Brief explanation of Results

Operational Report

During the reporting period, significant advances were made in support of the development of the Company's anti-infective portfolio. Highlights for the half year to 31 December 2022 included:

- Dosing at 6,000mg was completed for Cohort 7 for the Phase I intravenous (IV) clinical trial of RECCE®
 327 (R327) over 1-hour I.V. infusion, with no serious adverse effects among 10 healthy male subjects.
- Ethics approval was received to begin a Phase I/II clinical trial assessing R327 as a spray-on, broadspectrum antibiotic therapy for mild skin and soft tissue diabetic foot infections (DFI). The study is being conducted at the South West Sydney Limb Preservation and Wound Research Unit, located at the Ingham Institute of Medical Research.
- Dr Philip Sutton was appointed as Vice President of Translational Sciences, joining on a full-time basis. Dr Sutton has taken a leading role in advancing Recce's compounds across a portfolio of infectious disease programs.
- An Anti-Infective Research (AIR) Unit was established at Murdoch Children's Research Institute
 through the execution of a research collaboration agreement, securing a dedicated Murdoch
 Children's research team with access to infectious disease expertise and fit-for-purpose laboratory
 space.
- Alistair McKeough was appointed to the Board of Directors as Non-Executive Director and Maggie Niewidok appointed as Company Secretary. Alistair previously served as Recce Pharmaceuticals' Company Secretary and primary legal adviser.

Appendix 4D

- US-based Dr John Prendergast was appointed Executive Chairman, having joined the Board of Directors as Non-Executive Director in April 2018.
- Executive Director and Chief Scientific Officer, Michele Dilizia, delivered the Opening R&D Address at the World Anti-Microbial Resistance Conference, positioning Recce as a sign of new hope in the fight against superbugs on the international stage.
- SARS-CoV-2 studies demonstrated significant efficacious activity of R327 against the SARS-CoV-2 virus in the throat of Syrian golden hamsters the gold standard in COVID studies.

Clinical Progress

HOL DELSOUSI MEE OUI

The Company made considerable clinical progress during the half-year period ending 31 December 2022, highlighted by completing a Phase I intravenous (IV) clinical trial in 80 healthy human volunteers. Further, the Company received ethics approval to begin a new Phase I/II clinical trial to assess R327 as a spray-on, broad-spectrum antibiotic therapy for mild skin and soft tissue diabetic foot infections (DFI).

The Phase I intravenous (IV) clinical trial of R327 over 1 hour I.V. infusion successfully dosed the last 10 subjects at 6,000mg seeing the study achieve all primary end-points across 80 healthy human subjects. The dose levels achieved are believed to be efficacious, having been identified in animal models previously. Uniquely, the compound was identified as culminating in the human bladder in high (up to 20X) concentrations, strongly encouraging possible UTI/Urosepsis applicability. Phase II Efficacy studies to determine are well underway.

Human Research Ethics Committee (HREC) approval was received to start a Phase I/II clinical trial assessing R327 as a spray-on, broad-spectrum antibiotic therapy for mild skin and soft tissue diabetic foot infections (DFI). The trial will enrol up to 32 patients and will be conducted at Sydney South West's Limb Preservation and Wound Research Unit. Ethics approval for this clinical trial is confirmation that the Company has completed the necessary pre-clinical safety and efficacy testing of R327 required to commence human clinical trials and runs in addition to its other ongoing clinical trials.

An Anti-Infective Research (AIR) Unit was established through the execution of a research collaboration agreement with Murdoch Children's Research Institute (Murdoch Children's), securing a dedicated Murdoch Children's research team with access to infectious disease expertise and fit-for-purpose laboratory space. Research activities conducted in Recce's AIR Unit will advance the Company's Bacterial Sinusitis program, Mycobacterium abscessus program, and more.

The Company also provided an update on the findings in SARS-CoV-2 studies undertaken by an independent, third-party contract research organisation (CRO), Netherlands-based CRO, Viroclinics. These studies demonstrated significant efficacious activity of R327 against the SARS-CoV-2 virus in the throat of Syrian golden hamsters — the gold-standard in COVID studies. R327 was shown to significantly reduce SARS-CoV-2 levels in a dose-dependent manner, in throat swab samples collected from animals, providing

Appendix 4D

proof-of-concept that intra-nasal treatment with R327 has the potential to reduce SARS-CoV-2 levels during infection.

The Company looks forward to updating shareholders on the progress of new and ongoing clinical trials and releasing its further in-human data sets.

Strong financial position

The Company has since received a cash inflow of A\$6.21m from the Australian Government's R&D Rebate and Radium Capital's R&D Advance covering the period of 1 July 2022 - 30 November 2022 (announced 25 January 2023).

These inflows provide the company with a significant cash injection to support ongoing operations and offset otherwise traditional capital-raising requirement in the near term.

Financial Report

The half-year operating loss for the period was \$9,222,578 (2021: loss of \$4,983,636). The increase was as a result of increased R&D related costs.

The loss per share for the period was 5.26 cents (2021: 3.75 cents).

Principal Activity

HOLDELSONAI USE ON!

The Group is pioneering the development and commercialisation of a new class of Synthetic Anti-Infectives designed to address the urgent global health problems of antibiotic-resistant superbugs and emerging viral pathogens. Patented lead candidate RECCE® 327 as an intravenous therapy is being developed for treatment of serious and potentially life-threatening infections including sepsis due to Gram-positive and Gram-negative bacteria and their superbug forms.

Review of Operations

On 11 July 2022, the Company announced the appointment of Dr Philip Sutton as Vice President of Translational Sciences.

On 5 August 2022, the Company settled its legal dispute in relation to the Class C and Class D Performance shares issued to former directors/KMP with the cash payment of \$1,417,527 as full and final settlement of all matters in the dispute. This amount was recognised as a provision at 30 June 2022.

On 22 August 2022, the Company announced Phase I intravenous (IV) clinical trial of RECCE® 327 Cohort 7 at 6,000mg (120-fold increase on Cohort One 50mg dose) over 1 hour I.V. infusion, with no serious adverse effects among 10 healthy male subjects.

On 1 September 2022, the Company announced the appointment of Alistair McKeough as Non-Executive Director and Maggie Niewidok as Company Secretary.

On 5 September 2022, the Company announced the appointment of Dr John Prendergast as Executive Chairman.

On 27 September 2022, the Company provided an updated timeline on its clinical programs with several significant data read-outs in 2022 and 2023.

DIRECTORS' REPORT FOR THE HALF YEAR ENDED 31 DECEMBER 2022

Review of Operations (Continued)

On 18 October 2022, the Company provided an update on the findings in SARS-CoV-2 studies undertaken by an independent, third party contract research organisation.

On 9 December 2022, the Company announced it had received Human Research Ethics Committee approval to start its Phase I/II clinical trial assessing R327 as a spray-on, broad-spectrum antibiotic therapy for mild skin and soft tissue diabetic foot infections.

On 15 December 2022, the Company announced the commencement of an Anti-Infective Research Unit through the execution of a research collaboration agreement with Murdoch Children's Research Institute, securing a dedicated Murdoch Children's research team of infectious disease experts, fit-for-purpose laboratory space, access to a library of clinical isolates and drug-resistant pathogens.

Results of Operations

DSM | BUOSJEG J

The half-year operating loss for the period was \$9,222,578 (2021: loss of \$4,983,636). The increase was as a result of increased R&D related costs. The Group's current focus is on progressing RECCE® 327 into human clinical trials.

Events Subsequent to Reporting Period

Subsequent to the period end, the Company received its R&D rebate of \$4,311,202 and a R&D advance of \$1,908,039.

Other than the above, no matters or circumstances have arisen since the end of the financial period, which significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or state of affairs of the Group in future financial periods.

Rounding of amounts

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Directors' Report have been rounded to the nearest dollar, unless otherwise

NOTE 1: GENERAL INFORMATION

The consolidated financial report of Recce Pharmaceuticals Ltd (the "Company") and its controlled entities (the "Group") for the half year ended 31 December 2022 was authorised for issue in accordance with a resolution of the Directors on 27 February 2023.

The Company is a company limited by shares incorporated and domiciled in Australia whose shares are publicly traded on the Australian Securities Exchange (ASX: RCE) and the Frankfurt Stock Exchange (FSE: R9Q).

NOTE 2: ACCOUNTING POLICIES

(a) Basis of preparation of the consolidated financial report

These financial statements are general purpose financial statements for the half year ended 31 December 2022 have been prepared in accordance with Australian Accounting Standards 134 Interim Financial Reporting and the Corporations Act 2001.

The half year consolidated financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial report. Accordingly, the half-year consolidated financial report should be read in conjunction with the annual report for the year ended 30 June 2022 and considered together with any public announcements made by the Company during the half year ended 31 December 2022 in accordance with the continuous disclosure obligations of the ASX Listing Rules and the Corporations Act 2001.

Historical Cost Convention

The consolidated financial statements have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(b) Adoption of new and revised standards

The Group has reviewed all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current half-year. The Group has also reviewed all standards and interpretations that have been issued but are not yet effective for the half-year ended 31 December 2022. As a result of this review, the Directors have determined that there is no material impact on the Group and, therefore no material change is necessary to Group accounting policies.

(c) Rounding of amounts to nearest dollar

In accordance with ASIC Corporations (Rounding of Financial/Directors' Reports) Instrument 2016/191, the amounts in the consolidated financial report have been rounded to the nearest dollar.

NOTE 3: CRITICAL ACCOUNTING JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts in the consolidated financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

NOTE 3: CRITICAL ACCOUNTING JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the Group considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses. At 31 December 2022, no deferred tax assets on temporary differences and carry forward losses were recognised.

Share-based payment transactions

The Company measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Trinomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting year but may impact profit or loss and equity.

NOTE 4: GOING CONCERN

For the half-year ended 31 December 2022 the Group recorded a loss of \$9,222,578 (2021: \$4,983,636) and had net cash outflows from operating activities of \$10,196,113 (2021: \$4,739,826). On 25 January 2023 the Company announced total Research and Development (R&D) cash receivable of A\$6,219,241. These amounts were received in January and February 2023.

The ability of the Company to continue as a going concern and being able to fund its operating activities is dependent on securing additional funding through share placements to new or existing investors and financial support through short term loans, together with continuous receipt of the R&D tax rebate.

These conditions indicate a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The financial statements have been prepared on the basis the Company is a going concern, which contemplates the continuity of normal business activities, realisation of assets and settlement of liabilities in the normal course of the business. The financial report does not contain any adjustments relating to the recoverability and classification of recorded asset amounts, nor to the amounts or classification of liabilities that might be necessary should the Company not be able to continue as a going concern.

NOTE 5: SEGMENT INFORMATION

(a) Reportable segments

The Directors have considered the requirements of AASB 8 Operating Segments and the internal reports that are reviewed by the chief operating decision maker (the Board of Directors) in allocating resources and have concluded that at this time there are no separate identifiable segments as the Group operates in only one business segment being research and development of pharmaceutical drugs. However, the Group operates in three geographic segments being Australia, Canada and the USA.

NOTE 5: SEGMENT INFORMATION (Continued)

(b) Segment results

The following is an analysis of the Group's results by reportable segments:

	Segment revenue and other income for the period		Segment loss after tax for the period

	38,823	53,281	(9,222,578)	(4,983,636)

The segment revenue and other income above comprises bank interest.

The accounting policies of the reportable segments are the same as the Group's accounting policies described in the Group's 30 June 2022 notes to the consolidated financial statements. Segment loss represents the loss after tax incurred by each segment. This is the measure reported to the Board of Directors for the purposes of resource allocation and assessment of segment performance.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Recce Pharmaceuticals Ltd

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Recce Pharmaceuticals Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Material uncertainty relating to going concern

We draw attention to Note 4 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

BDO Audit (WA) Pty Ltd ABN 79 112 284 787 is a member of a national association of independent entities which are all members of BDO Australia Ltd ABN 77 050 110 275, an Australian company limited by guarantee. BDO Audit (WA) Pty Ltd and BDO Australia Ltd are members of BDO International Ltd, a UK company limited by guarantee, and form part of the international BDO network of independent member firms. Liability limited by a scheme approved under Professional Standards Legislation.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
