Ushtogan LLP Acquisition

At the Company's 2020 annual general meeting held on 30 June 2021, shareholders approved a number of resolutions to prepare the Company to list on the ASX and to issue the necessary securities to complete the Ushtogan LLP acquisition. Those resolutions were:

1. Undertake a 25:1 share and option consolidation

4. Approve the Company entering into a Lead Manager Mandate with RM Corporate Finance Pty Ltd
5. Issue shares to RM Corporate Finance Pty Ltd in consideration for assignment of the Term Sheet
6. Replace the Company's constitution

Ushtogan

The Company has entered into an exchange agreement with Ustar Ventures Ltd on 29 June 2021 to acquire 100% of the participatory interests of Ushtogan LLP (**Exchange Agreement**). The Exchange Agreement was subsequently varied by an addendum dated 15 October 2021 and letters of amendment on 21 January 2022 and 21 February 2022. The material terms and conditions of the Exchange Agreement as varied are summarised below:

Ushtogan LLP Sarytogan Project

Ushtogan LLP owns 100% of the Sarytogan Graphite Project. The exploration licence 1139-R-TPI (1139-P-ТПИ) was issued to Ushtogan LLP on 14 August 2018 and confirmed by 5406-TPI (5406-ТПИ) contract on October 2018. The exploration concession covers 103.92 km².

CSA Global Pty Ltd was engaged by Ushtogan LLP to complete a maiden mineral resource estimate (MRE) for the Sarytogan Graphite Project.

The MRE is based upon data obtained from 29 diamond core drill holes and 28 trenches which intersected the interpreted mineralisation. The mineralisation wireframes were modelled using a nominal lower cut-off grade of 17% Total Graphitic Carbon (TGC). This cut-off reflects a visually distinct occurrence of graphite reflecting a natural geological cut-off. This cut-off is further supported by statistical analysis of the grade population.

The MRE has been reported in accordance with the JORC Code. The MRE has been reported using a cut-off grade of 15% TGC and is shown below.

Zone	JORC Classification	Tonnage (Mt)	TGC (%)	Contained Graphite ('000s t)
North	Inferred	159	28.8	46,000
Central		49	27.5	14,000
Total		209	28.5	60,000

Sarytogan Graphite Limited

Notes to the Financial Statements 31 December 2021

1. General information

The financial statements of Sarytogan Graphite Limited ("**Company**") are presented in Australian dollars, which is Sarytogan Graphite Limited's functional and presentation currency.

Sarytogan Graphite Limited is an unlisted public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Suite 8, 110 Hay Street
Subiaco, Western Australia 6008
T: +61 (0)8 9388 8290

A description of the nature of the Company's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 26 April 2022.

2. Significant accounting policies

These general purpose financial statements for the half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There was no resulting impact on the financial report.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

3. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business. It is recognised that the Company is undertaking a capital raising with an intending listing on the Australian Securities Exchange (**ASX**) and has issued a prospectus to raise \$8,659,533 (the **Capital Raising**). It is recognised that the Capital Raising has closed fully subscribed and the issue of the new shares and options is dependent on receiving ASX approval to list the Company on the ASX. The proposed listing date is late April 2022.

Sarytogan Graphite Limited
Notes to the financial statements
31 December 2021

As disclosed in the financial statements, the Company has net operating cash outflows for the half year of \$227,532 (31 December 2020: net operating cash inflows of \$4,366) and as at 31 December 2021 has cash and cash equivalents of \$238,800 (30 June 2021: \$82,097). The Company also generated a loss after tax of \$187,006 (31 December 2020: after tax profit of \$3,962).

The ability of the Company to continue as a going concern is principally dependent upon the ability of the Company to list on ASX and access the Capital Raising funds. Whilst the directors have every confidence that the ASX listing will proceed and the Company will access the funds from the Capital Raising, there is the possibility that this will not occur in which event the Company must return the Capital Raising funds to the subscribers.

These conditions give rise to a material uncertainty that may cast significant doubt over the Company's ability to continue as a going concern. The directors believe that the going concern basis of preparation is appropriate due to the highly likely probability of completing the ASX listing and accessing the Capital Raising funds.

Should the Company be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial report. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities and appropriate disclosures that may be necessary should the Company be unable to continue as a going concern.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Company based on known information. This consideration extends to the supply chain, staffing and geographic regions in which the Company operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Company unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

Interest on outstanding moneys accrues from day to day and must be calculated on daily balances on the basis of a 365-day year and for the actual number of days elapsed from and including the first day of each interest period to but excluding the last day of each interest period.

Advances must be fully and finally repaid, together with all other outstanding moneys (including interest), on the repayment date.

Recoverability of this loan is dependent upon the Company being able to realise its security under the Pledge Agreement, namely the subsoil use rights under the exploration contract as detailed in Note 13. If the Company is successful in completing the acquisition of 100% of the participating interests of Ushtogan LLP, this loan will become an intercompany loan and will be eliminated on consolidation.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
