## Chairman's review (continued)

### Novel Coronavirus Pandemic (COVID-19)

#### COVID-19 impacts in 2022

The complex stayed open throughout the year. The COVID Omicron variant had a slight dampening impact on operations at the Reef Hotel Casino in the 1<sup>st</sup> half year. The Queensland Government had mandated indoor wearing of masks and fully vaccinated requirements for entry into the complex in mid-December 2021. These requirements had ceased by April 2022.

Local and domestic patronage was generally strong during the year especially from mid-March 2022 till the end of the year. Even though international borders had reopened, there were not many international patrons.

### Financial summary

Period 1 January to 31 December

	2022 \$mil	2021 \$mil	
<b>REVENUE AND OTHER INCOME</b>			
Rental revenue	30.347	26.760	<b>+13.4%</b>

<b>Distributable profit*</b> <sup>1</sup> before finance costs <sup>1</sup> attributable to unitholders	<b>17.986</b>	<b>14.722</b>	<b>+22.2%</b>
Finance costs <sup>1</sup> attributable to unitholders	8.993	7.361	
<b>PROFIT FOR THE PERIOD</b>	<b>8.993</b>	<b>7.361</b>	<b>+22.2%</b>
	Cents per unit	Cents per unit	
Earnings/(loss) per unit	36.12	29.56	
Distribution per unit	36.17	29.58	

<sup>1</sup> Under Australian Accounting Standards the first 50% of distributable profit is treated as "finance costs attributable to unitholders", with the remaining 50% treated as profit.

\* Basis of preparation: Distributable profit is a non-IFRS measure that is determined in accordance with the Trust Constitution and used as the basis for determining distributions to unitholders. Distributable profit is determined as net profit for each half year, adding back distributions to unitholders which have been treated as finance costs in accordance with IFRS. The distributable profit has been audited by Grant Thornton Audit Pty Ltd. Refer to the auditor's report for the year ended 31 December 2022 on page 39.

## Chairman's review (continued)

### Revenue and other income

The Trust reported strong rental income for the financial year 2022 as the Reef Hotel Casino traded strongly.

Total Trust revenue and other income for the year (comprising mainly of rental income from the Reef Hotel Casino) was \$30.515 million (2021 \$26.874 million).

### Expenses

Operating expenses were kept under good management and control. Building repair and maintenance expenses were higher than 2021 as part of an on-going program to maintain the complex. Insurance premiums were also higher than 2021.

### Distributable profit\*, Unit distribution

Trust distributable profit\* was \$17.986 million for the year ended 31 December 2022.

Unit distribution is set out below.

	<b>2022</b> <b>cents</b>	2021 cents	
Period 1 July to 31 December	<b>22.99</b>	17.29	Payable 8 March 2023
Period 1 January to 30 June	<b>13.18</b>	12.29	Paid 14 September 2022
Total	<b>36.17</b>	29.58	

This 2022 unit distribution reflects the requirement of the Trust Constitution to distribute at least 50% of the net income for each half and the Trust's usual distribution policy to distribute 100% of the full year profit.

### Undistributed income account

The undistributed income account balance is 20.2 cents per unit, or \$10.083 million in total as at 31 December 2022.

### Trust balance sheet

The Trust's balance sheet remains healthy. Importantly, the Trust continues to be solvent and a going concern.

The Trust's interest only business term loan facility with the Bank of Queensland remains unchanged at \$13.5 million and expires on 31 January 2025. The amount undrawn at 31 December 2022 was \$13.3 million.

At present, the Trust has determined there is no need for additional cash facilities or liquidity given the Trust's current balance sheet position and outlook.

## Chairman's review (continued)

### Capital investment

Despite strong cash flows in the period, capital expenditure in 2022 was carefully managed due to the on-going COVID-19 pandemic and other economic factors such as inflation. Essential capital items were approved to

- 1) To maintain and drive operational growth - this included new gaming machines, hotel operating asset requirements, and
- 2) To maintain the value of the Reef Hotel Casino Complex – this included the proper maintenance and overall upkeep of the complex building.

### Review of performance and strategy at Reef Hotel Casino by Executive Director

Allan Tan, the Executive Director of the Trust and also of the operator of the Reef Hotel Casino (CAIC) which is jointly controlled by Casinos Austria International Limited and Accor Casino Investments Pty Ltd, has provided his review as follows :-

### Trading and operating conditions

#### COVID-19 impact; our markets

- The Reef Hotel Casino Complex was opened for operations throughout 2022.
- The Queensland Government had mandated indoor wearing of masks and fully vaccinated requirements for entry into the complex in mid-December 2021. These requirements had ceased by April 2022.
- Our local, regional, Queensland and Australian domestic markets held up well for our complex overall for the year.
- There were not many international tourists even though Australia's international borders had opened.
- Management and staff managed the transition from COVID pandemic to "living with COVID" well.
- Overall, our complex operations (both casino and hotel) performed strongly.

### Complex performance – a brief review

#### The Reef Hotel Casino reports a record result

#### Rental to the Trust

	2022 \$mil	2021 \$mil	
Full year	30.347	26.760	A record yearly rental paid in 2022

New records were set in the following key performance indicators:

- Total complex rentals paid to Trust
- Casino rentals paid to Trust
- Hotel Rentals paid to Trust
- Electronic games revenue
- Rooms revenue

## Chairman’s review (continued)

### Reef Hotel Casino Executive Director’s Report (continued)

#### Complex performance – a brief review (continued)

##### Rental to the Trust (continued)

2022	Change compared to 2021 %	
<b>Casino</b>		
Total casino revenues	+4.7%	
Electronic games turnover	+15.1%	Electronic gaming is the Complex’s biggest revenue segment and the biggest contributor to the rentals paid to the Trust. In 2022 it performed strongly with strong patron support from local, regional and domestic markets.
Table games drop	-18.0%	Main floor table gaming reported growth from the previous year. Premium play was lower than last year. Table gaming was supported primarily by local and interstate visitors. Very few international table gaming players visited during this period.
<b>Hotel</b>		
Overall hotel revenues	+27.3%	With open state borders, overall hotel revenues were higher with increased domestic travel.
Rooms revenues	+47.5%	The second and third quarters saw a surge in hotel bookings with the removal of mandated mask wearing (relaxed in March) and removal of mandated vaccination (relaxed in April). Very strong hotel bookings from intra-state and interstate were experienced resulting in a significant increase in room rate.
Food and beverage revenues	+15.5%	A targeted increase in promotions and entertainment, resulted in more visitation and activity, and a pleasing increase in sales throughout our food and beverage outlets.

#### Key strategies

Adopting our long standing overall low risk appetite, the following key strategies underpinned and drove our overall performance of the complex in 2022. These were coupled with the proven success of our management strategy and philosophy under our "One Complex, One Team, One Success" mantra.

#### COVID Safe Plan

Our detailed site specific COVID Safe Plan was no longer required by Queensland Health, effective 17 December 2021. We continued to operate with check-lists across the complex up until 14 April 2022. However, we continue to closely monitor the ongoing COVID situation.

## Chairman's review (continued)

### Reef Hotel Casino Executive Director's Report (continued)

#### Key strategies (continued)

##### Casino operations

###### Electronic Gaming

Electronic gaming remained our most important source of revenues. An appropriate and balanced package of promotion, marketing and entertainment programs was targeted at our markets in Cairns, selected regional and domestic regions.

###### Table Games

Similarly, we targeted our marketing efforts at local, regional and domestic markets (both main floor and premium) that have a higher chance of visiting Cairns.

##### Hotel operations

###### Rooms

Including tapping into the key Accor sales and marketing network in Australia which our hotel is part of, our Pullman hotel marketed to local, regional and domestic markets.

###### Food and beverage

Our food and beverage offerings targeted local, regional and domestic patrons and visitors. We were nimble as to the range of products and services that we offered from time to time depending on the market conditions.

##### Entertainment complex

Our complex offered an array of entertainment choices including live acts and shows, restaurants and bars, a sports arena and a unique wildlife park.

##### Complex cost control

The Executive Leadership Team committed to achieve the best possible outcome given the current COVID impacted trading conditions including initiatives to tightly manage operating costs. With regards to the matter of labour shortage, it was challenging but manageable for us.

#### Complex regulatory compliance, risk management

The Executive Leadership Team also committed to the proper delivery of successful outcomes in overall compliance and risk management including the following areas :

- Casino regulatory compliance
- Responsible serving of gaming and alcohol.
- Anti-money laundering and counter-terrorism funding.

Increased initiatives during the year included:

- Enhancement of compliance programs and protocols
- Investment in systems, tools and staff
- Training of relevant staff – internal and external training
- Regular reviews and audits
- Closely monitoring the latest developments regarding compliance
- Working closely with the gaming regulator

## Chairman's review (continued)

### Reef Hotel Casino Executive Director's Report (continued)

#### A brief look at 1<sup>st</sup> half 2023

For our Complex's operations in 2023

- Still COVID uncertainties – while the general global acceptance of "living with COVID" is positive, however new variants might pose a threat
- Our Complex is tightly managed with a positive cost base/structure and sufficient human resources
- International visitors are starting to return
- Factors outside our control include inflation, economic uncertainties and higher energy costs
- Efforts will continue to be directed at regulatory, compliance and risk matters
- Continuing to properly maintain the Complex building working closely with the Trust

The Complex's operating strategies are designed to manage these as best as possible.

#### Trading update to February 2023

The first quarter of the year is historically and typically Cairns' low tourist season. Trading, not unexpectedly, is therefore a little subdued at this time of the year.

With COVID-19 still out there, it is too early to tell how 2023 might pan out in comparison to 2022.

---

## CHAIRMAN'S SUMMARY AND OUTLOOK

### Sum up of 2022

In 2022 the Trust delivered a new record full year profit result. The Trust was comfortably able to continue to adhere to its policy of paying 100% of distributable profit\*. The Trust balance sheet remains strong and healthy despite 3 years of COVID-19. Management and staff have handled and dealt with the challenges of COVID-19 well. The Trust Board also worked well together to deliver a great outcome in 2022.

### Board membership

The following appointments occurred during 2022:

- Mr Phil Basha, already a non-executive was appointed chairman on 18 March 2022.
- Ms Wendy Morris was appointed as a non-executive director on 10 February 2022.
- Mr Fritz Pühlinger was appointed as a non-executive director on 11 May 2022.

The following retirements occurred during 2022:

- Mr Michael Issenberg retired as a non-executive director and chairman on 18 March 2022.
- Mr Christoph Zurucker-Burda retired as a non-executive director on 11 May 2022.
- Mr Simon McGrath retired as a non-executive director on 18 January 2022.

### Relationship between Trust and Operator

The operator of the Reef Hotel Casino is Casinos Austria International (Cairns) Pty Limited (CAIC), jointly owned by Casinos Austria International Limited (CAIL) and Accor. This longstanding relationship between the Trust as the owner of the Reef Hotel Casino complex and CAIC as the operator continues to work well.

## Chairman's review (continued)

### Risk Management

#### Reef Hotel Casino – Trust's principal asset

The Trust's sole investment is the Reef Hotel Casino and so it is exposed to the risks inherent in the ownership of a single asset located in Cairns.

The Trust remains positive regarding its longer-term trading. The Reef Hotel Casino's management strategy is to drive future growth based on three key strategic areas – electronic gaming, table games including premium play, and hotel operations, supported by entertainment. The future performance of the Trust will rely on the local economy and on tourism to Cairns, the Great Barrier Reef and Far North Queensland.

The casino industry is highly regulated. A significant change in casino legislation (be it in relation to taxation changes, licence condition amendments or availability) could have a significant impact on the economic sustainability of the complex. This risk is mitigated by monitoring government policy and engagement with the Queensland Government.

There is an increased oversight in relation to anti-money laundering and responsible gambling by the appropriate authorities. The Board of the Responsible Entity receives regular reporting from the operator of the Reef Hotel Casino on a range of matters including implementation and management of the anti-money laundering and counter terrorism financing program and on the responsible service of gambling.

The Reef Hotel Casino is located in Cairns and is exposed to possible climate change risks affecting the region including weather events, the health of the Great Barrier Reef and the tourism industry. Whilst this risk is in part mitigated by emergency planning and local engagement, it could result in further significant increases in insurance premiums and less available insurance coverage on commercially reasonable terms for some risks.

While COVID-19 pandemic continues, decisions around operating restrictions to manage pandemic risk are not always in our control.

#### A brief operational outlook for the Trust in 1st half 2023

The Trust and the Operator of the Complex will continue to adopt a long standing overall low risk appetite.

Due to inflation, higher interest rates and global economic uncertainties, economic and trading conditions in Cairns and the region could be somewhat challenging amidst a degree of uncertainty. Increased oversight of regulatory matters requires close management monitoring and effort.

The cruise line market into Cairns is showing strong signs of recovery and many more visits by cruise ships are expected for the year. Business events and conferences are showing strong forward bookings. The return of the international market into Australia is recovering.

Trust expenditure and costs will remain under tight control and capital investment will be carefully managed. The Trust will work closely with the operator of the Complex to properly maintain the Complex building to retain its value.

The Trust's performance largely reflects the trading at the Reef Hotel Casino. Based on the abovementioned trading conditions, it is difficult to predict 2023's performance compared to a record-breaking result in 2022.

In closing, I would like thank my fellow board directors and the management and staff of the Trust and the operator of the Reef Hotel Casino for their efforts and contributions during 2022.

### Likely developments

The Trust will continue as owner and lessor of the Reef Hotel Casino complex located in Cairns. The Trust will also consider appropriate opportunities similar to its current investment in the Reef Hotel Casino complex.

### Indemnities and insurance premiums for officers or auditors

#### Indemnification

Under the Trust Constitution, Compliance, Audit and Risk Committee members are entitled to be indemnified out of the Trust fund in respect of liabilities incurred in good faith through acting as a member of the Compliance, Audit and Risk Committee in successfully defending proceedings against them. The Responsible Entity is also entitled to be indemnified out of the Trust fund in accordance with the Trust Constitution. Since the end of the previous financial year, the Trust has not indemnified or made a relevant agreement for indemnifying against a liability any person who is or has been an officer of the Responsible Entity or an auditor of the Trust.

#### Insurance premiums

During the financial year the Trust has paid premiums to insure current and former directors and officers of the Responsible Entity against liabilities arising as a result of work performed in their capacity as directors or officers of the Responsible Entity.

The insurance policy prohibits disclosure of the nature of the liability insured against and the amount of the premium.

### Other assurance services

During the year, Grant Thornton, the Trust's auditors, performed certain other services in addition to their statutory audit duties. Details are shown in note 16 and are referred to as other assurance services.

The Board has considered these other assurance services provided during the year by the auditor and is satisfied that the provision of those other assurance services during the year is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- All other assurance services were subject to the corporate governance procedures adopted by the Trust and have been reviewed by the Compliance, Audit and Risk Committee to ensure they do not impact upon the impartiality and objectivity of the auditor.
- The other assurance services do not undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Trust, acting as an advocate for the Trust or jointly sharing risks and rewards.

## Notes to the financial statements For the year ended 31 December 2022

### 1. The Trust

Reef Casino Trust (the Trust) was established by a Trust Constitution dated 2 July 1993 as amended by supplemental deeds dated 30 November 1993, 19 September 1999, 31 May 2000, 8 August 2001, 14 April 2004, 29 June 2005 and as made by special resolution of unitholders on 27 May 2022. The Trust is a registered managed investment scheme under the *Corporations Act 2001*. Reef Corporate Services Limited, a company domiciled in Australia, is the Responsible Entity of the Trust. The Trust is the owner and lessor of the Reef Hotel Casino complex in Cairns, North Queensland, Australia. The Trust is a for profit entity.

### 2. Basis of preparation

#### (a) Statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial statements of the Trust comply with International Financial Reporting Standards (IFRSs) adopted by the International Accounting Standards Board (IASB).

The financial statements were approved by the board of directors of the Responsible Entity on 24 February 2023.

#### (b) Basis of measurement

The financial statements are prepared on the historical cost basis.

#### (c) Functional and presentation currency

The financial statements are presented in Australian dollars, which is the Trust's functional currency.

The Trust is of a kind referred to in ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191 dated 24 March 2016 and in accordance with that Corporations Instrument, amounts in the financial statements and the directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

#### (d) Use of estimates and judgements

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

At the reporting date the Trust does not have any key assumptions concerning the future, or other key sources of estimation uncertainty that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Information about judgements made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

- Note 8: Property, plant and equipment
- Note 11: Issued units

## Notes to the financial statements For the year ended 31 December 2022

### 3. Significant accounting policies

The significant and other accounting policies are set out below and throughout the notes to the financial statements and have been applied consistently to all periods presented in these financial statements unless otherwise stated.

#### (a) Income tax

Under current Australian income tax legislation, the Trust is not subject to income tax, provided that certain legislative requirements regarding distribution are satisfied. Tax allowances for building and plant and equipment depreciation are distributed in the form of tax deferred amounts.

#### (b) Standards issued but not yet effective

There are no new standards, amendments to standards and interpretations effective for annual periods beginning after 1 January 2022 that would have a material impact.

### 4. Revenue and other income

	Dec 2022 \$'000	Dec 2021 \$'000
RENTAL		
Base rent	1,243	1,182
Contingent rent	29,104	25,578

Related parties	62	52
	<u>83</u>	<u>53</u>
OTHER INCOME		
Sundry	85	61
	<u>30,515</u>	<u>26,874</u>

Rental revenue is determined in accordance with the lease agreements relating to the Reef Hotel Casino and is made up of two components: a base rent and a contingent rental component. The base rental component is indexed on a yearly basis and recognised on a straight-line basis over the lease term. The contingent rental component is based on the performance of the lessee and is recognised when contractually due.

### 5. Expenses

Net profit includes the following specific expenses:

DEPRECIATION		
Building	1,498	1,459
Plant and equipment	2,226	2,490
	<u>3,724</u>	<u>3,949</u>

<b>FINANCE EXPENSE</b>	<b>(9,080)</b>	<b>(7,457)</b>
<b>NET FINANCE INCOME AND EXPENSE</b>	<b>8,997</b>	<b>(7,404)</b>

The above finance income and expenses are in respect of assets and liabilities not at fair value through profit or loss.

Finance income comprises interest income on funds invested. Interest income is recognised as it accrues in profit or loss using the effective interest method.

Finance costs comprise interest expense on borrowings calculated using the effective interest method, and the portion of distributions comprising 50% of net income (note 12).

### 7. Receivables

#### CURRENT

Rent and interest receivable from lessee	2,602	2,207

<b>Capital expenditure commitments</b>		
Contracted but not provided for and payable:		
Not longer than one year	<u>2,113</u>	<u>448</u>

#### (b) Accounting policy

##### (i) Classification of building

Management has applied judgement in determining classification of the Reef Hotel Casino complex as property, plant and equipment. Due to the significant exposure of the Trust to the cash flows generated by the underlying operations of the complex, management has determined that the complex should be classified as property, plant and equipment.

##### (ii) Recognition and measurement

Site lease, buildings, integral plant, plant and equipment and work in progress are measured at cost or deemed cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

##### (iii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Trust.

##### (iv) Depreciation

Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss (note 5).

The estimated useful lives for the current and comparative periods are as follows:

- Site lease 75 years
- Buildings and integral plant 15 – 73 years
- Plant and equipment 2 – 20 years

Depreciation methods, useful lives and residual values are reassessed at each annual reporting date and adjusted if appropriate.

## Notes to the financial statements For the year ended 31 December 2022

### 8. Property, plant and equipment (continued)

#### (c) External valuation

At 31 December 2020 an independent valuation of the Trust's interest in the Reef Hotel Casino Complex was carried out by CBRE Valuations Pty Limited. The complex was valued at \$132 million. The valuation was determined in line with the process set out below. The current use is considered to be the highest and best use. The Trust's interest in the complex, which is considered to be a single cash generating unit, comprises the building, site lease, casino licence and plant and equipment. The casino licence has an amortised cost of nil (2021: nil).

#### Valuation process

The Trust Constitution requires the Trust to obtain independent valuations of the complex at least once during every 3 years, by an independent valuer, under the instructions given by the Responsible Entity. The valuation is used for disclosure purposes, and also assists the Trust in determining whether there is any impairment of the cash generating unit or reversal of a previously recognised impairment.

The Trust Constitution requires that the valuation is based on the price, at which a property might reasonably be expected to be sold at the date of valuation, assuming:

- i) a willing, but not anxious, buyer and seller; and
- ii) a reasonable period in which to negotiate the sale, having regard to the nature and situation of the property and the state of the market for property of the same kind; and
- iii) that the property was reasonably exposed to that market; and
- iv) that, except in relation to the Casino Licence, no account is taken of the value or other advantage or benefit, additional to market value, to the buyer incidental to ownership of property being valued; and
- v) that the Trust has sufficient resources to allow a reasonable period for the exposure of the property for sale; and
- vi) that the Trust has sufficient resources to negotiate an agreement for the sale of the property.

The valuer utilises industry recognised valuation methodologies. The discounted cash flow method derives the net present value by applying a selected discount rate to the five year cash flow forecast. The market capitalisation method capitalises the present value of the stabilised year forecast net income at a stabilised yield and deducts the present value of the income shortfall from the first year until the year of stabilisation.

As some of the inputs used in these valuation techniques are not based on 'observable market data' the valuation is classified as a level 3 in the fair value hierarchy.

#### (d) Impairment testing

The carrying amount is reviewed at each reporting date to determine whether there is any indication of impairment or that reversal of a previously recognised impairment may be required. If any such indication exists, then the asset's recoverable amount is estimated. This supplements the external valuation in the intervening years.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash generating units (CGU). The recoverable amount of an asset or (CGU) is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. Fair value less costs to sell is based on the external valuation.

Impairment losses are recognised in profit and loss if the carrying amount of the asset or its CGU exceeds the recoverable amount. Impairment losses recognised in respect of CGUs are allocated to reduce the carrying amount on a pro rata basis. An impairment loss is reversed only to the extent that the carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

#### (e) Leased assets

##### (i) Trust as lessee accounting policy

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Trust. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

At the commencement date, the Trust measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Trust's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised. Additional rentals based on financial performance are not included in the measurement of lease liability and are recognised on a straight-line basis as an expense in profit or loss.

Subsequent to initial measurement, the lease liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in future lease payments resulting from a change in index or rate. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date less any lease incentives received, any initial direct costs, and restoration costs.

The Trust depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Trust also assesses the right-of-use asset for impairment when such indicators exist.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

In the statement of financial position right-of-use assets have been included in property, plant and equipment in the same line items as underlying assets of the same nature that are owned.

##### (i) Site lease

The Trust paid \$53 million to the Queensland Government by way of a lump sum prepayment of the rental payable for the term of the lease (75 years) for the site on which the Reef Hotel Casino complex is situated. At 31 December 2022, the remaining term of the site lease was 46 years. The conditions of the lease are set out in the Cairns Casino Agreement which forms part of the Cairns Casino Agreement Act 1993. Negotiations for a further lease can take place during the last 10 years. The lease cannot be assigned or sublet without consent of the Minister. The site is required to be used for commercial purposes only.

##### (ii) Operating leases as lessor

The Trust leases out the Reef Hotel Casino under casino, hotel and ancillary facilities operating lease agreements which expire on 26 October 2029 and will automatically extend from year to year until 16 June 2054 subject to certain ownership conditions being met. Base rent is set out in the lease (and is indexed annually) and additional rent is based on financial performance.

	<b>13,500</b>	13,500	<b>200</b>	200	<b>13,300</b>	13,300

The Trust's loans and borrowings are measured at amortised cost. For more information about the Trust's exposure to interest rate and liquidity risk, see note 18.

The bank loan is secured by a registered first and second mortgage over the Special Lease (a Crown lease for a term of 75 years under which the Trust occupies the site on which the complex is built) and a first ranking fixed and floating equitable charge over the whole of the assets and undertakings of the Trust.

Interest is payable at a fixed margin over Bank of Queensland's cost of funds and is calculated daily on the drawn down value.

### 11. Issued units

	Dec 2022 \$'000	Dec 2021 \$'000
49,801,036 (December 2021: 49,801,036) units

Issued units – liability portion	<b>85,051</b>	85,051
	<b>170,102</b>	170,102

The number of issued units includes 740,000 (December 2021: 740,000) restricted founder units.

Founder units can only be transferred with consent of the founders and the Governor of Queensland and by making a binding covenant to be bound by the Foundation Agreement. Founder units cannot be encumbered.

### Compound financial instruments – issued units

The Trust Constitution contains a contractual obligation to distribute at least 50% of Trust income for any income period. The issued units have therefore been classified as a compound financial instrument containing both a liability and an equity component. The liability component is measured at amortised cost using the effective interest method. As the fair value of future distributions cannot be ascertained with any certainty, the directors of the Responsible Entity have determined that the liability component comprises 50% of the value of total issued units with the equity component comprising the other 50% in line with the obligation to distribute 50% of Trust income.

### 12. Distributions

#### Distributable income

The Trust Constitution requires calculation of distributable income for each half yearly period commencing either on the first day of January or July and the amount transferred to a distribution account on the last day of such period. As the Trust must distribute at least 50% of net income for the period, this 50% is classified as a liability, and shown as an accrued liability on the statement of financial position (note 9). The remaining portion of the distribution is debited directly to equity and recognised as a liability in the period it is declared.

The proposed distribution for the six months ended 31 December 2022 was declared on 24 February 2023, and accounted for as follows:

Only directors who are not full time executives of Casinos Austria International Limited group or Accor Asia Pacific group receive director fees which are reimbursed by the Trust.

The Trust has no employees and pays no amounts directly to executives. The amounts disclosed above have been reimbursed by the Trust to Casinos Austria International Limited, the employer of executives involved in the management of the Trust. The amount is based on an allocation of the executive's time spent on managing the affairs of the Trust (and includes on costs).

The Responsible Entity determines remuneration levels and ensures they are competitively set to attract and retain appropriately qualified and experienced directors. This is determined by given trends in other public companies in the same industry.

None of the directors of the Responsible Entity has or has had any interest in the promotion of the Trust or in the property acquired for the purposes of the Trust other than the directors of the Responsible Entity who are entitled to receive directors' fees which are reimbursed by the Trust, as set out above.

During the financial year the Trust has paid premiums to insure current and former directors and officers of the Responsible Entity against liabilities arising as a result of work performed in their capacity as directors or officers of the Responsible Entity.

The insurance policy prohibits disclosure of the nature of the liability insured against and the amount of the premium.

### 18. Financial instruments – fair values and risk management

The Trust has exposure to the following risks from its use of financial instruments: credit risk, liquidity risk, and market risk.

#### Risk management framework

The board has overall responsibility for the establishment and oversight of the risk management framework. The board has established a Compliance, Audit and Risk Committee, with responsibilities including the review of risk management policies and reports. The committee reports regularly to the board on its activities.

#### Credit risk

Credit risk is the risk of financial loss to the Trust if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Trust's receivables from customers.

The carrying amount of financial assets represents the maximum credit exposure. The Trust's most significant customer, Casinos Austria International (Cairns) Pty Ltd (lessee of the Reef Hotel Casino), accounts for \$3,352,199 of the receivables carrying amount at 31 December 2022 (2021: \$2,957,462). Details of the lease agreement are contained in note 8.

#### Liquidity risk

Liquidity risk is the risk that the Trust will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Trust's approach to managing liquidity is to use cash flow management and forecasts to ensure there is enough cash to meet liabilities when due.

The following are the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements.

Lease liabilities	299	318	103	106	109
Issued units – liability portion*	85,051	-	-	-	-

\* Future cash flows from the liability portion of issued units are dependent on the future income of the Trust (refer to note 11). Finance costs attributable to unitholders for the year ended 31 December 2022 totalled \$8,993,000 (2021: \$7,361,000).

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

#### Market risk

Market risk is the risk that changes in market prices, such as interest rates will affect the Trust's income. The Trust generally manages interest rate exposure by considering a balance of fixed interest debt to variable interest debt with some flexibility to adjust the ratio, and investing excess cash at variable interest rates.

#### Interest rate risk

At the reporting date the interest rate profile of the Trust's interest-bearing financial instruments was:

	Dec 2022 \$'000	Dec 2021 \$'000
VARIABLE RATE INSTRUMENTS		
Financial assets	14,495	10,365
Financial liabilities	(200)	(200)
	<b>14,295</b>	<b>10,165</b>

#### Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates would increase or decrease the Trust's finance income by \$145,000 (2021: \$104,000), finance costs by \$2,000 (2021: \$2,000) and profit for the year by \$71,000 (2021: \$51,000).

### 18. Financial instruments – fair values and risk management (continued)

#### Fair values

The fair values of financial assets and liabilities, together with the carrying amounts shown in the statement of financial position, are as follows:

	31 December 2022		31 December 2021	
	Carrying amount \$'000	Fair value \$'000	Carrying amount \$'000	Fair value \$'000

	<b>92,912</b>	<b>83,559</b>	91,303	83,941

#### Interest rates used for determining fair value

The interest rates used to discount estimated cash flows are as follows:

	2022	2021
Receivables	10.08%	7.08%
Loans and borrowings	6.79%	3.79%

#### Fair value hierarchy

The Trust uses the following hierarchy in determining and disclosing the fair value of a financial instrument:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### (i) Current receivables and current payables

Due to the short-term nature of the Trust's current receivables and current payables, their carrying value is assumed to approximate their fair value.

#### (ii) Non-current receivables and loans and borrowings

The fair value of the Trust's non-current receivables and loans and borrowings is estimated as the present value of future cash flows (principal and interest), discounted at the market rate of interest at the reporting date. The inputs used are classified as level 2.

#### (iii) Issued units – liability portion

Fair value is based on the quoted market price per unit at the reporting date and is a level 1 input.

## Notes to the financial statements For the year ended 31 December 2022

### 19. Capital management

The Trust policy is to maintain the current level of issued units (2022: \$170,102,000; 2021: \$170,102,000). Capital requirements are assessed based on budgeted cash flows and capital expenditure commitments and are monitored on an ongoing basis. Should new funding be required for enhancement or for investment in new opportunities the Trust will consider an appropriate balance of new equity and/or debt funding. Surplus funds are used to repay debt.

The board sets the level of distributions to unitholders taking into account the requirements of the Trust Constitution which require that the Trust must distribute at least 50% of net distributable income for each half yearly period commencing either on the first day of January or July and the taxation legislation regarding Trust distributions. It is the board's current policy to distribute all of the Trust's distributable income.

## Directors' declaration

- 1 In the opinion of the directors of Reef Corporate Services Limited, the Responsible Entity of Reef Casino Trust:
- (a) the financial statements and notes that are set out in pages 16 to 37, are in accordance with the *Corporations Act 2001*, including:

## Independent Auditor's Report

### To the Unitholders of Reef Casino Trust

#### Report on the audit of the financial report

##### Opinion

We have audited the financial report of Reef Casino Trust (the Trust), which comprises the statement of financial position as at 31 December 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- a giving a true and fair view of the Company's financial position as at 31 December 2022 and of its performance for the year ended on that date; and
- b complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

##### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of the most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<b>Determination and recognition of revenue – Note 4</b>	
<p>The Trust leases its facilities to a related party, Casinos Austria International (Cairns) Pty Ltd (the Lessee). Accordingly, the Trust's rental revenue is determined in accordance with the lease agreements between the Trust and the Lessee.</p> <p>Rental revenue comprises two components: a base rent and a contingent rent. The base rent component is indexed yearly and recognised on a straight-line basis over the lease term.</p> <p>The contingent rent component is based on the financial performance and results of the Lessee and is recognised when contractually due. The contingent rent component comprises the majority of total rental revenue.</p> <p>This is a key audit matter given that it is material to the Trust's results and is recognised based on the financial performance and results of the Lessee.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"><li>• Assessing the design and implementation of management's controls over the determination and recognition of rental revenue;</li><li>• Analysing management's calculation of rental revenue in accordance with the lease agreements and with the audited financial statements of the Lessee;</li><li>• Agreeing whether the inputs to management's calculation of contingent rental revenue are in accordance with the lease agreements and with the audited financial statements of the Lessee;</li><li>• Assessing the appropriateness and sufficiency of the work performed on the Lessee's financial statements for the relevant period by the Lessee's auditor; and</li><li>• Evaluating the disclosures in the financial statements for appropriateness and consistency with accounting standards.</li></ul>

## Information other than the financial report and auditor's report thereon

The Directors of Reef Corporate Services Limited, the Responsible Entity of the Trust, are responsible for the other information. The other information comprises the information included in the Trust's annual report for the year ended 31 December 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of the Directors for the financial report

The Directors of the Responsible Entity of the Trust are responsible for the preparation of the financial report that gives a true and fair view in accordance with *Australian Accounting Standards and the Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: [https://www.auasb.gov.au/auditors\\_responsibilities/ar2.pdf](https://www.auasb.gov.au/auditors_responsibilities/ar2.pdf). This description forms part of our auditor's report.

### **Report on the audit of non-IFRS information**

#### **Opinion on the non-IFRS information**

In our opinion, the non-IFRS information disclosed as distributable profit included in the chairman's review on pages 1 to 4 for the year ended 31 December 2022 is prepared, in all material respects, in accordance with the basis of preparation set out on page 2.

### **Responsibilities**

The Directors of the Responsible Entity of the Trust are responsible for the preparation and presentation of the non-IFRS financial information in accordance with the basis of preparation set out on page 2 and for having regard to the guidelines set out in the ASIC Regulatory Guide 230: *Disclosing Non-IFRS Financial Information*. Our responsibility is to express an opinion on the non-IFRS financial information, based on our audit conducted in accordance with Australian Auditing Standards.
