Dividend Reinvestment Plan

The Dividend Reinvestment Plan ('DRP') is in operation and the recommended fully franked final dividend of 4.0 cents per share qualifies. Participating shareholders will be entitled to be allotted the number of shares (rounded to the nearest whole number) which the cash dividend would purchase at the relevant issue price. The relevant issue price will be calculated as the VWAP (volume weighted average market price) of shares sold on the ASX over the four trading days commencing on the ex dividend date for the relevant dividend. The DRP will operate without a discount for the final dividend.

FY2022 results

WAM Leaders reported an operating profit before tax of \$68.6 million for the year (FY2021: \$318.1 million) and an operating profit after tax of \$65.8 million (FY2021: \$228.9 million), as a result of the strong performance of the investment portfolio over the year.

The WAM Leaders investment team has generated both outperformance, as well as strong absolute investment portfolio performance for our shareholders since inception. Despite market extremes, both troughs and excesses, WAM Leaders' investment process has generated performance well in excess of the market. The investment portfolio outperformed the S&P/ASX 200 Accumulation Index by a record 16.2%, increasing 9.7% over the year, while the Index fell 6.5%. This outperformance was achieved with an average cash weighting of 3.6%.

The Board declared a fully franked full year dividend of 8.0 cents per share, with the fully franked final dividend being 4.0 cents per share. The fully franked full year dividend represents an increase of 14.3% on the previous year. Since inception in May 2016, WAM Leaders has paid 31.15 cents per share in fully franked dividends to shareholders. As at 30 June 2022, the Company had 36.3 cents per share available in its profits reserve, before the payment of the fully franked final dividend of 4.0 cents per share.

In August 2021, WAM Leaders completed a fully subscribed pro-rata 1 for 5 non-renounceable Entitlement Offer, a combined \$277.2 million was raised, taking WAM Leaders' gross assets to more than \$1.5 billion, making WAM Leaders one of the largest listed investment companies on the ASX.

Letter from the Chairman

Geoff Wilson AO

Dear Fellow Shareholders,

In a volatile and challenging market the WAM Leaders investment portfolio delivered strong outperformance, outperforming the S&P/ASX 200 Accumulation Index by a record 16.2%. The WAM Leaders investment portfolio increased 9.7% over the year, while the Index fell 6.5%. Since inception, WAM Leaders has achieved an investment portfolio return of 14.0% per annum, outperforming the S&P/ASX 200 Accumulation Index by 6.6% per annum.

The Board of Directors has declared a fully franked full year dividend of 8.0 cents per share, with the fully franked final dividend being 4.0 cents per share. The fully franked full year dividend represents an increase of 14.3% on the previous year. The increased fully franked dividend has been achieved through the strong performance of the investment portfolio during the 12-month period and the profits reserve available, and is consistent with the Company's investment objective of delivering investors a stream of fully franked dividends. Since inception, WAM Leaders has paid 31.15 cents per share in fully franked dividends to shareholders.

In August 2021, WAM Leaders completed a fully subscribed pro-rata 1 for 5 non-renounceable Entitlement Offer, a combined \$277.2 million was raised, taking WAM Leaders' gross assets to more than \$1.5 billion, making WAM Leaders one of the largest listed investment companies on the ASX.

During the year, WAM Leaders celebrated its sixth anniversary since listing on the ASX. As a fellow WAM Leaders shareholder, I would like to thank Lead Portfolio Manager Matthew Haupt, Portfolio Manager John Ayoub, Equity Analyst Anna Milne, and the broader Wilson Asset Management investment team, for growing the Company to the benefit of all shareholders through continuous outperformance and capital raisings, and for delivering strong, risk-adjusted returns for shareholders.

Company performance

Over four decades of investing, I have found three key measures crucial to the evaluation of a listed investment company's (LIC) performance: investment portfolio performance, net tangible asset growth and total shareholder return.

1) Investment portfolio performance

Investment portfolio performance measures the growth of the underlying portfolio of equities and cash before expenses, fees and taxes. A key objective of WAM Leaders is long-term outperformance against the S&P/ASX 200 Accumulation Index, which is achieved by growing the investment portfolio at a greater rate. The S&P/ASX 200 Accumulation Index is measured before expenses, fees and taxes.

Performance at 30 June 2022	1 yr	3 yrs %pa	5 yrs %pa	Since inception % pa (May-16)
WAM Leaders Investment Portfolio	9.7%	15.5%	15.0%	14.0%
S&P/ASX 200 Accumulation Index	-6.5%	3.3%	6.8%	7.4%
Outperformance	+16.2%	+12.2%	+8.2%	+6.6%

Investment portfolio performance is before expenses, fees and taxes to compare to the relevant index which is also before expenses, fees and taxes.

WAM Leaders' investment portfolio increased 9.7% in the 12 months to 30 June 2022, while holding on average 3.6% of the investment portfolio in cash.

2) Net tangible asset (NTA) growth

NTA growth is the change in value of the Company's assets, less liabilities and costs (including tax, management and performance fees). The NTA represents the realisable value of the Company and is provided to shareholders and announced to the ASX each month.

WAM Leaders' pre-tax NTA increased 1.6% in the 12 months to 30 June 2022, including the 7.5 cents per share of fully franked dividends paid to shareholders during the year. This increase is after corporate tax paid of 4.7 cents per share or 3.2% of the Company's pre-tax NTA during the year. Corporate tax payments made throughout the period and the performance fee payable of 3.5% at the end of the year were the major items of difference between the investment portfolio performance of 9.7% and the NTA performance of 1.6%. The franking credits attached to corporate tax payments are available for distribution to shareholders through fully franked dividends. Other items contributing to the change in the value of the assets during the year were management fees of 1.0%, other company related expenses of 0.1% and capital management decretion of 0.3%.

WAM Leaders pre-tax NTA performance

*The performance fee payable at the end of the year is calculated with reference to 20% (plus GST) of the amount the value of the portfolio exceeds the return of the S&P/ASX 200 Accumulation Index during the year. In FY2022, the investment portfolio outperformed the S&P/ASX 200 Accumulation Index by 16.2%.

3) Total shareholder return (TSR)

TSR measures the tangible value shareholders gain from share price growth and dividends paid over the period, before the value of any franking credits distributed to shareholders through fully franked dividends.

This measure shows the tangible return to shareholders, being the change in the share price together with dividends paid, assuming their reinvestment. The total shareholder return for WAM Leaders was impacted by the decrease in the share price premium to NTA, offset by the investment portfolio performance during the period. As at 30 June 2022, the share price premium to NTA was 4.9% (June 2021: 10.4%), with TSR decreasing 3.6% for the year. The S&P/ASX 200 Accumulation Index fell 6.5% for the period. This measure does not value the potential benefit of franking credits distributed to shareholders through fully franked dividends.

Dividends

The Board declared a fully franked full year dividend of 8.0 cents per share, with the fully franked final dividend being 4.0 cents per share. The fully franked full year dividend represents an increase of 14.3% on the previous year. Since inception in May 2016, the Company has paid 31.15 cents per share in fully franked dividends to shareholders.

The Board is committed to paying a stream of fully franked dividends to shareholders, provided the Company has sufficient profits reserves and franking credits, and it is within prudent business practices. The Company's ability to generate franking credits is dependent upon the payment of tax on profits and the quantum of fully franked dividends received from investee companies. The dividend reinvestment plan will operate without a discount for the final dividend.

Capital management

The Board is committed to effectively and efficiently growing the Company to the benefit of all shareholders. When the Company's size increases, on market liquidity for the shares is expected to increase, as well as the Company's relevance in the market, improving the prospect of broker and research coverage and interest from financial planners. The increased size of the Company is also expected to reduce the fixed expense ratio to the benefit of all shareholders.

In August 2021, WAM Leaders completed a 1 for 5 non-renounceable Entitlement Offer, Top-Up Facility, Shortfall Facility and additional placement raising a combined \$277.2 million (192.5 million shares), taking WAM Leaders' gross assets to more than \$1.5 billion, and making WAM Leaders one of the largest listed investment companies on the ASX.

In June 2022, WAM Leaders and Absolute Equity Performance Fund (AEG) (ASX: AEG) announced that they have entered into a Scheme Implementation Agreement to merge the two entities (Proposed Transaction). It was proposed that WAM Leaders will acquire 100% of the shares in AEG through a Scheme of Arrangement (Scheme). Under the Scheme, AEG shareholders will receive new WAM Leaders shares as consideration for their AEG shares. The number of WAM Leaders shares to be offered for each AEG share will be determined by a formula based on the ratio of the net tangible assets (NTA) of WAM Leaders before tax (pre-tax NTA) to the pre-tax NTA of AEG. It is currently anticipated that AEG shareholders will be given the opportunity to vote on the Scheme at a meeting expected to be held in September 2022. The Proposed Transaction will create a single listed investment company with a larger capital and shareholder base, greater on-market liquidity for shareholders and improve the prospect of broker and research coverage.

The WAM Leaders and AEG Boards of Directors believe that the Scheme will be beneficial to both companies and result in a strong merged entity leveraging Wilson Asset Management's investment strategy. We look forward to welcoming AEG shareholders to the Wilson Asset Management family as we continue to grow WAM Leaders.

Lead Portfolio Manager update

Matthew Haupt

Dear Fellow Shareholders,

In FY2022, we positioned the portfolio with high conviction towards companies that would perform when policy makers wound back their ultra-accommodative policy measures. As we expected, this occurred and we are now witnessing one of the fastest rate hike cycles in history.

In the first half of the financial year, the WAM Leaders investment portfolio was positioned towards financials, energy and resources to capture the acceleration in economic growth. By mid-year, we had positioned the portfolio for the policy pivot that shocked markets by owning defensive sectors such as health care and consumer staples, which continued to outperform in the second half of the year. We are still cautious on the macroeconomic outlook but remain agile should there be any change in conditions from our current expectations.

WAM Leaders delivered strong investment portfolio performance during FY2022, outperforming the S&P/ASX 200 Accumulation Index by a record 16.2%, increasing 9.7% over the year, while the Index fell 6.5%. Over a three year time horizon, WAM Leaders has outperformed the Index by 12.2% per annum, while over five years has outperformed by 8.2% per annum. This is testament to the flexibility of our investment process, allowing us to outperform in all market environments.

Though it is clear we have exited a period of extremely accommodative fiscal and monetary stimulus and the outlook for equity markets is more challenging, we believe the volatility that ensues represents significant opportunities for our shareholders. We remain committed to our investment process focused on identifying large-cap companies with a robust macro-economic thematic, compelling fundamentals and supportive sentiment indicators.

Thank you for your support.

Investment Manager update

Wilson Asset Management Chief Executive Officer
and WAM Leaders Director Kate Thorley

Dear Fellow Shareholders,

As the Chief Executive Officer of Wilson Asset Management, I want to thank our fellow shareholders for their support and loyalty throughout the financial year. WAM Leaders (ASX: WLE) is your company and I am pleased to share some exciting updates and insights from the year with you.

The Wilson Asset Management team and I were excited to travel across Australia in May and meet with shareholders again in-person for WAM Vault Live. It was fantastic to have a cup of tea with you after more than two and a half years. Thank you to all who attended, we look forward to meeting you again soon.

I extend my sincere thanks to Lead Portfolio Manager Matthew Haupt, Portfolio Manager John Ayoub, Equity Analyst Anna Milne, and the broader Wilson Asset Management investment team, who contribute immensely to our team.

Wilson Asset Management prides itself on being a high-performing team, committed to making a difference for our shareholders. During the year, we promoted several team members in recognition of the exceptional quality of their work, including: Sam Koch to Senior Equity Analyst, Martyn McCathie to Investment Specialist and Camilla Cox and Olivia Harris to Senior Corporate Affairs Advisors.

Our team continues to grow and we were pleased to welcome several new additions to the Wilson Asset Management Family, including in our Investment, Corporate Affairs, Finance, People and Culture, Distribution and Operations teams.

About Wilson Asset Management

Wilson Asset Management has a track record of making a difference for shareholders and the community for more than 20 years. As an investment manager, Wilson Asset Management invests almost \$5 billion on behalf of more than 130,000 retail investors.

Wilson Asset Management is proud to be the Investment Manager for WAM Leaders, together with seven other LICs: WAM Capital (ASX: WAM), WAM Global (ASX: WGB), WAM Microcap (ASX: WMI), WAM Alternative Assets (ASX: WMA), WAM Strategic Value (ASX: WAR), WAM Research (ASX: WAX) and WAM Active (ASX: WAA).

Philanthropy

Wilson Asset Management created and is the lead supporter of Australia's first LICs to deliver both investment and social returns: Future Generation Australia (ASX: FGX) and Future Generation Global (ASX: FGG). Since listing in 2014 and 2015, the companies have supported young Australians who are at-risk or experiencing mental ill-health.

Wilson Asset Management is a member of the global philanthropic Pledge 1% movement, is a significant funder of many Australian charities and provides all team members with \$10,000 each year to donate to charities of their choice. During the year, Wilson Asset Management and Future Generation team members were proud to support over 50 charities across several cause areas such as cancer research, homelessness and mental health. All philanthropic investments are made by the Investment Manager.

In February 2022, many Australians were affected by the devastating floods in New South Wales and Queensland. Wilson Asset Management donated again to the Foundation for Rural and Regional Renewal (FRRR) to support communities impacted by the floods, with hundreds of shareholders and supporters also generously giving funds to support those affected.

In 2019, we were able to raise over \$1 million for Australians affected by the bushfires and drought for the FRRR Disaster Resilience and Recovery Fund. This is an invested fund that grows with donations over time to generate earnings each year to be used to support communities' long term recovery. Wilson Asset Management's early contribution encouraged others to contribute and the fund now holds over \$5 million.

Our thoughts were also with all those in Ukraine facing the brutality of the fighting and the displacement that has caused a humanitarian disaster. In 2022, along with many of our shareholders, Wilson Asset Management donated to two organisations that we believe are having a significant impact on improving the conditions for those suffering; The Ukraine Crisis Appeal and Voices of Children.

We are honoured to provide continued support to Olympic athletes, through managing over \$7 million for the Australian Olympic Committee (AOC) on a pro bono basis. The AOC provides crucial financial and institutional support to Australian athletes to compete at an Olympic level. All fees are foregone by the Investment Manager.

We were excited to announce a five-year renewal of our partnership with Bondi2Berry. We are a key supporter of the event, which raises awareness of dementia, a disease that is the leading cause of death among Australian women, and the third leading cause of death for Australian men. We are also proud to continue our support of the Sydney Uni Velo Club (SU Velo).

Wilson Asset Management is the main partner of the Wollongong 2022 UCI World Championship Cycling competition, which will take place in September this year. The event runs for a week from 18 September 2022, putting the city of Wollongong on the map for a global television audience of over 300 million viewers. More than 1,000 cyclists from 70 countries will meet to compete in 11 races over eight days. The relationship between Wollongong 2022 and Wilson Asset Management was founded on a mutual objective of supporting people and creating a legacy for the community, demonstrating the long-term value of investing in financial, physical and mental wellbeing through cycling and community engagement.

Advocacy and Education

Our advocacy work on behalf of retail investors in the Australian equity market continues to be a priority. We firmly believe all shareholders, both retail and wholesale, should be treated equitably when investing in the Australian equity market.

We also remain committed to education initiatives which advocate for change and progress in corporate Australia. We support the University of New South Wales' School of Mathematics and Statistics' *Girls Do The Maths* program, which aims to inspire girls in high school to consider tertiary studies and careers in mathematics and statistics. We believe in the importance of gender diversity in the financial services industry, in particular funds management, which provide rewarding career paths.

Shareholder engagement and communication

Shareholders are the owners of WAM Leaders; Wilson Asset Management's responsibility is to manage the Company on your behalf and be available to report to you on a regular basis. After almost two and a half years, in May we were pleased to meet with shareholders across the country for WAM Vault Live. We hope to see you again soon, but in the meantime we encourage all shareholders to engage with us in a way that best suits them, with a variety of options available to keep informed on our investment insights and updates. Our approach includes:

- ✓ Email updates from our Lead Portfolio Managers
- ✓ WAM Vault Live
- ✓ Investment team insights at WAM Vault: wilsonassetmanagement.com.au/vault
- ✓ Roundtables with planners, advisers and their clients
- ✓ NTA reports and investment updates
- ✓ Shareholder Q&A calls and webinars
- ✓ Social media engagement
- ✓ Investor education material
- ✓ Presentations and lunches across Australia
- ✓ Annual and interim results announcements

As always, please contact us by phone on (02) 9247 6755 or by email at info@wilsonassetmanagement.com.au if you ever have any questions or feedback.

Thank you for your support.

Objectives and investment process

WAM Leaders' active investment approach focuses on large-cap companies with compelling fundamentals, a robust macroeconomic thematic and a catalyst.

Investment objectives

The investment objectives of WAM Leaders are to:

- deliver investors a stream of fully franked dividends;
- provide capital growth; and
- preserve capital of the Company.

Investment process – actively investing in the highest quality Australian companies

WAM Leaders provides investors with access to Wilson Asset Management's two distinctive processes:

- a research-driven process focused on identifying undervalued growth companies; and
- a market-driven process that takes advantage of mispricing opportunities.

Research-driven investing

The research-driven investment process identifies undervalued growth companies through diligent and deep research that focuses on free cash flow, return on equity and the quality of a company. Each company is carefully rated with respect to management, earnings growth potential, valuation and industry position. Under this proprietary process, the investment team will only ever invest in a security once it can identify a catalyst or event that it expects will change the market's valuation of the company.

Market-driven investing

This investment process takes advantage of short-term mispricing opportunities in the Australian equity market. Opportunities are derived from initial public offerings, placements, block trades, rights issues, corporate transactions (such as takeovers, mergers, schemes of arrangement, corporate spinoffs and restructures), arbitrage opportunities, short selling and trading market themes and trends.

Directors' Report to shareholders for the year ended 30 June 2022

The Directors present their report together with the financial report of WAM Leaders for the financial year ended 30 June 2022.

Principal activity

The principal activity of the Company is making investments in listed companies. The Company's investment objectives are to deliver a stream of fully franked dividends, provide capital growth and preserve capital. No change in this activity took place during the year or is likely to in the future.

Operating and financial review

Investment operations over the year resulted in an operating profit before tax of \$68,574,248 (2021: \$318,087,790) and an operating profit after tax of \$65,760,443 (2021: \$228,934,611). The operating profit for 2022 is reflective of the strong performance of the investment portfolio. The investment portfolio outperformed the S&P/ASX 200 Accumulation Index by a record 16.2%, increasing 9.7% over the year, while the Index fell 6.5%. This outperformance was achieved with an average cash weighting of 3.6%.

The operating profit for the year includes unrealised gains or losses arising from changes in the fair value of the investments held in the portfolio during the year. This movement in the fair value of investments can add to or reduce the realised gains and losses on the investment portfolio and other revenue from operating activities (such as dividend and interest income) in each year. This treatment under the Accounting Standards, can cause large variations in reported operating profits between years.

The operating profit or loss for each financial year is reflective of the underlying investment portfolio performance and is important to understand with context to the overall performance of equity markets in any given year. As a result, we believe the more appropriate measures of the financial results for the year are the investment portfolio performance, the change in net tangible assets (NTA) and the fully franked dividends, together with total shareholder return.

Further information on the three key listed investment company performance measures and the operating and financial review of the Company is contained in the Chairman's letter.

Financial position

The net asset value of the Company as at 30 June 2022 was \$1,422,922,260 (2021: \$1,152,101,079). Further information on the financial position of the Company is contained in the Chairman's letter.

Significant changes in state of affairs

There was no significant change in the state of affairs of the Company during the year ended 30 June 2022.

Dividends paid or recommended

Dividends paid or declared during the year are as follows:

	\$
Fully franked FY2021 final dividend of 3.5 cents per share paid on 29 October 2021	36,051,837
Fully franked FY2022 interim dividend of 4.0 cents per share paid on 29 April 2022	41,277,236

Since the end of the year, declared a fully franked final dividend of 4.0 cents per share to be paid on 30 November 2022.

Remuneration Report (Audited)

This report details the nature and amount of remuneration for each Director of WAM Leaders.

a) Remuneration of Directors

All Directors of WAM Leaders are non-executive Directors. The Board from time to time determines remuneration of Directors within the maximum amount approved by the shareholders at the Annual General Meeting. Directors are not entitled to any other remuneration.

Fees and payments to Directors reflect the demands that are made on and the responsibilities of the Directors and are reviewed annually by the Board. The Company determines the remuneration levels and ensures they are competitively set to attract and retain appropriately qualified and experienced Directors.

The maximum total remuneration of the Directors of the Company has been set at \$125,000 per annum. Directors do not receive bonuses nor are they issued options on securities as part of their remuneration. Directors' fees cover all main Board activities and membership of committees.

Remuneration Report (Audited) (cont'd)

b) Director related entities remuneration (cont'd)

The Company has an investment management agreement with MAM Pty Limited (the Investment Manager or the Manager), part of the Wilson Asset Management Group. Geoff Wilson is the Director of MAM Pty Limited, the entity appointed to manage the investment portfolio of WAM Leaders. Entities associated with Geoff Wilson hold 100% of the issued shares of MAM Pty Limited. In its capacity as the Manager and in accordance with the investment management agreement, MAM Pty Limited was paid a management fee of 1% p.a. (plus GST) of the value of the portfolio amounting to \$16,796,186 inclusive of GST (2021: \$12,050,260). As at 30 June 2022, the balance payable to the Manager was \$1,362,708 inclusive of GST (2021: \$1,122,269).

In addition, MAM Pty Limited is to be paid, annually in arrears, a performance fee being 20% (plus GST) of the amount by which the value of the portfolio exceeds the return of the S&P/ASX 200 Accumulation Index over that period. If the value of the portfolio is less than the return of the S&P/ASX 200 Accumulation Index, no performance fee will be payable in respect of that period and the negative amount is to be carried forward to the following calculation period(s) until it has been recouped in full against future positive performance. No performance fees will be payable until the full recoupment of prior underperformance.

For the year ended 30 June 2022, a performance fee of \$45,950,159 inclusive of GST was payable to the Manager (2021: \$16,056,505).

Wilson Asset Management (International) Pty Limited has a service agreement in place with WAM Leaders to provide accounting and company secretarial services on commercial terms. For the year ended 30 June 2022, the fee for accounting services amounted to \$46,200 inclusive of GST (2021: \$46,200) and the fee for company secretarial services amounted to \$16,500 inclusive of GST (2021: \$16,500). Entities associated with Geoff Wilson hold 100% of the issued shares of Wilson Asset Management (International) Pty Limited.

These amounts are in addition to the above Directors' remuneration. Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than those detailed above) by reason of a contract made by the Company or a related company of the Director or with a firm of which he/she is a member or with a company in which he/she has substantial financial interest.

c) Remuneration of executives

There are no executives that are paid by the Company. MAM Pty Limited, the Investment Manager of the Company, provides the day-to-day management of the Company and is remunerated for these services as outlined above.

Remuneration Report (Audited) (cont'd)

After balance date events

Since the end of the year, the Directors declared a fully franked final dividend of 4.0 cents per share to be paid on 30 November 2022.

No other matters or circumstances have arisen since the end of the financial year, other than already disclosed, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

Future developments

The Company will continue to pursue investment activities – primarily investing in equities listed on the Australian Securities Exchange – to achieve the Company's stated objectives.

The Company's future performance is dependent on the performance of the Company's investments. In turn, the performance of these investments is impacted by investee company-specific factors and prevailing industry conditions. In addition, a range of external factors including economic growth rates, interest rates, exchange rates and macro-economic conditions impact the overall equity market and these investments.

As such, we do not believe it is possible or appropriate to accurately predict the future performance of the Company's investments and, therefore, the Company's performance.

Environmental regulation

The Company's operations are not regulated by any environmental regulation under a law of the Commonwealth or of a State or Territory.

Indemnification and insurance of officers or Auditors

During the financial year, the Company paid a premium in respect of a contract insuring the Directors of the Company, the Company Secretary and any related body corporate against liability incurred as such by a Director or Secretary to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

No indemnities have been given or insurance premiums paid during or since the end of the financial year, for any person who is or has been an auditor of the Company.

Proceedings on behalf of the Company

No person has applied for leave of the Court to bring proceedings on behalf of the Company or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings. The Company was not a party to any such proceedings during the year.

Non-audit services

During the year Pitcher Partners, the Company's auditor, performed taxation and other services for the Company. Details of the amounts paid to the auditors and their related parties are disclosed in Note 5 to the financial statements.

The Board of Directors, in accordance with advice from the Audit and Risk Committee, is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied that the services disclosed in Note 5 did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the Audit and Risk Committee to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided do not compromise the general principles relating to auditor independence in accordance with the APES 110: Code of Ethics for Professional Accountants (including Independence Standards) set by the Accounting Professional and Ethical Standards Board.

Rounding of amounts to nearest dollar

In accordance with ASIC Corporations (rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Directors' Report have been rounded to the nearest dollar, unless otherwise indicated.

Corporate Governance Statement

The Company's Corporate Governance Statement for the year ended 30 June 2022 is provided on the Company's website at wilsonassetmanagement.com.au.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 26 of the Annual Report.

Signed in accordance with a resolution of the Board of Directors.

**Auditor's Independence Declaration
To the Directors of WAM Leaders Limited
ABN 33 611 053 751**

In relation to the independent audit of WAM Leaders Limited for the year ended 30 June 2022, to the best of my knowledge and belief there have been:

- (i) no contraventions of the auditor's independence requirements of the *Corporations Act* 2001; and
- (ii) no contraventions of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)*.

Notes to the financial statements for the year ended 30 June 2022

1. Significant accounting policies

Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

WAM Leaders is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial report was authorised for issue on 3 August 2022 by the Board of Directors.

WAM Leaders is a listed public company, incorporated and domiciled in Australia.

Australian Accounting Standards set out the accounting policies that the Australian Accounting Standards Board has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the Company's financial statements and notes also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, except for financial assets and certain other financial assets and liabilities which have been measured at fair value. All amounts are presented in Australian dollars.

In accordance with ASIC Corporations (rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Financial Report have been rounded to the nearest dollar, unless otherwise indicated.

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period. There was no material impact to the financial statements.

a) Financial assets and liabilities

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes party to the contractual provisions of the instrument. For financial assets, trade date accounting is adopted, which is equivalent to the date that the Company commits itself to purchase or sell the assets.

Financial instruments are initially measured at fair value. Transaction costs related to financial instruments are expensed to the Statement of comprehensive income immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value. Current market prices for all quoted investments are used to determine fair value. For all listed or unlisted securities that are not traded in an active market, valuation techniques are applied to determine fair value, including recent arm's length transactions and reference to similar instruments.

1. Significant accounting policies (cont'd)

a) Financial assets and liabilities (cont'd)

Classification and subsequent measurement (cont'd)

The Company classifies its financial instruments into the following categories:

(i) Financial assets at fair value through profit or loss

Financial assets are classified 'at fair value through profit or loss' when they are held for trading for the purpose of short-term profit taking. Realised and unrealised gains and losses arising from changes in fair value are included in the Statement of comprehensive income in the period in which they arise.

(ii) Financial liabilities at fair value through profit or loss

Financial liabilities such as borrowed stock are classified 'at fair value through profit or loss'. Realised and unrealised gains and losses arising from changes in fair value are included in the Statement of comprehensive income in the period in which they arise.

(iii) Investment entity

WAM Leaders owns 100% of the shares on issue in Australian entity, Century Australia Investments. The Directors have assessed the requirements of *AASB 10 Consolidated Financial Statements* and have applied the criteria set out in that standard to the operations of the Company. WAM Leaders is therefore considered to be an investment entity and as a result, the wholly owned entity of the Company is not consolidated into the financial statements, but rather is accounted for as a financial asset at fair value through profit or loss.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the Company no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or have expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in the Statement of comprehensive income.

b) Income tax

The charge of current income tax expense is based on profit for the year adjusted for any non-assessable or disallowed items. It is calculated using tax rates that have been enacted or are substantially enacted at the reporting date. Current tax liabilities/(assets) are measured at the amounts expected to be paid to/(recovered from) the relevant taxation authority.

Deferred tax is accounted for using the balance sheet method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

1. Significant accounting policies (cont'd)

b) Income tax (cont'd)

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the Statement of comprehensive income except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred tax assets relating to temporary differences and unused tax losses are recognised, to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Current tax assets and liabilities are offset only where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are only offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

c) Cash and cash equivalents

Cash and cash equivalents include cash on hand, at call deposits with banks or financial institutions and term deposits maturing within six months or less.

d) Revenue and other income

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established. All revenue is stated net of the amount of goods and services tax (GST).

e) Trade and other receivables

Trade and other receivables are non-derivative financial assets and are initially recognised at fair value. They are subsequently stated at amortised cost, less any provision for impairment. Refer to Note 1(g) for further detail.

f) Trade and other payables

Trade and other payables are non-derivative financial liabilities and are stated at amortised cost.

g) Impairment of assets

The Company applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables from initial recognition (this has replaced the incurred loss model). All the trade receivables of the Company share the same credit risk characteristics. Indicators that there is no reasonable expectation of recovery include, amongst others, the Standard & Poor's credit risk rating of a debtor, and a failure to make contractual payments for a period of greater than 30 days past due.

1. Significant accounting policies (cont'd)

g) Impairment of assets (cont'd)

Impairment losses on trade receivables and contract assets are presented as net impairment losses within the Statement of comprehensive income. Subsequent recoveries of amounts previously written off are credited against the same line item. As at 30 June 2022, there are no expected credit losses recognised (2021: nil).

h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised exclusive of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of GST. The net amount of GST recoverable from, or payable to, the ATO is included as an asset or liability in the Statement of financial position.

Cash flows are presented in the Statement of cash flows on a gross basis (inclusive of GST), except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

i) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

j) Profits reserve

The profits reserve is made up of amounts transferred from current and retained earnings that are preserved for future dividend payments.

k) Issued capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

l) Dividends

Dividends are recognised when declared during the financial year.

m) Critical accounting estimates and judgments

The Directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and the best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data.

There are no estimates or judgments that have a material impact on the Company's financial results for the year ended 30 June 2022. All material financial assets are valued by reference to quoted prices and therefore no significant estimates or judgments are required in respect to their valuation.

n) New standards and interpretations not yet adopted

There are no new standards or interpretations not yet adopted that would have a material impact for the Company.

3. Income tax

a) Income tax expense

The prima facie tax on profit before income tax is reconciled to the income tax expense as follows:

	2022 \$	2021 \$
Prima facie tax on profit before income tax at 30% (2021: 30%)	20,572,274	95,426,337
Imputation credit gross up	7,457,614	2,341,014
Franking credit offset	(24,858,715)	(7,803,380)

	2,813,805	89,153,179
Effective tax rate	4.1%	28.0%

The effective tax rate reflects the benefit to the Company of franking credits received on dividend income during the year. The decrease in the effective tax rate from the comparative year is reflective of the higher proportion of franked dividend income received in comparison to the net profit before tax for the period in comparison to the prior period.

¹Other non-assessable items relate to timing differences on franked dividends receivable.

4. Dividends

a) Ordinary dividends paid during the year

	2022 \$	2021 \$
Final dividend FY2021: 3.5 cents per share fully franked at 30% tax rate, paid 29 October 2021 (Final dividend FY2020: 3.25 cents per share fully franked)	36,051,837	27,121,904
Interim dividend FY2022: 4.0 cents per share fully franked at 30% tax rate, paid 29 April 2022 (Interim dividend FY2021: 3.5 cent per share fully franked)	4,127,236	29,264,054
	77,329,073	56,385,958

b) Dividends not recognised at year end

	2022 \$	2021 \$
In addition to the above dividends, since the end of the year, the Directors have declared a 4.0 cents per share fully franked dividend (2021: 3.5 cents per share fully franked) which has not been recognised as a liability at the end of the financial year:	4,136,1795	29,314,013

c) Dividend franking account

	2022 \$	2021 \$
Balance of franking account at year end	68,755,492	37,983,280
Adjusted for franking credits arising from: - Estimated income tax payable	30,727,970	32,198,444
Subsequent to year end, the franking account would be reduced by the proposed dividend disclosed in Note 4(b):	(17,726,484)	(12,563,148)
	81,756,978	57,618,576

The Company's ability to continue to pay franked dividends is dependent upon the receipt of franked dividends from investments and the payment of tax on profits.

The balance of the franking account does not include the tax to be paid on unrealised investment gains at the end of the reporting period. As at 30 June 2022, the deferred tax in relation to fair value movements on the investment portfolio is in a debit balance of \$10,764,119 and this amount has been presented as a deferred tax asset (2021: credit balance of \$24,030,713 presented as a deferred tax liability).

Holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at shareholder meetings, all substantive resolutions will be decided by a poll. In the event of winding up of the Company, ordinary shareholders rank after creditors and share in any proceeds on winding up in proportion to the number of shares held.

c) Capital management

In August 2021, WAM Leaders completed a fully subscribed pro-rata 1 for 5 non-renounceable Entitlement Offer, raising \$193.6 million from existing shareholders in the Entitlement Offer and Top-Up Facility, and \$83.6 million in the Shortfall Facility and additional placement to professional and sophisticated investors. A combined \$277.2 million was raised, taking WAM Leaders' gross assets to more than \$1.5 billion, making WAM Leaders one of the largest listed investment companies on the ASX.

The Company's larger capital base increases the liquidity of the shares and its relevance in the market by improving the prospect of broker and research coverage, increasing interest from financial planners and gaining additional access to market opportunities. The increased size will also reduce the fixed expense ratio of the Company to the benefit of all shareholders. The additional capital has been successfully invested in accordance with the Company's disciplined and proven investment process.

In June 2022, WAM Leaders and Absolute Equity Performance Fund (AEG) (ASX: AEG) announced that they have entered into a Scheme Implementation Agreement to merge the two entities (Proposed Transaction). It was proposed that WAM Leaders will acquire 100% of the shares in AEG through a Scheme of Arrangement (Scheme). Under the Scheme, AEG shareholders will receive new WAM Leaders shares as consideration for their AEG shares. The number of WAM Leaders shares to be offered for each AEG share will be determined by a formula based on the ratio of the net tangible assets (NTA) of WAM Leaders before tax (pre-tax NTA) to the pre-tax NTA of AEG. It is currently anticipated that AEG shareholders will be given the opportunity to vote on the Scheme at a meeting expected to be held in September 2022.

The Board manages the Company's capital by regularly reviewing the most efficient manner by which the Company deploys its capital. At the core of this, the Board is of the belief that shareholder value should be preserved through the management of the level of distributions to shareholders, share placements, share purchase plans, options issues and share buy-backs. These capital management initiatives will be used when deemed appropriate by the Board. There have been no changes in the strategy adopted by the Board to manage the capital of the Company during the year.

15. Financial risk management

The Company's financial instruments consist of listed and unlisted investments, trade receivables, trade payables and borrowed stock. The risks exposed to through these financial instruments are discussed below and include credit risk, liquidity risk and market risk, consisting of interest rate risk and other price risk. There have been no substantive changes in the types of risks the Company is exposed to, how these risks arise, or the Board's objective, policies and processes for managing or measuring the risks during the period.

Under delegation from the Board, the Manager has the responsibility for assessing and monitoring the financial market risk of the Company. The Manager monitors these risks daily. On a formal basis, the investment team meet twice weekly to monitor and manage the below risks as appropriate.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge a contracted obligation. The Manager monitors the credit worthiness of counterparties on an ongoing basis and evaluates the credit quality of all new counterparties before engaging with them.

The maximum exposure to credit risk on financial assets, excluding investments of the Company which have been recognised in the Statement of financial position, is the carrying amount net of any expected credit losses.

The Manager is responsible for ensuring there is appropriate diversification across counterparties and that they are of a sufficient quality rating. The Manager is satisfied that the counterparties are of sufficient quality and diversity to minimise any individual counterparty credit risk. The majority of the Company's receivables arise from unsettled trades at year end which are settled two days after trade date. Engaging with counterparties via the Australian Securities Exchange facilitates the Company in both mitigating and managing its credit risk on an ongoing basis.

Credit risk is not considered to be a major risk to the Company as the majority of cash and term deposits held by the Company or in its portfolios are invested with major Australian banks and their 100% owned banking subsidiaries that have a Standard and Poor's short-term rating of A-1+ and long-term rating of AA-. The Company also holds cash with its custodian that has a Standard and Poor's short-term rating of A-1 and long-term rating of A. The majority of all maturities for cash and term deposits are within three months, there were no term deposits held at 30 June 2022.

None of the assets exposed to a credit risk are overdue or considered to be impaired.

b) Liquidity risk

Liquidity risk represents the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company's major cash payments are the purchase of securities and dividends paid to shareholders, the levels of which are managed respectively by the Manager and the Board.

The Company's cash receipts depend upon the level of sales of securities, dividends and interest received, the exercise of options or other capital management initiatives that may be implemented by the Board from time to time.

15. Financial risk management (cont'd)

b) Liquidity risk (cont'd)

The Manager monitors the Company's cash flow requirements daily by reference to known sales and purchases of securities, dividends and interest to be paid or received. Should these decrease by a material amount the Company can alter its cash outflows as appropriate. The Company also holds a portion of its portfolio in cash and term deposits sufficient to ensure that it has cash readily available to meet all payments. Furthermore, the assets of the Company are largely in the form of tradable securities which, where liquidity is available, can be sold on market when and if required.

The table below reflects an undiscounted contractual maturity analysis for the Company's liabilities. The timing of cash flows presented in the table to settle liabilities reflects the earliest possible contractual settlement date to the reporting date.

30 June 2022	>1 month \$	<1 month \$	Total \$
Liabilities			
Trade and other payables	-	129,205,902	129,205,902

Liabilities			
Trade and other payables	-	65,848,353	65,848,353
Total	-	65,848,353	65,848,353

c) Market risk

Market risk is the risk that changes in market prices, such as interest rates and other market prices will affect the fair value or future cash flows of the Company's financial instruments. By its nature, as a listed investment company that invests in tradable securities, the Company will always be subject to market risk as it invests its capital in securities which are not risk free, as the market price of these securities can fluctuate.

(i) Interest rate risk

The Company's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing level of market interest rates on its financial position and cash flows. The Company however is not materially exposed to interest rate risk as it did not hold any term deposits at the end of the period. As the Company's exposure to interest rate risk is not significant, interest rate sensitivities have not been performed.

15. Financial risk management (cont'd)

c) Market risk (cont'd)

(i) Interest rate risk (cont'd)

At the end of the reporting period, the Company's exposure to interest rate risk and the effective weighted average interest rate was as follows:

30 June 2022	Weighted average interest rate (% pa)	Interest bearing \$	Non-interest bearing \$	Total \$

(ii) Other price risk

Other price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market.

As the majority of the Company's investments are carried at fair value with fair value changes recognised in the Statement of comprehensive income, all changes in market conditions will directly affect net investment income. Due to the short-term nature of receivables and payables, the carrying amounts of these financial assets and financial liabilities approximate their fair values.

15. Financial risk management (cont'd)

c) Market risk (cont'd)

(ii) Other price risk (cont'd)

The Manager seeks to manage and reduce the other price risk of the Company by diversification of the investment portfolio across numerous stocks and multiple industry sectors. The relative weightings of the individual securities and market sectors are reviewed daily in order to manage risk. The Company does not have set parameters as to a minimum or maximum amount of the portfolio that can be invested in a single company or sector.

The Company's industry sector weighting of gross assets as at 30 June 2022 is as below:

Industry sector	2022 %	2021 %
Financials	28.1	31.9
Materials	21.3	19.7
Health care	13.4	11.2
Consumer discretionary	7.5	5.8
Energy	6.5	7.5
Consumer staples	5.9	4.6
Real estate	4.6	4.6
Communications services	4.4	4.6
Industrials	3.7	3.9
Information technology	1.3	3.1
Utilities	0.4	-
Total	97.1	96.9

Securities representing over 5 per cent of gross assets of the Company as at 30 June 2022 are set out below:

Company name	2022 %
National Australia Bank Limited	12.7
BHP Group Limited	11.9
CSL Limited	8.9
Commonwealth Bank of Australia	6.4
Santos Limited	6.0
Insurance Australia Group Limited	5.0

(ii) Other price risk (cont'd)

Securities representing over 5 per cent of gross assets of the Company as at 30 June 2021 are set out below:

Company name	2021 %
National Australia Bank Limited	9.7
Commonwealth Bank of Australia	8.6
BHP Group Limited	8.0
CSL Limited	6.7
Oil Search Limited	5.6

Sensitivity analysis

For investments held by the Company at the end of the reporting period, a sensitivity analysis was performed relating to its exposure to other price risk. This analysis demonstrates the effect on current year net assets after tax as a result from a reasonably possible change in the risk variable. The sensitivity assumes all other variables remain constant.

Investments represent 97.1% (2021: 96.9%) of gross assets at year end. At reporting date, if the fair value of each of the investments within the portfolio changed by 5%, the impact on the Company's profit or loss after tax would have been an increase/decrease by \$50,735,307 (2021: \$41,681,827). This would result in the 30 June 2022 net asset backing after tax moving by 4.9 cents per share (2021: 5.0 cents per share).

d) Financial instruments measured at fair value

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices).

Level 3: Inputs for the asset or liability are not based on observable market data (unobservable inputs).

Included within Level 1 of the hierarchy are listed investments. The fair values of these financial assets and liabilities have been based on the closing quoted last prices at the end of the reporting period, excluding transaction costs.

Included within Level 2 of the hierarchy is WAM Leader's investment in an unlisted investment company, Century Australia Investments. The fair value of the unlisted investment company has been based on its net asset backing, being the underlying residual cash and cash equivalents at the end of the reporting period.

15. Financial risk management (cont'd)

d) Financial instruments measured at fair value (cont'd)

The following table presents the Company's financial assets and liabilities measured and recognised at fair value at 30 June 2022:

30 June 2022	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets	1,446,849,868	2,730,327	-	1,449,580,195
Total	1,446,849,868	2,730,327	-	1,449,580,195

30 June 2021	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets	1,188,188,124	2,721,210	-	1,190,909,334
Total	1,188,188,124	2,721,210	-	1,190,909,334

There were no transfers between Level 1 and Level 2 during the year (2021: nil).

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

16. Investment transactions

The total number of contract notes that were issued for transactions in securities during the financial year was 6,478 (2021: 4,922). Each contract note could involve multiple transactions. The total brokerage paid on these contract notes was \$13,888,391 (2021: \$9,064,268).

Directors and Director related entities disposed of and acquired ordinary shares in the Company on the same terms and conditions available to other shareholders. The Directors have not, during or since the end financial year, been granted options over unissued shares or interests in shares of the Company as part of their remuneration.

21. Related party transactions

All transactions with related parties during the year were made on normal commercial terms and conditions and at market rates.

The Company has an investment management agreement with MAM Pty Limited, part of the Wilson Asset Management Group. Geoff Wilson is the Director of MAM Pty Limited, the entity appointed to manage the investment portfolio of WAM Leaders. Entities associated with Geoff Wilson hold 100% of the issued shares of MAM Pty Limited. In its capacity as the Manager and in accordance with the investment management agreement, MAM Pty Limited was paid a management fee of 1% p.a. (plus GST) of the value of the portfolio amounting to \$16,796,186 inclusive of GST (2021: \$12,050,260). As at 30 June 2022, the balance payable to the Manager was \$1,362,708 inclusive of GST (2021: \$1,122,269).

In addition, MAM Pty Limited is to be paid, annually in arrears, a performance fee being 20% (plus GST) of the amount by which the value of the portfolio exceeds the return of the S&P/ASX 200 Accumulation Index over that period. If the value of the portfolio is less than the return of the S&P/ASX 200 Accumulation Index, no performance fee will be payable in respect of that period and the negative amount is to be carried forward to the following calculation period(s) until it has been recouped in full against future positive performance. No performance fees will be payable until the full recoupment of prior underperformance.

For the year ended 30 June 2022, a performance fee of \$45,950,159 inclusive of GST was payable to the Manager (2021: \$16,056,505).

21. Related party transactions (cont'd)

22. Events subsequent to reporting date

Since the end of the year, the Directors declared a fully franked final dividend of 4.0 cents per share to be paid on 30 November 2022.

No other matters or circumstances have arisen since the end of the financial year, other than already disclosed, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

Directors' Declaration

The Directors of WAM Leaders Limited declare that:

- 1) The financial statements as set out in pages 27 to 51 and the additional disclosures included in the Directors' Report designated as "Remuneration Report", as set out on pages 20 to 23, are in accordance with the *Corporations Act 2001*, including:
 - a) complying with Australian Accounting Standards, which, as stated in Note 1 to the financial statements, constitutes compliance with International Financial Reporting Standards (IFRS), the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - b) giving a true and fair view of the financial position of the Company as at 30 June 2022 and of its performance, as represented by the results of the operations and the cash flows, for the year ended on that date; and
- 2) The Directors have been given the declarations required by section 295A of the *Corporations Act 2001* from the Chief Executive Officer and Chief Financial Officer of the Investment Manager, MAM Pty Limited declaring that:
 - a) the financial records of the Company for the financial year have been properly maintained in accordance with the Section 286 of the *Corporations Act 2001*;
 - b) the Company's financial statements and notes for the financial year comply with the Accounting Standards; and
 - c) the Company's financial statements and notes for the financial year give a true and fair view.
- 3) At the date of this declaration, in the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Board of Directors.

**Independent Auditor's Report
To the Members of WAM Leaders Limited
ABN 33 611 053 751**

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of WAM Leaders Limited ("the Company"), which comprises the statement of financial position as at 30 June 2022, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of WAM Leaders Limited is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- ii. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the Directors of the Company, would be on the same terms if given to the Directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the matter
<p>Existence and Valuation of Financial Assets Refer to Note 7: Financial Assets</p>	
<p>We focused our audit effort on the existence and valuation of the Company's financial assets as they represent the most significant driver of the Company's Net Tangible Assets and Profit.</p> <p>The Company's investments are considered to be non-complex in nature with fair value based on readily observable data from the ASX or other observable markets. Consequently, these investments are classified under Australian Accounting Standards as either "Level 1" (i.e. where the valuation is based on quoted prices in active markets) or "Level 2" (i.e. where key inputs to valuation are based on other observable inputs).</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> ▪ Obtaining an understanding of and evaluating the design of the investment management processes and controls; ▪ Reviewing and evaluating the independent auditor's report on the design and operating effectiveness of internal controls (ASAE 3402 Assurance Reports on Controls at a Service Organisation) for the Custodian; ▪ Making enquiries as to whether there have been any changes to these controls or their effectiveness from the periods to which the auditor's report relate to and obtaining bridging letters; ▪ Obtaining confirmation of the investment holdings directly from the Custodian; ▪ Assessing and recalculating the Company's valuation of individual investment holdings using independent observable pricing sources and inputs; ▪ Evaluating the accounting treatment of revaluations of financial assets for current/deferred tax and unrealised gains or losses; and ▪ Assessing the adequacy of disclosures in the financial statements.

Key audit matter	How our audit addressed the matter
<p>Accuracy of Management and Performance Fees</p>	
<p>Refer to Note 8: Trade and other payables and Note 21: Related party transactions</p>	
<p>We focused our audit effort on the accuracy of management and performance fees as they are significant expenses of the Company and their calculation requires adjustments and key inputs. Adjustments include company dividends, tax payments, capital raisings, capital reductions and other relevant expenses. Key inputs include the value of the portfolio, the performance of the relevant comparable benchmark and application of the correct fee percentage in accordance with the Investment Management Agreement between the Company and the Investment Manager.</p> <p>In addition, to their quantum, as these transactions are made with related parties, there are additional inherent risks associated with these transactions, including the potential for these transactions to be made on terms and conditions more favourable than if they had been with an independent third-party.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> ▪ Obtaining an understanding of and evaluating the design of the processes and controls for calculating the management and performance fees; ▪ Making enquiries with the Investment Manager and those charged with governance with respect to any significant events during the period and associated adjustments made as a result, in addition to reviewing ASX announcements and Board meeting minutes; ▪ Testing of adjustments such as company dividends, tax payments, capital raisings, capital reductions as well as any other relevant expenses used in the calculation of management and performance fees; ▪ Testing of key inputs including the value of the portfolio, the performance of the relevant comparable benchmark and application of the correct fee percentage in accordance with our understanding of the Investment Management Agreement; and ▪ Assessing the adequacy of disclosures made in the financial statements

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

For personal use only

Responsibilities of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

Auditor's Responsibilities for the Audit of the Financial Report (Continued)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 20 to 23 of the Directors' Report for the year ended 30 June 2022. In our opinion, the Remuneration Report of WAM Leaders Limited, for the year ended 30 June 2022, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
