Footnotes

⁽¹⁾ Discontinued operations relate to the Rigid business which was divested on 24th June 2022.

⁽²⁾ During the year ended 30 June 2022, the Company completed a consolidation of the shares on issue on the basis of one ordinary share for every ten ordinary shares. Where the consolidation resulted in a fraction of a share or performance right being held, the Company rounded that fraction down to the nearest whole share or performance right (as the case may be). Accordingly, the disclosure of dividend per share and net tangible assets per share has been restated by making an adjustment to the number of shares on issue for the period prior to the share consolidation.
