy Resources Sdn Bhd and New Century Energy Resources Limited has agreed on behalf of these related parties that these loans will not be called on, if in doing so, would place the Company into insolvency or a position where the Company could not satisfy its commitments as and when they are due. In addition, the major shareholders, Globaltec Energy Resources Sdn Bhd and New Century Energy Resources Limited will continue to provide continuous financial support to enable the Group to operate on a going concern and to meets its obligations;
- iii) The Directors have prepared a cash flow forecast for the 15-month period from 1 January 2022 to 31 March 2023 which includes:
  - planned capital raising of \$5,000,000; and
  - proceeds from the ongoing gradual disposal of the shares, held in Metalla Royalty & Streaming Ltd (listed on the TSX Venture Exchange in Canada) for \$1,737,639;

such that all planned exploration expenditure of \$900,000, uncommitted appraisal and development expenditure of approximately \$1,773,000, and administrative overheads of \$1,488,000 for the 15-month period from 1 January 2022 to 31 March 2023 can be met. In the event that further planned capital raisings are delayed, the Directors believe that the Group will have the ability to scale back its operations, postpone the initial Tanjung Enim PSC development plans and move some of the appraisal and exploration expenditure under the other PSCs to future years as these PCSs are either been extended or granted additional times to submit a plan of development;

- iv) In the event that the provision for production sharing contract penalties are called upon by the Indonesian Ministry, the major shareholders, Globaltec Energy Resources Sdn Bhd and New Century Energy Resources Limited, have provided written assurance to NuEnergy that they will support the Group in meeting these commitments should the need arises; and

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT (Continued)

### (d) Going concern (Continued)

The Bontang Bengalon PSC has been terminated and fully impaired in financial year 2019. The Group has responded and appealed to the Government for amongst others, the transfer of the commitments to another PSC or another PSC of the Group located in South Sumatra, and is optimistic of a favourable outcome. The appeal is currently ongoing. Should the appeal be successful, it is unlikely that the said commitments will be required to be completed within 12 months from the date of this report.

After considering all the above factors, the Directors have concluded that the use of going concern assumption is appropriate.

There is a material uncertainty that may cast significant doubt on the Group's activities' to continue as a going concern should access to equity or financial support be reduced or not forthcoming or if the Bontang Bengalon PSC appeal is not successful.

Should the Group be unable to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different to those stated in the consolidated financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount of liabilities that might result should the Group be unable to continue as a going concern and meet its debt obligations as and when they fall due.

## 2. SIGNIFICANT ASSUMPTIONS AND KEY ESTIMATES

The preparation of the half-year financial report requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values that are not apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised of the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The exploration and evaluation assets comprise of:

	PSC	Status	Carrying value (\$)	
			31/12/2021	30/6/2021
i)	Tanjung Enim PSC	<p>On 17 June 2021, the Indonesian Ministry of Energy and Mineral Resources ("MEMR") approved NuEnergy's first Plan of Development ("POD") for the Tanjung Enim Production Sharing Contract ("PSC") under a gross split scheme (referred to as Tanjung Enim POD I) in South Sumatra which will allow the project to proceed to field development and surface facility construction. NuEnergy shall carry out the operations and commercial development of the Tanjung Enim POD 1 singly and exclusively. The approval of the Tanjung Enim POD 1 also represents the first coal bed methane ("CBM") POD in Indonesia.</p> <p>In addition, NuEnergy together with its partners for Tanjung Enim PSC, PT Pertamina Hulu Energi Metra Enim and PT Bukit Asam Metana Enim, executed the Amended and Restated Tanjung Enim PSC on 17 June 2021 under a gross split scheme ("Gross Split PSC") in respect of the Tanjung Enim PSC with the Indonesian Special Task Force for Upstream Oil and Gas Business Activities ("SKK Migas").</p> <p>The Tanjung Enim POD 1 approval covers the development in two target areas, in the north and south of the contract area covering ~33km<sup>2</sup> (or 13% of the total acreage of the Tanjung Enim Gross Split PSC) where the Indonesia Research and Development Center for Oil and Gas Technology (commonly referred to as LEMIGAS) has confirmed and certified reserves totalling ~164.89 Bscf in these areas.</p> <p>NuEnergy commenced discussions with PT Pertamina Gas for future potential gas sales on 8 July 2021 in respect of the Tanjung Enim POD 1. In addition, NuEnergy has also received the Seller Appointment Letter ("SAL") from the Indonesian Special Task Force for Upstream Oil and Gas Business Activities ("SKK Migas") that formally authorises and appoints NuEnergy to sell CBM produced from the Tanjung Enim PSC on SKK Migas's behalf.</p>	10,840,039	10,223,324
ii)	Muara Enim PSC	<p>NuEnergy has via a letter dated 6 February 2020, been granted an additional exploration period of until 19 January 2021, by the MEMR through SKK Migas to compile all geological and reservoir data, including all exploration/production data. This compilation has been completed and submitted to SKK Migas and NuEnergy has since received an acknowledgement letter from SKK Migas. The acknowledgement letter:</p> <p>i) confirms the discoveries of natural gas;</p>	20,699,425	19,892,268

For personal use only

		<p>ii) acknowledges the completion of exploration firm commitments by NuEnergy; and</p> <p>iii) allows NuEnergy to submit a plan of development within the next 3 years from 18 January 2021.</p>		
iii)	Muralim PSC	<p>In February 2021, NuEnergy spudded a well, known as MU-005 (Twin) well. The drilling rig was mobilised on 14 February 2021, to a location which is the same drill pad as MU-006 well. In June 2021, approval of an additional exploration time was granted by the MEMR for the Muralim PSC for a period of 12 months from 8 May 2021. The additional time will be utilised to complete the exploration and production testing activities on MU-005 (twin) well. NuEnergy has successfully completed permeability tests and drilled to the targeted depth of 724 meters in vertical depth, at the MU-005 (Twin) well. Four coal seam formations were confirmed between the depth of 547 meters to 669 meters and NuEnergy is currently conducting production tests. NuEnergy will continue to perform a few months of dewatering to determine the gas productivity for future development, to be followed by the submission of an Exploration Status Decision proposal and a POD proposal. The dewatering process was temporarily suspended during the quarter ended 30 September 2021, pending the necessary permit being issued by Ministry of Environment of Indonesia. Based on the latest revised environmental regulation issued in September 2021, NuEnergy obtained the environmental permit in January 2022. With the approval, NuEnergy is now able to continue the dewatering process to determine the gas productivity for future development. The results from the gas production will be submitted to SKK Migas for their further recommendation for the Company to submit the future POD proposal for this PSC.</p> <p>To date, there are a total of six wells that have been previously drilled in the Muralim PSC. Together with Tanjung Enim PSC and Muara Enim PSC, NuEnergy's strategy is to create a large size CBM development in Indonesia.</p>	3,341,795	3,119,035

### Impairment assessment

Recoverability of the carrying amount of these PSCs are dependent on the successful exploration and sale of CBM. Management have obtained external valuation reports for all the above PSCs as at 30 June 2020. The Board is of the opinion that the basis and assumptions used in the said valuation reports are still relevant and support the carrying value of these PSCs.

- 4.1 VAT capitalised is eligible to be claimed back from SKK Migas upon production of CBM on a commercial basis. All VAT capitalised relates to ongoing PSCs.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2021**

**Note 5 OTHER FINANCIAL ASSETS**

	<b>31/12/2021</b>	<b>30/6/2021</b>
	\$	\$
<i>Non-current</i>		
Term deposits related to performance bond guarantee for Indonesia PSC purposes	716,962	690,818

The term deposits are placed for a minimum period of two years or until the performance bond guarantee totalling \$4,495,034 (30 June 2021: \$4,331,123), are withdrawn and the effective interest rate was 0.035%.

**NOTE 6 RELATED PARTY PAYABLES**

		<b>31/12/2021</b>	<b>30/6/2021</b>
		\$	\$
Amount due to ultimate parent company	6.1	77,587	74,256
Amount due to substantial shareholder	6.2	138,885	226,061
Loans from related corporations	6.3	3,852,818	3,558,514
		4,069,290	3,858,831

- 6.1 The amount due to the ultimate parent, GFB, is non-trade, unsecured, interest free and repayable on demand.
- 6.2 The amount due to the substantial shareholder, New Century Energy Resources Limited ("NCE") is non-trade, unsecured, interest free and repayable on demand.
- 6.3 Loans from related corporations inclusive of interest accrued are unsecured and repayable on demand with financing cost of 10% per-annum charged on the outstanding loan computed on a daily and non-compounding basis.

**NOTE 7 PROVISION FOR PRODUCTION SHARING CONTRACT PENALTIES**

	<b>31/12/2021</b>	<b>30/6/2021</b>
	\$	\$
Current Production Sharing Contract penalties	8,475,861	8,166,788

The penalties were provided in financial year 2019, for the Bontang Bengalon PSC of \$6,408,578 (30/6/2021: \$6,174,889) and for the Muara Enim II PSC of \$2,067,283 (30/6/2021: \$1,991,899) to fulfil the remaining obligations under the PSC. The decrease in the provision is due to unrealised foreign exchange gains.

**NOTE 10 SEGMENT INFORMATION**

Operating segments are reported in a manner that is consistent with internal reporting to the chief operating decision maker ("CODM"), which has been identified by the Board of Directors. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, or whose operating results are regularly reviewed by the entity's CODM to make decisions about resources to be allocated to the segment and assess its performance. The Group operated in one segment being the CBM exploration in Indonesia. The measure used by the CODM to evaluate the performance is the CBM exploration meeting the commitments under the PSC.

**Geographical location**

The exploration assets of the Group are predominantly located in Indonesia. The Company's principal and registered office is located in Australia. All the non-current assets of the Group are located in Indonesia. The Group is currently under the exploration and appraisal phase and has no revenues from external customers.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2021**

**NOTE 11 EXPENDITURE COMMITMENTS AND CONTINGENT LIABILITIES**

Minimum expenditure commitments contracted for under the PSC not provided for in the financial statements:

	<b>31/12/2021</b>	<b>30/6/2021</b>
	\$	\$
Not longer than 1 year	100,000	500,000
Longer than 1 year and not longer than 5 years	-	1,867,000
	100,000	2,367,000

The Group's minimum expenditure are the firm commitments as set forth in the Production Sharing Contracts with the Government of Indonesia for which the Group is committed and obligated to complete. The firm commitments under the Indonesian Production Sharing Contract may be moved into future years after negotiation with the Indonesian Oil and Gas Regulator.

The Group has performance bond guarantees at the half year ended of \$5,632,040 (30 June 2021: \$4,331,123) issued to the Government of Indonesia pursuant to the Production Sharing Contract to guarantee the firm commitments that are required to be completed by NuEnergy during the exploration period.

**NOTE 12 RELATED PARTIES**

Dealings with related parties have been consistent with those disclosed in the 30 June 2021 financial statements.

GFB is the ultimate parent of the Company.

The transactions and balances for the half year ended were as follows:-

- i) During the half-year ended, interest of \$39,378 was payable to PT Indotech Metal Nusantara, a wholly owned subsidiary of GFB and related party to the Company's directors, Goh Tian Chuan and Chen Heng Mun. The total principal and interest payable was \$1,047,986 as at 31 December 2021 (30 June 2021: \$950,615).
- ii) During the half-year ended, interest of \$111,234 was payable to AIC Corporation Sdn Bhd, a wholly owned subsidiary of GFB and related party to the Company's directors, Goh Tian Chuan and Chen Heng Mun. The total principal and interest payable was \$2,804,832 as at 31 December 2021 (30 June 2021: \$2,607,890).
- iii) An amount of \$138,885 (30 June 2021: \$226,061) for technical service fees was payable at 31 December 2021 to NCE, a subsidiary of the ultimate parent, GFB and related party of the Company's directors, Kee Yong Wah, Goh Tian Chuan, Chen Heng Mun and the Company's Chairman Kong Kok Keong.
- iv) An amount of \$77,587 (30 June 2021: \$74,256) for directors travelling and corporate expenditure was payable at 31 December 2021 to GFB, the ultimate parent and a related party of the Company's directors Goh Tian Chuan, Chen Heng Mun and the Company's Chairman Kong Kok Keong.
- v) The amount of fees and salaries due to Directors as at 31 December 2021 amounted to \$195,833 (30 June 2021: \$290,833). These amounts owing are non-interest bearing.

## DIRECTORS' DECLARATION

In the opinion of the directors of NuEnergy Gas Limited ("the Company"):

- (1) the condensed consolidated financial statements and notes, as set out on pages 9 to 22, are in accordance with the *Corporations Act 2001*, including:
  - (a) giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the six months ended on that date; and
  - (b) complying with Australian Accounting Standards AASB 134: *Interim Financial Reporting* and the Corporations Regulations 2001; and
- (2) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors:

**Kong Kok Keong**  
**Non-Executive Chairman**  
**Dated this 15th day of March 2022**

# Independent Auditor's Review Report

To the shareholders of NuEnergy Gas Limited

## Report on the Half-year Financial Report

### Conclusion

We have reviewed the accompanying **Half-year Financial Report** of NuEnergy Gas Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of NuEnergy Gas Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 31 December 2021 and of its performance for the Half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Half-year Financial Report** comprises:

- Condensed consolidated statement of financial position as at 31 December 2021
- Condensed consolidated statement of profit or loss and other comprehensive income, Condensed consolidated statement of changes in equity and Condensed consolidated statement of cash flows for the Half-year ended on that date
- Notes 1 to 14 comprising a summary of significant accounting policies and other explanatory information
- The Directors' Declaration.

The **Group** comprises NuEnergy Gas Limited (the Company) and the entities it controlled at the Half year's end or from time to time during the Half-year.

### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

### Material uncertainty related to going concern

We draw attention to Note 1d, "Going Concern" in the Half-year Financial Report. The conditions disclosed in Note 1(d), indicate a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the Half-year Financial Report. Our conclusion is not modified in respect of this matter.

### Responsibilities of the Directors for the Half-year Financial Report

The Directors are responsible for:

- the preparation of the Half-year Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Half-year Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Half-year Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the Half-Year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
