ASX RELEASE

Company Announcements Platform

Fourth-Quarter and Full-Year 2022 Results

Sezzle Inc. (ASX:SZL) (Sezzle or Company) // Sezzle, a leader in the payments industry, is pleased to provide the market with an update on key financial metrics for the quarter (4Q22) and year ended 31 December 2022.¹

"Fiscal year 2022 will go down as a watershed moment for Sezzle. We went from a Company that reported a Net Loss of US\$75.2 million in fiscal year 2021 to exiting 2022 with Net Income in the fourth quarter," stated Charlie Youakim, Sezzle's Executive Chairman and CEO. *"Our team worked tirelessly towards implementing over US\$70.0 million (annualized) in revenue and cost initiatives in 2022, resulting in profitability in 4Q22. We are also excited to announce that we have identified additional initiatives that we believe will drive another US\$10.0 million in revenue and cost benefits to Sezzle."*

Key Initiatives Launched in 2022:

- In July 2022, the Company announced over US\$50.0 million in annual revenue and cost initiatives to improve free cash flow and accelerate its path to profitability (*Quarterly Activities Report and Appendix 4C* and *Second Quarter Earnings Presentation* filed with the ASX 29 July 2022). This amount was subsequently increased in September 2022 to over US\$60.0 million (*August Business Update* published on the ASX 21 September 2022).
- The initiatives launched by Sezzle during 2022 resulted in a run-rate that exceeded US\$70.0 million by fiscal year end.
- The Company's key 2022 initiatives included:
 - Launched Sezzle Premium, which has now reached over 132,000 subscribers;
 - Offboarded or renegotiated pricing with merchants and network partners;
 - Made affiliate merchant enhancements (e.g., expanded enterprise affiliates, monetizing app placement);
 - Reduction in workforce;

¹ Results are unaudited. The Company anticipates filing its annual Form 10-K with the SEC and ASX in the latter half of the week of 27 February 2023.

- Initiated convenience fees;
- Ceased payment operations in India;
- Winding down European and Brazilian operations;
- Reduced, renegotiated, and eliminated non-critical third-party tech and marketing spend; and
- Introduced Pay in Full.

Next Round of Initiatives:

- The Company has identified an additional US\$10.0 million in initiatives to launch over the next 12 to 18 months. The initiatives are grouped into three buckets and are mostly focused on driving top-line growth:
 - Product Innovation (e.g., pay anywhere card product);
 - Feature Monetization (e.g., affiliate payment models and pay-per-click placement in Sezzle app); and
 - Partnerships (e.g., bank partnership).

Fourth Quarter 2022 Highlights:

- Total Income for 4Q22 rose 16.2% YoY to a record high US\$38.3 million (A\$56.2 million¹) from US\$32.9 million (A\$48.4 million¹) and represented 8.5% of Underlying Merchant Sales (UMS). Total Income improved YoY due to the Company's initiatives such as Sezzle Premium.
- Weekly volume through Sezzle's marketplace averaged 29% of total volume per week during the quarter, compared to 11% in the prior year's fourth quarter.
- 4Q22 UMS declined 19.4% YoY to US\$452.3 million. Key factors for the YoY weakness were renegotiating and offboarding unprofitable merchants, tightening of consumer underwriting, and competition.
- In addition to top-line growth, improved unit economics and a more efficient operating structure drove the positive turn in Non-GAAP Adjusted EBTDA and Adjusted EBITDA in 4Q22 to US\$3.9 million and US\$7.0 million, respectively. Adjusted EBTDA and Adjusted EBITDA each improved by over US\$28.0 million compared to 4Q21.
- 4Q22 Net Income increased to US\$0.6 million from a Net Loss of US\$25.9 million in the prior year, resulting in a positive US\$26.6 million turnaround. In addition to the

¹ A\$ to US\$ exchange rate of \$0.6805 as of 31 December 2022.

Company's initiatives, a significant portion of the YoY improvement was attributable to the reduction in the Provision for Uncollectible Accounts.

- The Provision for Uncollectible Accounts fell to 1.2% of UMS in 4Q22 from 3.5% in 4Q21.
- In 2022, the Company launched its proprietary machine learning model called Prophet. The model has proven to be a significantly better predictor in identifying high-risk consumers than FICO (Fair Isaac Corporation) and alternative third-party providers.
- The Prophet score for the month of December 2022 predicted a 1.8% probability of default for Sezzle's approved consumers compared to 3.2% in December 2021.

Full Year 2022 Highlights:

- FY22 revenue initiatives lifted Total Income 9.4% YoY to US\$125.6 million despite a tough macroeconomic environment and moderated transaction volumes.
 - Renegotiated rates with merchants and network partners helped increase Total Transaction Income to 5.9% of UMS, representing a 71bps YoY increase.
 - The Company made significant progress in diversifying its revenue streams, as merchant processing fees accounted for 73.7% of Total Income in FY22, down from 80.5% in FY21.
- Total Income less Transaction Related Expenses significantly improved YoY by US\$33.6 million to US\$47.1 million, or 2.7% of UMS, a 196bps YoY improvement as a percentage of UMS.
 - Sezzle's enhanced underwriting drove the Provision for Uncollectible Accounts as a percentage of UMS to a historic annual low of 1.7%.
- Net Loss decreased 49.3% YoY to \$38.1 million for FY22 due to the Company's revenue and cost initiatives as well as the improvement in the Provision for Uncollectible Accounts.

Capital Position:

- As of 31 December 2022, Sezzle had total cash on hand of US\$69.5 million, consisting of US\$68.3 million of bank balances and US\$1.2 million of restricted cash.
- The increase in total cash on hand of US\$10.8 million during the fourth quarter was primarily driven by additional borrowings under the line of credit.

- During 4Q22 (refer to ASX announcement of 18 October 2022), the Company signed a new US\$100.0 million credit facility with Bastion Management II LLC (**Bastion**), replacing the Company's credit facility with Goldman Sachs Bank USA and Bastion.
 - The new facility provides greater capacity, improved flexibility, and extends Sezzle's funding into 2024.
- As of 31 December 2022, notes receivable (net) and merchant accounts payable amounted to \$93.4 million and \$83.0 million, respectively. The Merchant Interest Program represented \$66.5 million of the Merchant Accounts Payable balance.
- Profitable operations, a leaner operating structure, and the new credit facility leave the Company well-capitalized for the foreseeable future, and therefore, management does not foresee any near-term capital raises.

January 2023 Monthly Update:

- Total Income increased 18.3% YoY to US\$11.7 million, reaching a new high as a percentage of UMS - 10.0%.
- Average daily UMS is up over 8.0% in February 2023 (through 25 February) compared to January 2023.
- Incurred a Net Loss (a GAAP measure) of US\$0.2 million for January, which compares to an average monthly Net Loss of US\$9.3 million in 1Q22.
 - The Net Loss for January was primarily driven by lower UMS, peak seasonal transaction processing volumes from the holiday period falling into the period, and the timing of certain employee benefit payments.
- Despite the monthly Net Loss, Adjusted EBTDA and Adjusted EBITDA (non-GAAP measures) remained positive at US\$1.0 million and US\$2.0 million, respectively.
- Diligent holiday underwriting and overall enhanced underwriting capabilities continue to drive favorable YoY trends in the Provision for Uncollectible Accounts.
- Sezzle Premium has over 132,000 active subscribers (22 February 2023).

Quarterly Conference Call

The management team will host a conference call to discuss the quarterly earnings with investors on 28 February 2023, at 10:30 am (Sydney time).

Participants can register for the conference call by navigating to:

<https://s1.c-conf.com/diamondpass/10029102-6niz39.html>

Please note that registered participants will receive their dial in number upon registration.

Investors are encouraged to submit any questions in advance of the call by emailing them to: Investorrelations@sezzle.com.

U.S. Filings

In accordance with the provisions of the U.S. Securities Act, Sezzle is a reporting company for U.S. Securities and Exchange Commission (SEC) purposes. As such, the Company is required to file its annual Form 10-K for the period ended 31 December 2022 no later than 31 March 2023 (U.S. time) with a copy of the Form 10-K to be lodged concurrently on the ASX platform pursuant to the ASX relief announced to the ASX on 28 November 2022. The Company anticipates filing its Form 10-K with the SEC and the ASX during the latter half of the week of 27 February 2023.

This announcement has been approved by the Company's Executive Chairman and CEO, Charlie Youakim, on behalf of the Sezzle Inc. Board.

About Sezzle Inc.

Sezzle is a fintech company on a mission to financially empower the next generation. Sezzle's payment platform increases the purchasing power for millions of consumers by offering interest-free installment plans at online stores and select in-store locations. Sezzle's transparent, inclusive, and seamless payment option allows consumers to take control over their spending, be more responsible, and gain access to financial freedom.

For more information visit sezzle.com.

Sezzle's CDIs are issued in reliance on the exemption from registration contained in Regulation S of the US Securities Act of 1933 (Securities Act) for offers of securities which are made outside the US. Accordingly, the CDIs have not been, and will not be, registered under the Securities Act or the laws of any state or other jurisdiction in the US. As a result of relying on the Regulation S exemption, the CDIs are 'restricted securities' under Rule 144 of the Securities Act. This means that you are unable to sell the CDIs into the US or to a US person who is not a QIB for the foreseeable future, unless the re-sale of the CDIs is registered under the Securities Act or another exemption is available. To enforce the above transfer restrictions, all CDIs issued bear a FOR Financial Product designation on the ASX. This designation restricts any CDIs from being sold on ASX to US persons excluding QIBs. However, you are still able to freely transfer your CDIs on ASX to any person other than a US person who is not a QIB. In addition, hedging transactions with regard to the CDIs may only be conducted in accordance with the Securities Act.

Cautionary Note Regarding Forward-Looking Statements

This announcement (the "Announcement") contains summary information about the activities of Sezzle as at the date of this Announcement. The information in this Announcement is of a general nature and does not purport to be complete and the information in the Announcement remains subject to change without notice. Also, the information in the Announcement should not be relied upon as advice to potential investors or current shareholders. This Announcement has been prepared without taking into account the objectives, financial situation or needs of any particular prospective investor or current shareholder. Before making an investment decision, prospective investors and current shareholders should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek appropriate advice, including financial, legal and taxation advice appropriate to their jurisdiction. The Announcement also includes information regarding our market and industry that is derived from publicly available third-party sources that have not been independently verified by Sezzle.

This Announcement is not a disclosure document under Australian law. Accordingly, this Announcement should not be relied upon as advice to prospective investors or current shareholders and does not take into account the investment objectives, financial situation or needs of any particular shareholder or investor.

This Announcement contains certain "forward-looking statements" within the meaning of the US federal securities laws including, but not limited to, statements regarding our anticipated new products, our ability to gain future market share, our timeline and intentions relating to operations in international markets, our strategy, our future operations, our financial position, our estimated revenues and losses, our projected costs, our prospects, and the plans and objectives of management. These forward-looking statements are generally identified by the words "could,"

“believe,” “anticipate,” “intend,” “estimate,” “expect,” “project” or similar expressions. These forward-looking statements are subject to a number of risks and uncertainties, including those set out in this Announcement, but not limited to: (i) impact of the “buy-now, pay-later” (“BNPL”) industry becoming subject to increased regulatory scrutiny; (ii) impact of operating in a highly competitive industry; (iii) impact of macro-economic conditions on consumer spending; (iv) our ability to increase our merchant network, our base of consumers and Underlying Merchant Sales (“UMS”); (v) our ability to effectively manage growth, sustain our growth rate and maintain our market share; (vi) our ability to meet additional capital requirements; (vii) impact of exposure to consumer bad debts and insolvency of merchants; (viii) impact of the integration, support and prominent presentation of our platform by our merchants; (ix) impact of any data security breaches, cyberattacks, employee or other internal misconduct, malware, phishing or ransomware, physical security breaches, natural disasters, or similar disruptions; (x) impact of key vendors or merchants failing to comply with legal or regulatory requirements or to provide various services that are important to our operations; (xi) impact of the loss of key partners and merchant relationships; (xii) impact of exchange rate fluctuations in the international markets in which we operate; (xiii) our ability to protect our intellectual property rights; (xiv) our ability to retain employees and recruit additional employees; (xv) impact of the costs of complying with various laws and regulations applicable to the BNPL industry in the United States and Canada; (xvi) our ability to achieve our public benefit purpose and maintain our B Corporation certification; and (xvii) the other factors identified in the “Risk Factors” section of our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 28, 2023 and subsequent quarterly reports on Form 10-Q. These forward-looking statements are based on our current expectations and assumptions about future events and are based on currently available information as to the outcome and timing of future events. Nevertheless, and despite the fact that management’s expectations and estimates are based on assumptions management believes to be reasonable and data management believes to be reliable, our actual results, performance or achievements are subject to future risks and uncertainties, any of which could materially affect our actual performance. Except as otherwise required by applicable law, we disclaim any duty to update any forward-looking statements to reflect events or circumstances after the date of this Announcement.

This Announcement has been prepared in good faith, but no representation or warranty, express or implied, is made as to the fairness, accuracy, completeness, correctness, reliability or adequacy of any statements, estimates, opinions or other information, or the reasonableness of any assumption or other statement, contained in the Announcement (any of which may change without notice).

All financial figures are expressed in U.S. dollars unless otherwise stated.

In addition to financial measures presented in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”), this Announcement includes certain financial information, including Underlying Merchant Sales (“UMS”), Active Consumers and Active Merchants, which has been provided as supplemental measures of operating performance that are key metrics used by management to assess Sezzle’s growth and operating performance. In particular, UMS is a key operating metric in assessing the volume of transactions that take place on the Sezzle Platform, which is an indicator of the success of Sezzle’s merchants and the strength of the Sezzle Platform. Sezzle also use these operating metrics in order to evaluate the effectiveness of our business strategies, to make budgeting decisions, and to compare our performance against that of other peer companies using similar measures. UMS, Active Consumers and Active Merchants do not represent revenue earned by Sezzle, are not components of Sezzle’s income or included within Sezzle’s financial results prepared in accordance with GAAP. The UMS, Active Consumers and Active Merchants financial measures used by Sezzle may differ from the non-U.S. GAAP financial measures used by other companies.

No Offer or Solicitation

This report shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the U.S. Securities Act of 1933, as amended, or pursuant to another available exemption.

Non-GAAP Financial Measures

To supplement our operating results prepared in accordance with generally accepted accounting principles in the United States ("GAAP"), we present the following non-GAAP financial measures: Total income less transaction related costs; adjusted earnings before taxes, depreciation, and amortization ("Adjusted EBTDA"); and adjusted earnings before interest, taxes, depreciation, and amortization ("Adjusted EBITDA"). Definitions of these non-GAAP financial measures and summaries of the reasons why management believes that the presentation of these non-GAAP financial measures provide useful information to the company and investors are as follows:

- Total income less transaction related costs is defined as GAAP total income less transaction related costs. Transaction related costs is the sum of GAAP transaction expense, provision for uncollectible accounts, and net interest expense less non-recurring charges as detailed in the reconciliation table of total income less transaction related costs to GAAP total income. We believe that total income less transaction related costs is a useful financial measure to both management and investors for evaluating the economic value of orders processed on the Sezzle Platform;
- Adjusted EBTDA is defined as GAAP net income (loss), adjusted for certain non-cash and non-recurring charges including depreciation, amortization, equity and incentive-based compensation, and merger-related costs as detailed in the reconciliation table of adjusted EBTDA to GAAP net income (loss) below. We believe that this financial measure is a useful measure for period-to-period comparison of our business by removing the effect of certain non-cash and non-recurring charges that may not directly correlate to the underlying performance of our business.
- Adjusted EBITDA is defined as GAAP net income (loss), adjusted for certain non-cash and non-recurring charges including depreciation, amortization, equity and incentive-based compensation, and merger-related costs, as well as net interest expense as detailed in the reconciliation table of GAAP net income (loss) to adjusted EBITDA. We believe that this financial measure is a useful measure for period-to-period comparison of our business by removing the effect of certain non-cash and non-recurring charges, as well as funding costs, that may not directly correlate to the underlying performance of our business.

Additionally, we have included these non-GAAP measures because they are key measures used by our management to evaluate our operating performance, guide future operating plans, and make strategic decisions, including those relating to operating expenses and the allocation of resources. Therefore, we believe these measures provide useful information to investors and other users of this press release to understand and evaluate our operating results in the same manner as our management and board of directors. However, non-GAAP financial measures have limitations, should be considered supplemental in nature, and are not meant as a substitute for the related financial information prepared in accordance with U.S. GAAP. These limitations include the following:

- Total income less transaction related costs is not intended to be measures of operating profit or cash flow profitability as they exclude key operating expenses such as personnel, general and administrative, and third-party technology and data, which have been, and will continue to be for the foreseeable future, significant recurring expenses.
- Adjusted EBTDA and adjusted EBITDA exclude certain recurring, non-cash charges such as depreciation, amortization, and equity and incentive-based compensation, which have been, and will continue to be for the foreseeable future, recurring GAAP expenses. Further, these non-GAAP financial measures exclude certain significant cash inflows and outflows, such as merger-related costs (which are comprised of legal fees in connection with our terminated proposed merger with Zip Co Limited) and reimbursements for such merger-related costs, which have a significant impact on our working capital and cash.
- Adjusted EBITDA excludes net interest expense, which has a significant impact on our GAAP net income, working capital, and cash.
- Long-lived assets being depreciated or amortized may need to be replaced in the future, and these non-GAAP financial measures do not reflect the capital expenditures needed for such replacements, or for any new capital expenditures or commitments.
- These non-GAAP financial measures do not reflect income taxes that may represent a reduction in cash available to us.
- Non-GAAP measures do not reflect changes in, or cash requirements for, our working capital needs.
- Other companies, including companies in our industry, may calculate the non-GAAP financial measures differently or not at all, which reduces their usefulness as comparative measures.

Because of these limitations, you should not consider these non-GAAP financial measures in isolation or as substitutes for analysis of our financial results as reported under GAAP, and these non-GAAP financial measures should be considered alongside other financial performance measures, including net income (loss) and other financial results presented in accordance with GAAP. We encourage you to review the related GAAP financial measures and the reconciliations of these non-GAAP financial measures to their most directly comparable GAAP financial measures and not rely on any single financial measure to evaluate our business.
