DIRECTORS' REPORT

Your directors submit the financial report of eMetals Limited ("the Company"), and its controlled entities (Group) for the half-year ended 31 December 2022. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

Directors

The names of directors who held office during or since the end of the period and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

Mathew Walker	Executive Director	
Gary Lyons	Non-executive Chairman	
Teck Wong	Non-executive Director	

Review and Results of Operations

Principal Activities

The principal activity of the Group during the financial period was mineral exploration within Australia.

No significant change in the nature of these activities occurred during the financial period.

Review of Operations

Highlights during the period and since the end of the period include:

BERYL WELL PROJECT

The Beryl Well Project (E09/2156) in the Gascoyne Region of Western Australia overlies the historical Nardoo & Morrissey Hill workings.

A field visit was undertaken in November 2022 by Company personnel to appraise historical exploration activities at Beryl Well. The Company took a total of 9 rock chip samples on both previously tested and untested pegmatites in and around the Beryl Well Project area and towards possible northern extensions of the pegmatite swarm.

High grade rock chip results were returned from sampling conducted at Beryl Well, including:

- BWRC3 26.47% Niobium & 6.68% Tantalum; and
- BWRD4 23.79% Niobium & 6.33% Tantalum.

Although the extent of the niobium and tantalum rich material is yet to be specifically determined, Company personnel believe it's related to iron rich material confined to structural infill zones.

WILLI CREEK PROJECT (E09/2464)

Field activities have commenced at the Willi Creek project (E09/2464) in the Gascoyne region of Western Australia prospective for REE mineralisation. A total of 61 rock chip samples and a Heritage Survey was completed during the period.

The Willi Creek project tenement is located in the Gascoyne region of Western Australia and covers an area of approximately 217 square kilometres. The tenement is immediately adjacent to Dreadnought Resources (ASX: DRE) Mangaroon Rare Earth Project which has recently announced significant drill intersections of thick REE ironstones at its Yin and Sabre prospects located to the east of the project area.

The tenement was originally pegged in 2021 based on its very close spatial association to a large granitoid that covers approximately 50 square kilometres that is strongly radiometric and one of the most radiometric granitoids in the Gascoyne Region. A total of 61 rock chip samples were collected during the period focused in the central portion of the project. A Heritage survey was also completed allowing the work program to be collected.

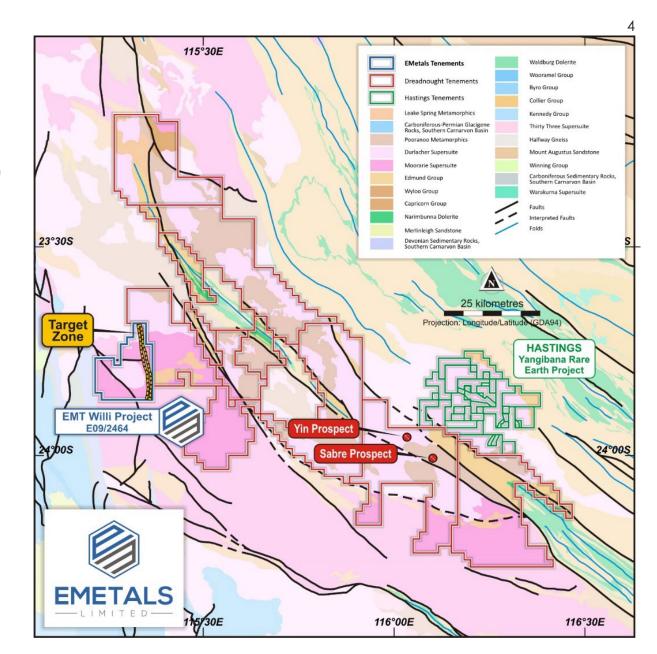

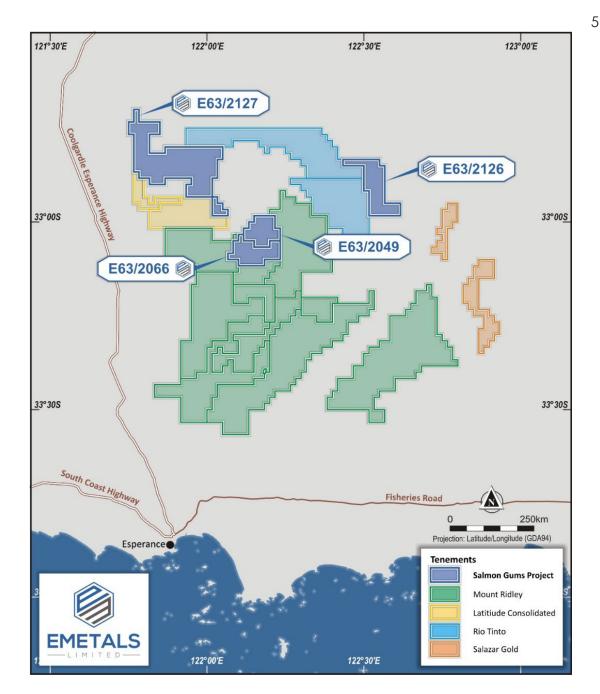

Figure 1: Regional Location Plan: Willi Creek Project

SALMON GUMS PROJECT

Salmon Gums holds four exploration licenses (E63/2049, E63/2066, E63/2126, E63/2127) covering an area of 219 blocks for a total of 630 square kilometers of the Eucla Basin in the Albany Fraser Range Province of southern Western Australia (**Project**).

The Project covers areas underlain by meta-granites of Archaean to Proterozoic age. These granitic rocks are situated within the Albany Fraser Orogen on the south and southeastern margins of the Yilgarn Craton. Outcrop of the meta-granites within the Project is rare with majority of the tenements overlain by Cainozoic sediments, aeolian sands and salt lakes.

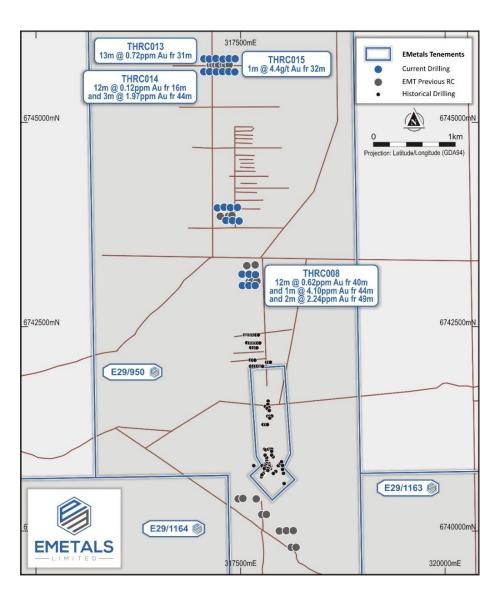

Work on the Salmon Gums Project was restricted to negotiation of a Heritage survey during the period, and statutory reporting obligations.

TWIN HILLS

The Twin Hills Project consists of three granted exploration licenses (E29/950, E29/1163, E29/1164) located approximately 30 kilometers northeast of Menzies and 150 kilometers north of Kalgoorlie in the Eastern Goldfields of Western Australia. The tenement covers an area of approximately 50 square kilometers and extends over about 10 kilometers of strike of the greenstone sequence that hosts the excised historical Twin Hills gold mine. The tenement covers the north and south extension of the shear zone which is the interpreted host of mineralisation at Twin Hills.

APPOINTMENT OF TECHNICAL CONSULTANT

During the period Mr Simon Coxhell has been appointed as Technical Consultant of the Company to manage and accelerate exploration activities. Simon is an experienced geologist with over 35 years of experience exploring and developing a range of mineral projects. He was previously Managing Director of Echo Resources which under his leadership was taken over by Northern Star Resources (ASX: NST).

Forward looking statements

This announcement contains forward-looking statements which are identified by words such as 'may', 'could', 'believes', 'estimates', 'targets', 'expects', or 'intends' and other similar words that involve risks and uncertainties. These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as at the date of this announcement, are expected to take place. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company, the directors and our management. We cannot and do not give any assurance that the results, performance or achievements expressed or implied by the forward-looking statements. We have no intention to update or revise forward-looking statements, or to publish prospective financial information in the future, regardless of whether new information, future events or any other factors affect the information contained in this announcement, except where required by law. These forward looking statements are subject to various risk factors that could cause our actual results to differ materially from the results expressed or anticipated in these statements.

Competent Persons' Statement

The information in this announcement that relates to Exploration Results is based on and fairly represents information and supporting documentation prepared by Mr Simon Coxhell. Mr Coxhell is a consultant geologist for eMetals and a member of the Australian Institute of Mining and Metallurgy. Mr Coxhell has sufficient experience relevant to the styles of mineralisation and types of deposits which are covered in this announcement and to the activity which they are undertaking to qualify as a Competent Person as defined in the 2012 edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' ("JORC Code"). Mr Coxhell consents to the inclusion in this announcement of the matters based on his information in the form and context in which it appears.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The half-year financial statements are general purpose financial statements which have been prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134 'Interim Financial Reporting', Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 'Interim Financial Reporting'.

This condensed half-year report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Company as in the full financial report. It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2022 and any public announcements made by EMetals Limited during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

The accounting policies adopted are consistent with those of the previous financial year.

(b) Basis of preparation

The interim report has been prepared on a historical cost basis except for the revaluation of selected financial assets. Cost is based on the fair value of the consideration given in exchange for assets.

The Company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purposes of preparing the half-year financial report, the half-year has been treated as a discrete financial reporting period.

Accounting policies and methods of computation

The accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the impact of the new Standards and Interpretations effective 1 July 2022 disclosed in section (d) to this note. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

(c) Significant accounting judgements and key estimates

The preparation of interim financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim report, the significant judgements made by management in applying the Company's accounting policies and the key estimates of uncertainty were the same as those applied for the year ended 30 June 2022.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont)

(d) Adoption of new and revised Accounting Standards

Standards and Interpretations applicable to 31 December 2022

In the period ended 31 December 2022, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current reporting period. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Group and, therefore, no material change is necessary to Group accounting policies.

Standards and Interpretations in issue not yet adopted

The Directors have also reviewed all of the new and revised Standards and Interpretations in issue not yet adopted for the period ended 31 December 2022. As a result of this review the Directors have determined that there is no material impact of the Standards and Interpretations in issue not yet adopted on the Group and, therefore, no change is necessary to Group accounting policies.

(e) Going Concern

The interim financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business.

This balance represents the company's shareholding of 4,000,000 shares in Scorpion Minerals Limited (ASX: SCN).

This note provides information about how the Company determines fair values of various financial assets and liabilities.

Fair value of the Company's financial assets and liabilities that are measured at fair value on a recurring basis The Company's financial assets are measured at fair value through profit or loss at the end of the reporting period based on Level 1 inputs in the fair value hierarchy.

Measurement of fair value of financial instruments There have been no transfers between the levels of fair value hierarchy during the half-year.

Fair value of financial assets and financial liabilities that are not measured at fair value on a recurring basis The Company did not measure any financial asset or financial liabilities at fair value on a non-recurring basis as at 31 December 2022.

Fair value of other financial assets and financial liabilities

The Company also has a number of financial instruments which are not measured at fair value in the statement of financial position.

The carrying amounts of the current receivables and current payables are considered to be a reasonable approximation of their fair value.

INDEPENDENT AUDITOR'S REVIEW REPORT To the members of eMetals Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of eMetals Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2022, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of eMetals Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's responsibilities for the review of the financial report section of our report. We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
