CHAIR'S LETTER

FOR THE HALF-YEAR ENDED 30 JUNE 2022

Dear Investors,

I am pleased to present you with URF's financial results for the half year ending 30 June 2022. These are a positive set of results for the Fund, bolstered by operating results which are the strongest in the Fund's history, with a Funds From Operations loss (excluding disposal costs and one-off items) of only A\$1.9 million for the half year – a 74% improvement compared to the same period last year¹. Despite volatile financial markets, the Fund also enjoyed the positive macroeconomic tailwinds of property price appreciation and favourable foreign exchange movements. In aggregate, these factors contributed to total comprehensive income of A\$32.7 million for the half year.

In March the Fund executed a Purchase and Sale Agreement with Rockpoint Group LLC ("Rockpoint") and Brooksville Company LLC ("Brooksville") for the sale of the Fund's 1-4 Family property portfolio (the "Prior Transaction"), which was the conclusion of an extensive capital markets process run by the Fund's advisers Ackman Ziff. Unfortunately this Agreement was terminated by Rockpoint in May as financial markets experienced significant volatility, and as interest rates increased substantially. While this result was disappointing, the conclusion of the capital markets process served as a catalyst for a number of further strategic changes across the Fund, including:

- Shifting from a dual-CEO model to a single-CEO structure.
- Reducing the Fund's staffing levels across the US REIT operating platform by 37%.
- For the purposes of the regular Net Asset Value (NAV) calculations, adopting updated assumptions factoring in the likely conversion of URFPA securities at 1 January 2023.

These strategic changes continued post balance date, with the Fund;

- Commencing an on-market buyback of both URF Ordinary Units (ASX: URF) and URF Convertible Preference Units (ASX: URFPA), with over A\$5 million of units being bought back across July and August. The Fund initially expected to have surplus funds of US\$20 million to dedicate to capital management initiatives such as buybacks, however following positive early signs from the asset sales program, surplus funds are expected to increase to US\$25m - US\$30m based on the Fund's current cash levels and anticipated asset disposal timeline.
- Resuming the asset-by-asset sales program to provide additional funds for capital management opportunities, including the aforementioned buybacks.
- Evaluating the sale of the remaining large-scale apartment complex investments held with Urban American.

Additionally, the Board has been assessing the possible externalisation of the Fund's US REIT operating platform. To this end, post balance date the Fund has signed a non-binding Term Sheet with Brooksville and Pinnacle City Living (a New York City based property management firm and subsidiary of Cushman & Wakefield) ("Pinnacle"), under which Brooksville and Pinnacle will operate and manage the Fund's portfolio of 1-4 Family properties.

In addition, should the externalisation proceed, the US REIT and Brooksville will form a joint venture partnership, with Brooksville investing US\$1.5 million of their founders' capital for a minority interest in the US REIT. This investment will be made at a valuation equal to the Prior Transaction bulk sale transaction price, which is a 48% premium to the 30 June 2022 combined market capitalisation for URF and URFPA securities.

¹ For full details of the Funds From Operations (FFO) metric, refer to the Fund's Quarterly Report for Q2 2022.

CHAIR'S LETTER

FOR THE HALF-YEAR ENDED 30 JUNE 2022

Should the externalisation proceed, this arrangement will enable the Fund to leverage Brooksville's and Pinnacle's expertise and scale to continue driving operational efficiencies even as the Fund's portfolio reduces in size due to the ongoing sales program. In addition to Brooksville's equity investment in the US REIT, the terms of the operating and management agreement will be structured so as to align Brooksville's financial benefits to that of URF's public investors. Specifically, the fee structure will be weighted towards a performance fee (minimising base annual charges as much as possible), which is only realised on capital being returned to URF investors over and above the Prior Transaction valuation level, plus an annualised hurdle rate. Specific details of this joint venture and the associated management arrangement will be provided if and when formal agreements are signed.

While this arrangement is still subject to formal documentation and agreement before being implemented, as a party to the Prior Transaction, Brooksville already has a deep understanding of the Fund's portfolio and operations.

These strategic changes will position the Fund to build on the operational improvements that have already been made, and they are reflective of the ongoing efforts to maximise realisable value for all URF investors.

I would like to take this opportunity to thank the Fund's staff who have worked tirelessly to achieve these operational improvements in recent years, often working under challenging conditions.

I look forward to providing investors with further updates in due course.

Regards,

< L____

CHIEF EXECUTIVE OFFICER'S REPORT

FOR THE HALF-YEAR ENDED 30 JUNE 2022

Dear Investors,

In the three years following the Fund's change in Management in August of 2019, the business has embarked on a strategic turnaround plan designed to stabilise the financial position of the Fund and restore value to unitholders. As unitholders who have followed the Fund in recent years will know, the plan was largely focused on four key principles, being:

- Executing a targeted sales program focused on selling low-yielding and non-core assets to rebalance the portfolio and improve the overall portfolio yield;
- Utilising the proceeds generated by the sales program to reduce and restructure the Fund's gearing;
- Improving property-level operations to increase the portfolio's Net Operating Income (NOI)¹; and
- Reducing General & Administrative expenses

Simply put, the goal was to reduce debt and improve operational cash flows, as – prior to the change in management – the business had been cash flow negative (FFO² loss of A\$49 million in 2018) and entirely reliant on property appreciation and favourable currency movements to generate a profit.

Over the course of the last three years, substantial progress has been made in executing this strategy. This progress includes:

- The sale of US\$201.2 million worth of assets, 84% of which came from the low-yielding New York and New Jersey Premium segments.
- Total debt reduction of A\$222.9 million, including the full repayment of URF Notes II and URF Notes III. The Fund also reduced its cost of debt from 5.79% to 4% by putting in place a long-term debt facility that offers a fixed rate until mid-2026.
- Despite the aforementioned sale of US\$201.2 million worth of assets, the Fund's NOI generated in 1H 2022 was A\$20.0 million compared to A\$17.8 million in 2019, a testament to reduced property-level expenses and driving top line rental growth, and;
- Operations were completely restructured, with G&A costs reducing from A\$25.1 million in 2018 to A\$6.7 million during 1H 2022.

The result of these changes is that the Fund has very significantly improved its Cash Flows From Operating Activities from a loss of A\$20.2 million during 1H 2019 to a A\$463,191 loss in 1H 2022 – an annualised improvement of approximately A\$40 million per annum. These operational improvements were a critical component of the Fund's 1H 2022 result, an A\$32.7m comprehensive income.

Despite this considerable turnaround in the underlying business over the past three years, we have been disappointed by the prolonged lack of improvement in the trading price of the URF and URFPA units, and we have continued to work with the Board of the Responsible Entity to evaluate additional solutions to deliver value back to unitholders.

¹ NOI is calculated as total US REIT operating revenue less total property level expenses (consisting of property taxes, property insurance, utilities expenses, repairs and maintenance expenses, and other property level expenses). Refer to the accompanying Q2 2022 URF Report for additional details on this metric.

² Funds From Operations (FFO) is calculated as revenue from ordinary operations less; investment property expenses, general & administrative expenses, and net interest expense (excluding amortised finance costs). Refer to the accompanying Q2 2022 URF Report for additional details on this metric.

CHIEF EXECUTIVE OFFICER'S REPORT

FOR THE HALF-YEAR ENDED 30 JUNE 2022

To that end – and as outlined by Stuart in the Chair's Letter – the Fund is in advanced discussion with Brooksville and Pinnacle City Living in relation to the outsourcing of property and asset management functions and an investment by Brooksville into US REIT. These arrangements, if implemented, would represent a continued commitment toward maximising value and returning capital for URF unitholders, as we believe Brooksville and Pinnacle's operating platform will drive returns to unitholders by accelerating the return of capital while simultaneously continuing to optimise property-level operations.

As has been detailed in prior investor communications, we have already implemented an on-market buyback program for both URF ordinary and URFPA units using cash on balance sheet and have reinstated property sales in order to fund additional buybacks. As of the release of the accounts, the Fund had approximately US\$7.6 million worth of property with an accepted offer and US\$18.9 million either currently on the market for sale or to be listed following the Labor Day holiday in the US.

While the Fund is in the process of documenting arrangements with Brooksville and Pinnacle we will continue to progress this sales pipeline. As long as the on-market discount of URF ordinary and URFPA units persists, we believe that selling properties and returning capital in the form of buybacks continues to be the most accretive option for investors.

We would like to thank investors for their consistent engagement, feedback and support as the Fund has worked through its strategic turnaround since late 2019. As the Fund enters its next phase, we believe Brooksville is the right partner to deliver and maximise value to unitholders. We would also like to thank the URF staff for their continued hard work and dedication to the business. The Fund would not have been able to transition to this next phase without the tireless effort and day-to-day execution of its staff over the course of the last three years.

Kind regards,

Kevin McAvey

DIRECTORS' REPORT

FOR THE HALF-YEAR ENDED 30 JUNE 2022

Principal activities and significant changes in the nature of activities

The principal activity of the Group during the course of the financial period was its continued investment in the US residential property market. The Group owns freestanding and multi-family properties in the New York metropolitan area, specifically Hudson County, New Jersey, and Brooklyn, Manhattan, and Queens, New York.

Financial performance and position

For the period ended 30 June 2022, the Group recorded a pre-tax profit of \$16.9 million, a post-tax profit of \$10.9 million and a total comprehensive income of \$32.7 million.

Distributions paid or recommended

A distribution of \$3.15 per Convertible Preference Unit totalling \$6.3 million was declared in the prior year. After accounting for the Group's Dividend Reinvestment Plan, \$4.8 million was paid on 23 February 2022.

In addition, a distribution of \$3.10 per Convertible Preference Unit totalling \$6.2 million was declared on 22 June 2022. After accounting for the Group's Dividend Reinvestment Plan, \$4.4 million was paid on 25 August 2022.

After balance date events

A distribution of \$3.10 per Convertible Preference Unit totalling \$6,171,192 was declared on 22 June 2022 and paid to unitholders on 25 August 2022. 6,621,858 units were issued under the Group's Distribution Reinvestment Plan.

As of 25 August 2022, the Group has bought back 6,676,119 ordinary units for a total consideration of \$1,864,030 and 66,851 Convertible Preference Units for a total consideration of \$3,723,894.

While the Fund's results have to date proven to be resilient against the disruption and economic impacts caused by COVID-19, the impact on the Group's performance of future developments regarding the virus cannot be known as of reporting date.

Other than the matters discussed above, there has not arisen in the interval between the balance date and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Responsible Entity of the Fund, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

Auditor's independence declaration

The auditor's independence declaration is set out on page 7 and forms part of the directors' report for the halfyear ended 30 June 2022.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF-YEAR ENDED 30 JUNE 2022

1. Basis of preparation

Statement of compliance

The consolidated financial statements are general purpose condensed financial statements which have been prepared in accordance with Australian Accounting Standards issued by the Australian Accounting Standards Board (**AASB**), including AASB 134: Interim Financial Reporting, and the *Corporations Act 2001*. Compliance with Australian Accounting Standards ensures that the consolidated financial statements comply with International Financial Reporting Standards Board (**IASB**).

This interim financial report is intended to provide users with an update on the latest annual financial statements of US Masters Residential Property Fund (**the Fund**). The half-year financial statements do not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report, together with any public announcements made during the half-year.

These half-year financial statements were approved by the Board of Directors of the Responsible Entity on 30 August 2022.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

Amendments to Accounting Standards and new Interpretations that are mandatory effective from the current reporting period

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current reporting period.

3. Other financial assets (continued)

515 West 168th Venture LLC

During the period, Walker & Dunlop, Inc was appointed to value the investment property owned by 515 West 168th Venture LLC. In determining the fair value of the property at 30 June 2022, the appraiser adopted a capitalisation of income approach.

The fair value of the property as at 30 June 2022 was US\$15,010,000 (A\$21,744,169), resulting in a total fair value decrement recognised during the period of US\$2,420,000 (A\$3,505,722), of which the Group's economic share was US\$1,541,540 (A\$2,233,145). The Investee had borrowings totaling US\$13,293,940 (A\$19,258,207).

30-58/64 34th Street Venture LLC

During the period, Walker & Dunlop, Inc was appointed to value the investment property owned by 30-58/64 34th Street Venture LLC. In determining the fair value of the property at 30 June 2022, the appraiser adopted a capitalisation of income approach.

The fair value of the property as at 30 June 2022 was US\$13,420,000 (A\$19,440,823), resulting in a total fair value decrement recognised during the period of US\$2,090,000 (A\$3,027,669), of which the Group's economic share was US\$1,358,500 (A\$1,967,985). The Investee had borrowings totaling US\$7,753,870 (A\$11,232,609).

523 West 135th Street Venture LLC

During the period, Walker & Dunlop, Inc was appointed to value the investment property owned by 523 West 135th Street Venture LLC. In determining the fair value of the property at 30 June 2022, the appraiser adopted a capitalisation of income approach.

The fair value of the property as at 30 June 2022 was US\$4,760,000 (A\$6,895,553) resulting in a total fair value decrement recognised during the period of US\$520,000 (A\$753,296), of which the Group's economic share was US\$336,492 (A\$487,458). The Investee had borrowings totaling US\$4,392,678 (A\$6,363,433).

The Group has classified its equity investments as a Level 3 hierarchy level asset due to the fair value measurement of the Investees' investment properties being based on inputs that are not observable for the assets, either directly or indirectly, as follows:

10	Class of investment	Fair value hierachy level	Fair value (\$) 30 Jun 2022	Fair value (\$) 31 Dec 2021	Inputs
\bigcirc	Equity investments - fair value	Level 3	10,152,463	14,197,771	 Net market income of US\$14.88 - US\$20.54 (31 December 2021: US\$14.86 - US\$20.60) per square foot Capitalisation rates ranging from 5% to 5.5% (31 December 2021: 4.75%)

There were no transfers between the fair value hierarchy levels during the period.

 (i) The Group had the following balances held on reserve with Global Atlantic ('GA') as required under the terms of the facility (refer note 12(i)):

• An interest reserve totalling US\$3,600,000 (A\$5,215,124) at balance date.

On each anniversary of the loan closing date (November 19, 2020), an audit of the interest reserve account will be completed by GA and if the balance of the account exceeds 3 months' worth of debt service payments, the excess will be returned to the Group.

• A property tax reserve totalling US\$487,917 (A\$706,819) at balance date.

Under the terms of the facility, the Group is required to make monthly payments equivalent to 1/12th of the estimated annual property tax liability for deposit into the property tax reserve.

At the date of review by GA, subject to the Group providing evidence satisfactory to GA that the Group is current with its quarterly property tax obligations and there being no Events of Default, the Group will be reimbursed out of the reserve account for property tax payments made.

• An insurance reserve totalling US\$130,154 (A\$188,546) at balance date.

Under the terms of the facility, the Group is required to make monthly insurance premium reserve payments equivalent to 1/12th of the estimated annual premium into the insurance reserve account. At all times, the Group is required to maintain a minimum balance representing two months' worth of insurance premium in the insurance reserve account.

At the date of review by GA, subject to the Group providing evidence satisfactory to GA that the Group is current with its insurance obligations, a two month minimum reserve balance requirement and there being no Events of Default, the Group will be reimbursed out of the reserve account for insurance premium payments made.

• A capital expenditure reserve totalling US\$475,000 (A\$688,107) at balance date.

Each month, the Group is required to make payments into the capital expenditure reserve equivalent to 1/12th of \$1,000 multiplied by the number of properties pledged as security under the Term Loan facility. Once the capital expenditure reserve reflects a balance equivalent to \$1,000 per Term Loan property, monthly payments of capital expenditure reserve are not required.

At the date of review by GA, subject to the Group providing evidence acceptable to Lender that capital work has been completed in a satisfactory manner and there being no Events of Default, the Group will be reimbursed out of the capital reserve account for repairs and maintenance work completed on the properties pledged as security under the Term Loan facility.

6. Investment properties (continued)

i) Valuation basis

Fair value has been measured on a property by property basis, that being the Unit of Account under AASB 13 Fair Value.

In determining the fair value of the Group's investment properties at balance date, the portfolio of properties has been dissected into groupings by location (neighbourhood), being the principal characteristic assessed as impacting fair values. A sample of properties within each location grouping was selected for independent appraisal ensuring a representative coverage was obtained. The Group has a policy of ensuring each property is independently appraised on at least a three-year rotation basis.

A panel of the following appraisers was appointed to appraise the residential properties selected for appraisal during the period. The appraisers were selected in consideration of their certification as either licensed residential appraisers or licensed real estate agents, as well as their experience and independence to the Group. Residential appraisals were conducted under the Uniform Standards of Professional Appraisal Practice as required by the Appraisals Standards Board of The Appraisal Foundation in the USA.

- County Appraisals, LLC (licensed residential appraiser)
- Accurate Appraisals Associates, LLC (licensed residential appraiser)
- Platinum Coast Appraisal & Co. (licensed residential appraiser)
- Glenn A. Gabberty Appraisals, Inc. (licensed residential appraiser)
- Douglas Elliman Real Estate (licensed real estate agent)
- Eric Sidman Hudson Advisory Team (licensed real estate agent)
- Patrick Southern Coldwell Banker (licensed real estate agent)
- Tamara Marotta Corcoran Group (licensed real estate agent)

The appraisals of all properties have been completed using the "direct comparable sales" approach. Under this approach, the appraiser identifies at least three relevant and appropriate comparable location sales in relative close time proximity to valuation date, which sales evidence is used in conjunction with consideration of other relevant property specific or general market factors to assess the estimated market value of the subject property.

The valuation results of the appraised properties, excluding outliers are used to determine the average result for each neighbourhood. The average result for each neighbourhood is then extrapolated over the properties which were not subject to individual appraisal, thereby achieving an overall valuation outcome for each neighbourhood and accordingly the entire portfolio.

At 30 June 2022, the Group has classified its property portfolio as a Level 2 hierarchy level asset due to its fair value measurement being based on inputs (other than unadjusted quoted prices in active markets for identical assets) that are observable for the assets, either directly or indirectly, as follows:

Close of property	Fair value	Fair value (\$)	Fair value (\$)	Valuation	Innuto
Class of property	hierachy level	30 Jun 2022	31 Dec 2021	technique	Inputs
Residential use investment property	Level 2	938,478,425	888,843,635	Direct comparable sales	- Selling price - Geographic location - Property age and condition - Size of Property - Number of rooms

6. Investment properties (continued)

The fair value of the Group's portfolio of investment properties at 30 June 2022 was determined based on market conditions existing at balance date. Due to the impact that the COVID-19 pandemic could have on valuations of investment properties, a sensitivity analysis has been performed on the fair value adopted at 30 June 2022 below to consider the movement in the fair value of the portfolio of investment properties if the percentage fair value movements in each neighbourhood were to increase or decrease.

State and withholding tax payable	59,362	50,193
Income tax expense/(benefit)	6,055,985	(8,913,864)

The Group recognises a deferred tax liability in respect of tax obligations which may arise in connection with the realisation and distribution to the Fund of taxable gains associated with its property assets. Depending on the structure of the realisation and other criteria and circumstances which can only be determined at a future disposal date, the rate may range from 0% to 24.95%, incorporating both corporate and branch profit taxes. The Group has adopted a policy of recording its estimate of the likely amount of tax that may be applicable based on its expected manner of disposal, as well as other conditions reasonably expected to prevail in the year of disposal.

One of the variables that will impact the rate of tax that will apply is the trading volume of the Group's units on the Australian Securities Exchange in the year of the realisation and distribution of the Fund's taxable gains. In the Directors' view, the Group had established a sustained level of trading that exceeds the threshold to qualify for a 15% tax rate.

Should the level of trading reduce in the future, and depending on other factors and variables that may prevail in the year of disposal, the rate of tax applicable may range from 0% to 24.95%.

12. Borrowings (continued)

(i) In November 2020, the Group refinanced its senior borrowing facilities with Wells Fargo Bank and Centennial Bank with a new Global Atlantic Financial Group ('GA') facility dated November 19, 2020. At inception, the Ioan facility was US\$430,653,586. At balance date, the outstanding Ioan facility and balance was US\$348,034,311.

The GA facility was initially comprised of two components, a Term Loan component (US\$360M) and a Bridge Loan component (US\$70,653,586). During 2021, the Group repaid the Bridge Loan component in full.

Term Loan component

The Term Loan component bears interest at a fixed rate of 4% per annum, and has a maturity date of May 19, 2026.

The facility is interest-only, and other than in specific circumstances (such as the sale of a property), principal repayments are not required.

Under the terms of the facility, there is a limit to the amount of Term Loan component that can be repaid early before incurring a Yield Maintenance Premium (refer paragraph below). This limit is referred to as the Free Prepayment Amount, and is US\$54M during the Yield Maintenance Period of the facility. The US\$54M Free Prepayment Amount is subject to a limit that can be repaid early in any one given year. This limit is referred to as the Free Prepayment Annual Amount, and is calculated as 5% of the initial balance of the Term Loan component, or US\$18M per year. The annual repayment limit is cumulative, meaning that any unused repayment limit of one year is available to be carried forward to increase the Free Prepayment Annual Amount of subsequent years. For example, if in Year 1 the Group made early Term Loan component repayments equivalent to 2% of inception Term Loan component balance, then in Year 2 the Group can make early Term Loan repayments equivalent to 8% of inception Term Loan component balance before triggering a Yield Maintenance Premium.

The Yield Maintenance Premium is applicable only during the Yield Maintenance Period, which period covers the first 4.5 years of the loan facility. No Yield Maintenance Premium is payable on any early repayment following the cessation of the Yield Maintenance Period.

The Yield Maintenance Premium is calculated as the greater of (a) one percent (1%) of the amount of Term Loan component being repaid, and (b) the excess, if any, of (i) the sum of the present values of all then scheduled payments of interest and principal through maturity date over (ii) the principal amount of the Term Loan component being prepaid.

Bridge Loan component

The facility was interest-only and bore interest at a fixed rate of 5%. Other than in specific circumstances (such as the sale of a property), principal repayments were not required under the terms of the facility.

There were no penalties associated with the early repayment of the Bridge Loan.

Independent Auditor's Review Report to the Unitholders of US Masters Residential Property Fund

Conclusion

We have reviewed the half-year financial report of US Masters Residential Property Fund (the "Fund"), which comprises the condensed consolidated statement of financial position as at 30 June 2022, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Fund's financial position as at 30 June 2022 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a *Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Fund in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Responsible Entity of the Fund, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Responsible Entity of the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 30 June 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Deloitte.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
