

## Half Year Results to 31 December 2022

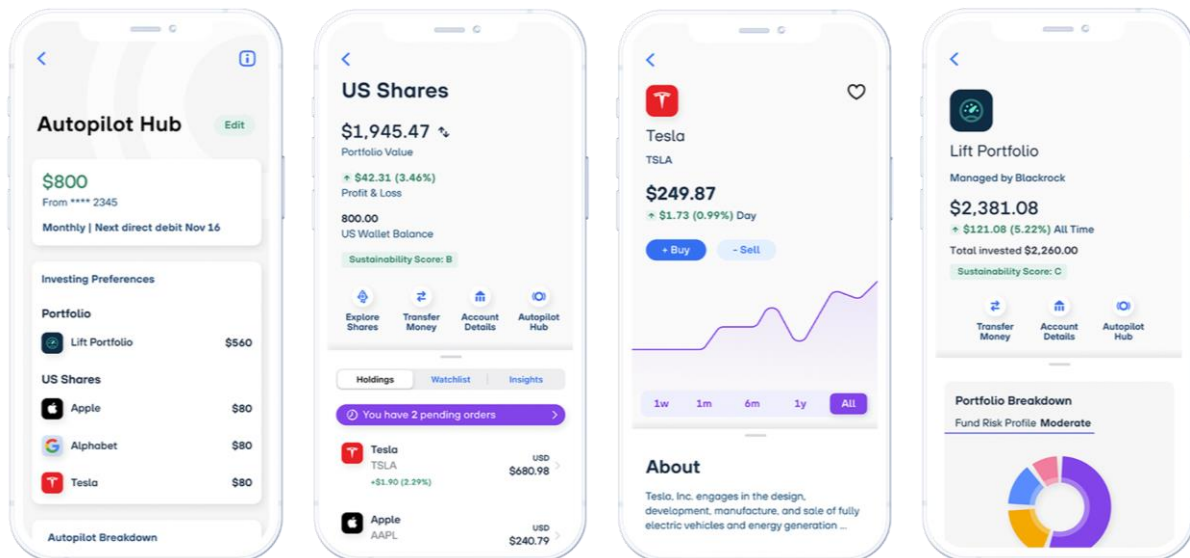

- *Dough's focus in H1 was on readying and soft launching the first phase of its money management app in Australia, whilst initiating the wind down of its U.S business.*
- *The Company was unfortunately forced to pivot and delay its AU launch plan and re-architect its platform due to the closure of its BaaS provider Volt Bank in early Q1 FY23.*
- *Cost saving initiatives implemented in H1 further reduced the Company's cash burn as Dough looked to resize its cost base following the decision to pull out of the U.S marketplace following the Company's decision to withdraw due to the decline in market conditions, to focus exclusively on the AU business.*
- *The Company successfully migrated its Goodments customer base over to the new Dough platform and retired the Goodments technology.*
- *Having now officially launched its platform in the Australian market, the Company is in the final stages of development of its reimagined card & account product to help Aussies 'smooth' their cashflow and increase investing velocity on the platform.*
- *The new service is scheduled to go live in Q4 FY23 and will give the Company a truly unique, mass market value proposition in which to challenge and compete with monoline incumbents of financial services in order to unlock rapid revenue growth.*

Sydney, 28 February 2023 – [Dough](#) Ltd (ASX: DOU), the consumer fintech on a mission to empower everyday Aussies to take control of their money and build long term wealth on autopilot, is pleased to present the following H1 FY23 results.

During H1, Dough focused effort and resources exclusively on the Australian launch of its money app as well as winding down its U.S operation. The Company successfully soft launched the first phase (wealth management services) into Beta testing in early November 2022 following the closure of Volt in early Q1, which required the Company to adapt its AU launch plan and re-architect its platform.

Following detailed consumer research, Dough has refocused its go-to-market strategy on the revenue generating 'save more to build long-term wealth' propositional pillar. Operating initially as a companion investing app to a customer's principle banking relationship, prior to launching its own card & account solution to round out its unique money management offering.

Dough's customer research in Australia shows an extremely high level of frustration from consumers left with no option but to use multiple self directed, monoline fintech and banking apps to manage and grow their money. The Company's Australian product will appeal to those yearning for smarts and automation to help build good money habits, supported by better education.

Commenting on the Company's progress, Dough's Founder and CEO Andy Taylor said:

*"We took additional steps in the first half of the year to further reduce our burn rate and extend our cash runway, whilst continuing to focus on building out the Australian service, informed by all the lessons from the U.S offering and in-depth customer research.*

*The dramatic decline in market conditions in 2022 and subsequent share price performance meant that we were unable to access the level of capital required to compete in the U.S and continue to build on the strong initial momentum we had experienced, this was compounded by the rising cost to operate thanks to the declining value of the AUD against the USD.*

*The difficult but logical decision to withdraw from the U.S was therefore made to allow us to exclusively focus our attention and resources on our home market of Australia, which requires a lot less investment in order to reach profitability.*

*Unfortunately the closure of our BaaS provider Volt Bank, having already completed onboarding and integration work, meant we had to re-architect the platform in order to roll out in stages in Australia, with the first phase having now gone live and the second phase ontrack to go live in Q4 FY23.*

*Whilst 2022 will go down as one of the most challenging years in our history, we have never been so excited and optimistic about our future. Our ability to compete and scale the business off the back of the launch of our reimagined card & account product cannot be understated.*

*We have invested significantly into R&D to build a comprehensive technology stack of material value that is unique in terms of integrating banking & investing services into a single money management platform.*

*We believe we are now in the best position to maximise the revenue opportunity in front of us."*

--End--

#### **About Douugh**

[Douugh](#) is a consumer fintech, on a mission to help customers autonomously manage and grow their money to live financially healthier lives. Douugh was founded in 2016 by Andy Taylor, Co-founder of SocietyOne, Australia's first P2P Lending platform, recently acquired by MoneyMe.

**Douogh Limited  
Directors' report  
31 December 2022**

The Directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Douogh Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2022.

**Directors**

The following persons were Directors of Douogh Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Andrew Taylor	Managing Director and CEO (appointed 18 September 2020)
Bert Mondello	Non-Executive Director (appointed 12 June 2014)
Leanne Graham	Non-Executive Director (resigned 1 August 2022)
Derek Hall	Non-Executive Director (appointed 30 November 2022)
Steve Bellotti	Non-Executive Chairman (resigned 30 November 2022)

**Principal activities**

The principal activity of the consolidated entity during the financial year was to develop and get ready to launch an artificial intelligence (AI) first approach to reimagine banking, enabling our customers to better manage their money and achieve financial freedom through a smart mobile banking app.

**Review of operations**

The loss for the consolidated entity after providing for income tax amounted to \$5,069,451 (31 December 2021: \$7,138,904).

**Matters subsequent to the end of the financial half-year**

From Q1 2023, the Company flagged its intention to reduce costs and focus on its US operations with a view to shifting focus to developing the platform in the Australian market. Post-period end, the Company announced that the winddown of the US operations would be completed by the end of March 2023.

Apart from the above, no matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this Directors' report.

This report is made in accordance with a resolution of Directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the Directors

*The above consolidated statement of cash flows should be read in conjunction with the accompanying notes*

**Note 1. Significant accounting policies**

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

**New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**Going concern**

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements the consolidated entity incurred a net loss after tax of \$5,069,451 and had net cash outflows from operating activities of \$1,678,682 during the half-year ended 31 December 2022. As of that date, the consolidated entity had net assets of \$1,322,293.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Consolidated Entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business at the amounts stated in the financial report.

The Directors believe that it is reasonably foreseeable that the Consolidated Entity will continue as a going concern and it is appropriate to prepare the financial statements on a going concern basis. In determining this position, the Directors have considered the following factors:

- Cash on hand of \$3,359,954 as at 31 December 2022.
- An equity facility agreement of up to \$20M available on call subject to placement capacity rules provides sufficient access to funding as required and an established track record of being able to raise equity when required;
- Reduced cash requirements following the closure of the US operations and sole focus on a lower cost jurisdiction for marketing i.e. Australia;
- A successful track record of raising debt or equity funding as and when required;
- The Dough platform has been launched in Australia, and is expected to have increased uptake by users with supported marketing efforts.

The consolidated entity is constantly assessing its ongoing cash requirements. The consolidated entity maintains an internal cash flow management process which is based on detailed revenue and expense projections. Should these assumptions not be achieved, the consolidated entity has the ability to implement additional cost savings to maintain a positive cash balance over the next 12 months.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial statements.

The financial statements do not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the consolidated entity does not continue as a going concern.

**Douough Limited**  
**Notes to the consolidated financial statements**  
**31 December 2021**

**Note 2. Segment reporting**

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity), whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. This includes start-up operations which are yet to earn revenues. Management will also consider other factors in determining operating segments such as the existence of a line manager and the level of segment information presented to the board of directors. During the period the Company only operated in one segment and that was the development of a smart mobile app for banking.

**Note 3. Revenue**

	<b>Consolidated</b>	
	<b>31 December</b>	<b>31 December</b>
	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Rendering of services	<u>8,711</u>	<u>7,671</u>

Rendering of services

**Accounting policy for revenue recognition**

*Rendering of services*

Transaction processing fees are recognised upon the completion of the transfer of funds. This is when the consolidated entity meets their performance obligation under the contract to facilitate the payment.

Subscription revenue is recognised over time and in line with the invoice period. Performance obligations are satisfied over time. This is a faithful depiction of the transfer of services, as customers simultaneously receive and consume the services provided of the invoice period.

*Revenue from contracts with customers*

Revenue is recognised at an amount that reflects the consideration to which the consolidated entity is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the consolidated entity: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

**31 December 2022**

**Note 4. Other income (continued)**

**Accounting policy for other income**

Government grant

Government grants are recognised at fair value where there is reasonable assurance the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Except for amount received under the R&D tax incentive program, grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the asset on a straight-line basis.

Balance at 30 June 2022	<u><u>42,128</u></u>	<u><u>2,189</u></u>	<u><u>44,317</u></u>

*Accounting policy for plant and equipment*

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Plant and equipment	3-7 years
---------------------	-----------

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the consolidated entity. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss. Any revaluation surplus reserve relating to the item disposed of is transferred directly to retained profits.

**Note 9. Non-current assets - intangibles**

	<b>Consolidated</b>	
	<b>31 December</b>	<b>30 June 2022</b>

	-	-
	<u>72,300</u>	<u>72,300</u>

*Reconciliations*

Reconciliations of the written down values at the beginning and end of the current financial year are set out below:

<b>Consolidated</b>	Goodwill \$	Patents and trademarks \$	Software \$	Total \$
Balance at 1 July 2022	-	4,449	67,851	72,300
Additions	-	-	-	-
Additions through business combination (note 3)	-	-	-	-
Impairment of assets	-	-	-	-
Amortisation expense	-	-	-	-
Balance at 31 December 2022	<u>-</u>	<u>4,449</u>	<u>67,851</u>	<u>72,300</u>

**Accounting policy for intangible assets**

Intangible assets acquired as part of a business combination, other than goodwill, are initially measured at their fair value at the date of the acquisition. Intangible assets acquired separately are initially recognised at cost. Indefinite life intangible assets are not amortised and are subsequently measured at cost less any impairment. Finite life intangible assets are subsequently measured at cost less amortisation and any impairment. The gains or losses recognised in profit or loss arising from the derecognition of intangible assets are measured as the difference between net disposal proceeds and the carrying amount of the intangible asset. The method and useful lives of finite life intangible assets are reviewed annually. Changes in the expected pattern of consumption or useful life are accounted for prospectively by changing the amortisation method or period.

Impairment of non-financial assets

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Goodwill

Goodwill arises on the acquisition of a business. Goodwill is not amortised. Instead, goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are taken to profit or loss and are not subsequently reversed.

Patents and trademarks

Significant costs associated with patents and trademarks are deferred and amortised on a straight-line basis over the period of their expected benefit, being their finite life of 10 years.

Software

Software acquired through business combinations were recognised at fair value. Software is amortised on a straight-line basis over the period of their expected benefit, being their finite life of 5 years.

**Note 10. Current liabilities - trade and other payables**

	<b>Consolidated</b>	
	<b>31 December</b>	<b>30 June 2022</b>
	<b>2022</b>	<b>2022</b>
	<b>\$</b>	<b>\$</b>
Trade payables	1,190,788	643,722
Other payables	358,587	402,419
Accrued expenses	126,823	235,063
	<u>1,676,198</u>	<u>1,281,204</u>

**Accounting policy for trade and other payables**

These amounts represent liabilities for goods and services provided to the consolidated entity prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

**Note 11. Current liabilities - contract liabilities**

	<b>Consolidated</b>	
	<b>31 December</b>	<b>30 June 2022</b>
	<b>2022</b>	<b>2022</b>
	<b>\$</b>	<b>\$</b>
Contract liabilities	<u>330,000</u>	<u>330,000</u>

**Accounting policy for contract liabilities**

Contract liabilities represent the consolidated entity's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the consolidated entity recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the consolidated entity has transferred the goods or services to the customer.

**Note 12. Current liabilities - employee benefits**

	<b>Consolidated</b>	
	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Employee benefit liabilities	<u>423,706</u>	<u>521,379</u>

**Accounting policy for short-term employee benefits**

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

*Amounts not expected to be settled within the next 12 months*

The current provision for employee benefits includes all unconditional entitlements where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount is presented as current, since the consolidated entity does not have an unconditional right to defer settlement. However, based on past experience, the consolidated entity does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

**Note 13. Current liabilities - other liabilities**

	<b>Consolidated</b>	
	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Other current liabilities	<u>155,552</u>	<u>27,276</u>

Amount represents balance of business insurance funding loan and software subscriptions which are payable within 12 months.

Share issue costs		-		(114,000)
Balance	31 December 2022	<u>982,335,867</u>		<u>32,803,235</u>

**Note 15. Equity - reserves**

	<b>Consolidated 31 December 2022 \$</b>	<b>30 June 2022 \$</b>
Foreign currency reserve	62,387	56,551
Share-based payments reserve	<u>2,665,494</u>	<u>2,094,548</u>
	<u>2,727,881</u>	<u>2,151,099</u>

*Foreign currency reserve*

The reserve is used to recognise exchange differences arising from the translation of the financial statements of foreign operations to Australian dollars. It is also used to recognise gains and losses on hedges of the net investments in foreign operations.

*Share-based payments reserve*

The reserve is used to recognise the value of equity benefits provided to employees and Directors as part of their remuneration, and other parties as part of their compensation for services.

**Note 16. Equity - accumulated losses**

	<b>Consolidated 31 December 2022 \$</b>	<b>30 June 2022 \$</b>

Loss after income tax expense for the half-year	<u>(5,069,451)</u>	<u>(11,628,452)</u>
Accumulated losses at the end of the half-year	<u>(34,208,823)</u>	<u>(29,139,372)</u>

**Note 17. Equity - dividends**

There were no dividends paid, recommended or declared during the current or previous financial half-year.

**Douough Limited**  
**Notes to the consolidated financial statements**  
**31 December 2022**

**Note 18. Events after the reporting period**

From Q1 2023, the Company flagged its intention to reduce costs and focus on its US operations with a view to shifting focus to developing the platform in the Australian market. Post-period end, the Company announced that the winddown of the US operations would be completed by the end of March 2023.

Apart from the above, no matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

**Note 19. Discontinued operations**

*Description*

During the period, the Company took the decision to wind down its operations of Douough USA LLC in the US.

**Accounting policy for discontinued operations**

Discontinued operations

A discontinued operation is a component of the Group that either has been disposed of, or is classified as held for sale. A discontinued operation represents a separate major line of the business. Profit or loss from discontinued operations comprises the post-tax profit or loss of discontinued operations and the post-tax gain or loss recognised on the measurement to fair value less costs to sell or on the disposal group(s) constituting the discontinued operation.

*\*Options over ordinary shares have been omitted from the above calculation as they are anti-dilutive.*

**Note 21. Share-based payments**

During the financial period, the company has issued the following equity instruments to its directors, management, company secretary and financial advisors.

**Dough Limited**  
**Notes to the consolidated financial statements**  
**31 December 2022**

**Note 21. Share-based payments (continued)**

- 2,874,785 performance rights issued with a nil exercise price, vesting date in equal tranches over 3 years with an expiry of 14/10/2025.
- 4,494,229 shares were issued to employees on vesting of performance rights.
- 10,000,000 shares issued for services rendered.
- 16,071,429 shares were issued to Directors in lieu of salaries.
- 30,000,000 performance rights were issued to Directors: 10,000,000 of Class A, B and C respectively.
- 20,000,000 options were issued to consultants under the ESOP plan with an exercise price of \$0.0216.
- 10,000,000 options were issued to the facility services provider as per the 2022 AGM with an exercise price of \$0.1080.

For the options granted during the half year, the valuation model inputs used to determine the fair value at the grant date, are as follows:

Grant date	Expiry date	Share price at grant date	Exercise price	Expected volatility	Dividend yield	Risk-free interest rate	Fair value at grant date
30/11/2022	10/10/2025	\$0.020	0.0216	100%	-	3.116%	\$241,957
30/11/2022	13/12/2024	\$0.020	0.1080	100%	-	3.063%	\$34,654

Set out below are summaries of (ESOP) performance rights granted during the year:

**31 December 2022**

Grant date	Expiry date	Exercise price	Balance at the start of the half-year	Granted	Exercised	Expired/forfeited/other	Balance at the end of the half-year
			14,856,884		(2,556,884)		12,300,000
14/10/2022	14/10/2025	-	-	2,874,785	(1,937,345)	-	937,440
30/11/2022	23/12/2025	-	-	10,000,000	-	-	10,000,000
30/11/2022	23/12/2025	-	-	10,000,000	-	-	10,000,000
30/11/2022	23/12/2025	-	-	10,000,000	-	-	10,000,000
			<u>14,856,884</u>	<u>32,874,785</u>	<u>(4,494,229)</u>	<u>-</u>	<u>43,237,440</u>

Weighted average exercise price \$nil

The weighted average remaining contractual life of performance rights outstanding at the end of the financial period was 2.68 years (2021: 2.64 years).

For the performance rights granted during the current financial half-year, the valuation model inputs used to determine the fair value at the grant date, are as follows:

Grant date	Expiry date	Share price at grant date	Exercise price	Dividend yield	Fair value at grant date
14/10/2022	14/10/2025	0.021	-	-	\$60,370
30/11/2022	23/12/2025	0.020	-	-	\$190,271
30/11/2022	23/12/2025	0.020	-	-	\$177,811
30/11/2022	23/12/2025	0.020	-	-	\$166,500

Total expense recognised in the profit or loss for the period ended 31 December 2022 amounted to \$1,050,405 (2021: \$520,613).

**Douogh Limited**  
**Directors' declaration**  
**31 December 2022**

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2022 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the Directors

---

Andy Taylor  
Managing Director and CEO

28 February 2023

**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF DOUGH LIMITED**

**Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report of Dough Limited, which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

*Directors' Responsibility for the Half-Year Financial Report*

The directors of the entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and for such control as the directors and those charged with governance determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Dough Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Independence*

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Dough Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

### *Material Uncertainty Related to Going Concern*

We draw attention to Note 1 in the interim financial report, which indicates that the Group incurred a net loss of \$5,069,451 during the half year ended 31 December 2022 and, during the half year, the Group had net operating cash outflows of \$1,678,682. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Dough Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
